The Chief Secretary to Government

Local & Municipal Department

MADRAS.

Through the Sub-Collector Godavery.

Sir,

With reference to paragraph ⁴⁽³⁾ of G.O. No 1755 M. dated 14th October 1896, I have the honor to state that the system of purchasing through a contractor being much better than that of purchasing by the Hospital servants, the old arrangement has been continued. The contractor will have, in store, the necessary articles which can be had, no sooner than required. Besides, the purchase by the Hospital peons will not ensure proper prices being paid.

2. Two iron latrines and a Kitchen have been already constructed. High caste in-patients who are very few, are being accommodated in the existing building in a separate room and the

Council does not think it necessary to have separate huts for the purpose. Provision has been made in the last budget for entertaining a Lady Apothecary and next year a Ghosha Lady Hospital will be opened with the help of the District Board. When this is done, a lying-in-ward and the midwife's quarters will be constructed in the locality selected for the Lady Hospital building. It is not advisable when the establishment of the Ghosha Hospital is in contemplation, to construct a lying-in-ward &c in the present Hospital compound as this will have to be abandoned as soon as the Lady Hospital is opened.

3. There are at present two isolation hut wards one for small-pox and one for Cholera, and after consulting the District Surgeon any more required huts will be constructed.

A copy of the Council's resolution is enclosed.

I have the honor to be,

Sir,
Your most obedient servant

K. Paladunga Prasad Rao
Chairman

(Amptd)
M. S.

Q. 2

No. _____

MUNICIPAL OFFICE

RAJAHMUNDRY.

DATE _____

Extract from the Proceedings of the Municipal Council,
Rajahmundry dated _____ 30-1-97.

READ. G. O. No 1755 M. dated 14th October 1896
reviewing the Administration Report of the Municipal
Council for 1895-96.

Resolution No 1314 dated 30-1-97.

The Council being of opinion that the system of purchasing through a contractor was much better than that of purchasing by the Hospital Servants, continued the old arrangement. The Contractor will have in store the necessary articles which can be had no sooner than required, and purchase by the Hospital people will not ensure proper prices being paid.

2. Iron latrines and a kitchen have been already constructed. High caste in-patients who are very few, are being accommodated in the existing building in a separate room, and the Council does not think it necessary to have separate huts for the purpose. Provision is made in the last budget for entertaining a lady apothecary, and next year a Ghosha Lady

Hospital will be opened with the help of the District Board. When this is done, a lying-in ward with a delivery ward and the Midwives quarters, will be constructed in the locality selected for that building. It is not advisable when the establishment of the Ghosha Hospital is in contemplation, to construct a lying-in ward or in the present Hospital compound, as they will have to be abandoned as soon as the Lady Hospital is opened.

There are at present 2 isolation hut wards, one for small-pox, and one for cholera, and after consulting the District Surgeon any more required huts will be constructed.
