28/9/97

I am desirous to bring to notice
that as the plot of land colored green
on the accompanying plan is a kind
of "no man's land" and its inhabitants
in consequence, subject to little control,
a proposal has been made that it
should, on sanitary ground, be brought
within the Cantonment limits of
Wellington.

2. As, however, the major portion of it is putta land and the cost of acquiring such under the Land Acquisition Act would amount to about Rs 867 1/2, it is considered that only the portion colored red in the small sketch enclosed, should be acquired and brought within Cantonment limits. This piece of land is required by the Commissariat Department for the purpose of constructing

constructing huts for transport attendants, and as it is "Government waste," His Excellency the Lieutenant General commanding trusts Government will be pleased to sanction its transfer, as early as possible, to the Military Department.

3. As regards the remain-
ing portion of land in the plot referred
to in para 1 of this letter, it is consider-
ed desirable, to enable the Military
authorities to exercise control over it,
to bring it under Cantonment rules.
Should this proposal meet with the
approval of Government, I am to
request that a notification may be
published in the Fort Saint George
Gazette, to the effect that the Can-
tonment rules shall apply to the
lands under reference.

I have the honor to be,

See,

Yours obedient servant

 Sir,

In forwarding herewith the letter
received from the Dy Adjutant
General Maides Command^{rs} 1st 1st/₃
15/4/24th Altho with 2 plans regarding
the incorporation of certain lands
within the Cautionment limits of
Wellington, I have the honor to state
that as the land Coloured green
on the large plan has not been
included either within the Municipal
or the Cautionment limits, there is
no objection to bring it under
the Control of the Cautionment

Authorities. The above portion
Comprises putta land No 53 +
54 + part of $\frac{F}{2}$ and Government
Waste No. 119c + $\frac{7}{406}$ (part).

2. As regards the portion of
Settlement No. 119c (0.94 acre) closed
red in the small plan required
for the purpose of constructing
huts for transport attendants,
I recommend the transfer as it
forms part of a Government
Waste containing 12.78 acres
and as no objection exists
to its grant to the Military
Authorities.

I have the honor to be
Sir
Your most obedient servant
