The Secretary to Government,
Local and Municipal Department
(through the Collector of Nilgiris.)

Sir,

Enc. No. 1.

In enclosing a letter dated 18th Ultimo from the Honorary Secretary, Coonoor Club, applying for the issue of a license under section 7 of Madras Act II of 1880 for using the Club Assembly Rooms as a Place of Public Resort, I have the honour to state that the said letter was considered at a meeting of the Municipal Council held on the 28th Ultimo, and the following resolution was passed thereon:—

"As the Chairman cannot grant
"a license because the building does not fulfil
"the requirements of the rules laid down for
"Places of Public Resort, the Government will
"be requested to permit the Chairman, under the
"circumstances stated by the Honorary Secretary,
"to grant a license".

2.^o I have accordingly the honour to request that the Government will be pleased

to sanction the grant of the license applied for.
3. A ground plan of the building is
herewith submitted from which it will be
seen that the main room has an area of about
1690 square feet. Under the rules this room
should have two doors of 10 feet in width and
two of 8 feet, or a total width of 36 feet. It
has in fact 11 exits, all opening outwards; viz
four doors of 3 feet 11 inches each in width, two
of 3 feet, and one of 4 feet, besides four windows
each 3 feet wide aggregating 37 feet 8 inches.
The widths of the doors and windows given
in the Honorary Secretary's letter differ slightly
from those noted above, but the latter are
correct as I measured them myself.

Sir

I have the honor to request that you will obtain permission to issue to the Coonoor Club a License in accordance with the provisions of the Places of Public Resort Act. N^o II of 1888 - from 1st January 1898.

The Coonoor Club Assembly Rooms comprise the following main rooms.

- (1) The Assembly Room with a floor area of 1680 sq. ft
- (2) " Stage " " " 742 " "
- (3) " Green - or - Supper Room " " " 450 " "

The Stage is situated between (1) & (3) with two open archways on each side communicating directly with these rooms

It has not been found possible, with due regard to architectural requirements to put in doors with 10' opening. Room N^o (1) has seven doors, all opening outwards, of the following dimensions

- 3 - 11 4. Doors. 4' - 1" each
- 3 2 " 3' - 1" "
- 4 1 " 4' - 2

In addition to the above there are four windows

Windows reaching to 18" from the ground - inside & out, each with an opening of 3' 1" and all opening outwards.

Room No (3) has one door with 3' 6" opening: at present this door is made to open inwards but could, if deemed necessary, be made to open outwards.

In the event of a theatrical performance taking place there could never be more than 20 people in No (2) & (3) together: and on the occasion of a dance the temporary occupants of No (2) & (3) would be so many less in No (1).

The building is roofed with corrugated iron and the ties in the roof are of iron also.

I have the honor to be, Sir,
Your obed^t. Servant,

A Hamilton
