Enclosure.

SIR,

I have the honor to offer the following remarks on the Mangalore Municipal Budget for 1897-98:-

(a) The allotment for vaccination is sufficient.

(b) For conservancy a provision of Rs 8,980 is made against Rs 8,260 sanctioned for the current year. The proportion which it bears to the estimated receipts cannot be ascertained, as the latter are nowhere shown.

(c) My suggestions for revising the Conservancy staff, both Supervising & menial, contained in my letter reviewing the current year's budget, do not appear to have received any consideration whatsoever at the hands of the Council.

2. Under Grant I Rs 2,500 are allotted for the investigation of a drainage

drainage and a water-supply scheme, a moiety of the amount being set apart for each. The necessity for separate assignments for these purposes is not apparent, as the levels taken and survey made for one scheme will, for the most part, hold good in the case of the other.

I have the honor to be,

Sir,

Your most obedient servant,

W. H. D. S.

Surg Lt Col,

Sanitary Commissioner

for Madras.
