Reviewing the Karúr — for 1897–98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. V. SUBBA RAO Avargal, B.A., Chairman, Municipal Council, Karúr, to the Secretary to Government, Local and Municipal Department (through the Revenue Officer of the Division, Coimbatore), dated 7th January 1897, No. 14.

I have the honour to submit the budget estimate of the Karúr Municipality for 1897–98 sanctioned by the council in their resolution No. 1, dated 5th instant, copy of which is enclosed.

REVISED ESTIMATE FOR 1896–97.

2. The year opened with a balance of Rs. 3,860 against the budget estimate of Rs. 1,690.

The increase is due to the advance in the actual receipts over the estimated amounts for 1895–96.

*Receipts.*

3. The receipts are now estimated at Rs. 18,060 against Rs. 16,900 of the budget and the principal variations are explained below :—

(*a*) *Tolls* + *Rs.* 310; (*b*) *Income from Markets* + *Rs.* 240; (*c*) *Income from Slaughter-house* + *Rs.* 40.—The actual bids under the above heads largely exceeded the estimated figures.

(*d*) *Ferry rents* + *Rs.* 180.—The ferry fetched Rs. 40 more than was expected, and Rs. 140 forming the last kist, which in former years was due only in April, will this year be collected before March.

(*e*) *Sale-proceeds of Lands, &c., Rs.* 80.—It is not expected that a site proposed to be sold will be disposed of within the year.

(*f*) *Income from Educational Institutions* + *Rs.* 400.—The strength of the high school has considerably improved and the estimate is based on the collections of the last eight months.

(*g*) *Grants from Government on account of Education* — *Rs.* 110.—The fall is due to the salary of the acting head master having been fixed at Rs. 50 against Rs. 60 of the permanent incumbent and to the grant towards the supply of furniture to the high school estimated at Rs. 50 having been declined by the Director. This decrease is counterbalanced by a promised building grant of Rs. 30 for a latrine to the school and makes the total fall under contributions Rs. 110.

(*h*) *Miscellaneous* + *Rs.* 90.—The amount of a decree against a party that had remained unexecuted in previous years was collected.

*Charges.*

4. The total charges are estimated at Rs. 18,850 against Rs. 18,020, and the year is expected to close with a balance of Rs. 3,070.

5. The variations between the budget and revised estimates are explained below :—

(i) *Grant 1, Public Works* + *Rs.* 810.—A double iron latrine of the standard plan estimated to cost Rs. 820 is proposed to be constructed within the year and the sanction of the Sanitary Board has been applied for. Repairs to school buildings, meat-market and the chattram have contributed towards the increase under repairs.

(ii) *Grant 2, Education* — *Rs.* 280.—This is accounted for mainly by a reduction of Rs. 10 in the salary of the head master of the high school and by savings under establishment owing to a temporary hand not having been found necessary till the latter part of the year.

(iii) *Grant 3, Sanitation and Medical Services—Rs.* 60.—The contribution on account of lymph supplied is now estimated not to exceed Rs. 20 against the estimated amount of Rs. 60. There was a saving under conservancy establishment of Rs. 270 owing to the additional number of scavengers sanctioned in the budget not having been available for a greater part of the year. This amount has been utilised in providing additional rubbish and night-soil carts and in meeting the extra charges on account of cholera which has broken out in the town.

(iv) *Grant 4, Lighting and Miscellaneous Municipal Purposes* + *Rs.* 170.—A few wooden lamp-posts were renewed and stone-pillars substituted. An increase under law charges has been provided on account of an appeal which is likely to be preferred against a decree obtained by the council.

BUDGET ESTIMATE FOR 1897–98.

6. The closing balance of Rs. 3,070 has been brought forward in the budget for 1897–98.

*Receipts.*

7. The total receipts are estimated at Rs. 18,590 against Rs. 18,060 of the revised estimate for the current year. The variations under important heads are explained below :—

| | | RS. |
|---|---|---|
| (1) | Tax on buildings .. .. .. .. .. .. | + 90 |
| (2) | Tolls .. .. .. .. .. .. .. .. | — 850 |
| (3) | Ferry rents .. .. .. .. .. .. | — 180 |
| (4) | Sale-proceeds of lands .. .. .. .. .. .. | + 80 |
| (5) | Fees from educational institutions .. .. .. .. | + 100 |
| (6) | Income from markets and slaughter-house .. .. .. | — 80 |
| (7) | Grants from Government building .. .. .. .. | + 220 |
| (8) | Private scavenging .. .. .. .. .. .. | + 50 |
| (9) | Other items .. .. .. .. .. .. .. | + 1,110 |

(1) A small increase of Rs. 90 is expected under tax on buildings on account of a number of new houses including the taluk cutcherry which are in the course of construction.

(2) It is not safer to place the estimate under tolls at a higher figure than Rs. 3,600, exclusive of the contribution to the district board, though in the current year the bid went up to (Rs. 5,900—Rs. 1,966) Rs. 3,934. The decrease is also accounted for by the fact that a sum of Rs. 500 belonging to previous years and remaining as deposit in the Post office Savings Bank will be brought to account in the current year.

(3) The decrease in ferry rents is due to the expected realisation within the current year of what would ordinarily be due in April 1897.

(4) The sale of certain sites towards the west of the town is estimated to bring the increase.

(5) The estimate of an increase of Rs. 100 under school-fees is based on the financial progress which the high school has shown and which it is likely to continue to show.

(6) A decrease of Rs. 80 under income from markets and slaughter-house is expected as the unusually keen competition which occurred among bidders this year is not likely to recur.

(7) It is proposed to construct a new building as an addition to the present high school buildings in reference to the suggestion of the Director of Public Instruction in paragraph 2 of his Proceedings, dated 31st August 1896, No. 9532, and credit is taken for a contribution from the Government of a third of its cost.

(8) The number of houses brought under the private scavenging system has been steadily progressing and is estimated to give an increase of Rs. 50.

(9) Credit is taken under other items for a sum of Rs. 1,200, being the amount of a decree with costs, &c., passed by the District Munsif of Karúr in favour of the council in a suit for the recovery of the embezzled amounts from the ex-Chairman M.R.Ry. K. Srinivasa Aiyangar—*vide* Proceedings of the Madras Government, Mis. No. 1197 M., dated 25th July 1895.

*Charges.*

8. The total charges are estimated at Rs. 19,780 against Rs. 18,850 in the current year showing an increase of Rs. 930.

9. *Grant 1, Public Works—New Works—Buildings—Rs.* 1,750.—A sum of Rs. 750 is provided for constructing a building adjoining the high school for the use of one of the forms in the place of the present thatched shed. There is hardly room for more than two classes in the present building and the Educational authorities have more than once called attention to the necessity for extending it. In the weekly market, which is a large open enclosure with no place for people to take shelter during rains, it is proposed to have a tiled construction at a cost of about Rs. 650. The remaining sum of Rs. 350 is intended for two latrines and the extension of the office store-rooms.

*Repairs.*—A sum of Rs. 100 is provided for repairing the hospital kitchen.

*Communications.*—Under communications 50 per cent. of the estimated receipts from tolls has been allotted to "New works and repairs." The new works will mainly relate to road-side stone revetments.

*Water-supply.*—Under water-supply a sum of Rs. 30 for digging springs in the river-bed during summer is provided and Rs. 100 under repairs is for cementing the interior of certain drinking-water wells.

10. *Grant 2, Education.*—The only change proposed under establishment is an increase in the salary of the second assistant of Rs. 2-8-0 a month on account of the long service which he has put in. The Inspector of Schools, Western Circle, strongly recommends it.

Under contingencies a sum of Rs. 150 has been provided with reference to the actuals in the previous years.

A sum of Rs. 350 has been allotted to results grants and a provision of Rs. 100 is made under building grants in reference to the request of the Manager of the Wesleyan Mission Panchama School.

11. *Grant 3, Sanitation and Medical Services—(a) Hospitals and Dispensaries.*—On account of the increments to the salary of the civil apothecary from August 1897 of Rs. 25 and of the compounder from July of Rs. 3, an increase of Rs. 160 is provided under hospital establishment. The caste and gosha dispensary will be maintained as usual.

(*b*) Under conservancy, the changes proposed are detailed in the proposition statement. There will be three classes of toties on Rs. 6, 5½ and 5. This division has been proposed to distinguish the long service male toties from the women and the junior men. The rubbish cart-drivers will each have an increase of 8 annas and receive Rs. 5 instead of Rs. 4-8-0 a month.

Four additional hands are proposed—two scavengers for the new latrines, one for the night-soil depôt and the fourth for sweeping the new Taluk Cutcherry street. The night-soil cart-drivers were in the previous years classified under toties. They have now been entered separately. The two drainage cartmen sanctioned in the last budget have been utilised one as a drain-cleaner and the other as the driver of a rubbish cart, the carting of the sewage as proposed not being found practicable.

Under private scavenging system an additional hand was employed recently under G.O., Mis. No. 1902 M., dated 11th November 1896. The superintendence of the work has now become more difficult on account of the large increase in the number of houses served and is now in the hands of one of the inspectors who also collects the fees. An allowance of Rs. 2 to him a month is therefore recommended.

12. *Grant 4, Lighting and Miscellaneous Municipal purposes.*—An increase of Rs. 50 is made to replace the wooden lamp-posts in a broken condition by stone-pillars. An allotment of Rs. 300 is made for the purchase of a burning-ground lower down the Amaravathi.

13. *Grant 5.*—It is proposed to re-number the houses in the town and to put up boards to indicate the streets and lanes at a cost of Rs. 130 which brings the allotment under (*b*) (2) to Rs. 200.

14. The budget closes with a balance of Rs. 1,880 or a little more than 10 per cent. of the total receipts. The prescribed proposition statements are submitted.

Dis. No. 213-Rev.

Forwarded for the orders of Government in the Local and Municipal Department.

2. The variations between the sanctioned and revised estimates for the year 1896-97 are explained by the Chairman. The collections under "Tax on lands" and tolls during the first eight months of the year might have been better.

3. The increase in receipts for 1897-98 is owing to the credit taken under "Other items" for a sum of Rs. 1,200 being the amount, with costs, &c., decreed in favour of the municipal council in a suit for the recovery of the amount embezzled from the ex-Chairman, while that in charges occurs under all grants and is explained by the Chairman in his covering letter.

4. It is observed that the budget for 1897-98 contains the following among other proposals, viz.:—

(*a*) Under Grant 1, constructing a building for one of the forms of the high school and another in the weekly market and also two latrines.

(*b*) Increasing the salary of the second Assistant Master, Municipal High School, by Rs. 2½ a month and providing for a building grant to the Wesleyan Mission Panchama School under Grant 2.

(*c*) (i) Providing for the septennial increase in the pay of the civil apothecary and raising the pay of the hospital compounder by Rs. 3 a month.

(ii) Entertaining four additional hands—one sweeper and three toties—under conservancy and raising the pay of the rubbish cart-drivers by half a rupee a month.

(iii) Also granting an allowance of Rs. 2 a month to the inspector who is charged with the supervision of private scavengers—Grant 3.

(*d*) Under Grant 4, purchasing a burning-ground at a cost of Rs. 300.

These proposals may be approved. The last one especially is an urgent necessity from a sanitary point of view. A few days ago I received a letter from the Assistant Traffic Manager, South Indian Railway, Madura, complaining of the existence of the present burning-ground in the vicinity of the railway station at Karúr and the necessity for providing a burning-ground at an unobjectionable locality has been pointed out by sanitary officers from time to time and has long been the subject of consideration of the council. It is hoped that there will be no more delay in finding a suitable site for the purpose.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 14th January 1897, No 329.

Adverting to the budget estimate of the Karúr Municipality for 1897-98, I have the honour to state that the allotments made therein under the several heads of Grant 2 seem sufficient. No proper arrangements, however, exist for the teaching of drawing, which is a subject of the ordinary school curriculum in upper secondary schools. I would, therefore, strongly recommend that a provision of Rs. 250 be made for the purpose, Rs. 220 for the salary of the drawing master for eleven months at Rs. 20 per mensem and Rs. 30 for the purchase of the necessary materials; credit

being, at the same time, taken for a grant of Rs. 120 in round numbers from Provincial funds subject to the provisions of the Code. In addition to teaching drawing in the Karúr High school, he should also be required to devote some time to the teaching of the subject in the primary schools within the municipality.

2. Under receipts credit has been taken for a fee income of Rs. 2,500, but with reference to the actuals of 1894–95 and 1895–96, I doubt whether such a large sum will be realised. The fee receipts may, therefore, be fixed at Rs. 2,300.

3. With the above modifications, the net expenditure proposed on education is Rs. 1,770 (Rs. 4,400—Rs. 2,630), excluding building grants, or about 16 per cent. of the estimated income from taxation and markets.

---

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 23rd January 1897, No. 18.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Karúr Municipality for the year 1897–98 is sufficient and calls for no further remarks.

---

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Gazalapalli, 15th February 1897, No. 392–S.

I have the honour to state that I have no remarks to offer on the vaccine and conservancy portions of the Karúr municipal budget for 1897–98. The allotment for conservancy is 24·3 per cent. of the estimated receipts.

2. No extract from Statement II-A has been furnished; but, from the Chairman's letter, it is gathered that Rs. 1,000 are entered under Grant 1 for the erection of a market shed and two latrines and Rs. 130 for the improvement of water-supply.

3. My suggestions for improving conservancy staff and plant do not appear to have received attention—*vide* paragraph 5 (*f*) of my notes printed in G.O., No. 2036 M., dated 27th November 1896.

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now estimated at Rs. 18,060 and Rs. 18,850, respectively, against Rs. 16,900 and Rs. 18,020 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls, school-fees and income from markets, while that in the charges appears mainly under Grant 1. The attention of the municipal council is drawn to the Collector's remark in the latter part of paragraph 2 of his endorsement. The contribution for the controlling establishments at the Presidency will be raised from Rs. 90 to Rs. 115, or Rs. 120 in round numbers, with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs. 3,040.

BUDGET ESTIMATE FOR 1897–98.

3. The probable receipts are put down at Rs. 18,590 against Rs. 18,060 in the revised estimate, the decrease, which occurs chiefly under tolls, being more than counterbalanced by an increase under Miscellaneous—Recovery of the amount of decree passed against the late Chairman. As recommended by the Director of Public Instruction in paragraph 1 of his letter read above, credit will be taken for a grant of Rs. 120 from Provincial funds towards the salary of a drawing master and the

estimated income from school-fees will be reduced by Rs. 200. In fairness to the general tax-payer, the receipts under private scavenging fees will be raised from Rs. 250 to Rs. 290 so as to cover the cost of the service.

4. *Charges.*—(1) The charges are placed at Rs. 19,780 against the revised estimate of Rs. 18,880, the increase, which appears under Grants 2, 3, 4 and 5 being partly met by a decrease under Grant 1.

(2) *Grant 2.*—The increase of Rs. 2-8-0 in the pay of the second assistant master of the municipal high school, proposed in paragraph 10 of the Chairman's letter, and the entertainment of a drawing master on Rs. 20 recommended in paragraph 1 of the Director's letter, are sanctioned, an additional sum of Rs. 250 being provided under this head. As proposed by the Director, the drawing master should impart instruction in drawing, not only in the high school, but also in the primary schools within the town.

(3) *Grant 3.*—The addition to, and alterations in, the conservancy and private scavenging establishments proposed in paragraph 11 are approved. A sum of Rupees 430 will be provided to meet possible charges connected with the bubonic plague, with reference to G.O., No. 1985 M., dated 18th November 1896. The attention of the municipal council is drawn to the remark of the Sanitary Commissioner in paragraph 3 of his letter and to the Collector's remark at the close of paragraph 4 of his endorsement. The omission noticed in paragraph 2 of the Sanitary Commissioner's letter read above should not be allowed to recur.

(4) *Grant 5.*—The contribution for the central office establishments will be raised from Rs. 90 to Rs. 179, or Rs. 180 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 1,040, or 5·6 per cent. of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From M.R.Ry. V. SUBBA RAO Avargal, B.A., Chairman, Municipal Council, Karúr, to the Secretary to Government, Local and Municipal Department (through the Revenue Officer of the Division, Coimbatore), dated 7th January 1897, No. 14.

I have the honour to submit the budget estimate of the Karúr Municipality for 1897–98 sanctioned by the council in their resolution No. 1, dated 5th instant, copy of which is enclosed.

REVISED ESTIMATE FOR 1896–97.

2. The year opened with a balance of Rs. 3,860 against the budget estimate of Rs. 1,690.

The increase is due to the advance in the actual receipts over the estimated amounts for 1895–96.

*Receipts.*

3. The receipts are now estimated at Rs. 18,060 against Rs. 16,900 of the budget and the principal variations are explained below :—

(*a*) *Tolls* + *Rs.* 310 ; (*b*) *Income from Markets* + *Rs.* 240 ; (*c*) *Income from Slaughter-house* + *Rs.* 40.—The actual bids under the above heads largely exceeded the estimated figures.

(*d*) *Ferry rents* + *Rs.* 180.—The ferry fetched Rs. 40 more than was expected, and Rs. 140 forming the last kist, which in former years was due only in April, will this year be collected before March.

(*e*) *Sale-proceeds of Lands, &c., Rs.* 80.—It is not expected that a site proposed to be sold will be disposed of within the year.

(*f*) *Income from Educational Institutions* + *Rs.* 400.—The strength of the high school has considerably improved and the estimate is based on the collections of the last eight months.

(*g*) *Grants from Government on account of Education* — *Rs.* 110.—The fall is due to the salary of the acting head master having been fixed at Rs. 50 against Rs. 60 of the permanent incumbent and to the grant towards the supply of furniture to the high school estimated at Rs. 50 having been declined by the Director. This decrease is counterbalanced by a promised building grant of Rs. 30 for a latrine to the school and makes the total fall under contributions Rs. 110.

(*h*) *Miscellaneous* + *Rs.* 90.—The amount of a decree against a party that had remained unexecuted in previous years was collected.

*Charges.*

4. The total charges are estimated at Rs. 18,850 against Rs. 18,020, and the year is expected to close with a balance of Rs. 3,070.

5. The variations between the budget and revised estimates are explained below :—

(i) *Grant 1, Public Works* + *Rs.* 810.—A double iron latrine of the standard plan estimated to cost Rs. 820 is proposed to be constructed within the year and the sanction of the Sanitary Board has been applied for. Repairs to school buildings, meat-market and the chattram have contributed towards the increase under repairs.

(ii) *Grant 2, Education — Rs.* 280.—This is accounted for mainly by a reduction of Rs. 10 in the salary of the head master of the high school and by savings under establishment owing to a temporary hand not having been found necessary till the latter part of the year.

(iii) *Grant 3, Sanitation and Medical Services—Rs.* 60.—The contribution on account of lymph supplied is now estimated not to exceed Rs. 20 against the estimated amount of Rs. 60. There was a saving under conservancy establishment of Rs. 270 owing to the additional number of scavengers sanctioned in the budget not having been available for a greater part of the year. This amount has been utilised in providing additional rubbish and night-soil carts and in meeting the extra charges on account of cholera which has broken out in the town.

(iv) *Grant 4, Lighting and Miscellaneous Municipal Purposes* + *Rs.* 170.—A few wooden lamp-posts were renewed and stone-pillars substituted. An increase under law charges has been provided on account of an appeal which is likely to be preferred against a decree obtained by the council.

BUDGET ESTIMATE FOR 1897–98.

6. The closing balance of Rs. 3,070 has been brought forward in the budget for 1897–98.

*Receipts.*

7. The total receipts are estimated at Rs. 18,590 against Rs. 18,060 of the revised estimate for the current year. The variations under important heads are explained below :—

| | | RS. |
|---|---|---|
| (1) | Tax on buildings .. .. .. .. .. .. | + 90 |
| (2) | Tolls .. .. .. .. .. .. .. | — 850 |
| (3) | Ferry rents .. .. .. .. .. .. .. | — 180 |
| (4) | Sale-proceeds of lands .. .. .. .. .. .. | + 80 |
| (5) | Fees from educational institutions .. .. .. .. | + 100 |
| (6) | Income from markets and slaughter-house .. .. .. | — 80 |
| (7) | Grants from Government building .. .. .. .. | + 220 |
| (8) | Private scavenging .. .. .. .. .. .. | + 50 |
| (9) | Other items .. .. .. .. .. .. .. | + 1,110 |

(1) A small increase of Rs. 90 is expected under tax on buildings on account of a number of new houses including the taluk cutcherry which are in the course of construction.

(2) It is not safer to place the estimate under tolls at a higher figure than Rs. 3,600, exclusive of the contribution to the district board, though in the current year the bid went up to (Rs. 5,900—Rs. 1,966) Rs. 3,934. The decrease is also accounted for by the fact that a sum of Rs. 500 belonging to previous years and remaining as deposit in the Post office Savings Bank will be brought to account in the current year.

(3) The decrease in ferry rents is due to the expected realisation within the current year of what would ordinarily be due in April 1897.

(4) The sale of certain sites towards the west of the town is estimated to bring the increase.

(5) The estimate of an increase of Rs. 100 under school-fees is based on the financial progress which the high school has shown and which it is likely to continue to show.

(6) A decrease of Rs. 80 under income from markets and slaughter-house is expected as the unusually keen competition which occurred among bidders this year is not likely to recur.

(7) It is proposed to construct a new building as an addition to the present high school buildings in reference to the suggestion of the Director of Public Instruction in paragraph 2 of his Proceedings, dated 31st August 1896, No. 9532, and credit is taken for a contribution from the Government of a third of its cost.

(8) The number of houses brought under the private scavenging system has been steadily progressing and is estimated to give an increase of Rs. 50.

(9) Credit is taken under other items for a sum of Rs. 1,200, being the amount of a decree with costs, &c., passed by the District Munsif of Karúr in favour of the council in a suit for the recovery of the embezzled amounts from the ex-Chairman M.R.Ry. K. Srinivasa Aiyangar—*vide* Proceedings of the Madras Government, Mis. No. 1197 M., dated 25th July 1895.

*Charges.*

8. The total charges are estimated at Rs. 19,780 against Rs. 18,850 in the current year showing an increase of Rs. 930.

9. *Grant 1, Public Works—New Works—Buildings—Rs.* 1,750.—A sum of Rs. 750 is provided for constructing a building adjoining the high school for the use of one of the forms in the place of the present thatched shed. There is hardly room for more than two classes in the present building and the Educational authorities have more than once called attention to the necessity for extending it. In the weekly market, which is a large open enclosure with no place for people to take shelter during rains, it is proposed to have a tiled construction at a cost of about Rs. 650. The remaining sum of Rs. 350 is intended for two latrines and the extension of the office store-rooms.

*Repairs.*—A sum of Rs. 100 is provided for repairing the hospital kitchen.

*Communications.*—Under communications 50 per cent. of the estimated receipts from tolls has been allotted to "New works and repairs." The new works will mainly relate to road-side stone revetments.

*Water-supply.*—Under water-supply a sum of Rs. 30 for digging springs in the river-bed during summer is provided and Rs. 100 under repairs is for cementing the interior of certain drinking-water wells.

10. *Grant 2, Education.*—The only change proposed under establishment is an increase in the salary of the second assistant of Rs. 2–8–0 a month on account of the long service which he has put in. The Inspector of Schools, Western Circle, strongly recommends it.

Under contingencies a sum of Rs. 150 has been provided with reference to the actuals in the previous years.

A sum of Rs. 350 has been allotted to results grants and a provision of Rs. 100 is made under building grants in reference to the request of the Manager of the Wesleyan Mission Panchama School.

11. *Grant 3, Sanitation and Medical Services—(a) Hospitals and Dispensaries.*—On account of the increments to the salary of the civil apothecary from August 1897 of Rs. 25 and of the compounder from July of Rs. 3, an increase of Rs. 160 is provided under hospital establishment. The caste and gosha dispensary will be maintained as usual.

(*b*) Under conservancy, the changes proposed are detailed in the proposition statement. There will be three classes of toties on Rs. 6, 5½ and 5. This division has been proposed to distinguish the long service male toties from the women and the junior men. The rubbish cart-drivers will each have an increase of 8 annas and receive Rs. 5 instead of Rs. 4–8–0 a month.

Four additional hands are proposed—two scavengers for the new latrines, one for the night-soil depôt and the fourth for sweeping the new Taluk Cutcherry street. The night-soil cart-drivers were in the previous years classified under toties. They have now been entered separately. The two drainage cartmen sanctioned in the last budget have been utilised one as a drain-cleaner and the other as the driver of a rubbish cart, the carting of the sewage as proposed not being found practicable.

Under private scavenging system an additional hand was employed recently under G.O., Mis. No. 1902 M., dated 11th November 1896. The superintendence of the work has now become more difficult on account of the large increase in the number of houses served and is now in the hands of one of the inspectors who also collects the fees. An allowance of Rs. 2 to him a month is therefore recommended.

12. *Grant 4, Lighting and Miscellaneous Municipal purposes.*—An increase of Rs. 50 is made to replace the wooden lamp-posts in a broken condition by stone-pillars. An allotment of Rs. 300 is made for the purchase of a burning-ground lower down the Amaravathi.

13. *Grant 5.*—It is proposed to re-number the houses in the town and to put up boards to indicate the streets and lanes at a cost of Rs. 130 which brings the allotment under (*b*) (2) to Rs. 200.

14. The budget closes with a balance of Rs. 1,880 or a little more than 10 per cent. of the total receipts. The prescribed proposition statements are submitted.

Dis. No. 213-Rev.

Forwarded for the orders of Government in the Local and Municipal Department.

2. The variations between the sanctioned and revised estimates for the year 1896–97 are explained by the Chairman. The collections under "Tax on lands" and tolls during the first eight months of the year might have been better.

3. The increase in receipts for 1897–98 is owing to the credit taken under "Other items" for a sum of Rs. 1,200 being the amount, with costs, &c, decreed in favour of the municipal council in a suit for the recovery of the amount embezzled from the ex-Chairman, while that in charges occurs under all grants and is explained by the Chairman in his covering letter.

4. It is observed that the budget for 1897–98 contains the following among other proposals, viz.:—

(*a*) Under Grant 1, constructing a building for one of the forms of the high school and another in the weekly market and also two latrines.

(*b*) Increasing the salary of the second Assistant Master, Municipal High School, by Rs. 2½ a month and providing for a building grant to the Wesleyan Mission Panchama School under Grant 2.

(*c*) (i) Providing for the septennial increase in the pay of the civil apothecary and raising the pay of the hospital compounder by Rs. 3 a month.

(ii) Entertaining four additional hands—one sweeper and three toties—under conservancy and raising the pay of the rubbish cart-drivers by half a rupee a month.

(iii) Also granting an allowance of Rs. 2 a month to the inspector who is charged with the supervision of private scavengers—Grant 3.

(*d*) Under Grant 4, purchasing a burning-ground at a cost of Rs. 300.

These proposals may be approved. The last one especially is an urgent necessity from a sanitary point of view. A few days ago I received a letter from the Assistant Traffic Manager, South Indian Railway, Madura, complaining of the existence of the present burning-ground in the vicinity of the railway station at Karúr and the necessity for providing a burning-ground at an unobjectionable locality has been pointed out by sanitary officers from time to time and has long been the subject of consideration of the council. It is hoped that there will be no more delay in finding a suitable site for the purpose.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 14th January 1897, No 329.

Adverting to the budget estimate of the Karúr Municipality for 1897–98, I have the honour to state that the allotments made therein under the several heads of Grant 2 seem sufficient. No proper arrangements, however, exist for the teaching of drawing, which is a subject of the ordinary school curriculum in upper secondary schools. I would, therefore, strongly recommend that a provision of Rs. 250 be made for the purpose, Rs. 220 for the salary of the drawing master for eleven months at Rs. 20 per mensem and Rs. 30 for the purchase of the necessary materials; credit

being, at the same time, taken for a grant of Rs. 120 in round numbers from Provincial funds subject to the provisions of the Code. In addition to teaching drawing in the Karúr High school, he should also be required to devote some time to the teaching of the subject in the primary schools within the municipality.

2. Under receipts credit has been taken for a fee income of Rs. 2,500, but with reference to the actuals of 1894–95 and 1895–96, I doubt whether such a large sum will be realised. The fee receipts may, therefore, be fixed at Rs. 2,300.

3. With the above modifications, the net expenditure proposed on education is Rs. 1,770 (Rs. 4,400—Rs. 2,630), excluding building grants, or about 16 per cent. of the estimated income from taxation and markets.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 23rd January 1897, No. 18.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Karúr Municipality for the year 1897–98 is sufficient and calls for no further remarks.

---

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Gazalapalli, 15th February 1897, No. 392–S.

I have the honour to state that I have no remarks to offer on the vaccine and conservancy portions of the Karúr municipal budget for 1897–98. The allotment for conservancy is 24·3 per cent. of the estimated receipts.

2. No extract from Statement II-A has been furnished; but, from the Chairman's letter, it is gathered that Rs. 1,000 are entered under Grant 1 for the erection of a market shed and two latrines and Rs. 130 for the improvement of water-supply.

3. My suggestions for improving conservancy staff and plant do not appear to have received attention—*vide* paragraph 5 (*f*) of my notes printed in G.O., No. 2036 M., dated 27th November 1896.

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now estimated at Rs. 18,060 and Rs. 18,850, respectively, against Rs. 16,900 and Rs. 18,020 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls, school-fees and income from markets, while that in the charges appears mainly under Grant 1. The attention of the municipal council is drawn to the Collector's remark in the latter part of paragraph 2 of his endorsement. The contribution for the controlling establishments at the Presidency will be raised from Rs. 90 to Rs. 115, or Rs. 120 in round numbers, with reference to G.O., No. 2391 L., dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs. 3,040.

BUDGET ESTIMATE FOR 1897–98.

3. The probable receipts are put down at Rs. 18,590 against Rs. 18,060 in the revised estimate, the decrease, which occurs chiefly under tolls, being more than counterbalanced by an increase under "Miscellaneous—Recovery of the amount of decree passed against the late Chairman." As recommended by the Director of Public Instruction in paragraph 1 of his letter read above, credit will be taken for a grant of Rs. 120 from Provincial funds towards the salary of a drawing master and the

estimated income from school-fees will be reduced by Rs. 209. In fairness to the general tax-payer the receipts under private scavenging fees will be raised from Rs. 250 to Rs. 290 so as to cover the cost of the service.

4. *Charges.*—(1) The charges are placed at Rs. 19,780 against the revised estimate of Rs. 18,880—the increase, which appears under Grants 2, 3, 4 and 5, being partly met by a decrease under Grant 1.

(2) *Grant 2.*—The increase of Rs. 2–8–0 in the pay of the second assistant master of the municipal high school proposed in paragraph 10 of the Chairman's letter, and the entertainment of a drawing master on Rs. 20 recommended in paragraph 1 of the Director's letter, are sanctioned, an additional sum of Rs. 250 being provided under this head. As proposed by the Director, the drawing master should impart instruction in drawing, not only in the high school, but also in the primary schools within the town.

(3) *Grant 3.*—The addition to, and alterations in, the conservancy and private scavenging establishments proposed in paragraph 11 are approved. A sum of Rupees 430 will be provided to meet possible charges connected with the bubonic plague, with reference to G.O., No. 1985 M., dated 18th November 1896. The attention of the municipal council is drawn to the remark of the Sanitary Commissioner in paragraph 3 of his letter and to the Collector's remark at the close of paragraph 4 of his endorsement. The omission noticed in paragraph 2 of the Sanitary Commissioner's letter read above should not be allowed to recur.

(4) *Grant 5.*—The contribution for the central office establishments will be raised from Rs. 90 to Rs. 179, or Rs. 180 in round figures, with reference to G.O., No. 2391 L., dated 17th December 1896.

5. The budget, as revised by Government, closes with a balance of Rs. 1,040, or 5·6 per cent. of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper :—

From M.R.Ry. V. SUBBA RAO Avargal, B.A., Chairman, Municipal Council, Karúr, to the Secretary to Government, Local and Municipal Department (through the Revenue Officer of the Division, Coimbatore), dated 7th January 1897, No. 14.

I have the honour to submit the budget estimate of the Karúr Municipality for 1897–98 sanctioned by the council in their resolution No. 1, dated 5th instant, copy of which is enclosed.

Revised Estimate for 1896–97.

2. The year opened with a balance of Rs. 3,860 against the budget estimate of Rs. 1,690.

The increase is due to the advance in the actual receipts over the estimated amounts for 1895–96.

*Receipts.*

3. The receipts are now estimated at Rs. 18,060 against Rs. 16,900 of the budget and the principal variations are explained below :—

(*a*) *Tolls* + *Rs.* 310 ; (*b*) *Income from Markets* + *Rs.* 240 ; (*c*) *Income from Slaughter-house* + *Rs.* 40.—The actual bids under the above heads largely exceeded the estimated figures.

(*d*) *Ferry rents* + *Rs.* 180.—The ferry fetched Rs. 40 more than was expected, and Rs. 140 forming the last kist, which in former years was due only in April, will this year be collected before March.

(*e*) *Sale-proceeds of Lands, &c., Rs.* 80.—It is not expected that a site proposed to be sold will be disposed of within the year.

(*f*) *Income from Educational Institutions* + *Rs.* 400.—The strength of the high school has considerably improved and the estimate is based on the collections of the last eight months.

(*g*) *Grants from Government on account of Education* — *Rs.* 110.—The fall is due to the salary of the acting head master having been fixed at Rs. 50 against Rs. 60 of the permanent incumbent and to the grant towards the supply of furniture to the high school estimated at Rs. 50 having been declined by the Director. This decrease is counterbalanced by a promised building grant of Rs. 30 for a latrine to the school and makes the total fall under contributions Rs. 110.

(*h*) *Miscellaneous* + *Rs.* 90.—The amount of a decree against a party that had remained unexecuted in previous years was collected.

*Charges.*

4. The total charges are estimated at Rs. 18,850 against Rs. 18,020, and the year is expected to close with a balance of Rs. 3,070.

5. The variations between the budget and revised estimates are explained below :—

(i) *Grant 1, Public Works* + *Rs.* 810.—A double iron latrine of the standard plan estimated to cost Rs. 820 is proposed to be constructed within the year and the sanction of the Sanitary Board has been applied for. Repairs to school buildings, meat-market and the chattram have contributed towards the increase under repairs.

(ii) *Grant 2, Education — Rs.* 280.—This is accounted for mainly by a reduction of Rs. 10 in the salary of the head master of the high school and by savings under establishment owing to a temporary hand not having been found necessary till the latter part of the year.

(iii) *Grant 3, Sanitation and Medical Services—Rs.* 60.—The contribution on account of lymph supplied is now estimated not to exceed Rs. 20 against the estimated amount of Rs. 60. There was a saving under conservancy establishment of Rs. 270 owing to the additional number of scavengers sanctioned in the budget not having been available for a greater part of the year. This amount has been utilised in providing additional rubbish and night-soil carts and in meeting the extra charges on account of cholera which has broken out in the town.

(iv) *Grant 4, Lighting and Miscellaneous Municipal Purposes* + *Rs.* 170.—A few wooden lamp-posts were renewed and stone-pillars substituted. An increase under law charges has been provided on account of an appeal which is likely to be preferred against a decree obtained by a decree obtained by the council.

Budget Estimate for 1897–98.

6. The closing balance of Rs. 3,070 has been brought forward in the budget for 1897–98.

*Receipts.*

7. The total receipts are estimated at Rs. 18,590 against Rs. 18,060 of the revised estimate for the current year. The variations under important heads are explained below :—

| (9) | Other items .. .. .. .. .. .. .. | + 1,110 |

(1) A small increase of Rs. 90 is expected under tax on buildings on account of a number of new houses including the taluk cutcherry which are in the course of construction

(2) It is not safer to place the estimate under tolls at a higher figure than Rs. 3,600, exclusive of the contribution to the district board, though in the current year the bid went up to (Rs. 5,900—Rs. 1,966) Rs. 3,934. The decrease is also accounted for by the fact that a sum of Rs. 500 belonging to previous years and remaining as deposit in the Post office Savings Bank will be brought to account in the current year.

(3) The decrease in ferry rents is due to the expected realisation within the current year of what would ordinarily be due in April 1897.

(4) The sale of certain sites towards the west of the town is estimated to bring the increase.

(5) The estimate of an increase of Rs. 100 under school-fees is based on the financial progress which the high school has shown and which it is likely to continue to show.

(6) A decrease of Rs. 80 under income from markets and slaughter-house is expected as the unusually keen competition which occurred among bidders this year is not likely to recur.

(7) It is proposed to construct a new building as an addition to the present high school buildings in reference to the suggestion of the Director of Public Instruction in paragraph 2 of his Proceedings, dated 31st August 1896, No. 9532, and credit is taken for a contribution from the Government of a third of its cost.

(8) The number of houses brought under the private scavenging system has been steadily progressing and is estimated to give an increase of Rs. 50.

(9) Credit is taken under other items for a sum of Rs. 1,200, being the amount of a decree with costs, &c., passed by the District Munsif of Karúr in favour of the council in a suit for the recovery of the embezzled amounts from the ex-Chairman M.R.Ry. K. Sreenivasa Aiyangar—*vide* Proceedings of the Madras Government, Mis. No. 1197 M., dated 25th July 1895.

*Charges.*

8. The total charges are estimated at Rs. 19,780 against Rs. 18,850 in the current year showing an increase of Rs. 930.

9. *Grant 1, Public Works—New Works—Buildings—Rs.* 1,750.—A sum of Rs. 750 is provided for constructing a building adjoining the high school for the use of one of the forms in the place of the present thatched shed. There is hardly room for more than two classes in the present building and the Educational authorities have more than once called attention to the necessity for extending it. In the weekly market, which is a large open enclosure with no place for people to take shelter during rains, it is proposed to have a tiled construction at a cost of about Rs. 650. The remaining sum of Rs. 350 is intended for two latrines and the extension of the office store-rooms.

*Repairs.*—A sum of Rs. 100 is provided for repairing the hospital kitchen.

*Communications.*—Under communications 50 per cent. of the estimated receipts from tolls has been allotted to "New works and repairs." The new works will mainly relate to road-side stone revetments.

*Water-supply.*—Under water-supply a sum of Rs. 30 for digging springs in the river-bed during summer is provided and Rs. 100 under repairs is for cementing the interior of certain drinking-water wells.

10. *Grant 2, Education.*—The only change proposed under establishment is an increase in the salary of the second assistant of Rs. 2–8–0 a month on account of the long service which he has put in. The Inspector of Schools, Western Circle, strongly recommends it.

Under contingencies a sum of Rs. 150 has been provided with reference to the actuals in the previous years.

A sum of Rs. 350 has been allotted to results grants and a provision of Rs. 100 is made under building grants in reference to the request of the Manager of the Wesleyan Mission Panchama School.

11. *Grant 3, Sanitation and Medical Services—(a) Hospitals and Dispensaries.*—On account of the increments to the salary of the civil apothecary from August 1897 of Rs. 25 and of the compounder from July of Rs. 3, an increase of Rs. 160 is provided under hospital establishment. The caste and gosha dispensary will be maintained as usual.

(*b*) Under conservancy, the changes proposed are detailed in the proposition statement. There will be three classes of toties on Rs. 6, 5½ and 5. This division has been proposed to distinguish the long service male toties from the women and the junior men. The rubbish cart-drivers will each have an increase of 8 annas and receive Rs 5 instead of Rs. 4–8–0 a month.

Four additional hands are proposed—two scavengers for the new latrines, one for the night-soil depôt and the fourth for sweeping the new Taluk Cutcherry street. The night-soil cart-drivers were in the previous years classified under toties. They have now been entered separately. The two drainage cartmen sanctioned in the last budget have been utilised one as a drain-cleaner and the other as the driver of a rubbish cart, the carting of the sewage as proposed not being found practicable.

Under private scavenging system an additional hand was employed recently under G.O., Mis. No. 1902 M., dated 11th November 1896. The superintendence of the work has now become more difficult on account of the large increase in the number of houses served and is now in the hands of one of the inspectors who also collects the fees. An allowance of Rs. 2 to him a month is therefore recommended.

12. *Grant 4, Lighting and Miscellaneous Municipal purposes.*—An increase of Rs. 50 is made to replace the wooden lamp-posts in a broken condition by stone-pillars. An allotment of Rs. 300 is made for the purchase of a burning-ground lower down the Amaravathi.

13. *Grant 5.*—It is proposed to re-number the houses in the town and to put up boards to indicate the streets and lanes at a cost of Rs. 130 which brings the allotment under (*b*) (2) to Rs. 200.

14. The budget closes with a balance of Rs. 1,880 or a little more than 10 per cent. of the total receipts. The prescribed proposition statements are submitted.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 14th January 1897, No 329.

Adverting to the budget estimate of the Karúr Municipality for 1897–98, I have the honour to state that the allotments made therein under the several heads of Grant 2 seem sufficient. No proper arrangements, however, exist for the teaching of drawing, which is a subject of the ordinary school curriculum in upper secondary schools. I would, therefore, strongly recommend that a provision of Rs. 250 be made for the purpose, Rs. 220 for the salary of the drawing master for eleven months at Rs. 20 per mensem and Rs. 30 for the purchase of the necessary materials; credit being, at the same time, taken for a grant of Rs. 120 in round numbers from Provincial funds subject to the provisions of the Code. In addition to teaching drawing in the Karúr High school, he should also be required to devote some time to the teaching of the subject in the primary schools within the municipality.

2. Under receipts credit has been taken for a fee income of Rs. 2,500, but with reference to the actuals of 1894–95 and 1895–96, I doubt whether such a large sum will be realised. The fee receipts may, therefore, be fixed at Rs. 2,300.

3. With the above modifications, the net expenditure proposed on education is Rs. 1,770 (Rs. 4,400—Rs. 2,630), excluding building grants, or about 16 per cent. of the estimated income from taxation and markets.

Dis. No. 213-Rev.

Forwarded for the orders of Government in the Local and Municipal Department.

2. The variations between the sanctioned and revised estimates for the year 1896–97 are explained by the Chairman. The collections under "Tax on lands" and tolls during the first eight months of the year might have been better.

3. The increase in receipts for 1897–98 is owing to the credit taken under "Other items" for a sum of Rs. 1,200 being the amount, with costs, &c., decreed in favour of the municipal council in a suit for the recovery of the amount embezzled from the ex-Chairman, while that in charges occurs under all grants and is explained by the Chairman in his covering letter.

4. It is observed that the budget for 1897–98 contains the following among other proposals, viz.:—

(*a*) Under Grant 1, constructing a building for one of the forms of the high school and another in the weekly market and also two latrines.

(*b*) Increasing the salary of the second Assistant Master, Municipal High School, by Rs. 2½ a month and providing for a building grant to the Wesleyan Mission Panchama School under Grant 2.

(*c*) (i) Providing for the septennial increase in the pay of the civil apothecary and raising the pay of the hospital compounder by Rs. 3 a month.

(ii) Entertaining four additional hands—one sweeper and three toties—under conservancy and raising the pay of the rubbish cart-drivers by half a rupee a month.

(iii) Also granting an allowance of Rs. 2 a month to the inspector who is charged with the supervision of private scavengers—Grant 3.

(*d*) Under Grant 4, purchasing a burning-ground at a cost of Rs. 300.

These proposals may be approved. The last one especially is an urgent necessity from a sanitary point of view. A few days ago I received a letter from the Assistant Traffic Manager, South Indian Railway, Madura, complaining of the existence of the present burning-ground in the vicinity of the railway station at Karúr and the necessity for providing a burning-ground at an unobjectionable locality has been pointed out by sanitary officers from time to time and has long been the subject of consideration of the council. It is hoped that there will be no more delay in finding a suitable site for the purpose.

Revised estimate for 1896-97.

2. The current receipts and charges are now estimated at Rs.18,060 and Rs.18,850 respectively against Rs.16,900 and Rs.18020 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls, school-fees and income from markets; while that in the charges appears mainly under grant I. The Municipal Council's attention is drawn to the Collector's remark in the latter part of para.2 of his endorsement. The contribution for the controlling establishments at the Presidency will be raised from Rs.90 to Rs.115 or Rs.120 in round numbers with reference to G.O.No.2391 L, dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs.3,040.
