No. 3493

GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,

Fort St. George, 17 Decr 1896

LOCAL & MUNICIPAL DEPT
CURRENT NO. 3370 M

From

J. A. JONES, Esq. MEM. INST. C.E., F.R.S.E.,

SANITARY ENGINEER TO GOVERNMENT,

To

The Secretary to Government,

Local and Municipal Department.

SIR,

With reference to G.O. No. 1795 M Mis. dated 23rd. October 1896, I have the honor to inform you that I have only now been able to obtain the plans & correspondence in reference to the Berijam Project.

2. From an inspection of these I do not consider that the project will in any way affect the cost of a scheme for Periyakulam because it is understood there is always a sufficient flow in the Varahanadi to supply the town. In any case however as far as can be judged it will be cheaper to store water for the town much nearer it than to alter the entire character of the Berijam tank project.

5. I regret I am unable to say when the project for the supply of Periyakulam can be taken up. I was not able to include ^{it} in my programme for 1897. I suggested a very cheap scheme for an improvement in the supply of water to the town vide my No. T/82 dated 23rd. October 1891, and even this the Municipality ~~was~~ unable to take up for want of funds, so that it would not seem desirable to waste time in preparing a larger scheme.
