Municipal Budget.

Reviewing the Tanjore — for 1897–98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From M.R.Ry. C. MURUGESAM PILLAI Avargal, Deputy Collector and *Ex-officio* Chairman, Municipal Council, Tanjore, to the Secretary to Government, Local and Municipal Department (through the Divisional officer, Tanjore), dated 28th January 1897, No. 129.

I have the honour to submit, in the prescribed forms, the revised estimate for the current official year and the budget estimate for the year 1897–98.

2. The revised and budget estimates were discussed and passed by the council at its meeting held on the 20th January 1897. Extracts from the proceedings of the municipal council are herein enclosed.

Revised Estimate for 1896–97.

3. The subjoined table shows the opening balance, receipts and charges according to the revised estimates for 1896–97 against the budget estimate for the same year :—

	Revised estimate.	Budget estimate.
	Rs.	Rs.
Opening balance	70,720	26,780
Receipts	1,01,560	91,750
Total ..	1,72,280	1,18,530
Expenditure	1,22,570	94,670
Balance	49,710	23,860
Total ..	1,72,280	1,18,530

4. The excess in the opening balance as per revised estimate over that of the budget was principally due to the savings of Rs. 27,000 out of the allotment made for water-works, and to a sum of Rs. 16,000 under the same head having remained undisbursed during 1895–96 for want of final bills though the works had been executed.

5. The increase under the head of charges is due to the disbursement of the above-said sum of Rs. 16,000 during the year 1896–97, and to the outlay of large sums on account of cholera charges, payment of compensation for lands acquired for the slaughter-house, &c.

Receipts.

6. The receipts as per revised estimate amount to Rs. 1,01,560 against the original estimate of Rs. 91,750, the variation being chiefly due to the collections of the arrears under the principal taxes and under income from markets, &c.

Charges.

7. Under the head of "New Works—Communications", a sum of Rs. 2,200 is provided against Rs. 1,500 in the budget. The increase is due to the execution of works of an urgent nature for the improvement of certain roads and streets. The allotment for Rs. 200 has been sanctioned by the council under the powers vested in it by G.O., No. 889 L., dated 17th May 1894, the amount of each work being less than Rs. 500. Application for allotment of funds for Rs. 520 is herewith submitted for putting up iron railings to the railway main bridge road.

8. *Buildings.*—For improving and enlarging the present sheep slaughter-house and for constructing a bullock slaughter-house on the approved plan, a site at a cost of nearly Rs. 2,300 has been purchased under the Land Acquisition Act. An application for allotment of funds for the same has been submitted to Government for sanction. Hence the increase over the budget amount.

9. *Drainage.*—Under this head Rs. 1,400 have been provided for constructing drains in the streets where there are none, but where water flowing from fountains makes the places miry and uncomfortable to passengers, and also for carrying out certain works to let off the dirty water of the newly-constructed iron latrine in the Big market into the main drain in the adjoining street. Necessary allotment of funds for the construction of these works has been sanctioned by the council.

10. *Water-supply.*—Under this head a sum of Rs. 17,240 has been provided for payment on account of works executed this year, as also those executed in the previous year but not paid for in that year for want of final bills.

11. *Grant 3—Cholera Charges.*—Sanction of Government has been obtained in G.O., Mis. No. 1917 M., dated 11th November 1896, for the increased allotment made in the revised budget under this head.

12. The other items call for no remarks.

Budget Estimate for 1897–98.

13. The following is an abstract of receipts and charges under the various grants :—

	Rs.
Receipts—	
Opening balance	49,710
Estimated receipts	94,920
Total ..	1,44,630
Charges—	
Grant 1, Public works	64,360
„ 2, Education	10,110
„ 3, Medical service and sanitation	25,460
„ 4, Miscellaneous municipal purposes	9,450
„ 5, Supervision and management	6,750
Repayment of debt	14,370
Advance, &c.	410
	1,30,910
Closing balance	13,720
Total ..	1,44,630

14. Except with respect to the items noted below, the figures of the revised estimate have been adopted with slight alterations, which call for no special remarks.

Receipts.

15. *Professional Tax.*—The budget estimate of Rs. 14,490 consists of an estimated collection of Rs. 11,450 out of the demand of Rs. 13,500 for 1897–98 and Rs. 3,040, arrears expected to be collected during the year.

Charges.

16. *Grant 1, Public Works.*—Under this grant a sum of Rs. 64,360 has been provided. Under the head of New works, Rs. 500 have been provided for improving streets and lanes, Rs. 1,800 for improving the drains as suggested by the Sanitary Commissioner, Rs. 28,000 for extending the pipe lines of the water-works and for digging channels in the Vennar during the hot weather to feed the filter bed, and Rs. 500 for demolishing the fort walls. Under the head of "Repairs," the usual allotments have been made, and they require no special remarks.

17. *Grant 2, Education.*—As recommended by the Assistant Inspector of Schools, provision has been made (1) for opening two more Panchama schools, (2) for increasing the pay of the peon attached to the municipal Muhammadan schools from Rs. 3½ to Rs. 4, (3) for increasing the stipends to the teachers of the municipal salary-result schools and (4) for increasing the salary grants from Rs. 2,000 to Rs. 2,300. The total provision under this grant is Rs. 10,110 against Rs. 9,780, the current year's budget amount.

18. *Grant 3.*—The total provision under this grant is Rs. 25,460 against Rupees 23,170 in the revised estimate. The increase is explained below.

19. Under the head of hospitals and dispensaries, provision has been made for a probationary compounder to the municipal dispensary at Karuthattangudy on a salary of Rs. 5 per mensem as recommended by the District Medical and Sanitary Officer. The provision for the purchase of medicines has also been raised from Rs. 300 to Rs. 600.

20. *Registration of Births and Deaths.*—The number of sub-registrars of births and deaths from 1st January 1897 has been increased from 3 to 6 (*vide* this office letter, No. 1766, dated 26th November 1896).

21. *Conservancy.*—Under this head provision for twelve more sweepers at the rate of Rs. 4 each per mensem has been made. The council feels that this increase is essentially necessary to keep the town clean and healthy. A provision has also been made under the head of "(5) (*a*) (ii) Other Charges, &c." for the purchase of six more air-tight night-soil carts at Rs. 150 each on the Madras pattern on the suggestion of the Sanitary Commissioner.

22. (5) (*d*) *Contingencies.*—Under this head provision has been made for the purchase of two sprays for disinfecting purposes as recommended by the Sanitary Commissioner in his letter, No. 96-S., dated 11th January 1897.

23. *Grant 4.*—Under this grant a sum of Rs. 9,450 against Rs. 9,280 in the revised estimate has been provided, the increase being mainly due to the increase in the number of lights by 20.

24. *Grant 5.*—A sum of Rs. 6,750, including the contributions for central office and audit establishments as per G.O., No. 2391 L., dated 17th December 1896, has been provided under this grant.

25. *Repayment of Debt.*—A sum of Rs. 6,320 has been provided for payment of instalment of the loan for water-works. The amount has been fixed with reference to the actuals of the current year and of the year previous.

26. The estimated total expenditure under all the heads for 1897–98 is Rupees 1,30,910, the closing balance being Rs. 13,720.

27. A proposition statement for the revision of establishments is herein enclosed.

Endt. on Cur. No. 261-Eng.

Submitted to Government in the Local and Municipal department.

2. The budget and revised estimates have been carefully drawn up, and variations therein are more or less explained in the report and statement No. VI.

3. The provision made under Grant 1, Communications—New works and Repairs—appears, however, to be insufficient. The sum provided for new works and repairs under this head is Rs. 7,350, which is 44 per cent. of the toll revenue (Rs. 16,830). The total mileage of metalled and unmetalled roads, &c., is 55¼ miles, of which only 15 miles are under maintenance. A somewhat larger provision might have been made, so that portions of unmaintained roads might be gradually taken in hand.

(Signed) T. S. MUTTUSWAMI PILLAI,
for *Ag. Collector.*

5th February 1897.

From J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E., Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated 8th February 1897, No. 257.

With reference to the budget estimate of the Tanjore Municipality for 1897–98, of which a copy has been forwarded to me, I have the honour to state that the following allotments appear in the budget, viz. :—

(1) (*d*) New works—Water-supply—Rs. 28,000.

(2) (*d*) Repairs—Water-supply—

(i) New works—Machinery, &c.—Rs. 2,700, against Rs. 2,700 in budget for 1896–97.

(ii) Establishment—Rs. 6,400, against Rs. 6,340 in budget for 1896–97.

(iii) Contingencies—Rs. 10,860, against Rs. 10,860 in budget for 1896–97.

2. The allotment under new works is made up of Rs. 27,000 for extension of pipe lines and Rs. 1,000 for digging channel at Vennar during the hot weather for feeding the filter bed.

It is submitted that this annual recurring charge of Rs. 1,000 will be obviated if my suggestions for increased supply at the filter bed approved of by the Chief Engineer but set aside by the council were carried out; but in any case the above is a maintenance charge and cannot be shown under new works.

3. Items (i) and (iii) under Repairs call for no remarks.

4. Item (ii)—the increase of Rs. 60 is due to the provision of a lascar at Rs. 5 per month. The necessity has not been explained by the Chairman.

5. The council has not made any provision for inspection of its machinery by the inspector of steam-boilers and prime-movers. The amount of contribution fixed is Rs. 600 as per G.O., No. 1615 M., dated 9th October 1895.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, Madras, to the Secretary to Government, Local and Municipal Department, dated 10th February 1897, No. 1271.

Adverting to the educational portion of the budget estimate of the Tanjore Municipality for 1897–98, I have the honour to state that the provision therein made for education is adequate and may be accepted. The net expenditure to the municipality under Grant 2 is Rs. 9,800, Rs. (10,110—310), which is about 12 per cent. of its estimated income from taxation, rents and markets.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 16th February 1897, No. 60.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tanjore Municipality for the year 1897–98 is sufficient.

2. The proposal of the municipality to entertain a probationary compounder on Rs. 5 meets with my approval.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 9th March 1897, No. 591-S.

Referring to the budget estimate of the Tanjore Municipality for 1897–98, I have the honour to state that the provision therein made for the conduct of vaccination, being the same as for the current year, calls for no remarks. The conservancy charges are placed at Rs. 19,250 or 20·3 per cent. of the current receipts, against 16·3 per cent. set apart in the sanctioned budget. The assignment is below the amount allowed in the majority of municipalities, and, in my opinion, insufficient for actual requirements. The staff of scavengers and sweepers needs strengthening, and

the plant at disposal employed should be considerably added to. In this connection, I would respectfully invite the attention of Government to the accompanying letter from the District Sanitary officer of Tanjore and its enclosure. His views regarding the necessity for raising the status of the Chief Sanitary Inspector are fully endorsed. Indeed this point was urged unsuccessfully upon the attention of the council in my inspection notes (paragraph 12) embodied in G.O., No. 1634 M., dated 23rd September 1896. It seems to me to stand to reason that a division of authority such as maintained by the council in respect to their sanitary staff cannot fail to have evil results. The arrangement by which the sanitary staff is made to perform duties in connection with tax collection is also most undesirable. My last inspection of Tanjore showed that the general sanitary condition of the town was far below what might be reasonably expected at the hands of a municipal council of so important a town.

ORDER—No. 551 M., dated 15th March 1897.

The estimated receipts and charges of the Tanjore Municipality for 1897–98, as passed by Government, are compared below with the budget and revised estimates for the year 1896–97 and the actuals of 1895–96 :—

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now estimated at Rs. 1,01,560 and Rs. 1,22,570, respectively, against Rs. 91,750 and Rs. 94,670, anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on arts, income from markets and slaughter-houses and advances recovered and that in the charges under Grants 1 and 3, and repayment of debt. The collections under the principal taxes during the first eight months of the year were again not satisfactory. The allotment of Rs. 520, referred to in paragraph 7 of the Chairman's letter, is sanctioned. The contribution for central office establishments, which under G.O., No. 2069 M., dated 9th December 1895, should have been calculated on the ordinary annual receipts of the municipality, will be reduced from Rs. 740 to Rs. 597 or Rs. 600 in round figures. The balance to be carried forward to the ensuing year's budget will then be Rs. 49,850.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts for the coming year are placed at Rs. 94,920, against Rs. 1,01,560 in the revised estimate, the decrease appearing mainly under the tax on arts and advances recovered.

4. *Charges.*—(1). The probable charges are entered as Rs. 1,30,910, against the revised estimate of Rs. 1,22,430, the increase being chiefly under Grants 1 and 3.

(2) *Grant 1.*—The allotment for repairs to communications will, with reference to paragraph 3 of the Collector's endorsement, be raised from Rs. 6,850 to Rs. 7,920, so as to bring the total provision for roads to 50 per cent. of the receipts from tolls, and a sum of Rs. 600 will be provided for contribution to Provincial funds towards the salary of the boiler inspector. With reference to paragraph 4 of his letter read above, the Sanitary Engineer will be informed that the entertainment of the lascar, who is to attend on the water works overseer, has already been sanctioned in G.O., No. 1017 M., dated 17th June 1896. With reference to paragraph 2 of the same letter, the allotment for digging the Vennar channel will be transferred from new works to repairs.

(3) *Grant 2.*—The entertainment of two teachers on Rs. 7 each for the Panchama schools, and the proposed increase in the salary of the peon attached to the Muhammadan school from Rs. 3-8-0 to Rs. 4 are sanctioned.

(4) *Grant 3.*—The council's proposals to employ a probationary compounder on Rs. 5 for the Karuthattangudi dispensary, and twelve additional sweepers on Rs. 4 each, referred to in paragraphs 19 and 21, respectively, of the Chairman's letter are approved. The remarks and suggestions made by the Sanitary Commissioner in his letter read above should receive careful consideration. The enclosures to this letter have not been received in the Government office. The provision made for the three additional sub-registrars of births and deaths mentioned in paragraph 20 will be struck out with reference to G.O., No. 134 M., dated 2nd February 1897.

(5) *Grant 5.*—The contribution for central office establishments will be reduced from Rs. 950 to Rs. 906 or Rs. 910 in round numbers, with reference to G.Os., No. 2069 M., dated 9th December 1895, and No. 2391 L., dated 17th December 1896.

5. *Debt and closing balance.*—The amount provided for interest on loan will be reduced from Rs. 8,050 to Rs. 7,520. As revised by Government, the budget closes with a balance of Rs. 12,980 or 13·7 per cent. of the estimated receipts.

Municipal Budget.

Reviewing the Tanjore — for 1897–98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. C. MURUGESAM PILLAI Avargal, Deputy Collector and *Ex-officio* Chairman, Municipal Council, Tanjore, to the Secretary to Government, Local and Municipal Department (through the Divisional officer, Tanjore), dated 28th January 1897, No. 129.

I have the honour to submit, in the prescribed forms, the revised estimate for the current official year and the budget estimate for the year 1897–98.

2. The revised and budget estimates were discussed and passed by the council at its meeting held on the 20th January 1897. Extracts from the proceedings of the municipal council are herein enclosed.

REVISED ESTIMATE FOR 1896–97.

3. The subjoined table shows the opening balance, receipts and charges according to the revised estimates for 1896–97 against the budget estimate for the same year :—

	Revised estimate.	Budget estimate.
	RS.	RS.
Opening balance	70,720	26,780
Receipts	1,01,560	91,750
Total ..	1,72,280	1,18,530
Expenditure	1,22,570	94,670
Balance	49,710	23,860
Total ..	1,72,280	1,18,530

4. The excess in the opening balance as per revised estimate over that of the budget was principally due to the savings of Rs. 27,000 out of the allotment made for water-works, and to a sum of Rs. 16,000 under the same head having remained undisbursed during 1895–96 for want of final bills though the works had been executed.

5. The increase under the head of charges is due to the disbursement of the above-said sum of Rs. 16,000 during the year 1896–97, and to the outlay of large sums on account of cholera charges, payment of compensation for lands acquired for the slaughter-house, &c.

Receipts.

6. The receipts as per revised estimate amount to Rs. 1,01,560 against the original estimate of Rs. 91,750, the variation being chiefly due to the collections of the arrears under the principal taxes and under income from markets, &c.

Charges.

7. Under the head of "New Works—Communications", a sum of Rs. 2,200 is provided against Rs. 1,500 in the budget. The increase is due to the execution of works of an urgent nature for the improvement of certain roads and streets. The allotment for Rs. 200 has been sanctioned by the council under the powers vested in it by G.O., No. 889 L., dated 17th May 1894, the amount of each work being less than Rs. 500. Application for allotment of funds for Rs. 520 is herewith submitted for putting up iron railings to the railway main bridge road.

8. *Buildings.*—For improving and enlarging the present sheep slaughter-house and for constructing a bullock slaughter-house on the approved plan, a site at a cost of nearly Rs. 2,300 has been purchased under the Land Acquisition Act. An application for allotment of funds for the same has been submitted to Government for sanction. Hence the increase over the budget amount.

9. *Drainage.*—Under this head Rs. 1,400 have been provided for constructing drains in the streets where there are none, but where water flowing from fountains makes the places miry and uncomfortable to passengers, and also for carrying out certain works to let off the dirty water of the newly-constructed iron latrine in the Big market into the main drain in the adjoining street. Necessary allotment of funds for the construction of these works has been sanctioned by the council.

10. *Water-supply.*—Under this head a sum of Rs. 17,240 has been provided for payment on account of works executed this year, as also those executed in the previous year but not paid for in that year for want of final bills.

11. *Grant 3—Cholera Charges.*—Sanction of Government has been obtained in G.O., Mis. No. 1917 M., dated 11th November 1896, for the increased allotment made in the revised budget under this head.

12. The other items call for no remarks.

Receipts.

15. *Professional Tax.*—The budget estimate of Rs. 14,490 consists of an estimated collection of Rs. 11,450 out of the demand of Rs. 13,500 for 1897–98 and Rs. 3,040, arrears expected to be collected during the year.

Charges.

16. *Grant 1, Public Works.*—Under this grant a sum of Rs 64,360 has been provided. Under the head of New works, Rs. 500 have been provided for improving streets and lanes, Rs. 1,800 for improving the drains as suggested by the Sanitary Commissioner, Rs. 28,000 for extending the pipe lines of the water-works and for digging channels in the Vennar during the hot weather to feed the filter bed, and Rs. 500 for demolishing the fort walls. Under the head of "Repairs," the usual allotments have been made, and they require no special remarks.

17. *Grant 2, Education.*—As recommended by the Assistant Inspector of Schools, provision has been made (1) for opening two more Panchama schools, (2) for increasing the pay of the peon attached to the municipal Muhammadan schools from Rs. 3½ to Rs. 4, (3) for increasing the stipends to the teachers of the municipal salary-result schools and (4) for increasing the salary grants from Rs. 2,000 to Rs. 2,300. The total provision under this grant is Rs. 10,110 against Rs. 9,780, the current year's budget amount.

18. *Grant 3.*—The total provision under this grant is Rs. 25,460 against Rupees 23,170 in the revised estimate. The increase is explained below.

19. Under the head of hospitals and dispensaries, provision has been made for a probationary compounder to the municipal dispensary at Karuthattangudy on a salary of Rs. 5 per mensem as recommended by the District Medical and Sanitary Officer. The provision for the purchase of medicines has also been raised from Rs. 300 to Rs. 600.

20. *Registration of Births and Deaths.*—The number of sub-registrars of births and deaths from 1st January 1897 has been increased from 3 to 6 (*vide* this office letter, No. 1766, dated 26th November 1896).

21. *Conservancy.*—Under this head a provision for twelve more sweepers at the rate of Rs. 4 each per mensem has been made. The council feels that this increase is essentially necessary to keep the town clean and healthy. A provision has also been made under the head of "(5) (*a*) (ii) Other Charges, &c." for the purchase of six more air-tight night-soil carts at Rs. 130 each on the Madras pattern on the suggestion of the Sanitary Commissioner.

22. (5) (*d*) *Contingencies.*—Under this head provision has been made for the purchase of two sprays for disinfecting purposes as recommended by the Sanitary Commissioner in his letter, No. 96-S., dated 11th January 1897.

23. *Grant 4.*—Under this grant a sum of Rs. 9,450 against Rs. 9,280 in the revised estimate has been provided, the increase being mainly due to the increase in the number of lights by 20.

24. *Grant 5.*—A sum of Rs. 6,750, including the contributions for central office and audit establishments as per G.O., No. 2391 L., dated 17th December 1896, has been provided under this grant.

25. *Repayment of Debt.*—A sum of Rs. 6,320 has been provided for payment of instalment of the loan for water-works. The amount has been fixed with reference to the actuals of the current year and of the year previous.

26. The estimated total expenditure under all the heads for 1897–98 is Rupees 1,30,910, the closing balance being Rs. 13,720.

27. A proposition statement for the revision of establishments is herein enclosed.

Endt. on Cur. No. 261-Eng.

Submitted to Government in the Local and Municipal department.

2. The budget and revised estimates have been carefully drawn up, and variations therein are more or less explained in the report and statement No. VI.

3. The provision made under Grant 1, Communications—New works and Repairs —appears, however, to be insufficient. The sum provided for new works and repairs under this head is Rs. 7,350, which is 44 per cent. of the toll revenue (Rs. 16,830). The total mileage of metalled and unmetalled roads, &c., is 55¼ miles, of which only 15 miles are under maintenance. A somewhat larger provision might have been made, so that portions of unmaintained roads might be gradually taken in hand.

(Signed) T. S. Muttuswami Pottai
for *Ag. Collector.*

5th February 1897.

From J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E., Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated 8th February 1897, No. 257.

With reference to the budget estimate of the Tanjore Municipality for 1897–98, of which a copy has been forwarded to me, I have the honour to state that the following allotments appear in the budget, viz. :—

(1) (*d*) New works—Water-supply—Rs. 28,000.
(2) (*d*) Repairs—Water-supply—
(i) New works—Machinery, &c.—Rs. 2,700, against Rs. 2,700 in budget for 1896–97.
(ii) Establishment—Rs. 6,400, against Rs. 6,340 in budget for 1896–97.
(iii) Contingencies—Rs. 10,860, against Rs. 10,860 in budget for 1896–97.

2. The allotment under new works is made up of Rs. 27,000 for extension of pipe lines and Rs. 1,000 for digging channel at Vennar during the hot weather for feeding the filter bed.

It is submitted that this annual recurring charge of Rs. 1,000 will be obviated if my suggestions for increased supply at the filter bed approved of by the Chief Engineer but set aside by the council were carried out; but in any case the above is a maintenance charge and cannot be shown under new works.

3. Items (i) and (iii) under Repairs call for no remarks.

4. Item (ii)—the increase of Rs. 60 is due to the provision of a lascar at Rs. 5 per month. The necessity has not been explained by the Chairman.

5. The council has not made any provision for inspection of its machinery by the inspector of steam boilers and prime-movers. The amount of contribution fixed Rs. 600 as per G.O., No. 1615 M., dated 9th October 1895.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, Madras, to the Secretary to Government, Local and Municipal Department, dated 10th February 1897, No. 1271.

Adverting to the educational portion of the budget estimate of the Tanjore Municipality for 1897–98, I have the honour to state that the provision therein made for education is adequate and may be accepted. The net expenditure to the municipality under Grant 2 is Rs. 9,800, Rs. (10,110—310), which is about 12 per cent. of its estimated income from taxation, rents and markets.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 16th February 1897, No. 60.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tanjore Municipality for the year 1897–98 is sufficient.

2. The proposal of the municipality to entertain a probationary compounder on Rs. 5 meets with my approval.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 9th March 1897, No. 591-S.

Referring to the budget estimate of the Tanjore Municipality for 1897–98, I have the honour to state that the provision therein made for the conduct of vaccination, being the same as for the current year, calls for no remarks. The conservancy charges are placed at Rs. 19,250 or 20·3 per cent. of the current receipts, against 16·3 per cent. set apart in the sanctioned budget. The assignment is below the amount allowed in the majority of municipalities, and, in my opinion, insufficient for actual requirements. The staff of scavengers and sweepers needs strengthening, and

the plant at disposal employed should be considerably added to. In this connection, I would respectfully invite the attention of Government to the accompanying letter from the District Sanitary officer of Tanjore and its enclosure. His views regarding the necessity for raising the status of the Chief Sanitary Inspector are fully endorsed. Indeed this point was urged unsuccessfully upon the attention of the council in my inspection notes (paragraph 12) embodied in G.O., No. 1634 M., dated 23rd September 1896. It seems to me to stand to reason that a division of authority such as maintained by the council in respect to their sanitary staff cannot fail to have evil results. The arrangement by which the sanitary staff is made to perform duties in connection with tax collection is also most undesirable. My last inspection of Tanjore showed that the general sanitary condition of the town was far below what might be reasonably expected at the hands of a municipal council of so important a town.

ORDER—No. 551 M., dated 15th March 1897.

The estimated receipts and charges of the Tanjore Municipality for 1897–98, as passed by Government, are compared below with the budget and revised estimates for the year 1896–97 and the actuals of 1895–96 :—

REVISED ESTIMATE FOR 1896–97.

2. The current receipts and charges are now estimated at Rs. 1,01,560 and Rs. 1,22,570, respectively, against Rs. 91,750 and Rs. 94,670, anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under the tax on arts, income from markets and slaughter-houses and advances recovered and that in the charges under Grants 1 and 3, and repayment of debt. The collections under the principal taxes during the first eight months of the year were again not satisfactory. The allotment of Rs. 520, referred to in paragraph 7 of the Chairman's letter, is sanctioned. The contribution for central office establishments, which under G.O., No. 2069 M., dated 9th December 1895, should have been calculated on the ordinary annual receipts of the municipality, will be reduced from Rs. 740 to Rs. 597 or Rs. 600 in round figures. The balance to be carried forward to the ensuing year's budget will then be Rs. 49,850.

BUDGET ESTIMATE FOR 1897–98.

3. *Receipts.*—The receipts for the coming year are placed at Rs. 94,920, against Rs 1,01,560 in the revised estimate, the decrease appearing mainly under the tax on arts and advances recovered.

4. *Charges.*—(i). The probable charges are entered as Rs. 1,30,910, against the revised estimate of Rs. 1,22,430, the increase being chiefly under Grants 1 and 3.

(ii) *Grant 1.*—The allotment for repairs to communications will, with reference to paragraph 3 of the Collector's endorsement, be raised from Rs. 6,850 to Rs. 7,920, so as to bring the total provision for roads to 50 per cent. of the receipts from tolls, and a sum of Rs. 600 will be provided for contribution to Provincial funds towards the salary of the boiler inspector. With reference to paragraph 4 of his letter read above, the Sanitary Engineer will be informed that the entertainment of the lascar, who is to attend on the water works overseer, has already been sanctioned in G.O., No. 1017 M., dated 17th June 1896. With reference to paragraph 2 of the same letter, the allotment for digging the Pennar channel will be transferred from new works to repairs.

(iii) *Grant 2.*—The entertainment of two teachers on Rs. 7 each for the Panchama schools, and the proposed increase in the salary of the peon attached to the Muhammadan school from Rs. 3-8-0 to Rs. 4 are sanctioned.

(iv) *Grant 3.*—The council's proposals to employ a probationary compounder on Rs. 5 for the Karuthattangudi dispensary, and twelve additional sweepers on Rs. 4 each referred to in paragraphs 19 and 21, respectively, of the Chairman's letter are approved. The remarks and suggestions made by the Sanitary Commissioner in his letter read above should receive careful consideration. The enclosures to this letter have not been received in the Government office. The provision made for the three additional sub-registrars of births and deaths mentioned in paragraph 20 will be struck out with reference to G.O., No. 134 M., dated 2nd February 1897.

(v) *Grant 5.*—The contribution for central office establishments will be reduced from Rs. 950 to Rs. 906 or Rs. 910 in round numbers, with reference to G.Os., No. 2069 M., dated 9th December 1895, and No. 2391 L., dated 17th December 1896.

5. *Debt and closing balance.*—The amount provided for interest on loan will be reduced from Rs. 8,040 to Rs. 7,520. As revised by Government, the budget closes with a balance of Rs. 12,980 or 13·7 per cent. of the estimated receipts.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. C. MURUGESEM PILLAI Avargal, Deputy Collector and *Ex-officio* Chairman, Municipal Council, Tanjore, to the Secretary to Government, Local and Municipal Department (through the Divisional officer, Tanjore), dated 28th January 1897, No. 129.

I have the honour to submit, in the prescribed forms, the revised estimate for the current official year and the budget estimate for the year 1897–98.

2. The revised and budget estimates were discussed and passed by the council at its meeting held on the 20th January 1897. Extracts from the proceedings of the municipal council are herein enclosed.

REVISED ESTIMATE FOR 1896–97.

3. The subjoined table shows the opening balance, receipts and charges according to the revised estimates for 1896–97 against the budget estimate for the same year :—

	Revised estimate.	Budget estimate.
	RS.	RS.
Opening balance	70,720	26,780
Receipts	1,01,560	91,750
Total ..	1,72,280	1,18,530
Expenditure	1,22,570	94,670
Balance	49,710	23,860
Total ..	1,72,280	1,18,530

4. The excess in the opening balance as per revised estimate over that of the budget was principally due to the savings of Rs. 27,000 out of the allotment made for water-works, and to a sum of Rs. 16,000 under the same head having remained undisbursed during 1895–96 for want of final bills though the works had been executed.

5. The increase under the head of charges is due to the disbursement of the above-said sum of Rs. 16,000 during the year 1896–97, and to the outlay of large sums on account of cholera charges, payment of compensation for lands acquired for the slaughter-house, &c.

Receipts.

6. The receipts as per revised estimate amount to Rs. 1,01,560 against the original estimate of Rs. 91,750, the variation being chiefly due to the collections of the arrears under the principal taxes and under income from markets, &c.

Charges.

7. Under the head of "New Works—Communications", a sum of Rs. 2,200 is provided against Rs. 1,500 in the budget. The increase is due to the execution of works of an urgent nature for the improvement of certain roads and streets. The allotment for Rs. 200 has been sanctioned by the council under the powers vested in it by G.O., No. 889 L., dated 17th May 1894, the amount of each work being less than Rs. 500. Application for allotment of funds for Rs. 520 is herewith submitted for putting up iron railings to the railway main bridge road.

8. *Buildings.*—For improving and enlarging the present sheep slaughter-house and for constructing a bullock slaughter-house on the approved plan, a site at a cost of nearly Rs. 2,300 has been purchased under the Land Acquisition Act. An application for allotment of funds for the same has been submitted to Government for sanction. Hence the increase over the budget amount.

9. *Drainage.*—Under this head Rs. 1,400 have been provided for constructing drains in the streets where there are none, but where water flowing from fountains makes the places miry and uncomfortable to passengers, and also for carrying out certain works to let off the dirty water of the newly-constructed iron latrine in the Big market into the main drain in the adjoining street. Necessary allotment of funds for the construction of these works has been sanctioned by the council.

10. *Water-supply.*—Under this head a sum of Rs. 17,240 has been provided for payment on account of works executed this year, as also those executed in the previous year but not paid for in that year for want of final bills.

11. *Grant 3—Cholera Charges.*—Sanction of Government has been obtained in G.O., Mis. No. 1917 M., dated 11th November 1896, for the increased allotment made in the revised budget under this head.

12. The other items call for no remarks.

Receipts.

15. *Professional Tax.*—The budget estimate of Rs. 14,490 consists of an estimated collection of Rs. 11,450 out of the demand of Rs. 13,500 for 1897–98 and Rs. 3,040, arrears expected to be collected during the year.

Charges.

16. *Grant 1, Public Works.*—Under this grant a sum of Rs. 64,360 has been provided. Under the head of New works, Rs. 500 have been provided for improving streets and lanes, Rs. 1,800 for improving the drains as suggested by the Sanitary Commissioner, Rs. 28,000 for extending the pipe lines of the water-works and for digging channels in the Vennar during the hot weather to feed the filter bed, and Rs. 500 for demolishing the fort walls. Under the head of "Repairs," the usual allotments have been made, and they require no special remarks.

17. *Grant 2, Education.*—As recommended by the Assistant Inspector of Schools, provision has been made (1) for opening two more Panchama schools, (2) for increasing the pay of the peon attached to the municipal Muhammadan schools from Rs. 3½ to Rs. 4, (3) for increasing the stipends to the teachers of the municipal salary-result schools and (4) for increasing the salary grants from Rs. 2,000 to Rs. 2,300. The total provision under this grant is Rs. 10,110 against Rs. 9,780, the current year's budget amount.

18. *Grant 3.*—The total provision under this grant is Rs. 25,460 against Rupees 23,170 in the revised estimate. The increase is explained below.

19. Under the head of hospitals and dispensaries, provision has been made for a probationary compounder to the municipal dispensary at Karuthattangudy on a salary of Rs. 5 per mensem as recommended by the District Medical and Sanitary Officer. The provision for the purchase of medicines has also been raised from Rs. 300 to Rs. 600.

20. *Registration of Births and Deaths.*—The number of sub-registrars of births and deaths from 1st January 1897 has been increased from 3 to 6 (*vide* this office letter, No. 1766, dated 26th November 1896).

21. *Conservancy.*—Under this head a provision for twelve more sweepers at the rate of Rs. 4 each per mensem has been made. The council feels that this increase is essentially necessary to keep the town clean and healthy. A provision has also been made under the head of "(5) (*a*) (ii) Other Charges, &c." for the purchase of six more air-tight night-soil carts at Rs. 150 each on the Madras pattern on the suggestion of the Sanitary Commissioner.

22. (5) (*d*) *Contingencies.*—Under this head provision has been made for the purchase of two sprayers for disinfecting purposes as recommended by the Sanitary Commissioner in his letter, No. 96-S., dated 11th January 1897.

23. *Grant 4.*—Under this grant a sum of Rs. 9,450 against Rs. 9,280 in the revised estimate has been provided, the increase being mainly due to the increase in the number of lights by 20.

24. *Grant 5.*—A sum of Rs. 6,750, including the contributions for central office and audit establishments as per G.O., No. 2391 L., dated 17th December 1896, has been provided under this grant.

25. *Repayment of Debt.*—A sum of Rs. 6,320 has been provided for payment of instalment of the loan for water-works. The amount has been fixed with reference to the actuals of the current year and of the year previous.

26. The estimated total expenditure under all the heads for 1897–98 is Rupees 1,30,910, the closing balance being Rs. 13,720.

27. A proposition statement for the revision of establishment is herein enclosed.

Endt. on Cur. No. 261-Eng.

Submitted to Government in the Local and Municipal department.

2. The budget and revised estimates have been carefully drawn up, and variations therein are more or less explained in the report and statement No. VI.

3. The provision made under Grant 1, Communications—New works and Repairs —appears, however, to be insufficient. The sum provided for new works and repair under this head is Rs. 7,350, which is 44 per cent. of the toll revenue (Rs. 16,830). The total mileage of metalled and unmetalled roads, &c., is 55¼ miles, of which only 15 miles are under maintenance. A somewhat larger provision might have been made, so that portions of unmaintained roads might be gradually taken in hand.
