Enclosure.

SIR,

I have the honor to state that I have no remarks to offer on the allotments made for vaccination and curseru by the Tukurin Municipal Council in its budget for the ensuing year. The provision for the latter purpose is about 29 per cent of the estimated receipts, against 27.8 per cent sanctioned for the current year. The proposal to increase the number of sewage carts should be guarded by the demand that cost of conveyance of sewage be obtained from house holders benefited. the procedure being most costly, and are rightly falling on house holders - so long as no regular drainage scheme exists.

2. Under Grant-I B, 1820 are set apart for expenditure on sanitary works.

3. The mission brought to notice in the last para of my letter on the current budget has again not been supplied.

I have the honor to be
