GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,

Fort St. George, 17 August 1896

LOCAL & MUNICIPAL DEPT.
CURRENT NO. 2368M

From

J. A. JONES, Esq. MEM. INST. C.E., F.R.S.E.,
SANITARY ENGINEER TO GOVERNMENT,

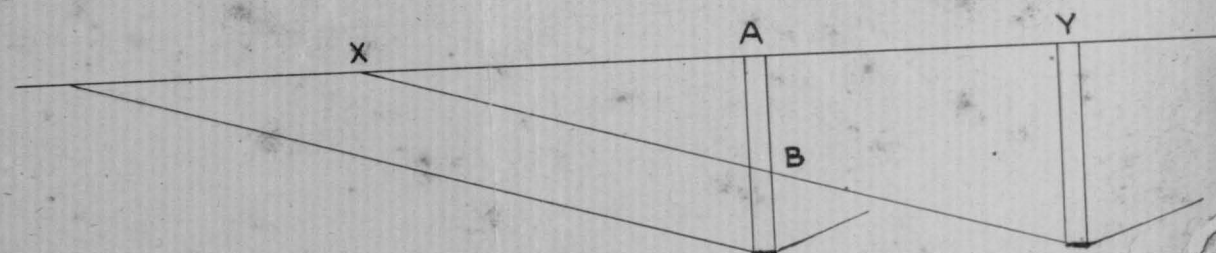

To

The Chief Secretary to Government,
Local & Municipal Department.

SIR,

With reference to G.O., No. 1326 M.Mis., dated 10th. August 1896, I have the honor to point out that the sinking of any trial well at Bezvada will be just as expensive as if the permanent wells (or one of them) were sunk at once and that only by sinking the permanent wells (or one on the site thereof) will the actual water likely to be received by such well from its particular drainage cone, be obtained for analysis.

2. If a well be sunk nearer the town but in the drainage cone of the permanent well it would draw from its own cone which would extend nearer the town in proportion to its distance from the permanent well site thus, unless its depth

be limited to A B but as the radius of the drainage is under dispute the depth A B would also

FURTHER PAPERS.

G.O.	No.	Department.	Date.

5. I therefore suggest that the proposed permanent well which is nearest the town be sunk & that as the Public works Department will carry out the work that it be remitted to that department to apply for funds (with reference to the estimate) for constructing that well & carrying out the experiment.

I have the honor to be,

Sir,

Your most obedient servant,

Sanitary Engineer to Government.

GOVERNMENT OF MADRAS.

SANITARY BOARD OFFICE.

SANITARY ENGINEERING BRANCH.

Proceedings of the Sanitary Board, No. 2974 dated 5th October 1896

Present.

The Hon'ble Col. D. Mc. Neil Campbell, B.E., President.

Surn. Lieut. Col. W.G. King, M.B., C.M., D.P.H.,

Sanitary Commissioner for Madras.

J. A. Jones, Esqr., Mem. Inst.C.E., F.R.S.E.,

Sanitary Engineer to Government.

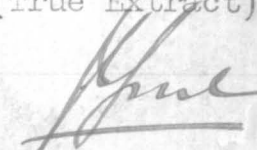

Read the following:—

Endorsement of Government No. 1035 dated 3rd. September 1896 referring to the Sanitary Board for remarks letter No. 2526 dated 17th. August 1896 from the Sanitary Engineer to Government regarding the sinking of a trial well at Bezwada in connection with its Water Supply Scheme.
Resolution

The Board agrees with the suggestions made by the Sanitary Engineer in para 3 of his No. 2526 of 17th. August 1896.

As however the question of the removal of the training banks & the extension of the Krishna Bridge is now under consideration, the Board considers that the trial well should not be begun until that question has been decided.
