From R. FISCHER, Esq., Chairman, Municipal Council, Madura, to the Secretary to Government, Local and Municipal Department (through the Collector and the Divisional Officer, Madura), dated 24th December 1896, No. 60.

I have the honour to submit the budget estimates of the Madura Municipality for the year 1897–98 as passed by the municipal council in its resolution, No. 421, dated 22nd December 1896.

5. *Items Nos.* 1 *and* 2.—The balance under these taxes on the 31st March last amounted to Rs. 14,300. As vigorous steps have been taken to collect these as well as the current demand, it is hoped that Rs. 4,000 under tax on arts and Rs. 6,500 under that on buildings will be collected over and above the amounts anticipated in the budget of the current year.

6. *Item No.* 3.—Though the current demand fell by Rs. 2,010 consequent on levying the water-tax on houses beyond the distance of 150 yards from a fountain at half the usual rates, as per G.O., Mis. No. 1250 M., dated the 27th July 1896, yet as the balance at the close of the last official year was Rs. 7,060, it is expected that an increase of Rs. 2,000 will be realized under this item.

7. *Item No.* 4.—The increase under this item is due to keen competition at bids of the sale of toll-gates and to the fact that the right of compounding under section 91 (2) of Act IV of 1884 was waived by the council in favour of the contractors (*vide* copy of resolution of the municipal council, No. 66, dated 25th March 1896).

8. *Item No.* 5.—A sum of Rs. 220, being the expected receipt from the lease of certain vacant lands, has been transferred to the proper head under markets. In spite of this, an increase of Rs. 500 is anticipated, as the lessee of the Karapatti chattram lands paid his last two years' instalments about the beginning of this year.

9. *Item No.* 6.—As stated in paragraph 14 of the last administration report embodied in G.O., No. 1591 M., dated 18th September 1896, the amount of rent due on the English Club buildings for the last quarter of 1895–96 was paid during the current year. Hence the increase.

10. *Item No.* 7.—The increase is chiefly due to the healthy competition amongst bidders at the sale of the lease of avenue trees for the current year.

11. *Item No.* 8.—The race-course lands were sold to Government for Rs. 5,000. This together with cost of a portion of the Maninagaram lands paid by a party account for the unexpected receipt of Rs. 5,070 in the estimate.

12. *Item No.* 9.—Each of the stalls in the three markets was leased out at a higher rent for the current year, and the large increase of Rs. 1,000 is due to this circumstance as well as to the transfer explained in paragraph 8 *supra*.

13. *Item No.* 10.—This is a new heading classified as per G.O., No. 1460 M., dated 2nd September 1896. The Government having approved of the proposal of the Accountant-General and ordered that immediate effect be given to it, a sum of Rs. 2,200 is expected to be transferred to Municipal funds at the close of the present official year.

14. *Items Nos.* 11 *and* 13, being slight, call for no remarks.

15. *Item No.* 12.—The sale-proceeds of a promissory note for Rs. 2,000, referred to in paragraph 60 of the last budget report, amounted to Rs. 2,140. Hence the excess.

16. *Item No.* 14.—Rs. 3,530 remitted to the Bank of Madras for purchase of promissory notes for investment in favour of Sinking fund of loans, as well as the advances made to the Sanitary Engineer and others, were recovered during the year. Hence the increase.

17. *Item No.* 15.—The race-course lands having been sold to Government, a decrease under this item is expected, as the grass in the park alone will have to be leased.

18. *Item No.* 16.—The decrease is due to the fact that the sale of sweepings, &c., at the late cattle fair fetched only Rs. 65 and not Rs. 165 as anticipated.

19. *Item No.* 17.—The decrease is slight and calls for no remark. The suit instituted against the contractor of East market cart-stand is likely to be disposed of during the next official year, and so the amount due from him is omitted from the estimate.

20. *Item No.* 18.—Rs. 2,200 having been transferred and shown as increase (*vide* paragraph 13 *supra*), there is corresponding decrease under this item.

21. *Item No.* 19.—The decrease under this item is due to the drawing master being eligible for a third grant only, instead of a moiety as budgeted for.

22. *Item No.* 20.—The bye-laws for the introduction of house-service system in the town having come into force so late as November last, Rs. 500 will be received within the year. Hence the decrease.

23. *Item No.* 21.—The sale-proceeds of fishery in the Krishna Rao's tank fetched only Rs. 40.

24. *Item No.* 22.—Rs. 100 will only be received in the shape of registration fees.

Charges.

25. The total charges as per revised estimate amount to Rs. 1,59,480, against the budget amount of Rs. 1,50,120, and the difference of Rs. 9,360 is on account of excess expenditure under a few items counterbalanced by a short outlay on certain others as shown below.

The increased expenditure, viz., Rs. 12,180, occurs under the following items :—

	Rs.
Grant 1 (Public Works)—	
(1) New Works—(*b*) Buildings	5,000
Grant 3 (Sanitation and Medical Services)—	
(2) (*c*) Other contributions	200
(5) Conservancy, Road-cleaning and Road-watering—	
(*a*) (i) Establishment	150
(*b*) Private scavenging—	
(i) Establishment	220
(*c*) Cholera charges	1,200
(*d*) Contingencies	500
Grant 5—	
(*f*) Bench establishment	20

(*b*) Invested on account of Sinking fund (value of securities purchased)	3,200
(*c*) Charges of investment	320
Interest—(*a*) On account of last year	680
Advances recoverable—(*b*) Others	410
Refunds of other than current collections	280
Total ..	12,180

(3) Establishment	380

(i) Medical college	1,420
(ii) Sanitary inspection	840
(iii) Medical reserve staff	110
Grant 4, Other charges—	
(ii) Rewards for destruction of wild animals	30
Total ..	2,820
Net increase ..	9,360

26. The increase under Grant 1 is due to the proposed expenditure of Rs. 5,000 in addition to Rs. 1,000 already provided in the budget towards the purchase of lands, &c., for the extension of the hospital buildings sanctioned in G.O., Mis. No. 2091 M., dated 10th December 1896.

27. *Grant 3, Sanitation and Medical Services*—(2) (*c*) *Other Contributions.*—The contribution towards the upkeep of the American Mission dispensaries has been raised to Rs. 800, as these institutions are becoming more popular and are being freely resorted to by the public (*vide* copy of resolution of the municipal council, No. 135, dated 2nd May 1896).

28. (5) (*a*) (i) *Conservancy Establishment.*—The increase is due to the payment of salary of the chief sanitary inspector for two months in the year, as he will take charge of his appointment about the beginning of January next.

29. (5) (*b*) *Private Scavenging*—(i) *Establishment.*—The increase is due to the employment of additional toties for private scavenging purposes in proportion to the number of houses to be served, which is steadily increasing.

30. (*c*) *Cholera Charges.*—The large increase is owing to the entertainment of the observation and preventive staffs as laid down in the rules embodied in G.O., No. 1898 M., dated 10th November 1896, for combating the epidemic of cholera which has broken out in a sporadic form. The necessary establishment will be maintained until the town is free from the disease.

31. (*d*) *Contingencies.*—The increased expenditure is due to the sanitary arrangements made on a large scale during the late cattle fair.

32. *Grant 5—(f) Bench Establishment.*—The increase, being slight, calls for no remark.

33. *Repayment of Debt—Sinking Fund of Loans and charges of Investment.*—As explained in paragraph 17 *supra*, the amount in favour of the Sinking fund of loans was adjusted only about the beginning of this year. Hence the increase.

34. *Interest on account of last year.*—The increase is due to payment this year in a lump sum of the interest on the debenture bond for Rs. 7,500 for the second half of 1894–95 and for 1895–96.

35. *Advances Recoverable—Others.*—These are minor advances paid to contractors and vakils which will be adjusted within the close of the year.

36. *Refunds of other than current Collections.*—Taxes collected in previous years and refunded to the parties with the sanction of the council account for the increase.

37. *Grant 1*—(3) *Establishment.*—As the office of the Public Works overseer was vacant for the last five months, there is a saving of Rs. 380 under this item.

38. *Grant 2, Education*—(7) *Miscellaneous.*—The short expenditure under this head is due to the absence on leave without allowances of the drawing master for some time and to the non-purchase of books and other articles in the current year as there was no necessity for the same.

39. *Grant 3*—(2) (*a*) (i) *Medical College*—(ii) *Sanitary Inspection*—(iii) *Medical Reserve Staff.*—The actuals of the previous year were adopted in the current year. Hence the decrease.

40. *Grant 4.—Rewards for destruction of Wild Animals.*—Rs. 70 is the actual amount spent in the destruction of stray dogs in the town.

BUDGET ESTIMATE FOR 1897–98.

41. The year is expected to begin with a balance of Rs. 14,070, which is the closing balance of the revised estimate for the current year, and it is made up of Rs. 12,280 under Municipal funds and Rs. 1,790 under Endowments.

Receipts.

The total receipts are estimated at Rs. 1,81,490, and the principal variations between the revised estimate and the budget figures are as shown below :—

42. *Tax on Arts and Buildings.*—As prompt arrangements are being made to clear off the arrears and as the current demand under each of the taxes comes up to Rs. 14,600 and 46,000, respectively, Rs. 13,500 out of the former and Rupees 46,000 out of the latter are estimated as the probable receipts of the year.

Revised estimates for 1896–97.	18,000	53,000
Budget „ for 1897–98.	13,500	46,000

43. *Tax on Lands.*—As it is likely that the collection of this tax will be transferred to the Revenue Department, Rs. 2,600 has been estimated as the probable net amount that will be credited to Municipal Funds. This together with Rs. 200, being tax on lands unappropriated to buildings, make up the budget figure.

	Rs.
Revised estimates for 1896–97 ..	3,000
Budget „ for 1897–98 ..	2,800

44. *Water-tax on Buildings and Lands.*—A greater portion of the arrear and the current demands is expected to be realized within the budget year, and Rs. 27,000 is therefore fixed as the probable receipts therefrom. The budget figure is calculated upon the estimated receipts from the tax on buildings and lands.

		Rs.

Budget „ for 1897–98	..	27,000

45. *Tax on Vehicles, Animals and Carts.*—The figures of the revised estimate have been adopted in the budget and care will be taken to prevent evasion of these taxes.

Budget estimates for 1897–98 ..	1,200	2,800	2,400

46. *Tolls.*—The budget figure is based upon the average receipts of the last three years. This together with Rs. 700 which is likely to be collected from the judgment debtor referred to in paragraph 11 of the last budget report make up Rs. 22,700.

		Rs.
Revised estimates for 1896–97	..	23,640

54. *Sale-proceeds of Medicine.*—In view to avoid the difficulty of collecting the cost of medicines supplied from the dispensary, it is proposed to refer such of the patients as could afford to pay to the local shops for such medicines as are available there, giving them necessary prescriptions; hence the decrease.

		Rs.
Revised estimates for 1896–97	..	300
Budget „ for 1897–98	..	100

55. *Income from Markets.*—There is every likelihood of nearly all the stalls in the markets being occupied, as most of the butchers are gradually giving up the practice of keeping open private markets in consequence of systematic prosecutions instituted against them. Hence the anticipated increase of Rs. 1,000 under this item.

		Rs.

65. *Miscellaneous—Service rendered to Private Individuals other than Private Scavenging.*—The systematic institution of prosecutions for filthy compounds and the careful supervision of the out-door staff over the work of the scavenging toties and above all the gradual appreciation by the people of the advantages of the system will, it is hoped, result in the marked increase anticipated under this head.

Considering this fact and his long service, an increase of Rs. 5 to his pay is recommended. This pay, which he well deserves by his good conduct and service, is to be *personal;* and it is hoped that Government will be pleased to sanction it this time, though it was refused last year. MADURA,
5th January 1897.

(Signed) J. TWIGG,
Collector.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Trichinopoly, 12th January 1897, No. Tour-3—14.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Madura Municipality for the year 1897–98 is sufficient and calls for no further remarks.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 15th January 1897, No. 378.

Adverting to the budget estimate of the Madura Municipality for 1897–98, I have the honour to report that the provision therein made for education is sufficient and may be accepted. The amount for which credit is taken as stipendiary grant should be reduced to Rs. 220, as the council will be entitled to a grant of Rs. 20 only per month or Rs. 220 for eleven months. Including the council's contribution of Rs. 1,000 to the district board towards the upkeep of the technico-normal institute, the net expenditure to the municipality under Grant 2 is Rs. 9,580 (Rs. 10,070—490), or, as in the current year, only 7 per cent. of its income from taxation, markets and rents.

2. I beg strongly to recommend that the increased provision under result grants be allowed by Government. With the funds available, it was not found possible to assign during the current year more than 44 per cent. of the net cost on an average to the result schools in the municipality.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Gazalapalli, 15th February 1897, No. 394-S.

I have the honour to submit the following remarks on the budget estimate of the Madura Municipality for 1897–98 in so far as it concerns vaccination and conservancy:—

(*a*) The current year's figure is repeated under vaccination. The provision seems sufficient for requirements.

(*b*) For conservancy Rs. 34,130 are allotted, against Rs. 29,720 sanctioned for the current year. As I have no information regarding the available current receipts, I cannot see how much thereof has been set apart for this purpose.

(*c*) The staff of sweepers and scavengers detailed in Statement II-B is, as observed in my letter on the current budget, insufficient, and it is not known whether any improvement has been effected to the plant at disposal since then.

2. Under New works—Buildings, Rs. 11,500 are allotted for the construction of a slaughter-house, public latrines and a market. Extension and maintenance of water-works will cost Rs. 12,450, excluding establishment charges.

ORDER—No. 517 M., dated 13th March 1897.

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now estimated at Rs. 1,79,140 and Rs. 1,59,480, respectively, against Rs. 1,54,430 and Rs. 1,50,120 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts and buildings, water-tax, tolls, sale-proceeds of lands, income from markets and advances recovered, while that in the charges appears under Grant 1 and repayment of debt. The collections under the principal taxes and the expenditure on new works during the first eight months of the year were again very unsatisfactory. The position statement submitted for the cholera establishment referred to in paragraph 30 of the Chairman's letter is sanctioned. With reference to G.O., No. 2391 L., dated 17th December 1896, the contribution for the central office establishments will be raised from Rs. 780 to Rs. 980. The balance to be carried forward to the ensuing year's budget will then be Rs. 13,870.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The probable receipts are placed at Rs. 1,81,490, against the revised estimate of Rs. 1,79,140, the large increase under recoveries for services to private individuals being nearly counterbalanced by the decrease under the taxes on arts and buildings, water-tax, tolls, sale-proceeds of lands and of Government securities and advances recovered. The municipal council's attention will be drawn to paragraph 2 of the Deputy Collector's endorsement. As recommended by the Director of Public Instruction in his letter read above, the credit taken for stipendiary grants from Government will be reduced by Rs. 20.

4. *Charges.*—(1) The charges are put down at Rs. 1,84,680, against Rs. 1,59,680 in the revised estimate, the increase being mainly under Grants 1, 3 and 4.

(2) *Grant 1.*—None of the new works provided for in the budget should be undertaken until the plans and estimates have been approved by competent authority. In order that the budget may close with a working balance, the allotment for repairs—communications will be reduced to Rs. 13,000.

(3) *Grant 2.*—The increase of one rupee in the pay of the first assistant master of the Muhammadan salary-result school, and the entertainment of an additional teacher on Rs. 5 per mensem in the Panchama school, proposed in paragraph 81 of the Chairman's letter, are sanctioned.

(4) *Grant 3.*—The proposals of the municipal council to abolish the post of prosecuting inspector and to entertain 51 additional toties on Rs. 4 each for the private scavenging service are sanctioned. The suggestion of the Sanitary Commissioner in paragraph 1 (*c*) of his letter read above will be referred to the municipal council for consideration. The Chairman's attention will be drawn to the omission noticed by the Sanitary Commissioner in paragraph 1 (*b*) of his letter. The provision under cholera charges will be raised by Rs. 3,000, with reference to G.Os., No. 1536 M., dated 9th September 1896, and No. 1985 M., dated 18th November 1896.

(5) *Grant 5.*—The proposed increases in the salaries of the record-keeper, daffadar and dalayat of the municipal office will be disallowed, with reference to paragraph 4 of the Deputy Collector's endorsement. With reference to G.O.,

No. 2391 L., dated 17th December 1896, the contribution for the controlling establishments at the presidency will be raised from Rs. 980 to Rs. 1,341, or Rs. 1,340 in round figures.

5. *Debt and Closing Balance.*—As the sinking fund in favour of loans raised in the open market at the close of 1897–98 should be Rs. 9,170, the amount provided for investment on this account will be raised from Rs. 900 to Rs. 1,310, and the repayment towards loans from Government will also be raised from Rs. 3,500 to Rs. 3,740. As revised by Government, the budget closes with a balance of Rs. 8,730, or 5·2 per cent. of the estimated receipts.

From R. FISCHER, Esq., Chairman, Municipal Council, Madura, to the Secretary to Government, Local and Municipal Department (through the Collector and the Divisional Officer, Madura), dated 24th December 1896, No. 60.

5. *Items Nos.* 1 *and* 2.—The balance under these taxes on the 31st March last amounted to Rs. 14,300. As vigorous steps have been taken to collect these as well as the current demand, it is hoped that Rs. 4,000 under tax on arts and Rs. 6,500 under that on buildings will be collected over and above the amounts anticipated in the budget of the current year.

6. *Item No.* 3.—Though the current demand fell by Rs. 2,010 consequent on levying the water-tax on houses beyond the distance of 150 yards from a fountain at half the usual rates, as per G.O., Mis. No. 1250 M., dated the 27th July 1896, yet as the balance at the close of the last official year was Rs. 7,060, it is expected that an increase of Rs. 2,000 will be realized under this item.

7. *Item No.* 4.—The increase under this item is due to keen competition at bids of the sale of toll-gates and to the fact that the right of compounding under section 91 (2) of Act IV of 1884 was waived by the council in favour of the contractors (*vide* copy of resolution of the municipal council, No. 66, dated 25th March 1896).

8. *Item No.* 5.—A sum of Rs. 220, being the expected receipt from the lease of certain vacant lands, has been transferred to the proper head under markets. In spite of this, an increase of Rs. 500 is anticipated, as the lessee of the Karapatti chattram lands paid his last two years' instalments about the beginning of this year.

9. *Item No.* 6.—As stated in paragraph 14 of the last administration report embodied in G.O., No. 1591 M., dated 18th September 1896, the amount of rent due on the English Club buildings for the last quarter of 1895–96 was paid during the current year. Hence the increase.

10. *Item No.* 7.—The increase is chiefly due to the healthy competition amongst bidders at the sale of the lease of avenue trees for the current year.

11. *Item No.* 8.—The race-course lands were sold to Government for Rs. 5,000. This together with cost of a portion of the Maninagaram lands paid by a party account for the unexpected receipt of Rs. 5,070 in the estimate.

12. *Item No.* 9.—Each of the stalls in the three markets was leased out at a higher rent for the current year, and the large increase of Rs. 1,000 is due to this circumstance as well as to the transfer explained in paragraph 8 *supra*.

13. *Item No.* 10.—This is a new heading classified as per G.O., No. 1460 M., dated 2nd September 1896. The Government having approved of the proposal of the Accountant-General and ordered that immediate effect be given to it, a sum of Rs. 2,200 is expected to be transferred to Municipal funds at the close of the present official year.

14. *Items Nos.* 11 *and* 13, being slight, call for no remarks.

15. *Item No.* 12.—The sale-proceeds of a promissory note for Rs. 2,000, referred to in paragraph 60 of the last budget report, amounted to Rs. 2,140. Hence the excess.

16. *Item No.* 14.—Rs. 3,530 remitted to the Bank of Madras for purchase of promissory notes for investment in favour of Sinking fund of loans, as well as the advances made to the Sanitary Engineer and others, were recovered during the year. Hence the increase.

17. *Item No.* 15.—The race-course lands having been sold to Government, a decrease under this item is expected, as the grass in the park alone will have to be leased.

18. *Item No.* 16.—The decrease is due to the fact that the sale of sweepings, &c., at the late cattle fair fetched only Rs. 65 and not Rs. 165 as anticipated.

19. *Item No.* 17.—The decrease is slight and calls for no remark. The suit instituted against the contractor of East market cart-stand is likely to be disposed of during the next official year, and so the amount due from him is omitted from the estimate.

20. *Item No.* 18.—Rs. 2,200 having been transferred and shown as increase (*vide* paragraph 13 *supra*), there is corresponding decrease under this item.

21. *Item No.* 19.—The decrease under this item is due to the drawing master being eligible for a third grant only, instead of a moiety as budgeted for.

22. *Item No.* 20.—The bye-laws for the introduction of house-service system in the town having come into force so late as November last, Rs. 500 will be received within the year. Hence the decrease.

23. *Item No.* 21.—The sale-proceeds of fishery in the Krishna Rao's tank fetched only Rs. 40.

24. *Item No.* 22.—Rs. 100 will only be received in the shape of registration fees.

Charges.

25. The total charges as per revised estimate amount to Rs. 1,59,480, against the budget amount of Rs. 1,50,120, and the difference of Rs. 9,360 is on account of excess expenditure under a few items counterbalanced by a short outlay on certain others as shown below.

The increased expenditure, viz., Rs. 12,180, occurs under the following items :—

	RS.
Grant 1 (Public Works)—	
(1) New Works—(*b*) Buildings	5,000
Grant 3 (Sanitation and Medical Services)—	
(2) (*c*) Other contributions	200
(5) Conservancy, Road-cleaning and Road-watering—	
(*a*) (i) Establishment	150
(*b*) Private scavenging—

Grant 5—	
(*f*) Bench establishment	20

(*b*) Invested on account of Sinking fund (value of securities purchased)	3,200
(*c*) Charges of investment	320
Interest—(*a*) On account of last year	680
Advances recoverable—(*b*) Others	410
Refunds of other than current collections	280
Total ..	12,180

(3) Establishment	380

Grant 3—	
(2) (*a*) Contribution to Provincial Funds for—	
(i) Medical college	1,420
(ii) Sanitary inspection	840
(iii) Medical reserve staff	110
Grant 4, Other charges—	
(ii) Rewards for destruction of wild animals	30
Total ..	2,820
Net increase ..	9,360

26. The increase under Grant 1 is due to the proposed expenditure of Rs. 5,000 in addition to Rs. 1,000 already provided in the budget towards the purchase of lands, &c., for the extension of the hospital buildings sanctioned in G.O., Mis. No. 2091 M., dated 10th December 1896.

27. *Grant 3, Sanitation and Medical Services*—(2) (*c*) *Other Contributions.*—The contribution towards the upkeep of the American Mission dispensaries has been raised to Rs. 800, as these institutions are becoming more popular and are being freely resorted to by the public (*vide* copy of resolution of the municipal council, No. 135, dated 2nd May 1896).

28. (5) (*a*) (i) *Conservancy Establishment.*—The increase is due to the payment of salary of the chief sanitary inspector for two months in the year, as he will take charge of his appointment about the beginning of January next.

29. (5) (*b*) *Private Scavenging*—(i) *Establishment.*—The increase is due to the employment of additional toties for private scavenging purposes in proportion to the number of houses to be served, which is steadily increasing.

30. (*c*) *Cholera Charges.*—The large increase is owing to the entertainment of the observation and preventive staffs as laid down in the rules embodied in G.O., No. 1898 M., dated 10th November 1896, for combating the epidemic of cholera which has broken out in a sporadic form. The necessary establishment will be maintained until the town is free from the disease.

31. (*d*) *Contingencies.*—The increased expenditure is due to the sanitary arrangements made on a large scale during the late cattle fair.

32. *Grant 5—(f) Bench Establishment.*—The increase, being slight, calls for no remark.

33. *Repayment of Debt—Sinking Fund of Loans and charges of Investment.*—As explained in paragraph 17 *supra*, the amount in favour of the Sinking fund of loans was adjusted only about the beginning of this year. Hence the increase.

34. *Interest on account of last year.*—The increase is due to payment this year in a lump sum of the interest on the debenture bond for Rs. 7,500 for the second half of 1894–95 and for 1895–96.

35. *Advances Recoverable—Others.*—These are minor advances paid to contractors and vakils which will be adjusted within the close of the year.

36. *Refunds of other than current Collections.*—Taxes collected in previous years and refunded to the parties with the sanction of the council account for the increase.

37. *Grant 1*—(3) *Establishment.*—As the office of the Public Works overseer was vacant for the last five months, there is a saving of Rs. 380 under this item.

38. *Grant 2, Education*—(7) *Miscellaneous.*—The short expenditure under this head is due to the absence on leave without allowances of the drawing master for some time and to the non-purchase of books and other articles in the current year as there was no necessity for the same.

39. *Grant 3*—(2) (*a*) (i) *Medical College*—(ii) *Sanitary Inspection*—(iii) *Medical Reserve Staff.*—The actuals of the previous year were adopted in the current year. Hence the decrease.

40. *Grant 4.—Rewards for destruction of Wild Animals.*—Rs. 70 is the actual amount spent in the destruction of stray dogs in the town.

BUDGET ESTIMATE FOR 1897–98.

41. The year is expected to begin with a balance of Rs. 14,070, which is the closing balance of the revised estimate for the current year, and it is made up of Rs. 12,280 under Municipal funds and Rs. 1,790 under Endowments.

Receipts.

The total receipts are estimated at Rs. 1,81,490, and the principal variations between the revised estimate and the budget figures are as shown below :—

42. *Tax on Arts and Buildings.*—As prompt arrangements are being made to clear off the arrears and as the current demand under each of the taxes comes up to Rs. 14,600 and 46,000, respectively, Rs. 13,500 out of the former and Rupees 46,000 out of the latter are estimated as the probable receipts of the year.

43. *Tax on Lands.*—As it is likely that the collection of this tax will be transferred to the Revenue Department, Rs. 2,600 has been estimated as the probable net amount that will be credited to Municipal Funds. This together with Rs. 200, being tax on lands unappropriated to buildings, make up the budget figure.

44. *Water-tax on Buildings and Lands.*—A greater portion of the arrear and the current demands is expected to be realized within the budget year, and Rs. 27,000 is therefore fixed as the probable receipts therefrom. The budget figure is calculated upon the estimated receipts from the tax on buildings and lands.

	RS.

Budget „ for 1897–98 ..	27,000

46. *Tolls.*—The budget figure is based upon the average receipts of the last three years. This together with Rs. 700 which is likely to be collected from the judgment debtor referred to in paragraph 11 of the last budget report make up Rs. 22,700.

54. *Sale-proceeds of Medicine.*—In view to avoid the difficulty of collecting the cost of medicines supplied from the dispensary, it is proposed to refer such of the patients as could afford to pay to the local shops for such medicines as are available there, giving them necessary prescriptions; hence the decrease.

	RS.
Revised estimates for 1896–97 ..	300
Budget „ for 1897–98 ..	100

55. *Income from Markets.*—There is every likelihood of nearly all the stalls in the markets being occupied, as most of the butchers are gradually giving up the practice of keeping open private markets in consequence of systematic prosecutions instituted against them. Hence the anticipated increase of Rs. 1,000 under this item.

	RS.

65. *Miscellaneous—Service rendered to Private Individuals other than Private Scavenging.*—The systematic institution of prosecutions for filthy compounds and the careful supervision of the out-door staff over the work of the scavenging toties and above all the gradual appreciation by the people of the advantages of the system will, it is hoped, result in the marked increase anticipated under this head.

	RS.
Revised estimates for 1896–97 ..	1,000

Charges.

The total charges are expected to amount to Rs. 1,84,680 against Rs. 1,59,480 in the revised estimate for 1896–97, and the principal variations between these are explained hereunder:—

71. *Grant 1*—(1) *New Works*—(*a*) *Communications.*—A sum of Rs. 3,000 is provided under this item for construction of tunnels, &c., consequent on the proposed metalling of almost all the lanes and bye-lanes in the town.

Provision is also made in part for the construction of slaughter-house and central market on standard designs.

Budget „ for 1897–98 ..	14,000

73. (*d*) *Water-Supply.*—A sum of Rs. 6,450 is provided for extending the 3-inch pipe line from Sandapet to Vandiyur Teppakolam in addition to the amount already sanctioned.

Budget „ for 1897–98 ..	6,450

74. (2) *Repairs*—(*a*) *Communications.*—As it is in contemplation to metal all the lanes and bye-lanes in the town and as the total length of metalled roads to be kept under maintenance will amount to 36 miles against 27 of the previous year, ample provision is made for labour and road materials.

As regards other items under this grant, last year's figures have been reproduced.

95. *Grant 5—Office Establishment.*—As the office establishment is overworked, the record-keeper is given other work, such as translating proceedings, maintaining registers of stationery, distraint property, &c., in addition to his legitimate duties. He has further spared no pains in completely sorting and arranging the records though with the aid of extra assistants given him, and is keeping them in good order. Considering this fact and his long service, an increase of Rs. 5 to his pay is recommended. This pay, which he well deserves by his good conduct and service, is to be *personal;* and it is hoped that Government will be pleased to sanction it this time, though it was refused last year. The daffadar and a dalayat of the office have been

rendering, in other than office hours, material help to the bill collectors in the collection of taxes. The former has put in a service of 15 years and the latter 9 years. An increase of Re. 1 is, therefore, proposed to be given to each, which will also be personal to the present incumbents.

96. (*e*) *Contribution on account of Controlling Establishment.*—The actual figures were not available nor is the percentage upon which it is to be calculated, and so the budget figure bears the same proportion to receipts of 1894–95 as the figure of the last year bears to that of the year previous.

101. The year is expected to close with a balance of Rs. 10,880, of which Rs. 8,650 relates to Municipal funds and Rs. 2,230 to Endowments.

102. Proposition statements and copies of resolutions of the municipal council for the revision of establishment and other charges are herewith submitted, and it is requested that Government will be pleased to accord sanction to all of them.

N. Dis. No. 5069-Genl.

Submitted to the Collector.

2. *Paragraph* 43.—The gross figures should have been shown and the commission should have been exhibited on the expenditure side.

3. *Paragraph* 89.—As the office of chief sanitary inspector corresponds to that of a health officer, I do not think that his time should be frittered in carrying on a number of prosecutions. The abolition of the present highly-paid office of prosecuting inspector has my recommendation, but, in my opinion, the creation of a prosecuting assistant's post is necessary on a salary of Rs. 15 or 20.

4. *Paragraph* 95.—None of the increases sanctioned by the council are justifiable, and, after experience as Chairman, I beg to emphatically recommend to Government that their sanction be withheld to all the increases mentioned in paragraph 95.

5. Ample provision is made for the construction of latrines and making due provision for the extension of private scavenging.

N. Dis. No. 5769-Genl.

Submitted.

Madura,
5th January 1897.

(Signed) J. TWIGG,
Collector.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Trichinopoly, 12th January 1897, No. Tour-3—14.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Madura Municipality for the year 1897–98 is sufficient and calls for no further remarks.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 15th January 1897, No. 378.

Adverting to the budget estimate of the Madura Municipality for 1897–98, I have the honour to report that the provision therein made for education is sufficient and may be accepted. The amount for which credit is taken as stipendiary grant should be reduced to Rs. 220, as the council will be entitled to a grant of Rs. 20 only per month or Rs. 220 for eleven months. Including the council's contribution of Rs. 1,000 to the district board towards the upkeep of the technico-normal institute, the net expenditure to the municipality under Grant 2 is Rs. 9,580 (Rs. 10,070—490), or, as in the current year, only 7 per cent. of its income from taxation, markets and rents.

2. I beg strongly to recommend that the increased provision under results grants be allowed by Government. With the funds available, it was not found possible to assign during the current year more than 44 per cent. of the net cost on an average to the results schools in the municipality.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp, Gazalapalli, 15th February 1897, No. 394-S.

I have the honour to submit the following remarks on the budget estimate of the Madura Municipality for 1897–98 in so far as it concerns vaccination and conservancy:—

(*a*) The current year's figure is repeated under vaccination. The provision seems sufficient for requirements.

(*b*) For conservancy Rs. 34,130 are allotted, against Rs. 29,720 sanctioned for the current year. As I have no information regarding the available current receipts, I cannot see how much thereof has been set apart for this purpose.

(*c*) The staff of sweepers and scavengers detailed in Statement II-B is, as observed in my letter on the current budget, insufficient, and it is not known whether any improvement has been effected to the plant at disposal since then.

2. Under New works—Buildings, Rs. 11,500 are allotted for the construction of a slaughter-house, public latrines and a market. Extension and maintenance of water-works will cost Rs. 12,450, excluding establishment charges.

Order—No. 517 M., dated 13th March 1897.

The estimated receipts and charges of the Madura Municipality for 1897–98, as passed by Government, are compared below with the budget and revised estimates for the year 1896–97 and the actuals of 1895–96:—

REVISED ESTIMATE FOR 1896-97.

2. The current receipts and charges are now estimated at Rs. 1,79,140 and Rs. 1,59,480, respectively, against Rs. 1,54,430 and Rs. 1,50,120 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the taxes on arts and buildings, water-tax, tolls, sale-proceeds of lands, income from markets and advances recovered, while that in the charges appears under Grant 1 and repayment of debt. The collections under the principal taxes and the expenditure on new works during the first eight months of the year were again very unsatisfactory. The proposition statement submitted for the cholera establishment referred to in paragraph 30 of the Chairman's letter is sanctioned. The contribution for the central office establishments will be raised from Rs. 780 to Rs. 980. With reference to G.O., No. 2391 L., dated 17th December 1896, the balance to be carried forward to the ensuing year's budget will then be Rs. 13,870.

BUDGET ESTIMATE FOR 1897-98.

3. *Receipts.*—The probable receipts are placed at Rs. 1,81,490, against the revised estimate of Rs. 1,79,140, the large increase under recoveries for services to private individuals being nearly counterbalanced by the decrease under the taxes on arts and buildings, water-tax, tolls, sale-proceeds of lands and of Government securities and advances recovered. The municipal council's attention will be drawn to paragraph 2 of the Deputy Collector's endorsement. The credit taken for stipendiary grants from Government will be reduced by Rs. 20, as recommended by the Director of Public Instruction in his letter read above.

4. *Charges.*—(1) The charges are put down at Rs. 1,84,680, against Rs. 1,59,680 in the revised estimate, the increase being mainly under Grants 1, 3 and 4.

(2) *Grant 1.*—None of the new works provided for in the budget should be undertaken until the plans and estimates have been approved by competent authority. In order that the budget may close with a working balance, the allotment for communications—repairs will be reduced to Rs. 13,000.

(3) *Grant 2.*—The increase of one rupee in the pay of the first assistant master of the Muhammadan salary-results school, and the entertainment of an additional teacher on Rs. 5 per mensem in the Panchama school, proposed in paragraph 81 of the Chairman's letter, are sanctioned.

(4) *Grant 3.*—The proposals of the municipal council to abolish the post of prosecuting inspector and to entertain 51 additional toties on Rs. 4 each for the private scavenging service are sanctioned. The suggestion of the Sanitary Commissioner in paragraph 1 (*c*) of his letter read above will be referred to the municipal council for consideration. The Chairman's attention will be drawn to the omission noticed by the Sanitary Commissioner in paragraph 1 (*b*) of his letter. The provision under cholera charges will be raised by Rs. 3,000, with reference to G.Os., No. 1536 M., dated 9th September 1896, and No. 1985 M., dated 18th November 1896.

(5) *Grant 5.*—The proposed increases in the salaries of the record-keeper, daffadar and dalayat of the municipal office will be disallowed, with reference to paragraph 4 of the Deputy Collector's endorsement. With reference to G.O., No. 2391 L., dated 17th December 1896, the contribution for the controlling establishments at the presidency will be raised from Rs. 980 to Rs. 1,341, or Rs. 1,340 in round figures.

5. *Debt and Closing Balance.*—As the sinking fund in favour of loans raised in the open market at the close of 1897-98 should be Rs. 9,170, the amount provided for investment on this account will be raised from Rs. 900 to Rs. 1,310, and the repayment towards loans from Government will also be raised from Rs. 3,500 to Rs. 3,740. As revised by Government, the budget closes with a balance of Rs. 8,730, or 5·2 per cent. of the estimated receipts.

No.

ENCLOSURES Ten

Dated 24th December 1896

Received

No. 60

SUBJECT.

Submitting Budget Estimates of the Madura Municipality for 1897-98

N. Dis. No. 5069/96 of 26

Submitted to the Collector.

2. Para 43. The gross figures should have been shewn & the commission should have been exhibited on the Expenditure Side.

3. Para 89 as the office of Chief Sanitary Inspector corresponds to that of a health officer I do not think that his time should be frittered in carrying on a number of prosecutions. The abolition of the present highly paid office of Prosecuting Inspector has my recommendation but in my opinion the creation of a Prosecuting assistant's post is necessary on a Salary of 15 or 20 rupees.

4. Para 95 None of the increases sanctioned by the Council are justifiable & after Experience as Chairman I beg to emphatically recommend to Government that their sanction be withheld to all the increases mentioned in para 95.

5. Ample provision is made for the Construction of latrines and making due provision for the extension of private scavenging.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper : —

From R. FISCHER, Esq., Chairman, Municipal Council, Madura, to the Secretary to Government, Local and Municipal Department (through the Collector and the Divisional Officer, Madura), dated 24th December 1896, No. 60.

I have the honour to submit the budget estimates of the Madura Municipality for the year 1897–98 as passed by the municipal council in its resolution, No. 421, dated 22nd December 1896.

REVISED ESTIMATES FOR 1896–97.

2. The year opened with a *minus* balance of Rs. 5,590 as detailed hereunder :—

	Rs.
(*a*) Municipal Funds	— 6,730
Endowments	1,140
Total ..	— 5,590

Receipts.

3. The total receipts, excluding the opening balance, amounted to Rs. 1,79,140, against the budget estimate of Rs. 1,54,430.

4. The increase in the receipts, viz., Rs. 24,710, is made up as follows :—

	Rs.
(1) Tax on arts	4,000
(2) „ buildings	6,500
(3) Water-tax on buildings and lands	2,000
(4) Tolls	1,240

(21) Fishery rent	10
(22) Fees for numbering carts	50
Total ..	3,020
Net increase ..	24,710

5. *Items Nos.* 1 *and* 2.—The balance under these taxes on the 31st March last amounted to Rs. 14,300. As vigorous steps have been taken to collect these as well as the current demand, it is hoped that Rs. 4,000 under tax on arts and Rs. 6,500 under that on buildings will be collected over and above the amounts anticipated in the budget of the current year.

6. *Item No.* 3.—Though the current demand fell by Rs. 2,010 consequent on levying the water-tax on houses beyond the distance of 150 yards from a fountain at half the usual rates, as per G.O., Mis. No. 1250 M., dated the 27th July 1896, yet as the balance at the close of the last official year was Rs. 7,060, it is expected that an increase of Rs. 2,000 will be realized under this item.

7. *Item No.* 4.—The increase under this item is due to keen competition at bids of the sale of toll-gates and to the fact that the right of compounding under section 91 (2) of Act IV of 1884 was waived by the council in favour of the contractors (*vide* copy of resolution of the municipal council, No. 66, dated 25th March 1896).

8. *Item No.* 5.—A sum of Rs. 220, being the expected receipt from the lease of certain vacant lands, has been transferred to the proper head under markets. In spite of this, an increase of Rs. 500 is anticipated, as the lessee of the Karapatti chattram lands paid his last two years' instalments about the beginning of this year.

9. *Item No.* 6.—As stated in paragraph 14 of the last administration report embodied in G.O., No. 1591 M., dated 18th September 1896, the amount of rent due on the English Club buildings for the last quarter of 1895–96 was paid during the current year. Hence the increase.

10. *Item No.* 7.—The increase is chiefly due to the healthy competition amongst bidders at the sale of the lease of avenue trees for the current year.

11. *Item No.* 8.—The race-course lands were sold to Government for Rs. 5,000. This together with cost of a portion of the Maninagaram lands paid by a party account for the unexpected receipt of Rs. 5,070 in the estimate.

12. *Item No.* 9.—Each of the stalls in the three markets were leased out at a higher rent for the current year, and the large increase of Rs. 1,000 is due to this circumstance as well as to the transfer explained in paragraph 8 *supra*.

13. *Item No.* 10.—This is a new heading classified as per G.O., No. 1460 M., dated 2nd September 1896. The Government having approved of the proposal of the Accountant-General and ordered that immediate effect be given to it, a sum of Rs. 2,200 is expected to be transferred to Municipal funds at the close of the present official year.

14. *Items Nos.* 11 *and* 13, being slight, call for no remarks.

15. *Item No.* 12.—The sale-proceeds of a promissory note for Rs. 2,000, referred to in paragraph 60 of the last budget report, amounted to Rs. 2,140. Hence the excess.

16. *Item No.* 14.—Rs. 3,530 remitted to the Bank of Madras for purchase of promissory notes for investment in favour of Sinking fund of loans, as well as the advances made to the Sanitary Engineer and others, were recovered during the year. Hence the increase.

17. *Item No.* 15.—The race-course lands having been sold to Government, a decrease under this item is expected, as the grass in the park alone will have to be leased.

18. *Item No.* 16.—The decrease is due to the fact that the sale of sweepings, &c., at the late cattle fair fetched only Rs. 65 and not Rs. 165 as anticipated.

19. *Item No.* 17.—The decrease is slight and calls for no remark. The suit instituted against the contractor of East market cart-stand is likely to be disposed of during the next official year, and so the amount due from him is omitted from the estimate.

20. *Item No.* 18.—Rs. 2,200 having been transferred and shown as increase (*vide* paragraph 13 *supra*), there is corresponding decrease under this item.

21. *Item No.* 19.—The decrease under this item is due to the drawing master being eligible for a third grant only, instead of a moiety as budgeted for.

22. *Item No.* 20.—The bye-laws for the introduction of house-service system in the town having come into force so late as November last, Rs. 500 will be received within the year. Hence the decrease.

23. *Item No.* 21.—The sale-proceeds of fishery in the Krishna Row's tank fetched only Rs. 40.

24. *Item No.* 22.—Rs. 100 will only be received in the shape of registration fees.

Charges.

25. The total charges as per revised estimates amount to Rs. 1,59,480, against the budget amount of Rs. 1,50,120, and the difference of Rs. 9,360 is on account of excess expenditure under a few items counterbalanced by a short outlay on certain others as shown below.

The increased expenditure, viz., Rs. 12,180, occurs under the following items :—

	Rs.
Grant 1 (Public Works)—	
(1) New Works—(*b*) Buildings	5,000
Grant 3 (Sanitation and Medical Services)—	
(2) (*c*) Other contributions	200
(5) Conservancy, Road-cleaning and Road-watering—	
(*a*) (i) Establishment	150
(*b*) Private scavenging—	
(i) Establishment	220
(*c*) Cholera charges	1,200
(*d*) Contingencies	500
Grant 5—	
(*f*) Bench establishment	20
Repayment of debt—	
(*b*) Invested on account of Sinking fund (value of securities purchased)	3,200
(*c*) Charges of investment	320
Interest—(*a*) On account of last year	680
Advances recoverable—(*b*) Others	410
Refunds of other than current collections	280
Total ..	12,180
Deduct short Expenditure—	
Grant 1—	
(3) Establishment	380
Grant 2, Education—	
(7) Miscellaneous—	
(*c*) Other items	40
Grant 3—	
(2) (*a*) Contribution to Provincial Funds for—	
(i) Medical college	1,420
(ii) Sanitary inspection	840
(iii) Medical reserve staff	110
Grant 4, Other charges—	
(ii) Rewards for destruction of wild animals	30
Total ..	2,820
Net increase ..	9,360

26. The increase under Grant 1 is due to the proposed expenditure of Rs. 5,000 in addition to Rs. 1,000 already provided in the budget towards the purchase of lands, &c., for the extension of the hospital buildings sanctioned in G.O., Mis. No. 2091 M., dated 10th December 1896.

27. *Grant 3, Sanitation and Medical Services*—(2) (*c*) *Other Contributions.*—The contribution towards the upkeep of the American Mission dispensaries has been raised to Rs. 800, as these institutions are becoming more popular and are being freely resorted to by the public (*vide* copy of resolution of the municipal council, No. 135, dated 2nd May 1896).

28. (5) (*a*) (i) *Conservancy Establishment.*—The increase is due to the payment of salary of the chief sanitary inspector for two months in the year, as he will take charge of his appointment about the beginning of January next.

29. (5) (*b*) *Private Scavenging*—(i) *Establishment.*—The increase is due to the employment of additional toties for private scavenging purposes in proportion to the number of houses to be served, which is steadily increasing.

30. (*c*) *Cholera Charges.*—The large increase is owing to the entertainment of the observation and preventive staffs as laid down in the rules embodied in G.O., No. 1898 M., dated 10th November 1896, for combating the epidemic of cholera which has broken out in a sporadic form. The necessary establishment will be maintained until the town is free from the disease.

31. (*d*) *Contingencies.*—The increased expenditure is due to the sanitary arrangements made on a large scale during the late cattle fair.

32. *Grant 5*—(*f*) *Bench Establishment.*—The increase, being slight, calls for no remark.

33. *Repayment of Debt—Sinking Fund of Loans and charges of Investment.*—As explained in paragraph 17 *supra*, the amount in favour of the Sinking fund of loans was adjusted only about the beginning of this year. Hence the increase.

34. *Interest on account of last year.*—The increase is due to payment this year in a lump sum of the interest on the debenture bond for Rs. 7,500 for the second half of 1894–95 and for 1895–96.

35. *Advances Recoverable—Others.*—These are minor advances paid to contractors and vakils which will be adjusted within the close of the year.

36. *Refunds of other than current Collections.*—Taxes collected in previous years and refunded to the parties with the sanction of the council account for the increase.

37. *Grant 1*—(3) *Establishment.*—As the office of the Public Works overseer was vacant for the last five months, there is a saving of Rs. 380 under this item.

38. *Grant 2, Education*—(7) *Miscellaneous.*—The short expenditure under this head is due to the absence on leave without allowances of the drawing master for some time and to the non-purchase of books and other articles in the current year as there was no necessity for the same.

39. *Grant 3*—(2) (*a*) (i) *Medical College*—(ii) *Sanitary Inspection*—(iii) *Medical Reserve Staff.*—The actuals of the previous year were adopted in the current year. Hence the decrease.

40. *Grant 4.—Rewards for destruction of Wild Animals.*—Rs. 70 is the actual amount spent in the destruction of stray dogs in the town.

BUDGET ESTIMATE FOR 1897–98.

41. The year is expected to begin with a balance of Rs. 14,070, which is the closing balance of the revised estimates for the current year, and it is made up of Rs. 12,280 under Municipal funds and Rs. 1,790 under Endowments.

Receipts.

The total receipts are estimated at Rs. 1,81,490, and the principal variations between the revised estimate and the budget figures are as shown below :—

42. *Tax on Arts and Buildings.*—As prompt arrangements are being made to clear off the arrears and as the current demand under each of the taxes come up to Rs. 14,600 and 46,000, respectively, Rs. 13,500 out of the former and Rupees 46,000 out of the latter are estimated as the probable receipts of the year.

	Arts.	Buildings.
	Rs.	Rs.
Revised estimates for 1896–97.	18,000	53,000
Budget „ for 1897–98.	13,500	46,000

43. *Tax on Lands.*—As it is likely that the collection of this tax will be transferred to the Revenue Department, Rs. 2,600 has been estimated as the probable net amount that will be credited to Municipal Funds. This together with Rs. 200, being tax on lands unappropriated to buildings, make up the budget figure.

	Rs.
Revised estimates for 1896–97 ..	3,000
Budget „ for 1897–98 ..	2,800

44. *Water-tax on Buildings and Lands.*—A greater portion of the arrear and the current demands is expected to be realized within the budget year, and Rs. 27,000 is therefore fixed as the probable receipts therefrom. The budget figure is calculated upon the estimated receipts from the tax on buildings and lands.

	Rs.
Revised estimates for 1896–97 ..	30,000
Budget „ for 1897–98 ..	27,000

45. *Tax on Vehicles, Animals and Carts.*—The figures of the revised estimates have been adopted in the budget and care will be taken to prevent evasion of these taxes.

	Vehicles. Rs.	Animals. Rs.	Carts. Rs.
Revised estimates for 1896–97 ..	1,200	2,800	2,400
Budget estimates for 1897–98 ..	1,200	2,800	2,400

46. *Tolls.*—The budget figure is based upon the average receipts of the last three years. This together with Rs. 700 which is likely to be collected from the judgment debtor referred to in paragraph 11 of the last budget report make up Rs. 22,700.

	Rs.
Revised estimates for 1896–97 ..	23,640
Budget „ for 1897–98 ..	22,700

47. *Penalties.*—These are the estimated receipts from the fines leviable by the magistracy from persons who will be prosecuted for evading payment of taxes.

	Tax on Arts. Rs.	Buildings. Rs.	Water-tax. Rs.
Revised estimates for 1896–97 ..	..	..	..
Budget estimates for 1897–98 ..	10	40	20

48. *Rent of Lands.*—As explained in paragraph 8 *supra*, the arrears from the lessee of Karuppatti chattram lands was collected in the beginning of this year. Hence the increase in the revised estimate.

	Rs.
Revised estimates for 1896–97 ..	1,600
Budget „ for 1897–98 ..	1,000

49. *Rent of Buildings.*—The increase in the revised estimates has been explained in paragraph 9 above.

	Rs.
Revised estimates for 1896–97 ..	1,380
Budget „ for 1897–98 ..	1,120

50. *Avenues Receipts.*—This is the approximate amount expected from the sale of the lease of avenue trees and of the avenue clippings.

	Rs.
Revised estimates for 1896–97 ..	750
Budget „ for 1897–98 ..	800

51. *Fees from Travellers' Bungalow.*—An increase of Rs. 100 is anticipated on the expectation that the bungalow will be more largely used by the travellers.

	Rs.
Revised estimates for 1896–97 ..	500
Budget „ for 1897–98 ..	600

52. *Sale-proceeds of Lands and Buildings.*—A piece of land attached to the travellers' bungalow compound will be sold to Government for the construction of railway staff quarters, and the probable amount of compensation therefor will be about Rs. 530.

	Rs.
Revised estimates for 1896–97 ..	5,070
Budget „ for 1897–98 ..	530

53. *Sale-proceeds of Night-soil and Street-refuse.*—As the town rubbish and night-soil have been sold for three years at the rate of Rs. 800 per annum, the balance of Rs. 100 is expected next year from the sale of sweepings at the cattle fair.

	Rs.
Revised estimates for 1896–97 ..	870
Budget „ for 1897–98 ..	900

54. *Sale-proceeds of Medicine.*—In view to avoid the difficulty of collecting the cost of medicines supplied from the dispensary, it is proposed to refer such of the patients as could afford to pay to the local shops for such medicines as are available there, giving them necessary prescriptions; hence the decrease.

	Rs.
Revised estimates for 1896–97 ..	300
Budget „ for 1897–98 ..	100

55. *Income from Markets.*—There is every likelihood of nearly all the stalls in the markets being occupied, as most of the butchers are gradually giving up the practice of keeping open private markets in consequence of systematic prosecutions instituted against them. Hence the anticipated increase of Rs. 1,000 under this item.

	Rs.
Revised estimates for 1896–97 ..	9,000
Budget „ for 1897–98 ..	10,000

56. *Fees from Slaughter-houses.*—The actual sum realized during the year is provided in the budget, whereas the revised estimate includes the amount due by the defaulting contractor against whom a suit has been instituted.

	Rs.
Revised estimates for 1896–97 ..	2,010
Budget „ for 1897–98 ..	1,510

57. *Distraint Fees.*—The increase of Rs. 130 is expected by issuing a larger number of warrants towards the collection of taxes.

	Rs.
Revised estimates for 1896–97 ..	270
Budget „ for 1897–98 ..	400

58. *License Fees.*—It is hoped that a prompt and systematic prosecution of persons carrying on offensive and dangerous trades for failure to take out licenses will result in an increase of Rs. 500.

	Rs.
Revised estimates for 1896–97 ..	2,000
Budget „ for 1897–98 ..	2,500

59. *Interest on Investments—Medical.*—This is the usual interest on the funded capital of Rs. 45,900 in favour of the lying-in hospital.

	Rs.
Revised estimates for 1896–97 ..	1,600
Budget „ for 1897–98 ..	1,600

60. *Grant from Government—Normal Stipends.*—As recommended by the Assistant Inspector of Schools, Madura-Tinnevelly division, Rs. 240 is provided towards the stipends of two lower secondary and four primary grade students who will be trained in the Technico-Normal Institute during the year.

	Rs.
Revised estimates for 1896–97 ..	180
Budget „ for 1897–98 ..	240

61. *Municipal Schools.*—This includes Rs. 90 for the salary grant of the gymnastic instructor, Rs. 80 for the drawing master, and Rs. 30 for results grants to girls in the Panchama salary-results schools.

	Rs.
Revised estimates for 1896–97 ..	200
Budget „ for 1897–98 ..	200

62. *Other Purposes.*—This is the usual contribution from Provincial funds towards the upkeep of the Kunnatore chatiram.

63. *Contribution from Local Boards.*—Rs. 1,300 represents the annual contribution paid by the district board towards the diet charges of the hospital.

	Rs.
Revised estimates for 1896–97 ..	1,300
Budget „ for 1897–98 ..	1,300

95. *Grant 5—Office Establishment.*—As the office establishment is overworked, the record-keeper is given other work, such as translating proceedings, maintaining registers of stationery, distraint property, &c., in addition to his legitimate duties. He has further spared no pains in completely sorting and arranging the records though with the aid of extra assistants given him, and is keeping them in good order. Considering this fact and his long service, an increase of Rs. 5 to his pay is recommended. This pay, which he well deserves by his good conduct and service, is to be *personal*; and it is hoped that Government will be pleased to sanction it this time, though it was refused last year. The daffadar and a dalayat of the office have been

rendering, in other than office hours, material help to the bill collectors in the collection of taxes. The former has put in a service of 15 years and the latter 9 years. An increase of Re. 1 is, therefore, proposed to be given to each, which will also be personal to the present incumbents.

96. (*e*) *Contribution on account of Controlling Establishment.*—The actual figures were not available nor is the percentage upon which it is to be calculated, and so the budget figure bears the same proportion to receipts of 1894–95 as the figure of the last year bears to that of the year previous.

Budget „ for 1897–98	..	3,500

Budget „ for 1897–98	..	1,020

99. *Invested on account of Sinking Funds, &c.*—As the whole amount in favour of the Sinking fund has been transferred within this year, Rs. 900 is provided for the purchase of securities for investments during the budget year and Rs. 120 is intended to cover the charges relating thereto.

		Rs.
Revised estimates for 1896–97	..	10,690
Budget „ for 1897–98	..	10,040

100. *Interest on account of current year.*—The amount of interest due on the balance of Government loan for water-works and the usual interest payable on debenture loans come up to Rs. 10,040.

101. The year is expected to close with a balance of Rs. 10,880, of which Rs. 8,650 relates to Municipal funds and Rs. 2,230 to Endowments.

102. Proposition statements and copies of resolutions of the municipal council for the revision of establishment and other charges are herewith submitted, and it is requested that Government will be pleased to accord sanction to all of them.

N. Dis. No. 5069-Genl.

Submitted to the Collector.

2. *Paragraph* 43.—The gross figures should have been shown and the commission should have been exhibited on the expenditure side.

3. *Paragraph* 89.—As the office of chief sanitary inspector corresponds to that of a health officer, I do not think that his time should be frittered in carrying on a number of prosecutions. The abolition of the present highly-paid office of prosecuting inspector has my recommendation, but, in my opinion, the creation of a prosecuting assistant's post is necessary on a salary of Rs. 15 or 20.

4. *Paragraph* 95.—None of the increases sanctioned by the council are justifiable, and, after experience as Chairman, I beg to emphatically recommend to Government that their sanction be withheld to all the increases mentioned in paragraph 95.

5. Ample provision is made for the construction of latrines and making due provision for the extension of private scavenging.
