GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From SAIYID MUSTAPHA SAHEB BAHADUR, Deputy Collector and Chairman, Municipal Council, Srívilliputtúr, to the Secretary to Government, Local and Municipal Department (through the Collector of Tinnevelly), dated 27th December 1896, No. 645-I.

I have the honour to submit herewith the budget estimate of receipts and charges of the Srívilliputtúr Municipality for 1897–98, together with the revised estimate of 1896–97 and the other statements.

Revised Estimate for 1896–97.

2. *Opening Balance.*—The year opened with a balance, as per results of audit report for 1895–96, of Rs. 2,170–6–3 or in round figures Rs. 2,170. It is the same as that shown in G.O., No. 1298 M., dated 5th August 1896, passed on the administration report for 1895–96.

Receipts.

3. The total receipts of the current year, excluding the opening balance, are estimated at Rs. 17,220, against Rs. 14,870 given in the original estimate.

(i) *Tax on Arts.*—The gross demand under this head, comprising the arrears of the last year and the assessments made during the current year, comes to Rupees 4,098–8–0 (Rs. 440–8–0 on account of arrears and Rs. 3,658 on account of current) against Rs. 1,600 given in the original estimate, and the actuals of Rs. 1,577 in 1895–96. The increase is due to the revised assessments made during the year as per G.O., No. 1298 M., dated 5th August 1896. This revised assessment may now be taken to represent the highest income which it is possible to realize from this source for some time to come. This town boasts of neither activity in trade nor the riches of its residents, and cannot therefore compete with other municipalities in any respect except as regards its population. Appeals against the current assessment have yet to be disposed of,* and I am afraid a somewhat larger remission than Rs. 1,250, which it is proposed to deduct on account of probable remissions for the next year, might become necessary, but it cannot be far more than the estimated amount. Deducting this and the uncollected balance at the end of the year, the collection of this year is estimated at Rs. 2,850.

* Since disposed of. The balance approximates.
(Intld.) A. W. B. H.

(ii) *Tax on Buildings.*—The house-tax also underwent revision with reference to paragraph 3 (i) of G.O., No. 1298 M., dated 5th August 1896, with the result that the demand [illegible]om Rs. 4,543 in last year to Rs. 4,750 during the current year. Considering [illegible]mstances of the re[illegible]nd the second rate position [illegible]called for. [illegible]ink that an elab[illegible] tow[illegible]

The tax already fixed, though giving an average of As. 11–6 per house assessed was yet, I may say, a fair one and did not admit of any very great improvement. Very best attention was paid to the matter soon after my assumption of the Chairmanship and the very small extent to which the tax could be improved by removing irregularities which here and there existed and by fixing a uniform assessment for all houses on one and the same basis has been done. This gives now an average of As. 12 for each house. It is believed that very little scope for appealing exists. The estimated collections of this year are put down as Rs. 4,700, against the demand of Rs. 5,100 including the arrears of Rs. 345 and against the budget sum of Rs. 4,500 and against the actuals of Rs. 4,492–4–6 in 1895–96.

(iii) *Tax on Lands.*—The demand under this tax is Rs. 367 including the arrears of Rs. 136. It is expected that the sum of Rs. 350 may be collected during this year against the actuals of Rs. 162–7–1 in 1895–96.

(iv) *Tax on Vehicles, Animals, &c.*—Rs. 2,150 are estimated to be realized this year against Rs. 1,790 shown in the original estimate and against Rs. 1,815–8–0, the actuals of 1895–96. The increase is due to the collection of Rs. 317 on account of arrears of 1895–96.

(v) *Tolls.*—The right of collecting tolls was leased out for Rs. 5,635 for 1896–97. There was also a balance of Rs. 17–15–0 or Rs. 18. Hence the total gross demand is Rs. 5,653. It is put down as Rs. 3,790 in the revised estimate as shown below:—

	Rs.
Gross receipts	5,653
Establishment and contingencies for April 1896	65
Net receipts	5,588
District Board's share (one-third) on tolls	31,86
Municipal share in round figures 5,653—1,863	3,790

(vi) *Contribution from the Local Board on account of Medical.*—The Taluk Board of Srívilliputtúr contributes at present one-fourth of the net cost for the upkeep of the municipal hospital. The board, while expressing its inability to pay any contribution for the new hospital building, for which a Government contribution has been made of Rs. 3,000 in G.O., Mis. No. 172 M., of 31st January 1896, has, however, promised to raise the annual contribution to one-third. This increased contribution has been taken credit for for the year 1896–97.

(vii) *Sale-proceeds of Night-soil.*—Rs. 10 is estimated against Rs. 70 shown in the original budget. Sale-proceeds of sweepings in the cattle fair were also included under this head, when framing the original budget, instead of under IV. Other fees from cattle fair. Hence the decrease under the head.

Charges.

4. (i) *Grant 1, Public Works—Original Works—Buildings.*—The increase of Rs. 130 is due to the allotment of Rs. 30 from the "General balance" and transfer of Rs. 100 from "Conservancy contingencies" for the purchase of extra iron dust-bins.

(ii) *Repairs—Buildings.*—The large increase is due to the allotment of Rs. 320 for the repairs of stables attached to the travellers' bungalow which have recently fallen down.

(iii) *Grant 2, Results Stipends to Salary-result Schools.*—A provision of Rs. 180 has been made against Rs. 90 shown in the original budget to meet the increased grant earned by both the Panchama and Muhammadan schools, viz., Rs. 67 and Rs. 80–13–0, respectively, at 75 per cent. of the maximum rates, against a provision of Rs. 60 and 30, respectively, and for the cost of students [illegible]g for the ensuing Upper Primary exa[illegible] [illegible]osed grant which the se[illegible] expected to [illegible]

[illegible] Establishment	[illegible]	[illegible]	[illegible]	240	270
Tools and Plant and other Stores ..	Total ..	2,196	[illegible]	90	250
				3,910	100
					16,830

(iv) *Grant 3, Hospitals and Dispensaries.*—An increased provision of Rs. 60 has been made in the revised estimate on account of contingent charges, the original budgeted allotment being found to be inadequate.

(v) The large increase of Rs. 160 under Vaccine contingencies is due to the system recently introduced into this municipality of purchasing calves for vaccine purposes and reselling them for such price as they may fetch, after they have served their purpose. This measure was adopted in consequence of the unwillingness of the people to supply calves for hire. It has now been decided to put a stop to this system and to revert to the old system of obtaining calves on hire which is what is done in other municipalities. The increased allotment thus proposed will not, it is expected, have to be incurred in full at the close of the current year.

(vi) The decrease of Rs. 150 under "Conservancy establishment" is due to the appointment of the increased staff in October instead of from April.

(vii) Under "*(d) Contingencies against (5) Conservancy*" Rs. 35 have been provided on account of fees to the Medical College for the training of sanitary inspector.

(viii) Under "*Lighting Contingencies*" the increase of Rs. 190 is intended to meet the cost of the purchase of additional lanterns, &c.

5. *Closing Balance.*—The revised estimate closes with a balance of Rs. 2,985 against Rs. 1,930 provided in the budget estimate.

Budget Estimate for 1897–98.

Receipts.

6. (i) Receipts for 1897–98, including the opening balance are estimated at Rs. 31,770 against the revised budgeted sum of Rs. 19,390 for 1896–97. The increase is due to the inclusion of Rs. 3,000 promised by the Government as contribution for the construction of a new hospital building and of Rs. 9,000, the sale-proceeds of Government securities invested for the purpose. The more important changes are explained below:—

(ii) *Tax on Arts.*—The same figures are adopted as those of the revised estimate for 1896-97, viz., Rs. 2,850.

(iii) *Tax on Buildings.*—Rs. 5,050 is provided against Rs. 4,700 shown in the revised estimate for 1896–97. The increased estimate is based on the expectation that the whole balance of 1896–97 will be realized in 1897–98. In the revised estimate effect was given to the increased demand for only the second half-year of 1896–97. In 1897–98 the increase will be twice as much.

(iv) *Land-tax.*—The estimated amount under this head is put down as Rs. 250 against Rs. 350 shown in the revised estimate. The decrease is due to the fact that a large balance of Rs. 136 is expected to be collected in 1896–97 [*vide* paragraph 3 (iii) *supra*].

(v) *Tolls.*—Rs. 3,400 is provided in the budget, after deducting one-third share due to the district board, against the budget sum of Rs. 3,480 and the revised budget sum of Rs. 3,790. The decrease is due to the anticipated fall when the right of collecting tolls for next year comes to be sold, the last year's bid having been raised on account of reckless competition.

(vi) *Interest on Investments—Medical.*—It is proposed to sell the Government securities for the purpose of construction of the new hospital building. Hence no receipt can be expected under this head.

(vii) *Contribution from Government—Other purposes.*—Rs. 105 is half the grant for the entertainment of a drawing master whose estimated charges are fixed at Rs. 210. As for a gymnastic instructor, the services of the local fund gymnastic instructor are proposed to be utilized with an annual contribution of Rs. 30 to the Taluk Board, Srívilliputtúr.

(…) *…dical.*—Rs. 3,000 is the contribution which the Government has promised …, Mis. No. 1482 M … 1896) to make for the hospital build…

(ix) *Fishery Rents.*—Only Rs. 100, against Rs. 175 shown in the revised estimate, are expected to be realized. The decrease is due to the fact that the rents of faslis 1304 and 1305 are included in Rs. 175, while the sum of Rs. 100 represents only the collection of fasli 1306.

Charges.

7. (i) *Grant 1, Communications.*—Rs. 1,930 is provided for the formation of new roads and for the repairs of the existing streets and roads. This gives a percentage of 56 to the expected net receipts on tolls, against 47·6 during 1896–97 and against the actuals of 25·9 for 1895–96.

(ii) *Buildings.*—It is proposed to spend Rs. 11,000 under new works and repairs. The large increase is due to the allotments made for the construction of the new hospital building and for the purchase of a new iron latrine. The details of works under the above items are given in statement No. II-A.

(iii) *Water-supply.*—Rs. 430 is provided for the construction of new wells and the repairs of the existing ones and for the entertainment of only two tank watchmen at Rs. 4–8–0 per mensem against three on the same pay. The council has proposed to discontinue the services of the tank watch hitherto employed to watch the Nataka-salai tank, which is far less important than the Thiroomakolam tank.

(iv) *Establishment.*—The pay of the municipal overseer is fixed at Rs. 25 maximum. He draws at present only Rs. 20. It is proposed to reach the maximum in five years by annual increments of one rupee; the council has sanctioned the proposal.

(v) *Grant 2, Municipal Schools.*—The Inspecting officers and the Director of Public Instruction recommend Rs. 120 as results stipends for the Muhammadan and Panchama schools, to which the highest rates of grants are allowed by the Government. Maximum rates allowed by the Grant-in-Aid Code are allowed to these schools; moreover grants recommended by the said officers are low when compared with the actual earnings of 1895–96 and 1896–97 [*vide* paragraph 4 (11) *supra*].

(vi) *Results Grants.*—The figures of the revised estimate have been adopted as recommended by the Director of Public Instruction, Madras.

(vii) Under "(6) *Inspection—Contribution to Local Boards*" an increased provision of Rs. 30 is made for utilizing the services of the taluk board Gymnastic instructor instead of entertaining a new one, which the council is not disposed to do, there being a gymnastic instructor available in each of the two high schools here [*vide* paragraph 6 (vii) *supra*].

(viii) *Miscellanous.*—Rs. 210 is provided for the entertainment of a drawing master at Rs. 15 per mensem with an annual contingent allowance of Rs. 30 as recommended by the Director of Public Instruction, Madras.

(ix) *Grant 3, Hospitals and Dispensaries.*—The proposals of the Surgeon-General were not received. But Rs. 5,145 have been provided to meet demands under this head for purchasing a large "capital" case, an operation table, new cots and bedding, for increased provision of medicines, for a ward-cooly on Rs. 5 per mensem which was a long felt want, for increase to the pay of the sweeper from Rs. 4–8–0 to Rs. 5, and Rs. 2,000 being compensation for lands required for the new hospital building.

(x) *Contribution to Government.*—The increased allotment under the head is due to the provision of Rs. 120 for the entertainment of a bench clerk on Rs. 10 per mensem in the court of the Bench Magistrate under G.O., No. 1460 M., dated 2nd September 1896.

(xi) *Contribution to Local Boards.*—Rs. 30 is provided on account of contribution to the district board, being one-twentieth of the cost of the upkeep of the District Medical a nd Sanitary Officer's establishment.

(xii) *Conservancy, &c.*—The pay of the sanitary inspector is R… 25, approved in G.O., No. 282 M., dated 7th February 1895, embodied in the b… eport of this municipality for 1896–97 … osed to raise the presen… of sanitary…

(iv) *Grant 3, Hospitals and Dispensaries.*—An increased provision of Rs. 60 has been made in the revised estimate on account of contingent charges, the original budgeted allotment being found to be inadequate.

(v) The large increase of Rs. 160 under Vaccine contingencies is due to the system recently introduced into this municipality of purchasing calves for vaccine purposes and reselling them for such price as they may fetch, after they have served their purpose. This measure was adopted in consequence of the unwillingness of the people to supply calves for hire. It has now been decided to put a stop to this system and to revert to the old system of obtaining calves on hire which is what is done in other municipalities. The increased allotment thus proposed will not, it is expected, have to be incurred in full at the close of the current year.

(vi) The decrease of Rs. 150 under "Conservancy establishment" is due to the appointment of the increased staff in October instead of from April.

(vii) Under "*(d) Contingencies against (5) Conservancy*" Rs. 35 have been provided on account of fees to the Medical College for the training of sanitary inspector.

(viii) Under "*Lighting Contingencies*" the increase of Rs. 190 is intended to meet the cost of the purchase of additional lanterns, &c.

5. *Closing Balance.*—The revised estimate closes with a balance of Rs. 2,985 against Rs. 1,930 provided in the budget estimate.

BUDGET ESTIMATE FOR 1897–98.

Receipts.

6. (i) Receipts for 1897–98, including the opening balance are estimated at Rs. 31,770 against the revised budgeted sum of Rs. 19,390 for 1896–97. The increase is due to the inclusion of Rs. 3,000 promised by the Government as contribution for the construction of a new hospital building and of Rs. 9,000, the sale-proceeds of Government securities invested for the purpose. The more important changes are explained below:—

(ii) *Tax on Arts.*—The same figures are adopted as those of the revised estimate for 1896-97, viz., Rs. 2,850.

(iii) *Tax on Buildings.*—Rs. 5,050 is provided against Rs. 4,700 shown in the revised estimate for 1896–97. The increased estimate is based on the expectation that the whole balance of 1896–97 will be realized in 1897–98. In the revised estimate effect was given to the increased demand for only the second half-year of 1896–97. In 1897–98 the increase will be twice as much.

(iv) *Land-tax.*—The estimated amount under this head is put down as Rs. 250 against Rs. 350 shown in the revised estimate. The decrease is due to the fact that a large balance of Rs. 136 is expected to be collected in 1896–97 [*vide* paragraph 3 (iii) *supra*].

(v) *Tolls.*—Rs. 3,400 is provided in the budget, after deducting one-third share due to the district board, against the budget sum of Rs. 3,480 and the revised budget sum of Rs. 3,790. The decrease is due to the anticipated fall when the right of collecting tolls for next year comes to be sold, the last year's bid having been raised on account of reckless competition.

(vi) *Interest on Investments—Medical.*—It is proposed to sell the Government securities for the purpose of construction of the new hospital building. Hence no receipt can be expected under this head.

(vii) *Contribution from Government—Other purposes.*—Rs. 105 is half the grant for the entertainment of a drawing master whose estimated charges are fixed at Rs. 210. As for a gymnastic instructor, the services of the local fund gymnastic instructor are proposed to be utilized with an annual contribution of Rs. 30 to the Taluk Board, Srívilliputtúr.

(…) *…dical.*—Rs. 3,000 is the contribution which the Government has promised … ., Mis. No. 1482 M … 1896) to make for the hospital buildi…

(ix) *Fishery Rents.*—Only Rs. 100, against Rs. 175 shown in the revised estimate, are expected to be realized. The decrease is due to the fact that the rents of faslis 1304 and 1305 are included in Rs. 175, while the sum of Rs. 100 represents only the collection of fasli 1306.

Charges.

7. (i) *Grant 1, Communications.*—Rs. 1,930 is provided for the formation of new roads and for the repairs of the existing streets and roads. This gives a percentage of 56 to the expected net receipts on tolls, against 47·6 during 1896–97 and against the actuals of 25·9 for 1895–96.

(ii) *Buildings.*—It is proposed to spend Rs. 11,000 under new works and repairs. The large increase is due to the allotments made for the construction of the new hospital building and for the purchase of a new iron latrine. The details of works under the above items are given in statement No. II-A.

(iii) *Water-supply.*—Rs. 430 is provided for the construction of new wells and the repairs of the existing ones and for the entertainment of only two tank watchmen at Rs. 4–8–0 per mensem against three on the same pay. The council has proposed to discontinue the services of the tank watch hitherto employed to watch the Natakasalai tank, which is far less important than the Thiroomakolam tank.

(iv) *Establishment.*—The pay of the municipal overseer is fixed at Rs. 25 maximum. He draws at present only Rs. 20. It is proposed to reach the maximum in five years by annual increments of one rupee; the council has sanctioned the proposal.

(v) *Grant 2, Municipal Schools.*—The Inspecting officers and the Director of Public Instruction recommend Rs. 120 as results stipends for the Muhammadan and Panchama schools, to which the highest rates of grants are allowed by the Government. Maximum rates allowed by the Grant-in-Aid Code are allowed to these schools; moreover grants recommended by the said officers are low when compared with the actual earnings of 1895–96 and 1896–97 [*vide* paragraph 4 (11) *supra*].

(vi) *Results Grants.*—The figures of the revised estimate have been adopted as recommended by the Director of Public Instruction, Madras.

(vii) Under "(6) *Inspection—Contribution to Local Boards*" an increased provision of Rs. 30 is made for utilizing the services of the taluk board Gymnastic instructor instead of entertaining a new one, which the council is not disposed to do, there being a gymnastic instructor available in each of the two high schools here [*vide* paragraph 6 (vii) *supra*].

(viii) *Miscellanous.*—Rs. 210 is provided for the entertainment of a drawing master at Rs. 15 per mensem with an annual contingent allowance of Rs. 30 as recommended by the Director of Public Instruction, Madras.

(ix) *Grant 3, Hospitals and Dispensaries.*—The proposals of the Surgeon-General were not received. But Rs. 5,145 have been provided to meet demands under this head for purchasing a large "capital" case, an operation table, new cots and bedding, for increased provision of medicines, for a ward-cooly on Rs. 5 per mensem which was a long felt want, for increase to the pay of the sweeper from Rs. 4–8–0 to Rs. 5, and Rs. 2,000 being compensation for lands required for the new hospital building.

(x) *Contribution to Government.*—The increased allotment under the head is due to the provision of Rs. 120 for the entertainment of a bench clerk on Rs. 10 per mensem in the court of the Bench Magistrate under G.O., No. 1460 M., dated 2nd September 1896.

(xi) *Contribution to Local Boards.*—Rs. 30 is provided on account of contribution to the district board, being one-twentieth of the cost of the upkeep of the District Medical a nd Sanitary Officer's establishment.

(xii) *Conservancy, &c.*—The pay of the sanitary inspector is R… 25, approved in G.O., No. 282 M., dated 7th February 1895, embodied in the b… 240 … eport of this municipality for 1896–97 … 90 … osed to raise the presen… 3,910 … of sanitary

inspector to this limit by an annual increment of Re. 1 to which the council has given its sanction. Provision has been made for the appointment of 28 sweepers and 10 scavengers at Rs. 5 per mensem against 24 and 8, respectively, in 1896–97 on the same pay and thus to gradually attain the number prescribed, viz., 2 for a 1,000 population. It may be remarked here that this town is a straggling one in which the employment of a large number of sweepers would necessitate a proportionate addition of the supervising staff, all the cost of which the finances of the municipality can ill-afford to bear at present.

(xiii) Under "*Other Charges*" Rs. 1,060 is provided. The allotment includes Rs. 120 for the purchase of two rubbish carts, Rs. 80 for two sewage carts and Rs. 860 for the hire of bulls, &c.

(xiv) *Private Scavenging.*—Rs. 580 is provided for the appointment of six scavengers at Rs. 5 per mensem against four on the same pay and for the purchase of two night-soil carts.

(xv) Under "(*d*) *Contingencies*" an increased allotmont is provided for the purchase of a piece of land for a rubbish depôt.

(xvi) *Grant 4, Lighting, Markets, &c.*—There are no material changes under this grant. The increase over the revised estimate is only Rs. 70 due to the appointment of a fourth lamp-lighter from 1st April [*vide* paragraph 4 (viii) *supra*].

(xvii) *Grant 5.*—Provision is made for the appointment of an office peon on Rs. 6 per mensem as there is none at present, as experience has shown that it is difficult to work without a peon for the office.

8. *Closing Balance.*—The year closes with a balance of Rs. 1,550 which may be considered satisfactory seeing that the increased demands of the various departments have been more or less fully complied with and that the allotment for roads is more than the percentage fixed by the Government.

9. The proposition statement for the revision of the establishment and a copy of the resolution sanctioning the budget are herewith submitted.

Cur. No. 2300-Gl.

Submitted.

REVISED ESTIMATE FOR 1896–97.

2. The increase in the principal taxes is due to the revision of the tax registers which seems to have been done with care.

3. The collections under tax on buildings during the first eight months of the year cannot be regarded as satisfactory. It is hoped that prompt steps will be taken towards collection of the balance.

BUDGET ESTIMATE FOR 1897–98.

4. The provision of Rs. 1,930 under Communications—New works and repairs is adequate, being 56 per cent. of the income from tolls.

5. The only new work of importance proposed to be executed is the construction of a hospital building at a cost of Rs. 12,000 (Rs. 10,000 for building and Rs. 2,000 for the purchase of a site). This amount of Rs. 10,000 for building has been arrived at without a detailed estimate, which is however under preparation. Should this proposal be ordered to be excluded from the budget till detailed estimates are ready, a sum of Rs. 3,000 under 5 (ii) and Rs. 9,000 under 7 (*a*) must, it is presumed, be also struck out on the receipt site, as well as Rs. 10,000 under Grant I (i) (*b*) and Rs. 2,000 under Grant III (i) (*d*) on the expenditure side.

6. The proposed expenditure of Rs. 4,940 under "Conservancy" is fairly proportionate to [illegible] resources of the municipality, being 15·6 per cent. of the total receipts.

7. The private scavenging system is proposed to be worked at a loss of Rs. 380 to the municipality. The municipal executive will, it is hoped, do its best to extend the system so as to be self-supporting.

8. The proposals in respect of establishment in the municipal office and under water-supply, public works, education, hospitals and dispensaries, conservancy and private scavenging may be accepted.

9. The delay in the transmission of the budget is due to information having had to be obtained by a reference to the Chairman in respect of Rs. 2,000 provided for the purchase of the site for the new hospital building.

12th January 1897. (Signed) A. W. B. HIGGENS,
Collector.

ORDER—No. 257 M., dated 20th February 1897.

The estimated receipts and charges of the Srívilliputtúr Municipality for 1897–98, as passed by Government, are compared below with the budget and revised estimates for the year 1896–97 and the actuals of 1895–96 :—

—	Actuals, 1895–96.	Budget estimate, 1896–97.	Revised estimate, 1896–97.	Budget estimate, 1897–98.
Receipts.	Rs.	Rs.	Rs.	Rs.
Balance brought forward	1,000	2,500	2,170	4,010
Tax on Arts	1,577	1,600	2,850	2,850
,, on Buildings and Lands	4,655	4,750	5,050	5,300
,, on Vehicles and Animals	1,013	940	1,200	1,200

FEBRUARY.

Municipal Budget.

Reviewing the Srívilliputtúr — for 1897–98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From SAIYID MUSTAPHA SAHEB BAHADUR, Deputy Collector and Chairman, Municipal Council, Srívilliputtúr, to the Secretary to Government, Local and Municipal Department (through the Collector of Tinnevelly), dated 27th December 1896, No. 645-I.

I have the honour to submit herewith the budget estimate of receipts and charges of the Srívilliputtúr Municipality for 1897–98, together with the revised estimate of 1896–97 and the other statements.

REVISED ESTIMATE FOR 1896–97.

2. *Opening Balance.*—The year opened with a balance, as per results of audit report for 1895–96, of Rs. 2,170–6–3 or in round figures Rs. 2,170. It is the same as that shown in G.O., No. 1298 M., dated 5th August 1896, passed on the administration report for 1895–96.

Receipts.

3. The total receipts of the current year, excluding the opening balance, are estimated at Rs. 17,220, against Rs. 14,870 given in the original estimate.

(i) *Tax on Arts.*—The gross demand under this head, comprising the arrears of the last year and the assessments made during the current year, comes to Rupees 4,098–8–0 (Rs. 440–8–0 on account of arrears and Rs. 3,658 on account of current) against Rs. 1,600 given in the original estimate, and the actuals of Rs. 1,577 in 1895–96. The increase is due to the revised assessments made during the year as per G.O., No. 1298 M., dated 5th August 1896. This revised assessment may now be taken to represent the highest income which it is possible to realize from this source for some time to come. This town boasts of neither activity in trade nor the riches of its residents, and cannot therefore compete with other municipalities in any respect except as regards its population. Appeals against the current assessment have yet to be disposed of,* and I am afraid a somewhat larger remission than Rs. 1,250, which it is proposed to deduct on account of probable remissions for the next year, might become necessary, but it cannot be far more than the estimated amount. Deducting this and the uncollected balance at the end of the year, the collection of this year is estimated at Rs. 2,850.

* Since disposed of. The balance approximates.
(Intld.) A. W. B. H.

(ii) *Tax on Buildings.*—The house-tax also underwent revision with reference to paragraph 3 (i) of G.O., No. 1298 M., dated 5th August 1896, with the result that the demand rose from Rs. 4,543 in last year to Rs. 4,750 during the current year. Considering the circumstances of the resident population and the second rate position of the town, I do not think that an elaborate revision of the tax was ever called for.

The tax already fixed, though giving an average of As. 11–6 per house assessed was yet, I may say, a fair one and did not admit of any very great improvement. Very best attention was paid to the matter soon after my assumption of the Chairmanship and the very small extent to which the tax could be improved by removing irregularities which here and there existed and by fixing a uniform assessment for all houses on one and the same basis has been done. This gives now an average of As. 12 for each house. It is believed that very little scope for appealing exists. The estimated collections of this year are put down as Rs. 4,700, against the demand of Rs. 5,100 including the arrears of Rs. 345 and against the budget sum of Rs. 4,500 and against the actuals of Rs. 4,492–4–6 in 1895–96.

(iii) *Tax on Lands.*—The demand under this tax is Rs. 367 including the arrears of Rs. 136. It is expected that the sum of Rs. 350 may be collected during this year against the actuals of Rs. 162–7–1 in 1895–96.

(iv) *Tax on Vehicles, Animals, &c.*—Rs. 2,150 are estimated to be realized this year against Rs. 1,790 shown in the original estimate and against Rs. 1,815–8–0, the actuals of 1895–96. The increase is due to the collection of Rs. 317 on account of arrears of 1895–96.

(v) *Tolls.*—The right of collecting tolls was leased out for Rs. 5,635 for 1896–97. There was also a balance of Rs. 17–15–0 or Rs. 18. Hence the total gross demand is Rs. 5,653. It is put down as Rs. 3,790 in the revised estimate as shown below :—

	Rs.
Gross receipts	5,653
Establishment and contingencies for April 1896	65
Net receipts	5,588
District Board's share (one-third) on tolls	31,86
Municipal share in round figures 5,653—1,863	3,790

(vi) *Contribution from the Local Board on account of Medical.*—The Taluk Board of Srívilliputtúr contributes at present one-fourth of the net cost for the upkeep of the municipal hospital. The board, while expressing its inability to pay any contribution for the new hospital building, for which a Government contribution has been made of Rs. 3,000 in G.O., Mis. No. 172 M., of 31st January 1896, has, however, promised to raise the annual contribution to one-third. This increased contribution has been taken credit for for the year 1896–97.

(vii) *Sale-proceeds of Night-soil.*—Rs. 10 is estimated against Rs. 70 shown in the original budget. Sale-proceeds of sweepings in the cattle fair were also included under this head, when framing the original budget, instead of under IV. Other fees from cattle fair. Hence the decrease under the head.

Charges.

4. (i) *Grant 1, Public Works—Original Works—Buildings.*—The increase of Rs. 130 is due to the allotment of Rs. 30 from the "General balance" and transfer of Rs. 100 from "Conservancy contingencies" for the purchase of extra iron dust-bins.

(ii) *Repairs—Buildings.*—The large increase is due to the allotment of Rs. 320 for the repairs of stables attached to the travellers' bungalow which have recently fallen down.

(iii) *Grant 2, Results Stipends to Salary-result Schools.*—A provision of Rs. 180 has been made against Rs. 90 shown in the original budget to meet the increased grant earned by both the Panchama and Muhammadan schools, viz., Rs. 67 and Rs. 80–13–0, respectively, at 75 per cent. of the maximum rates, against a provision of Rs. 60 and 30, respectively, and for the cost of students appearing for the ensuing Upper Primary examination. The total grant which the schools are expected to earn is Rs. 190.

(iv) *Grant 3, Hospitals and Dispensaries.*—An increased provision of Rs. 60 has been made in the revised estimate on account of contingent charges, the original budgeted allotment being found to be inadequate.

(v) The large increase of Rs. 160 under Vaccine contingencies is due to the system recently introduced into this municipality of purchasing calves for vaccine purposes and reselling them for such price as they may fetch, after they have served their purpose. This measure was adopted in consequence of the unwillingness of the people to supply calves for hire. It has now been decided to put a stop to this system and to revert to the old system of obtaining calves on hire which is what is done in other municipalities. The increased allotment thus proposed will not, it is expected, have to be incurred in full at the close of the current year.

(vi) The decrease of Rs. 150 under "Conservancy establishment" is due to the appointment of the increased staff in October instead of from April.

(vii) Under "*(d) Contingencies against* (5) *Conservancy*" Rs. 35 have been provided on account of fees to the Medical College for the training of sanitary inspector.

(viii) Under "*Lighting Contingencies*" the increase of Rs. 190 is intended to meet the cost of the purchase of additional lanterns, &c.

5. *Closing Balance.*—The revised estimate closes with a balance of Rs. 2,985 against Rs. 1,930 provided in the budget estimate.

BUDGET ESTIMATE FOR 1897–98.

Receipts.

6. (i) Receipts for 1897–98, including the opening balance are estimated at Rs. 31,770 against the revised budgeted sum of Rs. 19,390 for 1896–97. The increase is due to the inclusion of Rs. 3,000 promised by the Government as contribution for the construction of a new hospital building and of Rs. 9,000, the sale-proceeds of Government securities invested for the purpose. The more important changes are explained below:—

(ii) *Tax on Arts.*—The same figures are adopted as those of the revised estimate for 1896-97, viz., Rs. 2,850.

(iii) *Tax on Buildings.*—Rs. 5,050 is provided against Rs. 4,700 shown in the revised estimate for 1896–97. The increased estimate is based on the expectation that the whole balance of 1896–97 will be realized in 1897–98. In the revised estimate effect was given to the increased demand for only the second half-year of 1896–97. In 1897–98 the increase will be twice as much.

(iv) *Land-tax.*—The estimated amount under this head is put down as Rs. 250 against Rs. 350 shown in the revised estimate. The decrease is due to the fact that a large balance of Rs. 136 is expected to be collected in 1896–97 [*vide* paragraph 3 (iii) *supra*].

(v) *Tolls.*—Rs. 3,400 is provided in the budget, after deducting one-third share due to the district board, against the budget sum of Rs. 3,480 and the revised budget sum of Rs. 3,790. The decrease is due to the anticipated fall when the right of collecting tolls for next year comes to be sold, the last year's bid having been raised on account of reckless competition.

(vi) *Interest on Investments—Medical.*—It is proposed to sell the Government securities for the purpose of construction of the new hospital building. Hence no receipt can be expected under this head.

(vii) *Contribution from Government—Other purposes.*—Rs. 105 is half the grant for the entertainment of a drawing master whose estimated charges are fixed at Rs. 210. As for a gymnastic instructor, the services of the local fund gymnastic instructor are proposed to be utilized with an annual contribution of Rs. 30 to the Taluk Board, Srívilliputtúr.

(viii) *Medical.*—Rs. 3,000 is the contribution which the Government has promised (*vide* G.O., Mis. No. 1482 M., dated 2nd September 1896) to make for the construction of a new hospital building on a better site.

(ix) *Fishery Items.*—Only Rs. 100, against Rs. 175 shown in the revised estimate, are expected to be realized. The decrease is due to the fact that the rents of faslis 1304 and 1305 are included in Rs. 175, while the sum of Rs. 100 represents only the collection of fasli 1306.

Charges.

7. (i) *Grant 1, Communications.*—Rs. 1,930 is provided for the formation of new roads and for the repairs of the existing streets and roads. This gives a percentage of 56 to the expected net receipts on tolls, against 47·6 during 1896–97 and against the actuals of 25·9 for 1895–96.

(ii) *Buildings.*—It is proposed to spend Rs. 11,000 under new works and repairs. The large increase is due to the allotments made for the construction of the new hospital building and for the purchase of a new iron latrine. The details of works under the above items are given in statement No. II-A.

(iii) *Water-supply.*—Rs. 430 is provided for the construction of new wells and the repairs of the existing ones and for the entertainment of only two tank watchmen at Rs. 4–8–0 per mensem against three on the same pay. The council has proposed to discontinue the services of the tank watch hitherto employed to watch the Natakasalai tank, which is far less important than the Thiroomakolam tank.

(iv) *Establishment.*—The pay of the municipal overseer is fixed at Rs. 25 maximum. He draws at present only Rs. 20. It is proposed to reach the maximum in five years by annual increments of one rupee; the council has sanctioned the proposal.

(v) *Grant 2, Municipal Schools.*—The Inspecting officers and the Director of Public Instruction recommend Rs. 120 as results stipends for the Muhammadan and Panchama schools, to which the highest rates of grants are allowed by the Government. Maximum rates allowed by the Grant-in-Aid Code are allowed to these schools; moreover grants recommended by the said officers are low when compared with the actual earnings of 1895–96 and 1896–97 [*vide* paragraph 4 (11) *supra*].

(vi) *Results Grants.*—The figures of the revised estimate have been adopted as recommended by the Director of Public Instruction, Madras.

(vii) Under "(6) *Inspection—Contribution to Local Boards*" an increased provision of Rs. 30 is made for utilizing the services of the taluk board Gymnastic instructor instead of entertaining a new one, which the council is not disposed to do, there being a gymnastic instructor available in each of the two high schools here [*vide* paragraph 6 (vii) *supra*].

(viii) *Miscellanous.*—Rs. 210 is provided for the entertainment of a drawing master at Rs. 15 per mensem with an annual contingent allowance of Rs. 30 as recommended by the Director of Public Instruction, Madras.

(ix) *Grant 3, Hospitals and Dispensaries.*—The proposals of the Surgeon-General were not received. But Rs. 5,145 have been provided to meet demands under this head for purchasing a large "capital" case, an operation table, new cots and bedding, for increased provision of medicines, for a ward-cooly on Rs. 5 per mensem which was a long felt want, for increase to the pay of the sweeper from Rs. 4–8–0 to Rs. 5, and Rs. 2,000 being compensation for lands required for the new hospital building.

(x) *Contribution to Government.*—The increased allotment under the head is due to the provision of Rs. 120 for the entertainment of a bench clerk on Rs. 10 per mensem in the court of the Bench Magistrate under G.O., No. 1460 M., dated 2nd September 1896.

(xi) *Contribution to Local Boards.*—Rs. 30 is provided on account of contribution to the district board, being one-twentieth of the cost of the upkeep of the District Medical a nd Sanitary Officer's establishment.

(xii) *Conservancy, &c.*—The pay of the sanitary inspector is Rs. 25, approved in G.O., No. 282 M., dated 7th February 1895, embodied in the budget report of this municipality for 1896–97. It is proposed to raise the present salary of sanitary

inspector to this limit by an annual increment of Re. 1 to which the council has given its sanction. Provision has been made for the appointment of 28 sweepers and 10 scavengers at Rs. 5 per mensem against 24 and 8, respectively, in 1896–97 on the same pay and thus to gradually attain the number prescribed, viz., 2 for a 1,000 population. It may be remarked here that this town is a straggling one in which the employment of a large number of sweepers would necessitate a proportionate addition of the supervising staff, all the cost of which the finances of the municipality can ill-afford to bear at present.

(xiii) Under "*Other Charges*" Rs. 1,060 is provided. The allotment includes Rs. 120 for the purchase of two rubbish carts, Rs. 80 for two sewage carts and Rs. 860 for the hire of bulls, &c.

(xiv) *Private Scavenging.*—Rs. 580 is provided for the appointment of six scavengers at Rs. 5 per mensem against four on the same pay and for the purchase of two night-soil carts.

(xv) Under "*(d) Contingencies*" an increased allotmont is provided for the purchase of a piece of land for a rubbish depôt.

(xvi) *Grant 4, Lighting, Markets, &c.*—There are no material changes under this grant. The increase over the revised estimate is only Rs. 70 due to the appointment of a fourth lamp-lighter from 1st April [*vide* paragraph 4 (viii) *supra*].

(xvii) *Grant 5.*—Provision is made for the appointment of an office peon on Rs. 6 per mensem as there is none at present, as experience has shown that it is difficult to work without a peon for the office.

8. *Closing Balance.*—The year closes with a balance of Rs. 1,550 which may be considered satisfactory seeing that the increased demands of the various departments have been more or less fully complied with and that the allotment for roads is more than the percentage fixed by the Government.

9. The proposition statement for the revision of the establishment and a copy of the resolution sanctioning the budget are herewith submitted.

Cur. No. 2300-G1.

Submitted.

REVISED ESTIMATE FOR 1896–97.

2. The increase in the principal taxes is due to the revision of the tax registers which seems to have been done with care.

3. The collections under tax on buildings during the first eight months of the year cannot be regarded as satisfactory. It is hoped that prompt steps will be taken towards collection of the balance.

BUDGET ESTIMATE FOR 1897–98.

4. The provision of Rs. 1,930 under Communications—New works and repairs is adequate, being 56 per cent. of the income from tolls.

5. The only new work of importance proposed to be executed is the construction of a hospital building at a cost of Rs. 12,000 (Rs. 10,000 for building and Rs. 2,000 for the purchase of a site). This amount of Rs. 10,000 for building has been arrived at without a detailed estimate, which is however under preparation. Should this proposal be ordered to be excluded from the budget till detailed estimates are ready, a sum of Rs. 3,000 under 5 (ii) and Rs. 9,000 under 7 (*a*) must, it is presumed, be also struck out on the receipt site, as well as Rs. 10,000 under Grant I (i) (*b*) and Rs. 2,000 under Grant III (i) (*d*) on the expenditure side.

6. The proposed expenditure of Rs. 4,940 under "Conservancy" is fairly proportionate to the resources of the municipality, being 15·6 per cent. of the total receipts.

7. The private scavenging system is proposed to be worked at a loss of Rs. 380 to the municipality. The municipal executive will, it is hoped, do its best to extend the system so as to be self-supporting.

8. The proposals in respect of establishment in the municipal office and under water-supply, public works, education, hospitals and dispensaries, conservancy and private scavenging may be accepted.

9. The delay in the transmission of the budget is due to information having had to be obtained by a reference to the Chairman in respect of Rs. 2,000 provided for the purchase of the site for the new hospital building.

12th January 1897. (Signed) A. W. B. HIGGENS,
Collector.

ORDER—No. 257 M., dated 20th February 1897.

The estimated receipts and charges of the Srívilliputtúr Municipality for 1897–98, as passed by Government, are compared below with the budget and revised estimates for the year 1896–97 and the actuals of 1895–96 :—

REVISED ESTIMATE FOR 1896-97.

2. The current receipts and charges are now estimated at Rs. 17,220 and Rs. 16,400, respectively, against Rs. 14,870 and Rs. 15,440 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts, buildings, lands and animals and under tolls, while that in the charges appears mainly under Grants 1 and 2. The collections under the taxes on buildings and lands and the expenditure on buildings during the first eight months of the year were again unsatisfactory. It appears from column 4 of statement I that credit has not been taken for the increased contribution from the taluk Board referred to in paragraph 3 (vi) of the Chairman's letter, nor for the arrears of the previous year which, it was stated, in paragraph 16 of the last administration report, would be realized during the current year. The estimate under this head will accordingly be raised by Rs. 1,020. The closing balance will then be Rs. 4,010. The transfer of Rs. 100 from conservancy contingencies referred to in paragraph 4 (1) of the Chairman's letter, for which the sanction of Government should have been obtained, is approved.

BUDGET ESTIMATE FOR 1897-98.

3. *Receipts.*—The probable receipts are placed at Rs. 28,780, against Rs. 18,240 in the revised estimate, the increase being due chiefly to the credit taken for the grant promised by Government and the sum proposed to be realized by the sale of the Government securities, in order to meet the cost of the construction of the new hospital. The estimated income from private scavenging fees will be raised by Rs. 160 so as to cover the establishment charges on that account, as it is not fair to the general tax-payer that he should be burdened with the cost of a private service. The sum of Rs. 800 entered under contribution from local boards will be raised by Rs. 300 with reference to paragraph 3 (vi) of the Chairman's letter. The receipts from fines under Municipal and other Acts will be reduced by Rs. 120, with reference

to G.O., No. 1460 M., dated 2nd September 1896, under which the fines levied under the Towns Nuisances Act should be credited to Provincial funds in the first instance and the bench clerk establishments paid therefrom.

4. *Charges.*—(1) The probable charges are entered at Rs. 30,220, against Rs. 16,400 in the revised estimate, the increase being marked under Grants 1 and 3.

(2) *Grant 1.*—The proposals in paragraph 7 (iii) and (iv) of the Chairman's letter to dispense with the services of one of the tank watchman and to increase the pay of the overseer are approved. The preparation of the plans and estimates for the new hospital and the submission of the proposals called for in G.O., No. 1432 M., dated 2nd September 1896, should be expedited, so that the work may be put in hand with as little delay as possible.

(3) *Grant 2.*—The remarks of the Director of Public Instruction on this portion of the budget will be awaited.

(4) *Grant 3.*—The provision under hospitals and dispensaries will be passed subject to the remarks of the Surgeon-General. The circumstances in which it is proposed in paragraph 7 (xi) to contribute a sum of Rs. 30 towards the cost of the District Medical and Sanitary Officer's establishment should be reported to Government. The sum of Rs. 120 provided under Grant 3 (2) (*a*) for the salary of the bench clerk will be struck out with reference to paragraph 3 *supra*. The alterations in the conservancy and private scavenging establishments proposed in paragraph 7 (xii) and (xiv) are sanctioned subject to the remarks of the Sanitary Commissioner. A sum of Rs. 1,100 will be provided for epidemic charges with reference to G.O., No. 1985 M., dated 18th November 1896.

(5) *Grant 5.*—The entertainment of an office peon on Rs. 6 per mensem proposed in paragraph 7 (xvii) is sanctioned. The contribution for the central office establishment will be raised from Rs. 20 to Rs. 144, or Rs. 140 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 1,810, or 10·6 per cent. of the estimated ordinary receipts.

257-

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper :—

From SAIYID MUSTAPHA SAHEB BAHADUR, Deputy Collector and Chairman, Municipal Council, Srívilliputtúr, to the Secretary to Government, Local and Municipal Department (through the Collector of Tinnevelly), dated 27th December 1896, No. 645-I.

I have the honour to submit herewith the budget estimate of receipts and charges of the Srívilliputtúr Municipality for 1897–98, together with the revised estimate of 1896–97 and the other statements.

Revised Estimate for 1896–97.

2. *Opening Balance.*—The year opened with a balance, as per results of audit report for 1895–96, of Rs. 2,170–6–3 or in round figures Rs. 2,170. It is the same as that shown in G.O., No. 1298 M., dated 5th August 1896, passed on the administration reports for 1895–96.

Receipts.

3. The total receipts of the current year, excluding the opening balance, is estimated at Rs. 17,220, against Rs. 14,870 given in the original estimate.

(i) *Tax on Arts.*—The gross demand under this head, comprising the arrears of the last year and the assessments made during the current year, comes to Rupees 4,098–8–0 (Rs. 440–8–0 on account of arrears and Rs. 3,658 on account of current) against Rs. 1,600 given in the original estimate, and the actuals of Rs. 1,577 in 1895–96. The increase is due to the revised assessments made during the year as per G.O., No. 1298 M., dated 5th August 1896. This revised assessment may now be taken to represent the highest income which it is possible to realize from this source for some time to come. This town boasts of neither activity in trade nor the riches of its residents, and cannot therefore compete with other municipalities in any respect except as regards its population. Appeals against the current assessment have yet to be disposed of, and I am afraid a somewhat larger remission than Rs. 1,250, which it is proposed to deduct on account of probable remissions for the next year, might become necessary, but it cannot be far more than the estimated amount. Deducting this and the uncollected balance at the end of the year, the collection of this year is estimated at Rs. 2,850.

* Since disposed of. The balance approximates.
(Intld.) A. W. B. H.

(ii) *Tax on Buildings.*—The house-tax also underwent revision with reference to paragraph 3 (i) of G.O., No. 1298 M., dated 5th August 1896, with the result that the demand rose from Rs. 4,543 in last year to Rs. 4,750 during the current year. Considering the circumstances of the resident population and the second rate position of the town, I do not think that an elaborate revision of the tax was ever called for.

The tax already fixed, though giving an average of As. 11–6 per ~~cent. of the assessment~~ house assessed was yet, I may say, a fair one and did not admit of any very great improvement. Very best attention was paid to the matter soon after my assumption of the Chairmanship and the very small extent to which the tax could be improved by removing irregularities which here and there existed and by fixing a uniform assessment for all houses on one and the same basis has been done. This gives now an average of As. 12 each house. It is believed that very little scope for appealing exists. The estimated collections of this year are put down as Rs. 4,700, against the demand of Rs. 5,100 including the arrears of Rs. 345 and against the budget sum of Rs. 4,500 and against the actuals of Rs. 4,492–4–6 in 1895–96.

* Should be apparently "house assessed."
(Intld.) A. W. B. H.

(iii) *Tax on Lands.*—The demand under this tax is Rs. 367 including the arrears of Rs. 136. It is expected that the said sum of Rs. 350 may be collected during this year against the actuals of Rs. 162–7–1 in 1895–96.

(iv) *Tax on Vehicles, Animals, &c.*—Rs. 2,150 are estimated to be realized this year against Rs. 1,790 shown in the original estimate and against Rs. 1,815–8–0, the actuals of 1895–96. The increase is due to the collection of Rs. 317 on account of arrears of 1895–96.

(v) *Tolls.*—The right of collecting tolls was leased out for Rs. 5,635 for 1896–97. There was also a balance of Rs. 17–15–0 or Rs. 18. Hence the total gross demand is Rs. 5,653. It is put down as Rs. 3,790 in the revised estimate as shown below :—

	Rs.
Gross receipts	5,653
Establishment and contingencies for April 1896	65
Net receipts	5,588
District Board's share (one-third) on tolls	1,863
Municipal share in round figures 5,653—1,863	3,790

(vi) *Contribution from the Local Board on account of Medical.*—The Taluk Board of Srívilliputtúr contributes at present one-fourth of its net cost for the upkeep of the municipal hospital. The board, while expressing its inability to pay any contribution for the new hospital building, for which a Government contribution has been made of Rs. 3,000 in G.O., Mis. No. 172 M., of 31st January 1896, has, however, promised to raise the annual contribution to one-third. This increased contribution has been taken credit for for the year 1896–97.

(vii) *Sale-proceeds of Night-soil.*—Rs. 10 is estimated against Rs. 70 shown in the original budget. Sale-proceeds of sweepings in the cattle fair was also included under this head, when framing the original budget, instead of under IV. Other fees from cattle fair. Hence the decrease under the head.

Charges.

4. (i) *Grant 1, Public Works—Original Works—Buildings.*—The increase of Rs. 130 is due to the allotment of Rs. 30 from the "General balance" and transfer of Rs. 100 from "Conservancy contingencies" for the purchase of extra iron dust-bins.

(ii) *Repairs—Buildings.*—The large increase is due to the allotment of Rs. 320 for the repairs of stables attached to the travellers' bungalow which have recently fallen down.

(iii) *Grant 2, Results Stipends to Salary-result Schools.*—A provision of Rs. 180 has been made against Rs. 90 shown in the original budget to meet the increased grant earned by both the Panchama and Muhammadan schools, viz., Rs. 67 and Rs. 80–13–0, respectively, at 75 per cent. of the maximum rates, against a provision of Rs. 60 and 30, respectively, and for the cost of students appearing for the ensuing Upper Primary examination. The total grant which the schools are expected to earn is Rs. 190.

(iv) *Grant 3, Hospitals and Dispensaries.*—An increased provision of Rs. 60 has been made in the revised estimate on account of contingent charges, the original budgeted allotment being found to be inadequate.

(v) The large increase of Rs. 160 under Vaccine contingencies is due to the system recently introduced into this municipality of purchasing calves for vaccine purposes and reselling them for such price as they may fetch, after they have served their purpose. This measure was adopted in consequence of the unwillingness of the people to supply calves for hire. It has now been decided to put a stop to this system and to revert to the old system of obtaining calves on hire which is what is done in other municipalities. The increased allotment thus proposed will not, it is expected, have to be incurred in full at the close of the current year.

(vi) The decrease of Rs. 150 under "Conservancy establishment" is due to the appointment of the increased staff in October instead of from April.

(vii) Under "*(d) Contingencies against* (5) *Conservancy*" Rs. 35 have been provided on account of fees to the Medical College for the training of sanitary inspector.

(viii) Under "*Lighting Contingencies*" the increase of Rs. 190 is intended to meet the cost of the purchase of additional lanterns, &c.

5. *Closing Balance.*—The revised estimate closes with a balance of Rs. 2,985 against Rs. 1,930 provided in the budget estimate.

Budget Estimate for 1897–98.

Receipts.

6. (i) Receipts for 1897–98, including the opening balance are estimated at Rs. 31,770 against the revised budgeted sum of Rs. 19,390 for 1896–97. The increase is due to the inclusion of Rs. 3,000 promised by the Government as contribution for the construction of a new hospital building and of Rs. 9,000, the sale-proceeds of Government securities invested for the purpose. The more important changes are explained below:—

(ii) *Tax on Arts.*—The same figures are adopted as those of the revised estimate for 1896-97, viz., Rs. 2,850.

(iii) *Tax on Buildings.*—Rs. 5,050 is provided against Rs. 4,700 shown in the revised estimate for 1896–97. The increased estimate is based on the expectation that the whole balance of 1896–97 will be realized in 1897–98. In the revised estimate effect was given for the increased demand for only the second half-year of 1896–97. In 1897–98 the increase will be twice as much.

(iv) *Land-tax.*—The estimated amount under this head is put down as Rs. 250 against Rs. 350 shown in the revised estimate. The decrease is due to the fact that a large balance of Rs. 136 is expected to be collected in 1896–97 [*vide* paragraph 3 (iii) *supra*].

(v) *Tolls.*—Rs. 3,400 is provided in the budget, after deducting one-third share due to the district board, against the budget sum of Rs. 3,480 and the revised budget sum of Rs. 3,790. The decrease is due to the anticipated fall when the right of collecting tolls for next year comes to be sold, the last year's bid having been raised on account of reckless competition.

(vi) *Interest on Investments—Medical.*—It is proposed to sell the Government securities for the purpose of construction of the new hospital building. Hence no receipt can be expected under this head.

(vii) *Contribution from Government—Other purposes.*—Rs. 120 is half the grant for the entertainment of a drawing master whose estimated charges are fixed at Rs. 210. As for a gymnastic instructor, the services of the local fund gymnastic instructor is proposed to be utilized with an annual contribution of Rs. 30 to the Taluk Board, Srívilliputtúr.

(viii) *Medical.*—Rs. 3,000 is the contribution which the Government has promised (*vide* G.O., Mis. No. 1482 M., dated 2nd September 1896) to make for the construction of a new hospital building on a better site.

(ix) *Fishery Rents.*—Only Rs. 100, against Rs. 175 shown in the revised estimate, are expected to be realized. The decrease is due to the fact that the rents of faslis 1304 and 1305 are included in Rs. 175, while the sum of Rs. 100 represents only the collection of fasli 1306.

Charges.

7. (i) *Grant 1, Communications.*—Rs. 1,930 is provided for the formation of new roads and for the repairs of the existing streets and roads. This gives a percentage of 56 to the expected net receipts on tolls, against 47·6 during 1896–97 and against the actuals of 25·9 for 1895–96.

(ii) *Buildings.*—It is proposed to spend Rs. 11,000 under new works and repairs. The large increase is due to the allotments made for the construction of the new hospital building and for the purchase of a new iron latrine. The details of works under the above items are given in statement No. II-A.

(iii) *Water-supply.*—Rs. 430 is provided for the construction of new wells and the repairs of the existing ones and for the entertainment of only two tank watchmen at Rs. 4–8–0 per mensem against three on the same pay. The council has proposed to discontinue the services of the tank watch hitherto employed to watch the Natakasalai tank, which is far less important than the Thiroomakolam tank.

(iv) *Establishment.*—The pay of the municipal overseer is fixed at Rs. 25 maximum. He draws at present only Rs. 20. It is proposed to reach the maximum in five years by annual increments of one rupee; the council has sanctioned the proposal.

(v) *Grant 2, Municipal Schools.*—The Inspecting officers and the Director of Public Instruction recommend Rs. 120 as results stipends for the Muhammadan and Panchama schools, to which the highest rates of grants are allowed by the Government. Maximum rates allowed by the Grant-in-Aid Code are allowed to these schools; moreover grants recommended by the said officers are low when compared with the actual earnings of 1895–96 and 1896–97 [*vide* paragraph 4 (11) *supra*].

(vi) *Results Grants.*—The figures of the revised estimate have been adopted as recommended by the Director of Public Instruction, Madras.

(vii) Under "(6) *Inspection—Contribution to Local Boards*" an increased provision of Rs. 30 is made for utilizing the services of taluk board Gymnastic instructor instead of entertaining a new one, which the council is not disposed to do, there being a gymnastic instructor available in each of the two high schools here [*vide* paragraph 6 (vii) *supra*].

(viii) *Miscellanous.*—Rs. 210 is provided for the entertainment of a drawing master at Rs. 15 per mensem with an annual contingent allowance of Rs. 30 as recommended by the Director of Public Instruction, Madras.

(ix) *Grant 3, Hospitals and Dispensaries.*—The proposals of the Surgeon-General were not received. But Rs. 5,145 have been provided to meet demands on this head for purchasing a large "capital" case, an operation table, new cots and bedding, for increased provision of medicines for a ward-cooly on Rs. 5 per mensem which was a long felt want, for increase to the pay of the sweeper from Rs. 4–8–0 to Rs. 5, and Rs. 2,000 being compensation for lands required for the new hospital building.

(x) *Contribution to Government.*—The increased allotment under the head is due to the provision of Rs. 120 for the entertainment of a bench clerk on Rs. 10 per mensem in the court of the Bench Magistrate under G.O., No. 1460 M., dated 2nd September 1896.

(xi) *Contribution to Local Boards.*—Rs. 30 is provided on account of contribution to the district board, being one-twentieth of the cost of the upkeep of the District Medical and Sanitary Officer's establishment.

(xii) *Conservancy, &c.*—The pay of the sanitary inspector is Rs. 25, approved in G.O., No. 282 M., dated 7th February 1895, embodied in the budget report of this municipality for 1896–97. It is proposed to raise the present salary of sanitary

inspector to this limit by an annual increment of Re. 1 to which the council has given its sanction. Provision has been made for the appointment of 28 sweepers and 10 scavengers at Rs. 5 per mensem against 24 and 8, respectively, in 1896–97 on the same pay and thus to gradually attain the number prescribed, viz., 2 for a 1,000 population. It may be remarked here that this town is a struggling one in which the employment of a large number of sweepers would necessitate a proportionate addition of the supervising staff, all the cost of which the finances of the municipality can ill-afford to bear at present.

(xiii) Under "*Other Charges*" Rs. 1,060 is provided. The allotment includes Rs. 120 for the purchase of two rubbish carts, Rs. 80 for two sewage carts and Rs. 860 for the hire of bulls, &c.

(xiv) *Private Scavenging.*—Rs. 580 is provided for the appointment of six scavengers at Rs. 5 per mensem against four on the same pay and for the purchase of two night-soil carts.

(xv) Under "(*d*) *Contingencies*" an increased allotmont is provided for the purchase of a piece of land for a rubbish depôt.

(xvi) *Grant 4, Lighting, Markets, &c.*—There are no material changes under this grant. The increase over the revised estimate is only Rs. 70 due to the appointment of a fourth lighter from 1st April [*vide* paragraph 4 (viii) *supra*].

(xvii) *Grant 5.*—Provision is made for the appointment of an office peon on Rs. 6 per mensem as there is none at present, as experience has shown that it is difficult to work without a peon for the office.

8. *Closing Balance.*—The year closes with a balance of Rs. 1,550 which may be considered satisfactory seeing that the increased demands of the various departments have been more or less fully complied with and that the allotment for roads is more than the percentage fixed by the Government.

9. The proposition statement for the revision of the establishment and a copy of the resolution sanctioning the budget are herewith submitted.

Cur. No. 2300-Gl.

Submitted.

REVISED ESTIMATE FOR 1896–97.

2. The increase in the principal taxes is due to the revision of the tax registers which seems to have been done with care.

3. The collection under tax on buildings during the first eight months of the year cannot be regarded as satisfactory. It is hoped that prompt steps will be taken towards collection of the balance.

BUDGET ESTIMATE FOR 1897–98.

4. The provision of Rs. 1,930 under Communications—New works and repairs is adequate, being 56 per cent. of the income from tolls.

5. The only new work of importance proposed to be executed is the construction of a hospital building at a cost of Rs. 12,000 (Rs. 10,000 for building and Rs. 2,000 for the purchase of a site). This amount of Rs. 10,000 for building has been arrived at without a detailed estimate, which is however under preparation. Should this proposal be ordered to be excluded from the budget till detailed estimates are ready, a sum of Rs. 3,000 under 5 (ii) and Rs. 9,000 under 7 (*a*) must, it is presumed, be also struck out on the receipt site, as well as Rs. 10,000 under Grant I (i) (*b*) and Rs. 2,000 under Grant III (i) (*d*) on the expenditure side.

6. The proposed expenditure of Rs. 4,940 under "Conservancy" is fairly proportionate to the resources of the municipality, being 15·6 per cent. of the total receipts.

7. The private scavenging system is proposed to be worked at a loss of Rs. 380 to the municipality. The municipal executive will, it is hoped, do its best to extend the system so as to be self-supporting.

8. The proposals in respect of establishment in the municipal office and under water-supply, public works, education, hospitals and dispensaries, conservancy and private scavenging may be accepted.

9. The delay in the transmission of the budget is due to information having had to be obtained by a reference to the Chairman in respect of Rs. 2,000 provided for the purchase of the site for the new hospital building.

12th January 1897.

(Signed) A. W. B. HIGGENS,
Collector.

13229 / 5440 16400 / 30220

Revised estimate for 1896-97.

2. The current receipts and charges are now estimated at Rs.17,220 and Rs.16,400 respectively against Rs.14,870 and Rs.15,440 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts, buildings, lands and animals and under tolls, while that in the charges appears mainly under grants 1 and 2. The collections under the taxes on buildings and lands and the expenditure on buildings during the first eight months of the year were again ~~not~~ unsatisfactory. It appears from column 4 of statement I that credit has not been taken for the increased contribution from the taluk Board referred to in para.3(vi) of the Chairman's letter, nor for the arrears of the previous year which, it was stated in para.16 of the last administration report, would be realized during the current year. The estimate under this head will accordingly be raised by Rs.1020. The closing balance will then be Rs.4010. The transfer of Rs.100 from conservancy contingencies referred to in para.4(1) of the Chairman's letter, for which the sanction of Government should have been obtained, is approved.

Budget estimate for 1897-98.

3. Receipts The probable receipts are placed at Rs.28,780 against Rs.18240 in the revised estimate, the increase being due chiefly to the credit taken for the grant promised by Government & the sum proposed to be realized by the sale

sale of the Government securities, in order to meet the cost of the construction of the new hospital. The estimated income from private scavenging fees will be raised by Rs.160 so as to cover the establishment charges on that account, as it is not fair to the general taxpayer that he should be burdened with the cost of a private service. The sum of Rs.800 entered under contribution from Local Boards, will be raised by Rs.300 with reference to para. 3(VI) of the Chairman's letter. The receipts from fines under municipal and other Acts will be reduced by Rs.120, with reference to G.O.No.1460 M, dated 2nd September 1896, under which the fines levied under the Towns Huisances Act should be credited to Provincial funds in the first instance and the bench clerk establishments paid therefrom.

4. Charges :— ~~Grant 1.~~ ~~The proposals of the Municipal Council referred to~~ in para. 7(III) & (IV) of the Chairman's letter to dispense with the services of one of the tank watchmen, and to increase the pay of the overseer are approved. The preparation of the plans and estimates for the new hospital and the submission of the proposals called for in G.O.No. 1482 M, dated 2nd September 1896 should be expedited, so that the work may be put in hand with as little delay as possible.

(1) The probable charges are entered at Rs.30,220 against Rs.16,400 in the revised Estimate, the increase being marked under Grants 1 and 3.

(3) Grant 2 The remarks of the Director of Public Instruction on this portion of the budget will be awaited.

(4) Grant 3 The provision under Hospitals and Dispensaries will be passed subject to the remarks of the Surgeon General.

general. The circumstances in which it is proposed in para.7(XI) to contribute a sum of Rs.30 towards the cost of the District Medical and the Sanitary officer's establishment should be reported to Government. The sum of Rs.120 provided under grant 3(2)a for the salary of the bench clerk will be struck out with reference to para.3 supra. The alterations in the conservancy and private scavenging establishments proposed in para.7(Xii) and (XiV) are sanctioned subject to the remarks of the Sanitary Commissioner. A sum of Rs.1,100 will be provided for epidemic charges ~~with reference to~~ Under G.O.No.1985 M, dated 18th November 1896.

(5) Grant 5 The entertainment of an office peon on Rs.6 per mensem proposed in para.7(XVii) is sanctioned. The contribution for the Central office establishment will be raised from Rs.20 to Rs.144 or Rs.140 in round figures with reference to G.O.No.2391 L, dated 17th December 1896.

5. The budget as revised by Government closes with a balance of Rs. 1810 or 10.6 per cent of the estimated ordinary receipts.

To The Chairman, M.C. Srivilliputhur
" Collector of Tinnevelly
" Pt. Dt. Bd. Do
" Accountant. general

NOTE TO STATEMENT I.

1. Tax on arts, &c., is levied on ~~the first~~ seven ~~all~~ classes. G.O. No. 1288 Mn. Mis. dated 9th August 1895
2. Tax on buildings is levied at 6¼ per cent. of the rental value and tax on lands at 6¼ per cent. of rent value on land outside the townsite / annas one for every 80 square yards on land within the town site
3. ~~Water-tax on buildings and lands is levied at per cent.~~
4. Tax on vehicles and animals is levied at half the maximum rates.
5. Tax on carts, &c., is levied at Rs. two per cart. per annum.
6. Tolls are levied at half the maximum rates.
7. License-fees are levied at the rates sanctioned in G.Os No. 2034 Mn. Mis. 4·12·95, 50 Mn. Mis. 15·1·95 and 147 Mn. 1·2·95
8. The house-tax registers were last revised in the official year and the land tax registers in the official year.
9. Total extent of land assessed is acres.
10. The mode of estimating the annual rental of houses and lands is as follows :—

(1) In the case of houses let for hire, the actual rental paid in respect of such houses at the time of revision is taken into consideration and assessment fixed thereon.

(2) In the cases of houses occupied by the owners or not let for hire, an estimate is formed of the rentals of such houses with reference to the rents fetched by the similar houses in the locality.

(3) In the case of lands held as puttah within the municipal limits ~~that~~ paying land revenue to Government the assessment is made on the estimated rent fetched by such land.

4. In the case of vacant or garden lands owned by private individuals in the town site, the assessment is made at the rate of 1 anna for 80 square yards.
