Order. N^o 720 mis. 29/2/97

The government cannot consider the question of raising the rates of tolls as long as other sources of revenue are unexhausted. If additional funds are required by the Municipal Council, the necessity for which however should be fully stated, it should be explained why the rate at which the taxes on buildings and lands is levied should be raised and the registers thoroughly revised.

3. Under go. no 1162 m d 4th Sept 1893 the Chairman's letter should have been submitted through the Collector. This rule should be strictly followed in the future.
