Municipal Budget.

Reviewing the Periyakulam — for 1897-98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From M.R.Ry. M. IRULAPPA PILLAI Avargal, Chairman, Municipal Council, Periyakulam, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector and the Collector of Madura), dated 24th December 1896, No. 225.

I have the honour to submit the budget estimates of the Periyakulam Municipality for the official year 1897–98.

REVISED ESTIMATE FOR 1896–97.

Receipts.

2. The actual opening balance of 1896–97 is Rs. 1,350, against Rs. 750 as per budget estimate, the increase being due to the non-contribution of Rs. 500 to the District Board, Madura, in aid of the cost of constructing a bridge over the Varahanadi for reasons stated in paragraph 24 of my annual report for 1895–96.

3. The receipts of the municipality for 1896–97 exclusive of the opening balance amount to Rs. 13,680 as per revised estimate, against Rs. 12,530 as per budget estimate. The increase over the budget estimate is Rs. 1,150.

4. The chief variations between the figures of the revised and budget estimates are explained below:—

5. *Tax on Arts.*—There is an increase of Rs. 100 under this head owing to the improvement of trades and better assessment.

6. *Tax on Buildings.*—The revision of assessments under the circumstances stated in paragraph 6 of my last annual report resulted in the increase of house-tax from Rs. 3,650 to Rs. 4,200.

7. *Tolls.*—The increase of Rs. 340 under tolls is due to keen competition at the auction. The bidders were under the impression that the lessee for 1895–96 made a good profit.

8. *Avenue Receipts.*—The branches of some tamarind trees on the road to Melmangalam, the shade of which affected the yield of the fields on the side of the road, were lopped off and sold in public auction. Hence the increase of Rs. 50 under this item.

9. *Sale-proceeds of Lands.*—The sum of Rs. 300 provided in the budget as the sale-proceeds of the land situated to the south of South street is not likely to be realized before 31st March next, as the sub-committee appointed in connection with the disposal of the land has not yet submitted its report. The provision will be repeated for next year.

10. *Sale-proceeds of Night-soil, Street-refuse, &c.*—The revenue from this source is raised from Rs. 130 to Rs. 220, as the actuals of the first eight months of the year amounted to Rs. 219. The increase is attributable to the fact that, as the rainy season began late in the year, there was ample time for the municipality to cart its daily rubbish to private fields.

11. *Income from Markets.*—The increase of Rs. 90 under this head is due to the favourable character of the season.

12. *Fines.*—There is an increase of Rs. 50 owing to the collection of a fine of Rs. 40 in the prosecution of a certain individual.

13. *Grant from Government.*—There is a decrease of Rs. 60 as the drawing master was appointed on 3rd December 1896 instead of 1st April 1896, on account of the difficulty in procuring the services of an inspecting schoolmaster qualified to teach drawing.

14. *Other Grants and Contributions.*—One S. Lakshmana Chetty, a resident, paid Rs. 35 to open a lane. This is a special receipt.

15. *Private Scavenging.*—There is an increase of Rs. 110 over the budget figure owing to the enhancement of the rates of fees with reference to the remarks of the Government on the last budget.

16. *Refunds of Expenditure of previous year.*—The sum of Rs. 36, or Rs. 40 in round number, is entered under this item, the same being the refund of the stipends of a normal student who underwent training last year.

Charges.

17. The charges as per revised estimate amount to Rs. 13,130, against Rs. 12,280 as per budget grant.

18. *Grant 1, Public Works.*—The budget provision of Rs. 250 under "Communications—New Works" is decreased to Rs. 120, as the land for opening the road on the north bank of the river for which application was made to the Revenue Department has not yet been assigned to the municipal council. The provision under "Buildings—New Works" is raised by Rs. 110 for erecting a compound wall behind the municipal office. The provision under "Communications—Repairs" is also raised by Rs. 300 for repairing certain roads from savings under "Communications—New Works" and from the increase in the total receipts of the municipality.

19. *Grant 2, Education.*—The fact that no separate and paid inspecting schoolmaster was appointed during the first quarter of the year and that no drawing master was appointed till 3rd December 1896 accounts for the decrease of Rs. 130 under "Education".

20. *Grant 3, Vaccination.*—The provision is raised from Rs. 350 to Rs. 400 on account of the appointment of a watchman sanctioned in G.O., Mis. No. 1462 M., dated 2nd September 1896, and to meet the cost of printing some forms for the use of the vaccinator.

21. *Conservancy.*—The allotment for the purchase and hire of carts is increased from Rs. 1,930 to Rs. 2,230 as five rubbish-carts were prepared at a cost of Rs. 305. As the carts supplied by contractors did not hold a sufficient quantity of rubbish and that, too, dropped out through openings in them as they passed through the streets, good rubbish-carts were prepared by the council.

22. *Private Scavenging.*—The provision is made for the salary of an additional toti in view of the increase in the number of houses scavenged by the municipality.

23. *Grant 4, Lighting.*—The provision for contingent charges is raised by Rs. 100 for preparing a dozen stone lamp-posts and purchasing some lanterns to be substituted for the worn-out wooden posts and broken lanterns.

24. *Compensation for Lands.*—The budget provision of Rs. 570 is raised to Rs. 650 as the excess is due to the recent acquisition of a piece of dry land for the burial-ground of the Muhammadans living on the north bank of the river.

25. *Grant 5.*—The cost of an almirah, a punka and a record rack prepared for office use accounts for the increase under this grant.

26. *Closing Balance.*—This is raised from Rs. 1,000 to Rs. 1,900 as the sum of Rs. 500 is required for the compensation of the land to be acquired in 1897–98 for rubbish and night-soil depôt. It was resolved to acquire the land selected during the current year, but as some delay would arise for the District Medical and Sanitary Officer to visit the site during his tour and give his opinion as to its suitability for the purpose, provision is not made in the revised budget.

BUDGET ESTIMATE FOR 1897–98.

Receipts.

27. The closing balance of Rs. 1,900 for 1896–97 serves as opening balance for the budget year.

28. *Tax on Buildings.*—No increase is made as it is not intended to re-measure buildings and as there are few houses newly built or extended.

29. *Tolls.*—The sum for which the current year's tolls were leased out is not repeated as the collections of the present lessee do not appear to give him the profit it gave him last year.

		RS.

Budget „ for 1897–98	..	150

30. *Avenue Receipts.* — The normal receipt from this source is only Rs. 150 which is provided in the budget, and the increase in 1896–97 has been explained in paragraph 8 *supra*.

31. *Sale-proceeds of Lands and Buildings.*—Paragraph 9 of this letter explains the variations at the margin.

32. *Sale-proceeds of Night-soil, Street-refuse, &c.*—The revenue under this item is derived solely by the sale of rubbish.

		RS.
Revised estimate for 1896–97	..	220
Budget „ for 1897–98	..	200

The decrease in 1897–98 is due to the fact that rubbish has not been carted for the past few months to a depôt called "Theruvachimanipam" which is very near fields. The use of Theruvachimanipam as a rubbish depôt was strongly objected to by the Sanitary Commissioner.

33. *Income from Markets.*—A small decrease is made in the case of the weekly market as the bid for the same in the current year was unusually large.

34. *Fines under Municipal and other Acts.*—The sum ordinarily received from fines is Rs. 200, and the increase in 1896–97 is due to a special circumstance.

35. *Grant from Government.*—Credit is taken, as in the current year, at Rs. 10 per mensem towards the salary of the gymnastic instructor and Rs. 5 towards that of the drawing master. The decrease in 1896–97 is due to the late appointment of the drawing master—*vide* paragraph 13 above.

36. *Other Grants and Contributions.*—The provision as per revised estimate represents the contribution of one Lakshmana Chetti in aid of the cost of opening a lane. As this special revenue is not likely to recur, nothing is provided for 1897–98.

38. *Refunds of Expenditure of previous year.*—No amount is expected under this head in the budget year, as the amount received in 1896–97 is the refund of the stipends of a normal student, which is not an ordinary income.

39. The total receipts for 1897–98, exclusive of the opening balance, are estimated at Rs. 13,770 against Rs. 13,680 for 1896–97 as per revised estimate.

Charges.

40. *Grant 1, Public Works—New Works and Repairs—Communications.*—The sum of Rs. 1,500, or 45 per cent. of the net receipts from tolls, is allotted for roads, the minimum fixed by Government being 50. The reduction below the minimum is due to the transfer of funds for the repair of the municipal office. The amount allotted is, however, Rs. 280 in excess of that allotted for the current year. Out of the total allotment, the sum of Rs. 500 is proposed to be spent on new works consisting of the compensation for lands, cost of raising and levelling new roads, and constructing tunnels; and the remainder on repairs of roads detailed in Statement II-A.

		RS.

41. *Buildings.*—The works on which the sum of Rs. 1,280 is intended to be spent are detailed below:—

		RS.
(1) Repairing or reconstructing municipal office	.. .. ..	750
(2) Constructing a new public latrine or bettering the condition of the existing latrines	.. ..	250
(3) Constructing a verandah behind the gymnastic store-house	..	100
(4) Preparing moveable dust-bins	.. ..	50

	Total ..	1,280

		RS.

The office building, which is tiled, leaks in many places, as the rafters, wall plate, &c., are all bent. The walls have been built with raw brick in mud. An early repair is necessary. An estimate will shortly be got ready through some professional men. Provision is made for the improvement of latrines as usual. The construction of a verandah behind the gymnastic store-house has been recommended to shelter the boys from exposure to the sun and rain who come to the premises of the store-house to receive instruction in drill and gymnastics from all the result-grant schools of the municipality. The hospital compound walls had fallen to some length in two or three places. The erection of these walls is recommended in the budget received from the District Medical and Sanitary Officer.

42. *Water-supply—New Works.*—The sum of Rs. 50 against *nil* in 1896–97 is allotted for providing one or more good-water wells with parapet walls, platforms and drains.

43. *Grant 2, Education.*—The recommendations of the inspecting officers have been adopted in full. The provision for 1897–98 is a repetition of that for 1896–97 under all items. The difference between the revised estimate and the budget has been explained in paragraph 19 *supra*. The offices of the inspecting schoolmaster and the drawing master will, as at present, be combined in one man on Rs. 20 per mensem. There is no provision made for the payment of building and furniture grants and of the stipends of normal students, since the same will be borne from Provincial funds as in the current year. The net cost of education, including the sum allotted for the construction of a gymnastic verandah as provided in the budget, exceeds 15 per cent. of the receipts from taxation, markets and rents.

44. *Grant 3, Hospitals.*—The difference is too small to call for any remarks. In the Medical budget received from the office of the District Medical and Sanitary Officer, the provision of Rs. 60 is made for the rent of the hospital assistant's quarters if a building be available within 200 yards of the hospital. The provision is struck out, as no such building is available within the distance. The allotments made in his budget for the cost of medicine and contingencies are raised by Rs. 30 and Rs. 50, respectively, with reference to the actuals of 1895–96 and the revised estimate for 1896–97.

Revised „	for 1896–97 ..	1,750

45. *Vaccination.*—The difference is due to the fact that provision is made for the salary of the vaccination peon for twelve months in 1897–98 against only a few months in 1896–97.

		RS.
Revised estimate for	1896–97 ..	400
Budget „	for 1897–98 ..	430

46. *Conservancy.*—The provision for conservancy is raised by Rs. 230. The increase is due to the proposed appointment of an additional toty for cleaning public latrines, the purchase or preparation of three rubbish carts and one hand night-soil cart, and engaging a third cart for cleaning cesspools.

		RS.

The provision under "5 (*a*) (ii) Other charges" is explained below :—

	RS.
Hire of nine rubbish-carts at Rs. 13 each per mensem	1,404
Hire of three cesspool carts at Rs. 11 each per mensem	396
„ „ night-soil carts at Rs. 10–5–4 each per mensem ..	372
Cost of preparing three rubbish-carts	180
„ „ a hand night-soil cart	50
Total ..	2,402

or Rs. 2,400 in round number.

On receipt of G.O., No. 204 M., dated 5th February 1896, the question of making private scavenging self supporting was discussed by the council and the rates of fees were increased in some classes. The increase does not, however, cover the loss to the municipality by the service in full. Steps will be taken later on to reduce the loss as much as possible by adopting one or the other course suggested in the Government order quoted. The increase of rates is considered as a hardship by the public. The difficulty in inducing more toties to come to Periyakulam is not due, as stated in the Government order, to the want of gratuitous house accommodation by the municipal council.

47. *Lighting.*—Provision is made, as in the current year, for preparing a number of stone lamp-posts and lanterns to be used as substitutes for the useless ones. The decrease in 1895–96 is due to the want of provision for the above purposes.

48. *Printing.* — The increase in 1896–97 is due to the payment of arrears.

49. *Compensation for Lands.*—The sum of Rs. 500 is provided for the compensation of two or three acres of wet land selected for depositing rubbish and night-soil in place of a rented land called "Tiruvachimanipam" which was closed on sanitary grounds.

50. *Grant 5—(d) Office Contingencies.*—The sum ordinarily required under this head is Rs. 70, and the excess of Rs. 50 is provided for 1897–98 for furnishing the office with eight new chairs for the use of councillors at meetings. Most of the present chairs are old and useless. The excess of Rs. 60, as per revised estimate for 1896–97, has been explained in paragraph 25 of this letter.

52. *Pensions and Gratuities.*—The provision of Rs. 50 is made against this item for the payment of gratuity to one Muniswami Nayudu, the late compounder of the municipal hospital, Periyakulam, who was compelled to retire by the District Medical and Sanitary Officer on account of a defect in his sight. An application for gratuity will shortly be submitted to Government through the Accountant-General.

53. *Closing Balance.*—The balance available at the close of 1897–98 is estimated at Rs. 1,120, or 8·1 per cent. of the receipts. The large balance in 1896–97 is due to the reserve of Rs. 500 for acquiring a land for rubbish and night-soil depôt.

MADURA,

(Signed) J. TWIGG,
Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 6th January 1897, No. 113.

Adverting to the budget estimate of the Periyakulam Municipality for 1897–98 I have the honour to state that the provision therein made for education is in accordance with the recommendations of this department and may be accepted. The net expenditure proposed under Grant 2 is the same as the sanctioned grant for the current year, namely, Rs. 1,610 (Rs. 1,790—180), which is nearly 15 per cent. of the estimated income from taxation, rents and markets.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Trichinopoly, 12th January 1897, No. Tour-3—4.

With reference to Grant 3 of the budget estimate of the Periyakulam Municipality for the year 1897–98, I have the honour to state that the provision of Rs. 60 for compensation for quarters for the hospital assistant has been struck out on the ground that no building is available within 200 yards of the institution. I would suggest, therefore, that the municipality should take early steps to construct a building on the standard plan as soon as possible.

2. The other items call for no comments.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Malliyala, 24th January 1897, No. 244-S.

With reference to the budget estimate of the Periyakulam Municipality for 1897–98, I have the honour to state that the proposed expenditure on vaccination is sufficient, while that for conservancy, which is about 30 per cent. of the probable current receipts, is inadequate in view of my remarks on the current year's budget in respect of the staff at work.

ORDER—No. 271 M., dated 22nd February 1897.

The estimated receipts and charges of the Periyakulam Municipality for 1897–98 as passed by Government, are compared below with the budget and revised estimates' for the year 1896–97 and the actuals of 1895–96 :—

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now put down at Rs. 13,680 and Rupees 13,130, respectively, against Rs. 12,530 and Rs. 12,280 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on buildings and tolls, and that in the charges under Grants 1, 3 and 4. The entertainment of an additional private scavenger on Rs. 5, referred to in paragraph 22 of the Chairman's letter, is sanctioned; but this proposal should have also been shown in the proposition statement. The contribution for the central office establishments will be raised from Rs. 80 to Rs. 91, or Rs. 90 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried over to the ensuing year's budget will then be Rs. 1,890.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts for the coming year are placed at Rs. 13,770, against Rs. 13,680 in the revised estimate. In fairness to the general tax-payer, the income from the private scavenging fees will be raised from Rs. 470 to Rs. 540, so as to cover the cost of the service.

4. *Charges.*—(1) The probable charges are entered as Rs. 14,550, against Rupees 13,140 in the revised estimate, the increase being marked under Grant 1.

(2) *Grant 1.*—The attention of the council is called to paragraph 2 of the Sub-Collector's endorsement regarding the insufficiency of the provision for "Repairs —Communications." If funds become available during the year, the allotment should be raised so as to bring the total expenditure on roads up to, at least, 50 per cent. of the toll revenue.

(3) *Grant 3.*—A sum of Rs. 630 will be provided for possible charges connected with the bubonic plague, with reference to G.O., No. 1985 M., dated 18th November 1896. The Surgeon-General's suggestion in paragraph 1 of his letter read above will be commended to the municipal council for early consideration. The entertainment of an additional toti for cleaning the public latrines, proposed in paragraph 46 of the Chairman's letter, is sanctioned. The council's attention is drawn to the remarks of the Sanitary Commissioner regarding the inadequacy of the provision for conservancy.

(4) *Grant 5.*—The contribution for the central office establishment will be raised from Rs. 70 to Rs. 123, or Rs. 120 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 500, or only 3·6 per cent. of the estimated receipts.

FEBRUARY.

Municipal Budget.

Reviewing the Periyakulam — for 1897-98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. M. IRULAPPA PILLAI Avargal, Chairman, Municipal Council, Periyakulam, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector and the Collector of Madura), dated 24th December 1896, No. 225.

I have the honour to submit the budget estimates of the Periyakulam Municipality for the official year 1897–98.

REVISED ESTIMATE FOR 1896–97.

Receipts.

2. The actual opening balance of 1896–97 is Rs. 1,350, against Rs. 750 as per budget estimate, the increase being due to the non-contribution of Rs. 500 to the District Board, Madura, in aid of the cost of constructing a bridge over the Varahanadi for reasons stated in paragraph 24 of my annual report for 1895–96.

3. The receipts of the municipality for 1896–97 exclusive of the opening balance amount to Rs. 13,680 as per revised estimate, against Rs. 12,530 as per budget estimate. The increase over the budget estimate is Rs. 1,150.

4. The chief variations between the figures of the revised and budget estimates are explained below:—

5. *Tax on Arts.*—There is an increase of Rs. 100 under this head owing to the improvement of trades and better assessment.

6. *Tax on Buildings.*—The revision of assessments under the circumstances stated in paragraph 6 of my last annual report resulted in the increase of house-tax from Rs. 3,650 to Rs. 4,200.

7. *Tolls.*—The increase of Rs. 340 under tolls is due to keen competition at the auction. The bidders were under the impression that the lessee for 1895–96 made a good profit.

8. *Avenue Receipts.*—The branches of some tamarind trees on the road to Melmangalam, the shade of which affected the yield of the fields on the side of the road, were lopped off and sold in public auction. Hence the increase of Rs. 50 under this item.

9. *Sale-proceeds of Lands.*—The sum of Rs. 300 provided in the budget as the sale-proceeds of the land situated to the south of South street is not likely to be realized before 31st March next, as the sub-committee appointed in connection with the disposal of the land has not yet submitted its report. The provision will be repeated for next year.

10. *Sale-proceeds of Night-soil, Street-refuse, &c.*—The revenue from this source is raised from Rs. 130 to Rs. 220, as the actuals of the first eight months of the year amounted to Rs. 219. The increase is attributable to the fact that, as the rainy season began late in the year, there was ample time for the municipality to cart its daily rubbish to private fields.

11. *Income from Markets.*—The increase of Rs. 90 under this head is due to the favourable character of the season.

12. *Fines.*—There is an increase of Rs. 50 owing to the collection of a fine of Rs. 40 in the prosecution of a certain individual.

13. *Grant from Government.*—There is a decrease of Rs. 60 as the drawing master was appointed on 3rd December 1896 instead of 1st April 1896, on account of the difficulty in procuring the services of an inspecting schoolmaster qualified to teach drawing.

14. *Other Grants and Contributions.*—One S. Lakshmana Chetty, a resident, paid Rs. 35 to open a lane. This is a special receipt.

15. *Private Scavenging.*—There is an increase of Rs. 110 over the budget figure owing to the enhancement of the rates of fees with reference to the remarks of the Government on the last budget.

16. *Refunds of Expenditure of previous year.*—The sum of Rs. 36, or Rs. 40 in round number, is entered under this item, the same being the refund of the stipends of a normal student who underwent training last year.

Charges.

17. The charges as per revised estimate amount to Rs. 13,130, against Rs. 12,280 as per budget grant.

18. *Grant 1, Public Works.*—The budget provision of Rs. 250 under "Communications—New Works" is decreased to Rs. 120, as the land for opening the road on the north bank of the river for which application was made to the Revenue Department has not yet been assigned to the municipal council. The provision under "Buildings—New Works" is raised by Rs. 110 for erecting a compound wall behind the municipal office. The provision under "Communications—Repairs" is also raised by Rs. 300 for repairing certain roads from savings under "Communications—New Works" and from the increase in the total receipts of the municipality.

19. *Grant 2, Education.*—The fact that no separate and paid inspecting schoolmaster was appointed during the first quarter of the year and that no drawing master was appointed till 3rd December 1896 accounts for the decrease of Rs. 130 under "Education".

20. *Grant 3, Vaccination.*—The provision is raised from Rs. 350 to Rs. 400 on account of the appointment of a watchman sanctioned in G.O., Mis. No. 1462 M., dated 2nd September 1896, and to meet the cost of printing some forms for the use of the vaccinator.

21. *Conservancy.*—The allotment for the purchase and hire of carts is increased from Rs. 1,930 to Rs. 2,230 as five rubbish-carts were prepared at a cost of Rs. 305. As the carts supplied by contractors did not hold a sufficient quantity of rubbish and that, too, dropped out through openings in them as they passed through the streets, good rubbish-carts were prepared by the council.

22. *Private Scavenging.*—The provision is made for the salary of an additional toti in view of the increase in the number of houses scavenged by the municipality.

23. *Grant 4, Lighting.*—The provision for contingent charges is raised by Rs. 100 for preparing a dozen stone lamp-posts and purchasing some lanterns to be substituted for the worn-out wooden posts and broken lanterns.

24. *Compensation for Lands.*—The budget provision of Rs. 570 is raised to Rs. 650 as the excess is due to the recent acquisition of a piece of dry land for the burial-ground of the Muhammadans living on the north bank of the river.

25. *Grant 5.*—The cost of an almirah, a punka and a record rack prepared for office use accounts for the increase under this grant.

26. *Closing Balance.*—This is raised from Rs. 1,000 to Rs. 1,900 as the sum of Rs. 500 is required for the compensation of the land to be acquired in 1897–98 for rubbish and night-soil depôt. It was resolved to acquire the land selected during the current year, but as some delay would arise for the District Medical and Sanitary Officer to visit the site during his tour and give his opinion as to its suitability for the purpose, provision is not made in the revised budget.

31. *Sale-proceeds of Lands and Buildings.*—Paragraph 9 of this letter explains the variations at the margin.

32. *Sale-proceeds of Night-soil, Street-refuse, &c.*—The revenue under this item is derived solely by the sale of rubbish. The decrease in 1897–98 is due to the fact that rubbish has not been carted for the past few months to a depôt called "Theruvachimanipam" which is very near fields. The use of Theruvachimanipam as a rubbish depôt was strongly objected to by the Sanitary Commissioner.

35. *Grant from Government.*—Credit is taken, as in the current year, at Rs. 10 per mensem towards the salary of the gymnastic instructor and Rs. 5 towards that of the drawing master. The decrease in 1896–97 is due to the late appointment of the drawing master—*vide* paragraph 13 above.

36. *Other Grants and Contributions.*—The provision as per revised estimate represents the contribution of one Lakshmana Chetti in aid of the cost of opening a lane. As this special revenue is not likely to recur, nothing is provided for 1897–98.

39. The total receipts for 1897–98, exclusive of the opening balance, are estimated at Rs. 13,770 against Rs. 13,680 for 1896–97 as per revised estimate.

Charges.

40. *Grant 1, Public Works—New Works and Repairs—Communications.*—The sum of Rs. 1,500, or 45 per cent. of the net receipts from tolls, is allotted for roads, the minimum fixed by Government being 50. The reduction below the minimum is due to the transfer of funds for the repair of the municipal office. The amount allotted is, however, Rs. 280 in excess of that allotted for the current year. Out of the total allotment, the sum of Rs. 500 is proposed to be spent on new works consisting of the compensation for lands, cost of raising and levelling new roads, and constructing tunnels; and the remainder on repairs of roads detailed in Statement II-A.

		RS.

41. *Buildings.*—The works on which the sum of Rs. 1,280 is intended to be spent are detailed below:—

Budget „ for 1897–98	..	1,280

		RS.
(1) Repairing or reconstructing municipal office	.. .. ..	750
(2) Constructing a new public latrine or bettering the condition of the existing latrines	.. ..	250
(3) Constructing a verandah behind the gymnastic store-house	..	100
(4) Preparing moveable dust-bins	.. ..	50
(5) Repairing the compound walls of the hospital	.. .. ..	130
Total	..	1,280

The office building, which is tiled, leaks in many places, as the rafters, wall plate, &c., are all bent. The walls have been built with raw brick in mud. An early repair is necessary. An estimate will shortly be got ready through some professional men. Provision is made for the improvement of latrines as usual. The construction of a verandah behind the gymnastic store-house has been recommended to shelter the boys from exposure to the sun and rain who come to the premises of the store-house to receive instruction in drill and gymnastics from all the result-grant schools of the municipality. The hospital compound walls had fallen to some length in two or three places. The erection of these walls is recommended in the budget received from the District Medical and Sanitary Officer.

42. *Water-supply—New Works.*—The sum of Rs. 50 against *nil* in 1896–97 is allotted for providing one or more good-water wells with parapet walls, platforms and drains.

43. *Grant 2, Education.*—The recommendations of the inspecting officers have been adopted in full. The provision for 1897–98 is a repetition of that for 1896–97 under all items. The difference between the revised estimate and the budget has been explained in paragraph 19 *supra*. The offices of the inspecting schoolmaster and the drawing master will, as at present, be combined in one man on Rs. 20 per mensem. There is no provision made for the payment of building and furniture grants and of the stipends of normal students, since the same will be borne from Provincial funds as in the current year. The net cost of education, including the sum allotted for the construction of a gymnastic verandah as provided in the budget, exceeds 15 per cent. of the receipts from taxation, markets and rents.

44. *Grant 3, Hospitals.*—The difference is too small to call for any remarks. In the Medical budget received from the office of the District Medical and Sanitary Officer, the provision of Rs. 60 is made for the rent of the hospital assistant's quarters if a building be available within 200 yards of the hospital. The provision is struck out, as no such building is available within the distance. The allotments made in his budget for the cost of medicine and contingencies are raised by Rs. 30 and Rs. 50, respectively, with reference to the actuals of 1895–96 and the revised estimate for 1896–97.

		Rs.
Revised estimate for 1896–97	..	400
Budget „ for 1897–98	..	430

46. *Conservancy.*—The provision for conservancy is raised by Rs. 230. The increase is due to the proposed appointment of an additional toty for cleaning public latrines, the purchase or preparation of three rubbish carts and one hand night-soil cart, and engaging a third cart for cleaning cesspools.

		Rs.
Revised estimate for 1896–97	..	3,920

The provision under "5 (*a*) (ii) Other charges" is explained below :—

	Rs.
Hire of nine rubbish-carts at Rs. 13 each per mensem	1,404
Hire of three cesspool carts at Rs. 11 each per mensem	396
„ „ night-soil carts at Rs. 10–5–4 each per mensem ..	372
Cost of preparing three rubbish-carts	180
„ „ a hand night-soil cart	50
Total ..	2,402

or Rs. 2,400 in round number.

On receipt of G.O., No. 204 M., dated 5th February 1896, the question of making private scavenging self supporting was discussed by the council and the rates of fees were increased in some classes. The increase does not, however, cover the loss to the municipality by the service in full. Steps will be taken later on to reduce the loss as much as possible by adopting one or the other course suggested in the Government order quoted. The increase of rates is considered as a hardship by the public. The difficulty in inducing more toties to come to Periyakulam is not due, as stated in the Government order, to the want of gratuitous house accommodation by the municipal council.

47. *Lighting.*—Provision is made, as in the current year, for preparing a number of stone lamp-posts and lanterns to be used as substitutes for the useless ones. The decrease in 1895–96 is due to the want of provision for the above purposes.

48. *Printing.* — The increase in 1896–97 is due to the payment of arrears.

49. *Compensation for Lands.*—The sum of Rs. 500 is provided for the compensation of two or three acres of wet land selected for depositing rubbish and night-soil in place of a rented land called "Tiruvachimanipam" which was closed on sanitary grounds.

50. *Grant 5—(d) Office Contingencies.*—The sum ordinarily required under this head is Rs. 70, and the excess of Rs. 50 is provided for 1897–98 for furnishing the office with eight new chairs for the use of councillors at meetings. Most of the present chairs are old and useless. The excess of Rs. 60, as per revised estimate for 1896–97, has been explained in paragraph 25 of this letter.

An application for gratuity will shortly be submitted to Government through the Accountant-General.

53. *Closing Balance.*—The balance available at the close of 1897–98 is estimated at Rs. 1,120, or 8·1 per cent. of the receipts. The large balance in 1896–97 is due to the reserve of Rs. 500 for acquiring a land for rubbish and night-soil depôt.

MADURA,
9th January 1897.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 6th January 1897, No. 113.

Adverting to the budget estimate of the Periyakulam Municipality for 1897–98 I have the honour to state that the provision therein made for education is in accordance with the recommendations of this department and may be accepted. The net expenditure proposed under Grant 2 is the same as the sanctioned grant for the current year, namely, Rs. 1,610 (Rs. 1,790—180), which is nearly 15 per cent. of the estimated income from taxation, rents and markets.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Trichinopoly, 12th January 1897, No. Tour-3—4.

With reference to Grant 3 of the budget estimate of the Periyakulam Municipality for the year 1897–98, I have the honour to state that the provision of Rs. 60 for compensation for quarters for the hospital assistant has been struck out on the ground that no building is available within 200 yards of the institution. I would suggest, therefore, that the municipality should take early steps to construct a building on the standard plan as soon as possible.

2. The other items call for no comments.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Malliyala, 24th January 1897, No. 244-S.

With reference to the budget estimate of the Periyakulam Municipality for 1897–98, I have the honour to state that the proposed expenditure on vaccination is sufficient, while that for conservancy, which is about 30 per cent. of the probable current receipts, is inadequate in view of my remarks on the current year's budget in respect of the staff at work.

ORDER—No. 271 M., dated 22nd February 1897.

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now put down at Rs. 13,680 and Rupees 13,130, against Rs. 12,530, and Rs. 12,280 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on buildings and tolls, and that in the charges under Grants 1, 3 and 4. The entertainment of an additional private scavenger on Rs. 5, referred to in paragraph 22 of the Chairman's letter, is sanctioned, but this proposal should have also been shown in the proposition statement. The contribution for the central office establishments will be raised from Rs. 80 to Rs. 91, or Rs. 90 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried over to the ensuing year's budget will then be Rs. 1,890.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts for the coming year are placed at Rs. 13,770, against Rs. 13,680 in the revised estimate. In fairness to the general tax-payer, the income from the private scavenging fees will be raised from Rs. 470 to Rs. 540, so as to cover the cost of the service.

4. *Charges.*—(1) The probable charges are entered as Rs. 14,550, against Rupees 13,140 in the revised estimate, the increase being marked under Grant 1.

(2) *Grant 1.*—The attention of the council is called to paragraph 2 of the Sub-Collector's endorsement regarding the insufficiency of the provision for "Repairs —Communications." If funds become available during the year, the allotment should be raised so as to bring the total expenditure on roads up to, at least, 50 per cent. of the toll revenue.

(3) *Grant 3.*—A sum of Rs. 630 will be provided for possible charges connected with the bubonic plague, with reference to G.O., No. 1985 M., dated 18th November 1896. The Surgeon-General's suggestion in paragraph 1 of his letter read above will be commended to the municipal council for early consideration. The entertainment of an additional toti for cleaning the public latrines, proposed in paragraph 46 of the Chairman's letter, is sanctioned. The council's attention is drawn to the remarks of the Sanitary Commissioner regarding the inadequacy of the provision for conservancy.

(4) *Grant 5.*—The contribution for the central office establishment will be raised from Rs. 70 to Rs. 123, or Rs. 120 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 500, or 3·0 per cent. of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From M.R.Ry. M. IRULAPPA PILLAI Avargal, Chairman, Municipal Council, Periyakulam, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector and the Collector of Madura), dated 24th December 1896, No. 225.

I have the honour to submit the budget estimates of the Periyakulam Municipality for the official year 1897–98.

Revised Estimate for 1896–97.

Receipts.

2. The actual opening balance of 1896–97 is Rs. 1,350, against Rs. 750 as per budget estimate, the increase being due to the non-contribution of Rs. 500 to the District Board, Madura, in aid of the cost of constructing a bridge over the Varahanadi for reasons stated in paragraph 24 of my annual report for 1895–96.

3. The receipts of the municipality for 1896–97 exclusive of the opening balance amount to Rs. 13,680 as per revised estimate, against Rs. 12,530 as per budget estimate. The increase over the budget estimate is Rs. 1,150.

4. The chief variations between the figures of the revised and budget estimates are explained below:—

5. *Tax on Arts.*—There is an increase of Rs. 100 under this head owing to the improvement of trades and better assessment.

6. *Tax on Buildings.*—The revision of assessments under the circumstances stated in paragraph 6 of my last annual report resulted in the increase of house-tax from Rs. 3,650 to Rs. 4,200.

7. *Tolls.*—The increase of Rs. 340 under tolls is due to keen competition at the auction. The bidders were under the impression that the lessee for 1895–96 made a good profit.

8. *Avenue Receipts.*—The branches of some tamarind trees on the road to Melmangalam, the shade of which affected the yield of the fields on the side of the road, were lopped off and sold in public auction. Hence the increase of Rs. 50 under this item.

9. *Sale-proceeds of Lands.*—The sum of Rs. 300 provided in the budget as the sale-proceeds of the land situated to the south of South street is not likely to be realized before 31st March next, as the sub-committee appointed in connection with the disposal of the land has not yet submitted its report. The provision will be repeated for next year.

10. *Sale-proceeds of Night soil, Street-refuse, &c.*—The revenue from this source is raised from Rs. 130 to Rs. 220, as the actuals of the first eight months of the year amounted to Rs. 219. The increase is attributable to the fact that, as the rainy season began late in the year, there was ample time for the municipality to cart its daily rubbish to private fields.

11. *Income from Markets.*—The increase of Rs. 90 under this head is due to the favourable character of the season.

12. *Fines.*—There is an increase of Rs. 50 owing to the collection of a fine of Rs. 40 in the prosecution of a certain individual.

13. *Grant from Government.*—There is a decrease of Rs. 60 as the drawing master was appointed on 3rd December 1896 instead of 1st April 1896, on account of the difficulty in procuring the services of an inspecting schoolmaster qualified to teach drawing.

14. *Other Grants and Contributions.*—One S. Lakshman Chetty, a resident, paid Rs. 35 to open a lane. This is a special receipt.

15. *Private Scavenging.*—There is an increase of Rs. 110 over the budget figure owing to the enhancement of the rates of fees with reference to the remarks of the Government on the last budget.

16. *Refunds of Expenditure of previous year.*—The sum of Rs. 36, or Rs. 40 in round number, is entered under this item, the same being the refund of the stipends of a normal student who underwent training last year.

Charges.

17. The charges as per revised estimate amount to Rs. 13,130, against Rs. 12,280 as per budget grant.

18. *Grant 1, Public Works.*—The budget provision of Rs. 250 under "Communications—New Works" is decreased to Rs. 120, as the land for opening the road on the north bank of the river for which application was made to the Revenue Department has not yet been assigned to the municipal council. The provision under "Buildings—New Works" is raised by Rs. 110 for erecting a compound wall behind the municipal office. The provision under "Communications—Repairs" is also raised by Rs. 300 for repairing certain roads from savings under "Communications—New Works" and from the increase in the total receipts of the municipality.

19. *Grant 2, Education.*—The fact that no separate and paid inspecting schoolmaster was appointed during the first quarter of the year and that no drawing master was appointed till 3rd December 1896 accounts for the decrease of Rs. 130 under "Education".

20. *Grant 3, Vaccination.*—The provision is raised from Rs. 350 to Rs. 400 on account of the appointment of a watchman sanctioned in G.O., Mis. No. 1462 M., dated 2nd September 1896, and to meet the cost of printing some forms for the use of the vaccinator.

21. *Conservancy.*—The allotment for the purchase and hire of carts is increased from Rs. 1,930 to Rs. 2,230 as five rubbish-carts were prepared at a cost of Rs. 305. As the carts supplied by contractors did not hold a sufficient quantity of rubbish and that, too, dropped out through openings in them as they passed through the streets, good rubbish-carts were prepared by the council.

22. *Private Scavenging.*—The provision is made for the salary of an additional coty in view of the increase in the number of houses scavenged by the municipality.

23. *Grant 4, Lighting.*—The provision for contingent charges is raised by Rs. 100 for preparing a dozen stone lamp-posts and purchasing some lanterns to be substituted for the worn-out wooden posts and broken lanterns.

24. *Compensation for Lands.*—The budget provision of Rs. 570 is raised to Rs. 650 as the excess is due to the recent acquisition of a piece of dry land for the burial-ground of the Muhammadans living on the north bank of the river.

25. *Grant 5.*—The cost of an almirah, a punka and a record rack prepared for office use accounts for the increase under this grant.

26. *Closing Balance.*—This is raised from Rs. 1,000 to Rs. 1,900 as the sum of Rs. 500 is required for the compensation of the land to be acquired in 1897–98 for rubbish and night-soil depôt. It was resolved to acquire the land selected during the current year, but as some delay would arise for the District Medical and Sanitary Officer to visit the site during his tour and give his opinion as to its suitability for the purpose, provision is not made in the revised budget.

Budget Estimate for 1897–98.

32. *Sale-proceeds of Night-soil, Street-refuse, &c.*—The revenue under this item is derived solely by the sale of rubbish. The decrease in 1897–98 is due to the fact that rubbish has not been carted for the past few months to a depôt called "Theruvachimanipam" which is very near fields. The use of Theruvachimanipam as a rubbish depôt was strongly objected to by the Sanitary Commissioner.

Charges.

40. *Grant 1, Public Works—New Works and Repairs—Communications.*—The sum of Rs. 1,500, or 45 per cent. of the net receipts from tolls, is allotted for roads, the minimum fixed by Government being 50. The reduction below the minimum is due to the transfer of funds for the repair of the municipal office. The amount allotted is, however, Rs. 280 in excess of that allotted for the current year. Out of the total allotment, the sum of Rs. 500 is proposed to be spent on new works consisting of the compensation for lands, cost of raising and levelling new roads, and constructing tunnels; and the remainder on repairs of roads detailed in Statement II-A.

(2)	Constructing a new public latrine or bettering the condition of the existing latrines	..	250
(3)	Constructing a verandah behind the gymnastic store-house	..	100

The office building, which is tiled, leaks in many places, as the rafters, wall plate, &c., are all bent. The walls have been built with raw brick in mud. An early repair is necessary. An estimate will shortly be got ready through some professional men. Provision is made for the improvement of latrines as usual. The construction of a verandah behind the gymnastic store-house has been recommended to shelter the boys from exposure to the sun and rain who come to the premises of the store-house to receive instruction in drill and gymnastics from all the result-grant schools of the municipality. The hospital compound walls had fallen to some length in two or three places. The erection of these walls is recommended in the budget received from the District Medical and Sanitary Officer.

42. *Water-supply—New Works.*—The sum of Rs. 50 against *nil* in 1896–97 is allotted for providing one or more good-water wells with parapet walls, platforms and drains.

43. *Grant 2, Education.*—The recommendations of the inspecting officers have been adopted in full. The provision for 1897–98 is a repetition of that for 1896–97 under all items. The difference between the revised estimate and the budget has been explained in paragraph 19 *supra*. The offices of the inspecting schoolmaster and the drawing master will, as at present, be combined on one man on Rs. 20 per mensem. There is no provision made for the payment of building and furniture grants and of the stipends of normal students, since the same will be borne from Provincial funds as in the current year. The net cost of education, including the sum allotted for the construction of a gymnastic verandah as provided in the budget, exceeds 15 per cent. of the receipts from taxation, markets and rents.

44. *Grant 3, Hospitals.*—The difference is too small to call for any remarks. In the Medical budget received from the office of the District Medical and Sanitary Officer, the provision of Rs. 60 is made for the rent of the hospital assistant's quarters if a building be available within 200 yards of the hospital. The provision is struck out, as no such building is
