SIR,

I am informed that Cholera in an epidemic form has for some time been prevailing in Ellore. But as no intimation of this fact was given me by any officer in the Godavari District, I had no opportunity to warn Berhampore and other towns in this District until the disease had already arrived.

2. Under Rule 7 of the Rules Circular with G.O. No 1028 m of 26 June 1895, it is the duty of the Collector to warn the District Medical and Sanitary officer and the Municipal Councils in the District when Cholera is imminent. I have the honor to request that Government will be good enough to issue instructions that in future immediate information of the appearance of an epidemic in a District should be given by the Collector of that District to the Collectors of the adjoining Districts.

I have the honor to be
