Secretary to Government

Enclosure.

SIR,

I have the honour to state that the provision made by the Vizagapatam Municipal Council for the carrying on of vaccine operations will suffice. The allotment for conservancy is 32.5 per cent of the estimated receipts excluding the extraordinary credit taken under "Sale proceeds of lands and buildings," against 29 per cent set apart in the current year's budget. The Conservancy staff has not yet been re-arranged on the lines suggested in my Inspection Notes recorded in G.O. No. 479 M, dated 20th March 1896.

2. I am glad to note that some of the improvements suggested in the Notes above referred to have been

been budgeted for execution next year, but I would suggest that the Council be required to show that water cannot be obtained from the water supply works now under construction for Fishermenpetta before proceeding to form wells.

I have the honour to be,
Sir

Your most Obedt. Servant

W. K. Ramesh
