Horse Club allowance

Informing the Rt. Hon. Comr. Madras, that
in the case of the hospital assistants attached
to the Black Town Dispensary, there seems to be no
reason to relax the rule laid down in G.O. no 895. Sub
of 29th Oct 95, Comd. with G.O. no 929 of 18th May 96
regarding the payment of — to Hospital assistants.

In G.O. N^o 154 L dated 24th Janu

ary 1895. the grant of Compensation in lieu of quarters to hospital assistants attached to municipal hospitals and dispensaries was sanctioned on the condition that the rented quarters are within 200 yards of the institution to which the hospital assistant is attached, and in G.O.

N^o 895 Public, dated 29th October 1895 Communicated with G.O. N^o 929 L dated 18th May 1896, it was stated that no rent can in any circumstances be granted for private quarters in which the limit of distance ^{already} prescribed is exceeded, as the object of giving such allowances, viz: that hospital assistants may live close to their scene of work, would then be defeated.

2. The President Municipal Commission Madras, apparently

on the analogy of G.O. No. 497 Public, dated 29th April 1896, requests that an exception may be made in the case of the hospital assistants attached to the Black Town dispensary, as quarters are not available within 200 yards from the said institution, and in view of the pending proposal to establish a hospital for the north of Madras.

3. Similar applications from mufassal municipal Councils have been disallowed by Government - vide G.O. 519679M of 25th November 1895; 88714 of 27th May 1896, and 67M of 20th January 1897. In the Public G.O. referred to, the grant of allowance to the medical subordinates attached to the Voluntary General hospital was sanctioned, because Government was of opinion that distance did not matter in the case of that hospital, the patients in which were not likely to require immediate assistance as those in a General hospital. But this principle does not apply to the present case, and it is doubtful whether, as stated by the President, neither quarters

nor

not sites for their construction are available within the prescribed distance. In this connection attention is invited to H.M.'s remarks in G.O. No. 497 Public, dated 29th April 1896.

4. There are no papers in this office regarding the proposal to establish a new hospital for the north of Madras referred to by the President.

The above note clearly explains the case.

No reason - The condition should not be relaxed

H.M.

There seems no reason to make an exception to the rule which Govt. laid down deliberately.

In forwarding herewith for the favourable -----
consideration of Government a copy of letter from the ----
Surgeon 1st District, No.508, dated 8th December 1896, I
have the honor to request, that an exception may be made
in the case of the Hospital Assistants attached to the ---
Black Town Dispensary, as quarters are not available, nor
can suitable sites could be procured within 200 yards from
the said Institution, and also in view of the pending ----
proposal for the establishment of a Municipal Hospital for
the North of Madras.

your notice
that under

Brut
G.O. No.497 Public dated 29th April /96, Govt have sanctioned the ---
grant of house rent in lieu of Quarters to the Medical Subordinates
attached to the Voluntary Venereal Hospital, notwithstanding the fact
that they live at a greater distance than 200 yards from that -----
Hospital, as Government state they are not prepared to expend the
cost of building quarters for these Medical Subordinates; if there-
fore you do not consider it desirable at present, to erect quarters
for the Hospital Assistants (two) in your pay attached to the Black
Town Dispensary, I request that you will be so good as to move -----
Government to sanction the payment of house rent to them, as they are
unable to procure quarters within the prescribed limit of distance, a
fact that is acknowledged in your letter to Government marginally --
noted above.

It seems hard that the Medical subordinates should be deprived
of the house rent allowance, owing to the impossibility to fulfil the
condition, through no fault of theirs;- this hardship has apparently
been recognised by Government, by the grant of the allowance to the
Medical Subordinates of the Voluntary Venereal Hospital who also are
