### Bubonic Plague.

READ—the following paper:—

From the Collector of North Arcot, Ref. on Cur. No. 400-Eng., dated 4th March 1897.

In obedience to the orders contained in G.O., No. 319 M., dated 27th February 1897, I have the honour to report that I have made the following arrangements:—

In survey No. 12 of Ammanoor village, there is a large bungalow divided into three distinct parts, each containing a commodious room and a bath-room. There is also a cook-house. This will provide admirable accommodation for the superior staff of Surgeon, apothecary and female apothecary. The hospital assistants can, I presume, obtain accommodation in the town.

2. I have ordered the construction of four hospital sheds in the end of the compound away from the Railway lines. Close to the hospital camp so laid out there is a large pukka-built latrine and the cook-room described above, so that food for Europeans in hospital can be prepared at the latter. On the opposite side of the compound (but also in the end away from the Railway lines), I have ordered the construction of two segregation sheds for Europeans. There is also on this side the old sub-jail hospital, which with some alterations, cleaning and whitewashing, will form a segregation shed for natives, four males and four females (there is a partition wall). There is near this native shed another pukka-built latrine.

3. A cooking shed for natives can be added at any site chosen by the medical staff hereafter. There is no immediate necessity at this time of year. There is also a large store-house. This, if necessary, would also supply accommodation for hospital assistants. The whole is in one very large compound surrounded by a hedge, so that segregation will be complete. The distance from the station is about a quarter of a mile. I presume that the medical staff will make their own arrangements for obtaining cots and other hospital furniture, linen, &c., from the medical stores.

4. The native segregation hut will be ready by the end of this week, the other huts by about the 11th instant. Some delay is caused by the necessity to send to a distance for materials which are not available here.

ORDER—No. 498 M., dated 12th March 1897.

The Collector's action is approved.

NORTH ARCOT, COLLECTOR'S OFFICE,

Arconam 4<sup>th</sup> March 1897.

By order No. 400 of 1897.

From

J. H. Wynne Esquire

Collector & District Magistrate,

North Arcot.

To

The Secretary of Government  
Local and Municipal  
departments  
Madras.

Sir,

In obedience to the orders  
contained in G.O. No 319 of 27-2-97 I  
have the honor to report that I have  
made the following arrangements.

In Survey No 12 of Arumanoor  
Village there is a large house now  
divided into 3 distinct parts each  
containing a commodious room  
and a bathroom. There is also a  
Cook house. This will provide  
admirable accommodation for the  
Superior Staff of Surgeon,  
Apothecary, and female apothecary  
The Hospital assistants can,  
I presume, obtain accommodation  
in the town.

I have ordered the construction

of 4 Hospital sheds in the end of  
the compound away from the Railway  
lines. Close to the Hospital Camp  
so laid out there is a large punka  
built latrine and the Cook room  
described above so that food for  
Europeans in Hospital can be  
prepared at the latter. On the opposite  
side of the Compound (that also in  
the end away from the Railway  
lines) I have ordered the construction  
of 2 Segregation sheds for Europeans.

There is also on this side the old  
Sub Jail hospital which with  
some alterations, cleaning, and  
whitewashing, will form a  
Segregation shed for <sup>natives</sup> males and  
4 of females (there is a partition wall)  
There is near this native shed another  
punka built latrine

3. A Cooking shed for natives  
can be added at any side chosen  
by the Medical Staff hereafter.  
There is no immediate necessity  
at this time of year. There is also  
a large ~~store~~ <sup>store</sup> house. This if

necessary would also supply accom-  
modation for Hospital Assistants.  
The whole is in one very large  
Compound surrounded by a hedge  
so that Segregation will be complete.  
The distance from the Station is  
about a quarter of a mile. I  
presume that the medical Staff  
will make their own arrangements  
for obtaining coats and other hospital  
furniture, linen & from the  
medical stores.

4. The Native Segregation  
but will be ready by the end of this week;  
the other built by about the 11<sup>th</sup> Instant.  
Some delay is caused by the necessity  
to send to a distance for materials  
which are not available here.  
I have the honor to be  
Yours very obediently  
S. J. Hyman.

Collector and  
President District Board
