Municipal Budget.

Reviewing the Palamcottah — for 1897-98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. B. S. SREENIVASA, Chairman, Municipal Council, Palamcottah, to the Secretary to Government, Local and Municipal Department (through the Divisional officer and Collector of Tinnevelly), dated 11th January 1897, No. 8.

I have the honour to forward herewith the budget estimates of receipts and charges of this municipality for the year 1897–98.

REVISED ESTIMATES FOR 1896–97.

2. *Opening Balance.*—The year opened with a balance of Rs. 4,860, against an estimate of Rs. 3,490, the increase being due partly to enhanced receipts under the several heads of taxation and private scavenging and partly to short expenditure under Grants 1 to 4 in 1895–96.

3. The receipts and charges for the current year are now estimated at Rs. 25,510 and Rs. 26,600, respectively, against Rs. 24,890 and Rs. 27,090 anticipated in the budget sanctioned by Government in the orders noted in the margin. The principal variations between columns 5 and 6 of Statement VI are duly explained in column 7 of the statement. The collections under the three principal heads of taxation during the first eight months of the year seem unsatisfactory. The bill collectors concerned have been warned that the balance should be collected before the end of the year. The low proportion of the allotments for "Communications" and "Buildings" utilized during the first eight months of the year is chiefly due to the delay on the part of the overseer in preparing estimates on account of old age. I have, however, taken steps to utilize the unspent portion of the allotments before the close of the year.

G.O., No. 27 M., dated 14th February 1896.
„ Mis. No. 508 M., dated 21st March 1896.

BUDGET ESTIMATES FOR 1897–98.

Receipts.

4. The receipts for the ensuing year, excluding the opening balance, are estimated at Rs. 25,360, against Rs. 25,510 in the revised estimate for 1896–97.

(*a*) *Avenue Receipts.*—This is less than the revised estimate by Rs. 220, the increase in the latter being due to the sale of avenue trees blown down by the storm on 14th November 1896.

(*b*) *Grants and Contributions from Government—Education.*—Credit is taken for Rs. 160, against Rs. 120 in the revised estimate, which is made up of the following items :—

	Rs.
Scholarship grant for one teacher proposed to be sent for training ..	40
Salary grant for gymnastic instructor	60
„ „ for drawing master	60
Total ..	160

(*c*) *Contributions from Local Boards—Medical.*—The increase of Rs. 80 over the revised estimate is owing to the heavy expenditure which the council has to incur during the current year on account of the hospital.

(*d*) The other items of receipts call for no remarks as they agree in general with the revised estimate.

Expenditure.

5. *Grant 1, (a) Public Works—Communications.*—Rs. 2,530 is provided under this head, of which Rs. 100 is set apart for raising the new lane at the back of Ramasamy kovil agraharam, Rs. 50 for raising a portion of the new road already opened near Pichivanam street, Rs. 100 for constructing a retaining wall for the protection of the Marakudy street, Rs. 100 for reconstructing the tunnel in Sivelapery road, and Rs. 2,180 for maintaining the existing roads and streets within municipal limits. The allotment under "New Works" and "Repairs" is more than 50 per cent. of the estimated receipts from tolls.

(*b*) *Buildings.*—Rs. 2,480 is allotted, of which Rs. 1,450 is proposed to be spent on new works and Rs. 1,030 on repairs to the hospital and other buildings belonging to the municipality. No suitable building is available for rent within municipal limits for the location of the municipal office. Even if it is procured, the council is allowed to occupy it only for a short period, and, in consequence, the office has to be removed frequently from one place to another. The council, therefore, proposes to erect a building of its own on a small scale to avoid inconvenience. The proposed building is estimated to cost Rs. 4,300, of which Rs. 1,000 is now allotted in the budget for 1897–98.

(*c*) *Water-supply.*—The allotment under this head amounts to Rs. 270, of which Rs. 150 is intended to meet the cost of constructing an inlet to the Mulikulam reservoir.

6. *Grant 2, Education—(a) Stipends to Normal Students.*—Rs. 60 is provided for the training of one teacher in the board training school, Tinnevelly.

(*b*) *Municipal Schools on Salary-results System—Fixed Payments.*—The council has increased the allotment under this head by Rs. 10. The excess is due to the provision made for raising the pay of the headmaster of the municipal Panchama school from Rs. 7 to Rs. 8 per mensem as recommended by the Educational officers. The increased strength of the school accounts for a slight rise in the provision under this head.

(*c*) *Salary Grants.*—The allotment is reduced from Rs. 1,070 to Rs. 750 with reference to the actual expenditure incurred in 1895–96. No reason has been assigned by the Educational officers for the increased provision. The allotment of Rs. 750 now fixed by the council is sufficient to meet the demands of the schools receiving aid under the salary-grant system.

(*d*) *Results Grants.*—As recommended by the Director of Public Instruction, Madras, the allotment under this head is raised from Rs. 750 to Rs. 850.

(*e*) *Inspection—Municipal Inspector—Contingencies.*—The council has no objection to sanction the raising of the carriage allowance to the inspecting schoolmaster from Rs. 5 to Rs. 7–8–0 per mensem, provided the Tinnevelly Municipality is prepared to pay two-thirds of the proposed increase of Rs. 2–8–0 as recommended by the Assistant Inspector of Schools.

(*f*) The total Educational allotment amounts to Rs. 2,470, which is in excess of the revised estimate by Rs. 220.

7. *Grant 3—(a) Hospital Establishment.*—The council has resolved to entertain a separate sweeper for the hospital on a salary of Rs. 5 per mensem and to raise the pay of the surgery cooly from Rs. 5 to Rs. 7 in consideration of his long service of nine years; hence the increase under this head. The District Medical and Sanitary Officer is of opinion that the entertainment of a separate sweeper for the hospital is necessary as the compound requires constant cleaning, and that it is impossible for the hospital toties to attend to this in addition to their legitimate duties.

(*b*) *Contingencies.*—Besides the usual provision of Rs. 600 made under this head, a sum of Rs. 300 is allotted for the purchase of iron cots for the use of in-patients, as the amount provided in the budget for 1896–97, viz., Rs. 300, is considered insufficient to supply the hospital with iron cots of the kind suggested by the Surgeon-General in his last inspection notes. As the hospital assistant attached to the municipal hospital has been provided with free quarters, no provision is made for house-rent.

(*c*) The other recommendations of the District Medical and Sanitary Officer with regard to the construction of two buildings—one for women suffering from venereal diseases and the other for high-caste men—have been deferred pending the receipt of estimates from the Sanitary Board.

8. *Other Contributions.*—Rs. 60 is provided under this head for payment of contribution to the Madras branch of the "Dufferin" Fund for the training of a female medical practitioner.

9. *Conservancy.*—The allotment under this head is Rs. 7,560, against Rs. 7,200 in the revised estimate. The council strongly recommends that the pay of the certificated chief sanitary inspector, who has been doing good work and who has a chance of getting better pay elsewhere, should be raised from Rs. 25 to Rs. 35 per mensem.

10. *Grant 4, Lighting—Contingencies.*—The increased provision under this head is required for puttiug up six additional lights wherever necessary.

11. *Market and Slaughter-house.*—This item requires no explanation as the allotment made under this head is the same as for the current year. As the establishments are proposed to be maintained conjointly for market and slaughter-house, the share debitable to each head is separately calculated and entered in Statement II alone.

12. The other items of expenditure require no particular explanation as they closely follow the revised estimate.

13. The budget passed by the council with the above modifications closes with a balance of Rs. 1,110, which is below 5 per cent. of the estimated receipts, excluding opening balance.

14. A copy of the resolution of the council passing the budget is enclosed, together with a proposition statement showing the alterations and additions proposed in the existing establishments.

2. The roads maintained by the municipality are in a tolerably good condition. But there is still room for improvement, and the provision of Rs. 2,180 for their repair seems rather inadequate.

3. It is enough, it seems to me, to raise the present pay of the surgery cooly by Re. 1 instead of Rs. 2.

4. There has been a virulent attack of cholera this year in the municipality occasioning a large number of deaths. In the face of the good sanitary condition of the town and its naturally dry climate, the appearance of the epidemic in it can be attributed only to the use of the unconserved water of the irrigation channels running through it by a large proportion of its inhabitants. This surmise is strengthened by the fact that the parts of the municipality that adjoin the channels are among those that have suffered most from the recent outbreak of the epidemic. The council should have, therefore, made provision in the budget for 1897–98 for the removal of the obstacles that lie in the way of the inhabitants of the town in obtaining pure drinking-water. The suggestion of the Sanitary Commissioner that filter-beds should be constructed in the vicinity of the channels has not been adopted.

5. The success with which the private scavenging system is being worked is a matter for congratulation.

Head-quarters Deputy Collector.

2. *Revised Estimate for* 1896–97.—The increase under tax on arts and buildings and under tax on vehicles and springs is satisfactory. The collection work during the first eight months of the year is not satisfactory, and it is hoped that the Chairman will, as promised, arrange for the collection of the balance before the close of the official year.

3. *Budget Estimate for* 1897–98.—The inadequate provision under road repairs noted by the Divisional officer might, if necessary, be supplemented later on by transfer from the allotment of Rs. 1,000 for a new municipal building, which can be utilized only after detailed plan and estimate are prepared and accepted by Government.

4. The proposals to raise the pay of the sanitary inspector from Rs. 25 to 35, and the pay of the headmaster of the Panchama school from Rs. 7 to 8 and to entertain a sweeper on Rs. 5 for the hospital, may be accepted. As suggested by the Divisional officer, the pay of the surgery cooly may be increased by one rupee per mensem instead of two proposed by the council.

5. I endorse the remarks of the Divisional officer in regard to the improvement of the water-supply.

6. The overseer being inefficient owing to old age, it would be desirable to dispense with his services.

7. The delay in the submission of the budget should have been explained by the Chairman. It was, however, I believe, unavoidable.

TINNEVELLY,
16*th January* 1897.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 16th January 1897, No. 428.

Adverting to the budget estimate of the Palamcottah Municipality for 1897–98, I have the honour to state that the provision therein made for education is adequate and may be accepted. The net expenditure to the council under Grant 2 is Rs. 2,310 (Rs. 2,470—160), which is nearly 14 per cent. of its estimated income from taxation, markets and rents.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 23rd January 1897, No. 23.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Palamcottah Municipality for the year 1897–98 is sufficient.

2. The proposal of the municipality to entertain a sweeper on Rs. 5 per mensem and to increase the pay from Rs. 5 to Rs. 7 per mensem of the surgery cooly (who should be designated surgery attendant) appears necessary.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Gazulpalli, 15th February 1897, No. 379-S.

Referring to the Palamcottah municipal budget for 1897–98, I have the honour to state that the proposed expenditure on vaccination is the same as that for the current year and is sufficient for requirements. The assignment for conservancy is 29·8 per cent. of the estimated current receipts. The increase of salary recommended for the certificated sanitary inspector is necessary. At the same time, I would ask the council to see its way to provide for the inspector the usual horse allowance, without which efficient supervision is impossible.

2. An allotment of Rs. 1,060 is made under Grant 1 for the execution of works of a sanitary nature.

ORDER—No. 270 M., dated 22nd February 1897.

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now estimated at Rs. 25,510 and Rs. 26,600, respectively, against Rs. 24,890 and Rs. 27,090 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts and buildings, avenue receipts and private scavenging fees, while the decrease in the charges appears mainly under Grants 2 and 3. The municipal council's attention will be drawn to paragraphs 2 and 6 of the Collector's endorsement. The overseer's old age is inadmissible as an excuse for short or delayed expenditure out of allotted funds. The responsibility is on the Municipal Chairman, whose public duty it is to see that the establishments entertained are efficient. The contribution for the central office establishments will be raised from Rs. 140 to Rs. 178, or Rs. 180 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs. 3,730.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 25,360, against the revised estimate of Rs. 25,510, the decrease being under avenue receipts.

4. *Charges.*—(1) The probable charges are entered as Rs. 28,020, against Rs. 26,600 in the revised estimate, the increase being spread over all the grants.

(2) *Grant 1.*—The attention of the municipal council will be drawn to paragraphs 2 and 4 of the Revenue Divisional Officer's, and paragraph 5 of the Collector's, endorsements. It should be reported what steps it is proposed to take to carry out the suggestions of the Sanitary Commissioner regarding the improvement of the water-supply. For want of funds the municipal council's proposal to construct an office building must be postponed. The amount allotted for this purpose will therefore be struck out.

(3) *Grant 2.*—The increase in the salary of the headmaster of the panchama school, proposed in paragraph 6 (*b*) of the Chairman's letter, is sanctioned. The proposal in paragraph 6 (*e*) to raise the carriage allowance of the inspecting schoolmaster should be discussed with the Municipal Council of Tinnevelly and the result reported to Government.

(4) *Grant 3.*—The entertainment of a separate sweeper for the municipal hospital, proposed in paragraph 7, is sanctioned, and, with reference to paragraph 3 of the Revenue Divisional Officer's endorsement, the pay of the surgery attendant will be raised from Rs. 5 to Rs. 6. The Chairman's attention is drawn to the latter portion of paragraph 2 of the Surgeon-General's, and of paragraph 1 of the Sanitary Commissioner's, letter read above. The increase in the salary of the chief sanitary inspector, proposed in paragraph 9 of the Chairman's letter, is approved. The provision for cholera charges will be raised from Rs. 250 to Rs. 760, with reference to G.O., No. 1985 M., dated 18th November 1896.

(5) *Grant 5.*—The contribution for the central office establishments will be raised from Rs. 140 to Rs. 252, or Rs. 250 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 1,460, or 5·8 per cent. of the estimated receipts.

6. The Chairman's attention is drawn to paragraph 7 of the Collector's endorsement.

(*d*) *Results Grants.*—As recommended by the Director of Public Instruction, Madras, the allotment under this head is raised from Rs. 750 to Rs. 850.

(*e*) *Inspection—Municipal Inspector—Contingencies.*—The council has no objection to sanction the raising of the carriage allowance to the inspecting schoolmaster from Rs. 5 to Rs. 7-8-0 per mensem, provided the Tinnevelly Municipality is prepared to pay two-thirds of the proposed increase of Rs. 2-8-0 as recommended by the Assistant Inspector of Schools.

(*f*) The total Educational allotment amounts to Rs. 2,470, which is in excess of the revised estimate by Rs. 220.

7. *Grant 3—(a) Hospital Establishment.*—The council has resolved to entertain a separate sweeper for the hospital on a salary of Rs. 5 per mensem and to raise the pay of the surgery cooly from Rs. 5 to Rs. 7 in consideration of his long service of nine years; hence the increase under this head. The District Medical and Sanitary Officer is of opinion that the entertainment of a separate sweeper for the hospital is necessary as the compound requires constant cleaning, and that it is impossible for the hospital toties to attend to this in addition to their legitimate duties.

(*b*) *Contingencies.*—Besides the usual provision of Rs. 600 made under this head, a sum of Rs. 300 is allotted for the purchase of iron cots for the use of in-patients, as the amount provided in the budget for 1896–97, viz., Rs. 300, is considered insufficient to supply the hospital with iron cots of the kind suggested by the Surgeon-General in his last inspection notes. As the hospital assistant attached to the municipal hospital has been provided with free quarters, no provision is made for house-rent.

(*c*) The other recommendations of the District Medical and Sanitary Officer with regard to the construction of two buildings—one for women suffering from venereal diseases and the other for high-caste men—have been deferred pending the receipt of estimates from the Sanitary Board.

8. *Other Contributions.*—Rs. 60 is provided under this head for payment of contribution to the Madras branch of the "Dufferin" Fund for the training of a female medical practitioner.

9. *Conservancy.*—The allotment under this head is Rs. 7,560, against Rs. 7,200 in the revised estimate. The council strongly recommends that the pay of the certificated chief sanitary inspector, who has been doing good work and who has a chance of getting better pay elsewhere, should be raised from Rs. 25 to Rs. 35 per mensem.

10. *Grant 4, Lighting—Contingencies.*—The increased provision under this head is required for putting up six additional lights wherever necessary.

11. *Market and Slaughter-house.*—This item requires no explanation as the allotment made under this head is the same as for the current year. As the establishments are proposed to be maintained conjointly for market and slaughter-house, the share debitable to each head is separately calculated and entered in Statement II alone.

12 The other items of expenditure require no particular explanation as they closely follow the revised estimate.

13. The budget passed by the council with the above modifications closes with a balance of Rs. 1,110, which is below 5 per cent. of the estimated receipts, excluding opening balance.

14. A copy of the resolution of the council passing the budget is enclosed, together with a proposition statement showing the alterations and additions proposed in the existing establishments.

2. The roads maintained by the municipality are in a tolerably good condition. But there is still room for improvement, and the provision of Rs. 2,180 for their repair seems rather inadequate.

3. It is enough, it seems to me, to raise the present pay of the surgery cooly by Re. 1 instead of Rs. 2.

4. There has been a virulent attack of cholera this year in the municipality occasioning a large number of deaths. In the face of the good sanitary condition of the town and its naturally dry climate, the appearance of the epidemic in it can be attributed only to the use of the unconserved water of the irrigation channels running through it by a large proportion of its inhabitants. This surmise is strengthened by the fact that the parts of the municipality that adjoin the channels are among those that have suffered most from the recent outbreak of the epidemic. The council should have, therefore, made provision in the budget for 1897–98 for the removal of the obstacles that lie in the way of the inhabitants of the town in obtaining pure drinking-water. The suggestion of the Sanitary Commissioner that filter-beds should be constructed in the vicinity of the channels has not been adopted.

5. The success with which the private scavenging system is being worked is a matter for congratulation.

2. *Revised Estimate for* 1896–97.—The increase under tax on arts and buildings and under tax on vehicles and springs is satisfactory. The collection work during the first eight months of the year is not satisfactory, and it is hoped that the Chairman will, as promised, arrange for the collection of the balance before the close of the official year.

3. *Budget Estimate for* 1897–98.—The inadequate provision under road repairs noted by the Divisional officer might, if necessary, be supplemented later on by transfer from the allotment of Rs. 1,000 for a new municipal building, which can be utilized only after detailed plan and estimate are prepared and accepted by Government.

4. The proposals to raise the pay of the sanitary inspector from Rs. 25 to 35, and the pay of the headmaster of the Panchama school from Rs. 7 to 8 and to entertain a sweeper on Rs. 5 for the hospital, may be accepted. As suggested by the Divisional officer, the pay of the surgery cooly may be increased by one rupee per mensem instead of two proposed by the council.

5. I endorse the remarks of the Divisional officer in regard to the improvement of the water-supply.

6. The overseer being inefficient owing to old age, it would be desirable to dispense with his services.

7. The delay in the submission of the budget should have been explained by the Chairman. It was, however, I believe, unavoidable.

TINNEVELLY, (Signed) A. W. B. HIGGENS,
16*th January* 1897. *Collector.*

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 16th January 1897, No. 428.

Adverting to the budget estimate of the Palamcottah Municipality for 1897–98, I have the honour to state that the provision therein made for education is adequate and may be accepted. The net expenditure to the council under Grant 2 is Rs. 2,310 (Rs. 2,470—160), which is nearly 14 per cent. of its estimated income from taxation, markets and rents.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 23rd January 1897, No. 23.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Palamcottah Municipality for the year 1897–98 is sufficient.

2. The proposal of the municipality to entertain a sweeper on Rs. 5 per mensem and to increase the pay from Rs. 5 to Rs. 7 per mensem of the surgery cooly (who should be designated surgery attendant) appears necessary.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Gazulpalli, 15th February 1897, No. 379-S.

Referring to the Palamcottah municipal budget for 1897–98, I have the honour to state that the proposed expenditure on vaccination is the same as that for the current year and is sufficient for requirements. The assignment for conservancy is 29·8 per cent. of the estimated current receipts. The increase of salary recommended for the certificated sanitary inspector is necessary. At the same time, I would ask the council to see its way to provide for the inspector the usual horse allowance, without which efficient supervision is impossible.

2. An allotment of Rs. 1,060 is made under Grant 1 for the execution of works of a sanitary nature.

Order—No. 270 M., dated 22nd February 1897.

The estimated receipts and charges of the Palamcottah Municipality for 1897–98, as passed by Government, are compared below with the budget and revised estimates for the year 1896–97 and the actuals of 1895–96 :—

Revised Estimate for 1896–97.

2. The current receipts and charges are now estimated at Rs. 25,510 and Rs. 26,600, respectively, against Rs. 24,890 and Rs. 27,090 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts and buildings, avenue receipts and private scavenging fees, while the decrease in the charges appears mainly under Grants 2 and 3. The municipal council's attention will be drawn to paragraphs 2 and 6 of the Collector's endorsement. The overseer's old age is inadmissible as an excuse for short or delayed expenditure out of allotted funds. The responsibility is on the Municipal Chairman, whose public duty it is to see that the establishments entertained are efficient. The contribution for the central office establishments will be raised from Rs. 140 to Rs. 178, or Rs. 180 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs. 3,730.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 25,360, against the revised estimate of Rs. 25,510, the decrease being under avenue receipts.

4. *Charges.*—(1) The probable charges are entered as Rs. 28,020, against Rs. 26,600 in the revised estimate, the increase being spread over all the grants.

(2) *Grant 1.*—The attention of the municipal council will be drawn to paragraphs 2 and 4 of the Revenue Divisional Officer's, and paragraph 5 of the Collector's, endorsements. It should be reported what steps it is proposed to take to carry out the suggestions of the Sanitary Commissioner regarding the improvement of the water-supply. For want of funds the municipal council's proposal to construct an office building must be postponed. The amount allotted for this purpose will therefore be struck out.

(3) *Grant 2.*—The increase in the salary of the headmaster of the panchama school, proposed in paragraph 6 (*b*) of the Chairman's letter, is sanctioned. The proposal in paragraph 6 (*e*) to raise the carriage allowance of the inspecting schoolmaster should be discussed with the Municipal Council of Tinnevelly and the result reported to Government.

(4) *Grant 3.*—The entertainment of a separate sweeper for the municipal hospital, proposed in paragraph 7, is sanctioned, and, with reference to paragraph 3 of the Revenue Divisional Officer's endorsement, the pay of the surgery attendant will be raised from Rs. 5 to Rs. 6. The Chairman's attention is drawn to the latter portion of paragraph 2 of the Surgeon-General's, and of paragraph 1 of the Sanitary Commissioner's, letter read above. The increase in the salary of the chief sanitary inspector, proposed in paragraph 9 of the Chairman's letter, is approved. The provision for cholera charges will be raised from Rs. 250 to Rs. 760, with reference to G.O., No. ~~1530~~ M., dated ~~9th September~~ 18th November 1896.

(5) *Grant 5.*—The contribution for the central office establishments will be raised from Rs. 140 to Rs. 252, or Rs. 250 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 1,460, or 5·8 per cent. of the estimated receipts.

6. The Chairman's attention is drawn to paragraph 7 of the Collector's endorsement.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper :—

From M.R.Ry. B. S. SHREENIVASSA, Chairman, Municipal Council, Palamcottah, to the Secretary to Government, Local and Municipal Department (through the Divisional officer and Collector of Tinnevelly), dated 11th January 1897, No. 8.

I have the honour to forward herewith the budget estimates of receipts and charges of this municipality for the year 1897–98.

Revised Estimates for 1896–97.

2. *Opening Balance.*—The year opened with a balance of Rs. 4,860, against an estimate of Rs. 3,490, the increase being due partly to enhanced receipts under the several heads of taxation and private scavenging and partly to short expenditure under Grants I to IV in 1895–96.

3. The receipts and charges for the current year are now estimated at Rs. 25,510 and Rs. 26,600, respectively, against Rs. 24,890 and Rs. 27,090 anticipated in the budget sanctioned by Government in the orders noted in the margin. The principal variations between columns 5 and 6 of Statement VI are duly explained in column 7 of the statement. The collections under the three principal heads of taxation during the first eight months of the year seem unsatisfactory. The bill collectors concerned have been warned that the balance should be collected before the end of the year. The low proportion of the allotments for "Communications" and "Buildings" utilized during the first eight months of the year is chiefly due to the delay on the part of the overseer in preparing estimates on account of old age. I have, however, taken steps to utilize the unspent portion of the allotments before the close of the year.

G.O., No. 27 M., dated 14th February 1896.
„ Mis. No. 508 M., dated 21st March 1896.

Budget Estimates for 1897–98.

Receipts.

4. The receipts for the ensuing year, excluding the opening balance, are estimated at Rs. 25,360, against Rs. 25,510 in the revised estimate for 1896–97.

(*a*) *Avenue Receipts.*—This is less than the revised estimate by Rs. 230, the increase in the latter being due to the sale of avenue trees blown down by the storm on 14th November 1896.

(*b*) *Grants and Contributions from Government—Education.*—Credit is taken for Rs. 160, against Rs. 120 in the revised estimate, which is made up of the following items :—

	Rs.
Scholarship grant for one teacher proposed to be sent for training ..	40
Salary grant for gymnastic instructor	60
„ „ for drawing master	60
Total ..	160

(*c*) *Contributions from Local Boards—Medical.*—The increase of Rs. 80 over the revised estimate is owing to the heavy expenditure which the council has to incur during the current year on account of the hospital.

(*d*) The other items of receipts call for no remarks as they agree in general with the revised estimate.

Expenditure.

5. *Grant 1, (a) Public Works—Communications.*—Rs. 2,530 is provided under this head, of which Rs. 100 is set apart for raising the new lane at the back of Ramasamy kovil agraharam, Rs. 50 for raising a portion of the new road already opened near Pichivanam street, Rs. 100 for constructing a retaining wall for the protection of the Marakudy street, Rs. 100 for reconstructing the tunnel in Sivelapery road, and Rs. 2,180 for maintaining the existing roads and streets within municipal limits. The allotment under "New Works" and "Repairs" is more than 50 per cent. of the estimated receipts from tolls.

(*b*) *Buildings.*—Rs. 2,480 is allotted, of which Rs. 1,450 is proposed to be spent on new works and Rs. 1,030 on repairs to the hospital and other buildings belonging to the municipality. No suitable building is available for rent within municipal limits for the location of the municipal office. Even if it is procured, the council is allowed to occupy it only for a short period, and, in consequence, the office has to be removed frequently from one place to another. The council, therefore, proposes to erect a building of its own on a small scale to avoid inconvenience. The proposed building is estimated to cost Rs. 4,300, of which Rs. 1,000 is now allotted in the budget for 1897–98.

(*c*) *Water-supply.*—The allotment under this head amounts to Rs. 270, of which Rs. 150 is intended to meet the cost of constructing an inlet to the Mulikulam reservoir.

6. *Grant 2, Education—(a) Stipends to Normal Students.*—Rs. 60 is provided for the training of one teacher in the board training school, Tinnevelly.

(*b*) *Municipal Schools on Salary-results System—Fixed Payments.*—The council has increased the allotment under this head by Rs. 10. The excess is due to the provision made for raising the pay of the headmaster of the municipal Panchama school from Rs. 7 to Rs. 8 per mensem as recommended by the Educational officers. The increased strength of the school accounts for a slight rise in the provision under this head.

(*c*) *Salary Grants.*—The allotment is reduced from Rs. 1,070 to Rs. 750 with reference to the actual expenditure incurred in 1895–96. No reason has been assigned by the Educational officers for the increased provision. The allotment of Rs. 750 now fixed by the council is sufficient to meet the demands of the schools receiving aid under the salary-grant system.

(*d*) *Results Grants.*—As recommended by the Director of Public Instruction, Madras, the allotment under this head is raised from Rs. 750 to Rs. 850.

(*e*) *Inspection—Municipal Inspector—Contingencies.*—The council has no objection to sanction the raising of the carriage allowance to the inspecting schoolmaster from Rs. 5 to Rs. 7–8–0 per mensem, provided the Tinnevelly Municipality is prepared to pay two-thirds of the proposed increase of Rs. 2–8–0 as recommended by the Assistant Inspector of Schools.

(*f*) The total Educational allotment amounts to Rs. 2,470, which is in excess of the revised estimate by Rs. 220.

7. *Grant 3—(a) Hospital Establishment.*—The council has resolved to entertain a separate sweeper for the hospital on a salary of Rs. 5 per mensem and to raise the pay of the surgery cooly from Rs. 5 to Rs. 7 in consideration of his long service of nine years; hence the increase under this head. The District Medical and Sanitary Officer is of opinion that the entertainment of a separate sweeper for the hospital is necessary as the compound requires constant cleaning, and that it is impossible for the hospital toties to attend to this in addition to their legitimate duties.

(*b*) *Contingencies.*—Besides the usual provision of Rs. 600 made under this head, a sum of Rs. 300 is allotted for the purchase of iron cots for the use of in-patients, as the amount provided in the budget for 1896–97, viz., Rs. 300, is considered insufficient to supply the hospital with iron cots of the kind suggested by the Surgeon-General in his last inspection notes. As the hospital assistant attached to the municipal hospital has been provided with free quarters, no provision is made for house-rent.

(*c*) The other recommendations of the District Medical and Sanitary Officer with regard to the construction of two buildings—one for women suffering from venereal diseases and the other for high-caste men—have been deferred pending the receipt of estimates from the Sanitary Board.

8. *Other Contributions.*—Rs. 60 is provided under this head for payment of contribution to the Madras branch of the "Dufferin" Fund for the training of a female medical practitioner.

9. *Conservancy.*—The allotment under this head is Rs. 7,560, against Rs. 7,200 in the revised estimate. The council strongly recommends that the pay of the certificated chief sanitary inspector, who has been doing good work and who has a chance of getting better pay elsewhere, should be raised from Rs. 25 to Rs. 35 per mensem.

10. *Grant 4, Lighting—Contingencies.*—The increased provision under this head is required for putting up six additional lights wherever necessary.

11. *Market and Slaughter-house.*—This item requires no explanation as the allotment made under this head is the same as for the current year. As the establishments are proposed to be maintained conjointly for market and slaughter-house, the share debitable to each head is separately calculated and entered in Statement II alone.

12. The other items of expenditure require no particular explanation as they closely follow the revised estimate.

13. The budget passed by the council with the above modifications closes with a balance of Rs. 1,110, which is below 5 per cent. of the estimated receipts, excluding opening balance.

Revised Estimate for 1896-97

2. The current receipts and charges are now estimated at Rs. 25,510 and Rs. 26,600 respectively against Rs. 24,890 and Rs. 27,090 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts and buildings, avenue receipts, and private scavenging fees, while the decrease in the charges appears mainly under grants 2 and 3. The Municipal Council's attention will be drawn to paras 2 and 6 of the Collector's endorsement. The contribution for the central office establishments will be raised from Rs. 140 to Rs. 178 or Rs. 180 in round figures with reference ~~to~~ G.O. No. 2391 dated 17th December 1896. The balance

The overseer's old age ~~pension~~ is inadmissible for short expenditure out of allotted funds. The responsibility is on the Municipal Chairman whose duty it is ~~with the~~ to see that the establishments entertained are ~~report~~ efficient.

balance to be carried forward to the ensuing years budget will then be Rs 3730.

Budget Estimate for 1897-98.

3- Receipts- The receipts for the ensuing year are put down at Rs 25,360 against the revised estimate of Rs 25,510, the decrease being under avenue receipts.

4 Charges (1)- The probable charges are entered as Rs 28,020 against Rs 26,600 in the revised estimate, the increase being spread over all the grants.

2) Grant 1. The attention of the Municipal Council will be drawn to paras: 2 and 4 of the Revenue Divisional officer's and para. 5 of the Collector's endorsements. For want of funds the Municipal Council's proposal to construct an office building must be postponed. The amount allotted for this purpose will therefore be

It should be reported that Rs 2670 it is proposed to take to carry out the suggestions of the San. Com. regarding the improvt. of the water supply.

be struck out. 7P

(3) Grant 2. The increase in the salary of the head master of the Panchama School, proposed in para: 6(b) of the Chairman's letter is sanctioned. The proposal in para: 6(c) to raise the carriage allowance of the Inspecting schoolmaster should be discussed with the Municipal Council of Tinnevelly and the result reported to Government.

(4) Grant 3. The entertainment of a separate sweeper for the Municipal hospital proposed in para: 7 is sanctioned, and with reference to para: 3 of the Revenue Divisional officer's endorsement, the pay of the surgery attendant will be raised from Rs 5 to Rs 6. The Chairman's attention is drawn to the

latter portion of para: 2 of the Surgeon-General's letter and para 10 of the Sanitary commissioner's read above. ~~The allotments for vaccination, registration of vital statistics and Sanitation will be passed, subject to the remarks of the Sanitary Commissioner, which should be expedited~~ Meanwhile the increase in the salary of the Chief Sanitary Inspector proposed in para 9 of the Chairman's letter is sanctioned. The provision for Cholera Charges will be raised from Rs 250 to Rs 960 with reference to G.O. No ~~1985~~ 1930 M., dated ~~9th September~~ 18th November 1896.

(5) Grant 5 - The contribution for the Central office Establishments will be raised from Rs 140 to Rs 252 or Rs 250 in round figures, with reference to G.O. No 23917, dated 17th December 1896.

5. The budget, as revised by Government closes with a

a balance of Rs 1460 or 5·8 per cent of the estimated receipts.

6. The Chairman's attention is drawn to para: 7 of the Collector's endorsement.
