GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

ORDER—No. 2794 M., dated 14th December 1897.

The accompanying estimates of loans and grants from Provincial to Municipal funds for public works, &c., for the year 1898–99, will be forwarded to the Financial Department.

2. No provision is made for loans in 1898–99, as it is feared that the Government of India may not be able to allot any funds for this purpose in that year. If, however, funds are available, the Coonoor and Tuticorin water-supply schemes, which have been postponed to 1899–1900, may be taken in hand in 1898–99, and a loan of two lakhs, which has been entered as the probable requirement in 1899–1900, will be allotted in 1898–99.

(True Extract.)

H. TREMENHEERE,
Ag. Secretary to Government.

To the Financial Department, with a statement.

NOTE FOR THE Honourable Membe

The total outlay on the Cocanada, Tirupati and Vizagapatam schemes, up to date and the probable expenditure during the remaining portion of the year have been ascertained from the Public Works Department and are as shown below:-

	Outlay up to date Rs.	Probable expenditure during the remaining portion of the year Rs.	Total Rs.
Cocanada—	18.500.	32.500.	51.000
Tirupati—	10.000.	6.000	16.000
Vizagapatam-	23.164.	12.000.	35.164.

The Cocanada municipal council has drawn in 1896-97, a total loan and grant of Rs 1.72.210, the Tirupati Council, Rs 55.000, and the Vizagapatam council Rs 2.90.000, and considering that the probable expenditure on these schemes up to the end of the year is only Rs 51.000 Rs 16.000 and Rs 35.164, respectively, does not appear that any further grants need be paid in the curren year. As directed by the Honourable member on page 9. of the note for orders the budget estimate for grants in 1898-99. has been placed at 1.50 lak which is distributed as follows:—

	Rs.
Cocanada	52.100.
Tirupati	77.400.
Vizagapatam	20.500.
Total	150.000.

The balance of the grants due to Cocanada, Tirupati and Vizagapatam, viz Rs 55,750, Rs 66,600. and Rs 50,000 respectively, have therefore been provided in the Revised Estimate for 1897-98. as otherwise these amounts will lapse and it may not be possible to allot them in 1898-99.

13/12/97

14 12 97.

14/12/97

Amount of loans and grants for the year 1898-99

[L. & M. 250—13-10-97.]

Then why put them forward out? Throw in the telephone — The P.W.D. sh'd be asked

Please see the Note put up.

NOTE FOR THE Honourable Member.

With reference to the Honourable Member's remarks on page 3 of the note, it is submitted that both the Tirupati and Cocanada water supply schemes have been started. It is not however known what amounts will be actually spent in the current year on these schemes and on the Vizagapatam water supply scheme, but the revised estimates of grants under Tirupati and Vizagapatam have been reduced from Rs 1,44.000 and Rs 70.500. to Rs 90.000 and Rs 50.000 respectively.

2. With reference to the Honourable Member's remarks on pages 5 and 9, the grant and loans provided on account of the Coonoor water supply, the Tanjore drainage and the extension of the Trichinopoly waterworks, have been struck out. No provision whatever is made for loans in 1898-99, and the allotment for grants has been reduced to Rs 126,600. A grant of one lakh and a loan of Rs 1,10,000 on account of the Tuticorin water supply, and a loan of Rs 90,000 for the Coonoor water supply, have, however, been entered under probable

LOCAL AND MUNICIPAL DEPARTMENT.

C. Nos. 3837-M & 4006 M of 1897

SUBJECT.

Estimates of Provincial Loans and Grants - 1898-99.

FOR ORDERS.

H.M

A

Loans.

Revised Estimate for 1897-98.

In the budget estimate of Provincial loans and advances to municipalities for 1897-98, approved in G.O. No. 884, 885, Financial, dated 16th December 1896, provision was made for a loan of 5-86. lakhs, which was distributed as shown below:—

		Rs
Bellary	water-supply scheme	200,000
Cocanada	do do	80,900
Coonoor	do do	31,000
Cuddalore	do do	50,000
Dindigul	Extension of water-works	11.250
Tirupati	water-supply scheme	12.750
Tuticorin	do do	1,50,000
Vizagapatam	do do	50,500
	Total	5,86,40

2. In its resolution No. 1233-A, Finance and Commerce Department (Accounts and Finance - Loans and Advances), dated 16th March 1897, embodied in G.O. No 323. Financial,

para 6 of the resolution

B

dated 8th April 1897, the Government of India reduced this allotment to Rs 1.50.000, observing as follows:—

"The Government of India regret "that, in the special circumstances of "the present year, it is not possible "for them to comply in full with the "demands of the Local Governments. "In the first place, as regards loans to "municipalities, the Government have "not at present any funds to lend for "purposes of water-supply and drainage "schemes; and works of the kind should "either be put off until funds are "available, or the municipalities should "borrow in the open market."

para. 4. ibid.

This sum of Rs 1.50.000 was accordingly allotted in the G.O. above quoted for the following works, which had either already been commenced or were about to be so shortly and for the execution of which money was absolutely required during the year;—

B G.O. 323 Fml / 8-4-97

		Rs
Cocanada	water-supply	78.000
Dindigul	do	11.250
Tirupati	do	12.750
Vizagapatam	do	48.000
	Total	1.50.000

In the revised estimate for the current year, the budget allotment of Rs 150000 has been repeated. The Cocanada, Tirupati and

I knew the Vm. scheme has been in hand – But have the two others really been ~~started~~? Make sure of this – I was not aware of it
BS

and Vizagapatam schemes are not under execution. The balances of loans and grants on account of the Tirupati and Vizagapatam scheme are fully provided for in the curre year, while in the case of Cocanada, a grant of Rs 52.100 has been allotted for 1898-99, the balance of the grant and the whole of the loan being provided in the current year. The variations between the original and the revised estimate of loans for the current year are noticed below:—

C

Vide para 3 of the G.O.

Vide G.O. 1075 L / 4-5-97 D

Calicut. In G.O. No 526. A. M, date 24th March 1896, the Government made a grant of Rs 7.500 towards the cost of providing a suitable burial ground for the Mappilas of Calicut in lieu of the existing ones situated in the midst of habitation in the town. An estimate of the cost of acquisition, &c, which was subsequently prepared by the municipa council, having amounted to Rs.17.080, the council requested that the Provinc

4

unt already made, ~~may~~ might be increased, but the Government, while regretting its inability to comply with the Council's request, pointed out that the additional amount (Rs 9,580) might be met by a loan from Government and directed the submission of the necessary application. As this is a work of some importance ~~[illegible]~~, provision has been made for it in the revised estimate.

Cocanada. The provision under this head in the original estimate was Rs 80,900, but this was subsequently reduced to Rs 78,000 under G.O. No 323. Financial, dated 8th April 1897. The estimated cost of the scheme as revised by the Sanitary Engineer and approved in G.O. No 146. M, dated 3rd February 1897, is only Rs 3,74,396 and not Rs 415,680, as assumed at the time of preparation of the estimate of loans

vide G.O. No 1075. M D / 4-5-1897.

Approved — The application for loan &c should be pushed through

MS

The muni[cipality] has been asked to expedite the app[licatio]n.

B

E

Myp 2791 ~~Mysp~~ 14-12-97

MS

loans for 1897-98 and as a moiety of this sum is contributed by Government and Rs 69,100 of the other moiety is to be realized by public subscriptions, the total amount of loan required by the municipal council is only Rs 118,100. As Rs 92,870 of this sum have been drawn in 1896-97, the balance of loan required is only Rs 25,230 i.e. (Rs 118,100 − Rs 92,870) and the revised estimate has accordingly been reduced to this figure.

Coonoor. — Plans and estimates for a water-supply scheme are now before Government — vide linked file, marked A. The estimated cost of the scheme is Rs 113,800, of which Rs 80,000 will apparently have to be met by a loan, the balance being contributed from Provincial funds. Provision has been made for a loan of Rs 23,370 in the revised estimate.

It is perfectly useless to link such a file as the Coonoor W/W. file to an urgent file such as this. I can't put aside other work to take up that file & I can't keep this waiting until I have time to do so. — Let it be sent separately. In the meantime, please note that I don't at present propose to give any grant at all to Coonoor which is a well-to-do place & must pay for its W. W. itself. ~~I think~~ I pointed this out before.

Vide the note for orders in the linked file

MS

If this provision is made, it am[oun]ts to starting a new scheme with a Govt. loan, ~~[illegible]~~ which it will be necessary to supplement next year. But no one seems to have considered what will happen next year if India refuses us any grant from which to make loans. Unless ... we should not provide for any loans for ... [illegible] ... be required to ...

① This will be attended to in the Civil Dept. —

[illegible] ... one & then proposed sum (to be) ... until ... that India will give us the money to make loans with — this question ... to be asked ... for next ... [illegible] or the current year, the remainder (Rs 56630) of the loan and the grant (Rs 33800) being provided for in the budget estimate for 1898-99.

Dindigul. An extension of the water works estimated to cost Rs 22.500 has been sanctioned in G.O. No 14 M dated 8th January 1897 and the Government has undertaken to make a grant of one half of its cost and to advance the remainder from Provincial funds. The application of the municipal ouncil for a loan of Rs 11.250 is held in abeyance, at the instance of the Financial Department with eference to the orders of the Government of India that cash expenditure hould be restricted as much as ossible — vide file marked B put up—

The application may, it is submitted, now published and the loan anctioned in the usual manner.

e budget provision has therefore been

been repeated in the revised estimate.

Kurnool. A revised estimate of the water supply scheme amounting to Rs 263.667 was sanctioned in G.O. No 76. M, dated 21st January 1897, and the Government promised to advance from Provincial funds one fourth of the additional expenditure* and to make a grant of three fourths from Provincial funds. As the works are now in progress, provision has been made for a loan of Rs 6070 and a grant of Rs 18.220 in the revised estimate.

	Rs
The original estimate of the cost of the scheme was	239.380
The revised estimate of the cost of the scheme	263.667
*Additional expenditure Rs	24.287

F

?

Tirupati- In the estimate of loans and grants for 1897-98, provision was made for a loan of Rs 12.750, being the balance of one fourth of the estimated cost of the water-supply scheme, viz Rs 57.750. A

E

or the current year, the remainder (Rs 56630) of the loan and the grant (Rs 33800) being provided for in the budget estimate for

loan actually required is Rs 59.000. As only a sum of Rs 45.000 has been drawn in 1896-97, the revised estimate under this head has been raised from Rs 12.750 to Rs 14.000.

HS

Vizagapatam The total amount of loan sanctioned for the water-supply scheme of this town is Rs 210.500, of which Rs 150.000 have been drawn by the municipal council in 1896-97. The balance (Rs 60.500) has now been provided in the revised estimate.

HS

fo 22 R. / 11-1-97 H

Budget Estimate for 1898-99.

In view of the remarks of the Government of India in paragraph 4 of its resolution in G.O. No 323-Financial dated 8th April 1897 quoted above, the estimate of loans for 1898-99 is placed only one lakh. Provision is made

works viz, the Tanjore drainage scheme and the extension of the Trichinopoly water works.

Grants.

Revised Estimate for 1897-98

The original estimate of grants was three lakhs and almost the same figure is repeated under the revised estimate. The allotments of Rs 55.750 and Rs 11.250 respectively, for Cocanada and Dindigul have been repeated, while those for Tirupati and Vizagapatam, have been slightly altered with reference to actual requirements. As the Cocanada, Tirupati and Vizagapatam Schemes are now in progress it is necessary that the whole of the grants provided for them in the current yea should be paid. Provision has also been made in the revised

anjore & Trichy have already large assistance from Govt. – I dont propose to give either of them another anna of grant for a long time to come, while as to loans we must wait and see what money we have to lend, and also what other places have prior claims. They can easily, however, raise money in the open market, so there should be no impediment to the works being started.
HS

The revised Estte. had better be recast so as to provide only so much as can be actually spent in the year. The balce. can be provided in 98-99 without difficulty, as the proposed grants to Coonoor (33800), Tanjore (18000) and Trichy (50000), which aggregate more than a lakh, will be struck out with refce. to remarks above. It is even doubtful whether the grant to Nilgiris should not stand over until '99/00, for money must be found for ordinary P.W., which have fared badly this year. On the whole, I think the R.E. for grants must not exceed 1.50
HS

Why? Will they spend the whole before March 31? I dont know

6

or the current year, the remainder (Rs 56630) of the loan and the grant (Rs 33800) being

p

10

council for meeting the deficit in the municipal funds, Rs 1610 to the Kumbakonam Council towards the cost of Sanitary arrangements in connection with the Mahamakham festival, and Rs 18.220 to the Kurnool municipal council towards the water supply scheme. These amounts were, however, ordered to be paid in the first instance out of the allotment of Rs 125.000 under adjusting heads - Provincial, Contributions from Provincial to Local Funds on account of Public Works sanctioned in G.O. No 891, Financial, dated 18th December 1896.

These grants are not for P.W. & ∴ cannot be brought under this account which is a part of 45 Civil Works - Let them remain under Contributions. Or perhaps misc: it w^d^ be better to put the first under 32 & the other under 24. The A.G. can settle this, however. HS

If we have any money & the scheme is ready, I w^d^ far rather begin the Cuddapah drainage work

Cur No 3149 M, with the H.M.

Tanjore drainage, the extension of the Trichinopoly water works and the Tuticorin water-supply scheme. The plans and estimates for the last work are now before Government. As it is not likely that the Government will be able to lend any money to the municipal council on account of this work in 1898-99, or to make any considerable grants in that year, provision has been made for a grant of only Rs 50,000, so that the work, if sanctioned, may be started in that year.

The Sanitary Board recommends that provision may be made for a grant of Rs 2.70.000 for the Cuddapah drainage scheme and a grant and a loan of one lakh each for the Negapatam sch. [illegible] former or the current year, the remainder

of

Note for the Honourable Member

The rate of interest has been entered in this Estimate as 4 percent, which is the lowest which Local Governments can charge on loans granted by them – vide paragraph 2 of the Resolution of the Government of India in G.O. No. 862 L, dated 10th May 1897, so that it can be raised to the usual rate of 4¼ per cent if in financing the schemes, it is found, that the local bodies concerned can afford to pay interest at the higher rate

2. No provision is made for loans in 1898-99, as it is feared that the Government of India may not be able to allot any funds for this purpose in that year. If however, funds are available, the Coonoor and Tuticorin water-supply schemes, which have been postponed to 1899-1900, may be taken in hand in 1898-99 and a loan of two lakhs, which has been entered as the probable requirement in 1899-1900, will be allotted in 1898-99.
