It may be difficult, in consequence of demand for officers just now, to obtain services of Commissioned Medical officers proceed with Gaekwar to Ootacamund. His Highness' medical attendant is a Bombay L.M. Would it exempt His Highness and family from inspection *en route* if they obtained clean bill of health from Commissioned doctor on starting. Would be obliged if this could be sanctioned. One imported plague case on 11th March has as yet occurred in Baroda.

Order—No. 218, Political, dated 31st March 1897.

Communicated to the Local and Municipal Department, also to the Public Works Department, Railway Branch, the Deputy Adjutant-General, Madras Command, for the information of the Lieutenant-General Commanding, the Military Secretary to His Excellency the Governor, and to the Collector of the Nilgiri district.

2. The Local and Municipal Department will be requested to arrange for the necessary medical inspection *en route*. In the circumstances explained a clean bill of health at starting and a certificate from the medical officer in attendance on His Highness at each inspecting station will be accepted as sufficient in the case of His Highness the Gaekwar, the Maharani, the Princes and Princess; but the remainder of the suite should be subjected to the usual examination at all inspecting stations. The party will apparently halt at Adóni, Katpadi and Méttupálaiyam. If inspected at Wadi by the Hyderabad authorities, they may be allowed to proceed to Adóni. If not, they must be examined at Adóni by the Bellary Civil Surgeon who should receive telegraphic instructions to that effect before they can be allowed to alight and proceed into that town. They will further be inspected at Guntakal and Pódanúr.

(Signed) J. F. PRICE,
