The Government is not prepared to adopt the suggestion made by the Surgeon General that all matters connected with hospitals should be referred to him for remarks, before final orders are passed on them. Professional and departmental matters regarding which the Government desires to have his opinion, have hitherto been invariably referred to him and the same rule will be observed for the future.

SUBJECT.

Requesting that under the circumstances stated within, Government may be pleased to refer this office to him for remarks or report — all matters connected with hospitals before final orders are passed.

2. The Government does not consider that a reference to the Surgeon General was necessary in either of the two cases mentioned by him. The question for decision in the first case was the expediency of allowing a ^{purely financial one}

OFFICE OF SURGEON-GENERAL

WITH THE GOVERNMENT OF MADRAS,

Madras, 10th October 1897. 1896/1

From

SURGEON-MAJOR-GENERAL C. B. SETHORPE, F.R.C.S.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE ~~HON'BLE THE CHIEF~~ SECRETARY TO GOVERNMENT,

Local and Municipal DEPARTMENT.

SIR,

I have the honour to state that, during my recent inspection at Kurnul, my attention was drawn to G.O.No.932-M Mis, dated 14th April 1897, in which Government approved of the Kurnul Municipal Council's proposal to appropriate a sum of Rs.412 from the Hospital endowment fund for the purpose of repairing the hospital buildings.

2. As this G.O.was not communicated to me, a copy was applied for in my letter to you No.327, dated 2nd October 1897, and has just been received. I see from the paper read in it that not only was a copy of the G.O.not communicated to me, but that the proposals of the Chairman were not referred for my remarks or report.

3. A similar case occurred quite recently, vide G.O. No.1183, Public, dated 8th September 1897 from which it will be seen that the abolition of the Police Hospital at Negapatam was sanctioned without my being consulted or the local Civil Surgeon being called upon for his views on the subject.

4. I need hardly point out that, as the recognised adviser of Government on all matters connected with hospitals, it is my duty to place before Government my views on each question as it arises, and I trust that in future Government will be pleased to afford me the opportunity of doing so before
