Sir,
In submitting herewith copy of a resolution of the Municipal Council passed at its meeting held on the 22nd February 1897 on the subject of levying water tax in the town, I beg to state that the Council has not made any provision in the Budget for 1897-98, already submitted to Government, nor was credit taken in it for the water tax, as it was not known when the water works will be completed and the water supply be ready for the use of the public. The Sanitary Engineer during his last visit to this town some three weeks back, mentioned to me that necessary provision for the maintenance of Establishment

ing the Council the necessity for the
demand and the order to meet the
same.

water tax at $3\frac{3}{4}$ against 4 per cent

rental value of houses and lands as
the probable amount of Assessment
viz Rs 9360/- assessed at the above rate
is considered sufficient to meet the annual
expenditure in connection with the main-
tenance of water supply.

3. I shall submit for sanction a
Supplemental Budget Estimate for receipts

receipts and charges on account of these
works shortly. In the meantime, I respec-
tfully request that you will be pleased
