FOR ORDERS.

The Sanitary Board having recommended in para. 5 of its Proceedings No. 1671 dated 29th May 1896 the advisability of constituting the Tadpatri Union a municipality, the Collector of Anantapur was asked in para. 7 of G.O. No. 1345 L dated 27th July 1896 to report whether the proposed measure might not advantageously be adopted.

2. In the first of his letters read above, the Collector said that the "present insanitary condition & dense population and the inadequacy of the union funds to meet its sanitary requirements urgently call for increased receipts which would only be feasible if the town be converted into a municipality." He was thereupon asked to furnish a detailed account of the expenditure actually incurred from Local funds during 1895-96 within the area proposed to be constituted a municipality and

also a detailed estimate of the probable receipts and charges under the several heads of the municipality.

3. In the second letter the Collector now says that the information called for is almost ready, but that as the Divisional officer is fully occupied with famine relief work, the proposed scheme may be put off for a year or at least until the present distress is over. Apparently the Collector thinks that the Divisional officer himself should be appointed as Chairman of the Municipality.

Note. It is not possible to ascertain from the records of this office the information called for in the first sentence. The estimate now furnished does not show the rates of the taxes to be levied or the bases upon which the income from each head is fixed at the amounts now given. Hence the necessity for a more detailed estimate.

Anantapur COLLECTOR'S OFFICE,

Dated 12th Nov. 1894

FROM H. A. Nicholson Esq.

THE COLLECTOR OF Anantapur

To THE As. Sanitary Commissioner Madras.

Sir,

With reference to your Letter No. 1005 dated 11th May 1894, I have the honor to state, that the Deputy Collector Gooty who was called upon to convene a meeting of the leading inhabitants of the Tadpatri Town and ascertain their views regarding the introduction of a Municipality therein, reports that they are unanimously opposed to the proposal for the simple reason that the additional taxes would press hard upon the agricultural population who

on a large part of
the towns people. For his
own part, he strongly recommends
the measure and gives good
and sufficient reasons for
the same, the chief of them
being that the town has
grown too big to admit
of being managed on sanitary
principles with its very scanty
income as a village union.

I therefore approve of
your suggestion to constitute
the Town into a Municipality
as it is populous, dirty and
unhealthy and has a fair
amount of trade.

I have the honor to be,
Sir,

Sir,

With reference to para 7
of Government Order No. $\frac{1345}{27-7-96}$
L.D. No. 1, I have the honor to state
that the question of Constituting
Tadpatra a Municipality was
dealt with by Mr. Nicholson
on a reference from the Sanitary
Commissioner and that he
strongly advocated the change
in his letter Dis. No. 3497 dated
14th November 1894 to that office,
copy enclosed. I am of opinion
that the reasons then advanced
by Mr. Nicholson still hold
good. The town is too large
and populous to be managed
on ^{sound} ~~several~~ Sanitary principles
from

2

from a small income accruing
from its present union funds.
The towns people are however
averse to the introduction of
of a municipality for fear
of increased taxes and put
forward the plea that the
population is largely agri-
cultural. This is no doubt
true, but its present unsanitary
condition, dense population
(10,283) and the inadequacy of
the union funds to meet its
reasonable sanitary requirements,
urgently call for increased
receipts which would only
be feasible if the town be
converted into a municipality.
I enclose a statement of
probable receipts and ex-
penditure prepared in 1894.
The estimate holds good now
also as there has been no
material change in the
condition of the town since
then.
