OFFICE OF THE MUNICIPAL COUNCIL.

Negapatam, 1st February 1897.

From *rubby*
P. Rethumaleapathi Pillai AVE
Chairman, Municipal Council,
Negapatam.

To

The Honorable The Chief Secretary

to the Government of Fort Saint George,

Madras,

(Local and Municipal Department.)

Through the Head Assistant Collector and the Collector of Tanjore.

SIR,

Adverting to Government Endorsement
No. 1451 dated 2^d December 1896, referring
to this Council, letter from the Presidency
Port Officer regarding the revision of the
Eastern limits of this Municipality, I
have the honor to Submit herewith an
extract from the Proceedings of the Council
dated 28th January 1897, and to state
that the Council is of opinion that the
suggested exclusion of the lands within
the Port limits from the limits of this
Municipality, will be detrimental to
Sanitation. The fishermen's hamlets
on the beach are partly situated
within the Port limits

Submitted herewith

*As
T*

These hamlets and the foreshore on the Beach which is used as a public promenade should be under Municipal Control in view to the same being maintained in a good Sanitary Condition -

Under the above circumstances the Council is firmly of opinion that the proposed exclusion of the land within Port limits from the Municipality is highly objectionable on Sanitary grounds. The existing state of things has not in anywise been found inconvenient to the Port-authorities. It is not known what structure is proposed within Port limits. The marina and the foreshore in Madras are within 50 yards of high water mark and therefore within port limits, and if it is proposed to exclude the same from the Madras Municipality it will be seen how objectionable will be the arrangement which will deprive the Municipality of all Sanitary

Control

Resolution:—

The fishermen's boats are in
part within port limits. So far as con-
servancy is concerned, the council is
of opinion that the port limits should

be within Municipal limits. The
 fore shore on the beach which is already
 within port limits, the sanitation
 of which is a legitimate charge on
 port funds, is at present being watched
 at the cost of the Council. The Council
 considers that it will be detrimental
 to sanitation to exclude the port limits
 from municipal limits. The
 chairman will be requested to
 address the port authorities as
 regards the conservation of the
 beach shore at their cost.

The Secretary to Government,

Sir,

I have the honor to request that the attention of Government may be called to the Notification No.112, defining the Municipal limits of the Town of Negapatam, published at page 592, of the "Fort St. George Gazette" of 11th September 1885. On the strength of it the local Municipal Council enforces section 180, of the Madras District Municipalities Act IV of 1884, depriving the local Port Officer of a free hand in erecting, within port limits, without the Council's sanction, any structure that may be necessary in connection with port improvement or conservancy matters, but I hardly think it was intended to place any such restriction on the port authorities within the limits of the port. I would therefore suggest that the Municipal limits be revised so as to make the Eastern limit of the town, end at 50 yards from High Water Mark which is the Western limit of the port as fixed by the Notification published at page 6 of "Fort St. George Gazette," Extraordinary, dated 9th April 1858.

I have the honor to be,
Sir,
Your Obedient Servant,

K. A. Street

under the shaman.

The fishermen hauls are in part within
port limits: so far as compensation
is concerned I am decidedly of opinion
that port limits sh^d be within municipal
limits. The franchise on the beach which
is within port limits, for the same reason
is a legitimate charge on port funds
of which ~~the port authorities are not~~
at present being watched at the end of the
Council. I see no necessity for any change
nor has any convenience been felt under
the existing arrangements.
