GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—again the following paper:—

G.O., Mis. No. 2143 M., dated 19th December 1896.

Read—the following paper:—

From C. H. MOUNSEY, Esq., Acting Collector and District Magistrate of Salem, to the Secretary to Government, Local and Municipal Department, dated 2nd December 1896, No. 6569.

In forwarding letter from the Chairman, Municipal Council, Salem, No. 1654, dated 1st instant, I have the honour to state that the suggestion to extend the boundaries seems to me a very necessary one to be carried out.

2. A reference to the map will show that the present boundary of the municipality runs on the northern side of the road from the toll-gate to the "Pension lines" and I found as a fact that this toll-gate at the corner of the proposed extension, tolled traffic that never entered the municipality—for instance, traffic to the Pension lines and Trichinopoly cross road from the west. As District Magistrate, I objected to this, and this proposal is the result.

3. The municipality refers to some little extra expense incurred upon the upkeep of the roads. This will be so; but the Trichinopoly cross road has just been remodelled throughout; the road past the Pension lines, not being a municipal road, is an anomaly, and the expense of keeping up that part of the Trichinopoly road that will be included in the municipality will be covered by the taxation of the Dadagapatti village.

4. On sanitary grounds it seems to me to be most essential that the village should be included. It contains a crowded population, not only of persons, but of animals. It is used as a camping ground for numbers of bullocks and ponies and carts, all licensed by the municipality, and these are used to carry within municipal limits the goods that unlicensed carts bring from the south. The village lies low and its state can be well imagined.

5. I strongly support this proposition.

ENCLOSURES.

From M.R.Ry. A. PUSHPANATHA PILLAI Avargal, B.A., Chairman, Municipal Council, Salem, to the Secretary to Government, Local and Municipal Department (through the Collector of Salem), dated 1st December 1896, No. 1654.

I have the honour to submit herewith, for your information, copies of the resolutions of the Municipal Council of Salem, passed at its meetings held on the 13th August and 14th November 1896, and to request that you will be good enough to obtain the sanction of Government for the extension of the limits of the Salem Municipality so as to include the village of Dadagapatti from the 1st April 1897.

2. This village is situated very close to the town, and it is very desirable on sanitary grounds and for the proper conservancy of the health of the whole town, that it should be brought under the influence of municipal laws, so that epidemic diseases prevailing in it may not spread into the town.

3. The population of this village according to the census of 1891 is 1,297. It is expected that the receipts from this village will, to some extent, meet the charges which will have to be incurred in connection with the enforcement of the municipal law and maintaining a few more miles of roads.

4. The existing boundaries of the municipal limits are given in G.O., No. 747, Financial, dated 3rd April 1884. The proposed boundaries will be as shown in the accompanying list. A map showing the present and proposed boundaries is herewith submitted for the information of Government and favour of return.

EXTRACT from the Proceedings of a General Meeting of the Municipal Council of Salem held on the 13th August 1896.

3. Read memorandum of the Chairman regarding the extension of the municipal limits of Salem so as to include Pallapatti and Dadagapatti.

Resolution.—Resolved unanimously that Dadagapatti be included within municipal limits, and carried by a majority that Pallapatti need not be included within the municipal limits for the present.

EXTRACT from the Proceedings of a General Meeting of the Municipal Council of Salem held on the 12th November 1896.

3. Read list showing the revised boundaries of the Salem municipal limits including the village of Dadagapatti.

Resolution.—Resolved that the list be approved and the same be submitted to Government.

Order—Mis. No. 2143 M., dated 19th December 1896.

The revised boundaries of the municipality, as defined in the draft notification, are not traceable on the plan forwarded by the Collector. He is therefore requested to submit a sketch drawn to scale, showing clearly the present and the proposed boundaries, the latter being indicated by the identifying marks referred to in the draft notification and by survey numbers.

(True Extract.)

(Signed) G. S. FORBES,
Secretary to Government.

To the Collector of Salem.

READ—also the following paper:—

From M.R.Ry. A. PUSHPANATHA PILLAI Avargal, B.A., Chairman, Municipal Council, Salem, to the Collector of Salem, dated 4th February 1897, No. 260.

With reference to your endorsement, Ref. on No. 14—B. & G., dated 8th January 1897, I have the honour to forward herewith a sketch drawn to scale showing the present and the proposed boundaries of the municipality. As Salem and Dadagapatti are mitta villages which are not surveyed, the boundaries cannot be indicated by survey numbers.

Endorsement, No. 684, dated 13th February 1897.

Submitted to Government, in the Local and Municipal Department, Madras, with reference to G.O., Mis. No. 2143 M., dated 19th December 1896.

(Signed) C. H. MOUNSEY,
Acting Collector.

ORDER—No. 638 M., dated 22ND March 1897.

The proposal of the municipal council to include the village of Dadagapatti within the limits of the Salem Municipality is approved, and the following notification will be published in the Fort St. George and Salem District Gazettes:—

NOTIFICATION.

In exercise of the power conferred by sub-section (1) of section 4 of the Madras District Municipalities Act IV of 1884, and in modification of notification, No. 37, published at page 234, Part I, of the *Fort St. George Gazette*, dated 8th April 1884, His Excellency the Governor in Council is pleased to declare that the boundaries of the Salem Municipality shall, from the 1st April 1897, be as follows:—

North.—The jungle stream from the second bridge on the road from Salem to Suramangalam up to Paul Pillai's garden; thence in a line below the quarry land and the Chucklers' tank bund to a point about 280 feet north-north-west of the toll-gate on the Salem-Omalur road; thence in a line to the first bridge on the road from Hastampatti to Suramangalam; thence along the road to the point where it cuts the road to the Shevaroy hills, and on to a pillar erected on the northern side of the late Mr. G. Fisher's indigo factory; from the above pillar to the toll-gate on the Viranam road; thence in a line to the Ponnammappet gate municipal school-house on the road from Ponnammappet to Ammapet; and thence along that road to a point on it about 400 feet west of the police station and thence in a line to the north of the Ammapet paracheri.

East.—A line to the east of Ammapet paracheri across the Cuddalore road down to the stream from the Jarugumalai hills feeding the Ammapet tank.

South.—The Jarugumalai stream from the point where the eastern boundary meets it up to the Ammapet tank, along the northern bank of the Ammapet tank; thence in a line to the south of the Pachappatti hamlet to a pillar south to the old Kichipalaiyam bullock slaughter-house; thence in a line to a point about 1,740 feet east of the north-west corner of the Muhammadan burial-ground; thence in a line to that corner and branching from it southward between the Panjanthangi tank bund and the old distillery skirting the village of Dadagapatti to the 6th furlong stone in the 2nd mile on the Salem-Trichinopoly road; thence along and including that road up to its junction with the Trichinopoly cross road; thence along and including the latter to the toll-gate on the Police line road and thence along but excluding that road up to its junction with the Coimbatore road.

West.—From the last-mentioned point along but excluding the Coimbatore road to the toll-gate on it; thence branching from it north-west so as to cross the Tirumanimuttar river at a point about 1,000 feet west of the bridge on the same and thence in a line to the starting point on the northern boundary.
