BACK PAPERS.

G.O.	No.	Department.	Date.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

No. 338, dated Lahore, the 6th March 1897.

From—H. J. MAYNARD, Esq., Junior Secretary to the Government of the Punjab,
Home (Medical and Sanitary) Department,
To—The Secretary to the Government of India, Home Department.

I AM directed to forward, for the information of the Government of India, a copy of the papers noted on the margin, inaugurating moveable inspections on the North Western Railway between the stations of Sadikabad and Samasatta.

2. I am to explain that the papers are forwarded to the Government of India as it is thought the idea of having moveable inspections may perhaps be a useful suggestion to other Governments and Administrations as the plan should prevent attempts by the travelling public to evade medical inspection.

Notification No. 332, dated the 6th March 1897.

IN exercise of the power conferred upon him by clause II of the Regulations made under sub-section (1) and under sub-clause (b) of sub-section (2) of section 2 of the Epidemic Diseases Act, 1897, and published with Notification No. 146, dated the 12th of February 1897, the Honourable the Lieutenant-Governor hereby declares the following Railway Stations and places in the vicinity thereof to be places of inspection for purposes of the said Regulations, namely :—

Sadikabad.
Rahim Yar Khan.
Kotsamaha.
Firoza.
Chandri.
Chanigot.
Ahmadpur.
Mularakpur.
Kalanchwala.
Samasatta.

L. W. DANE,

Offg. Chief Secy. to Govt., Punjab.

No. 333, dated Lahore, the 6th March 1897.

From—H. J. MAYNARD, Esq., Junior Secretary to the Government of the Punjab,
Home (Medical and Sanitary) Department,
To—The Inspector-General of Civil Hospitals, Punjab.

ATTENTION having been drawn to the fact that some passengers evade the inspection at Khanpur by alighting at other stations and walking across country to rejoin the railway at some point beyond, it is thought desirable that the Inspecting Medical Officer should vary the place of inspection from day to day in order that passengers may be unable to make arrangements to escape examination or detention. For this purpose ten other stations above and below Khanpur have been notified to be places of inspection by Notification No. 332, dated 6th March 1897, of which a copy is enclosed; and Surgeon-Lieutenant C. J. Milne is hereby appointed to be an Inspecting Medical Officer for all of these stations as well as for Khanpur.

2. Should it be necessary for Surgeon-Lieutenant Milne to detain on suspicion or as an undoubted case of plague any person discovered at any of these stations, he should arrange to convey him to Khanpur or to have him sent on to Sh. r Shah, these being the only places at which proper accommodation and treatment are available. The necessary legal authority for this purpose is given by clause VI of the Regulations published with Notification No. 146, dated 12th February 1897, which provides that a person detained under that clause may be removed to and detained in any building, tent or other place, whether near the place of inspection or elsewhere.

3. The Manager, North Western Railway, has expressed his willingness to give to Surgeon Lieutenant Milne written authority to stop trains from Karachi for purposes of inspection at any of the stations referred to in the Notification cited in my first paragraph.

4. A copy of this is being forwarded to Surgeon-Lieutenant Milne direct.
