GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—again the following papers :—

G.O., Mis. No. 1012 M., dated 15th June 1896.

Read—the following letter from M.R.Ry. N. JALADURGAPRASADARAYUDU Garu, B.A., Chairman, Municipal Council, Rajahmundry, to the Chief Secretary to Government (through the Sub-Collector, Gódávari), dated 9th April 1896, No. 391 :—

In submitting herewith a copy of the council's resolution, dated 25th January 1896, by which it has been resolved to extend the municipal limits, I have the honour to state that the council first resolved, on a report of a sub-committee on 27th July 1895, to extend the northern limits of the town so as to include the narrow strip of land up the river west of the river bund to Pandiri Mahadevudu's choultry, and also resolved to entertain three additional peons to watch the river side to prevent the water of the river from being polluted. On 25th October 1895, I sent a letter to Government through the Divisional officer, with the necessary plan and draft notification. The Sub-Collector forwarded it to the District Collector, recommending the sanction of the council's proposals on the 2nd November 1895. But the District Collector returned it with the suggestion that when the council was extending the boundary to the north, it would be best to extend the limits so as to include Aryapuram (Listerpetta) in accordance with a petition received and referred by him to the council. The Sanitary Commissioner having also advised the municipality to include it within the municipal limits, the council thereupon resolved on 27th November 1895 to include it within the municipal limits, and the Aryapuram committee consented to hand it over to the municipality on certain conditions which were accepted by the council (*vide* copies enclosed). The council thought it desirable at the same time to revise all the boundaries, in order that the vacant space adjoining the town where nuisance is likely to be committed might be included within the municipality, and accordingly it resolved on 25th January 1896 to extend the northern limits so as to include Aryapuram and the vacant land to the east of it, and at the same time revised all the other boundaries which do not materially alter the old limits (*vide* copy of resolution enclosed). A plan prepared in accordance with the council's resolution and approved of by the council at its meeting on 29th February 1896 is submitted for the information of Government. Owing to the extension of the northern limit, it has become necessary to add a portion of the old IV ward to the III ward, and to include under the IV ward the portion now brought under the municipality, as per plan enclosed. The necessary notification of the boundaries of the municipality and of the wards as proposed is enclosed for publication in the *Fort St. George Gazette*.

I therefore request that you will be pleased to move the Government to sanction the extension and revision of the municipal limits, and of its division into wards as resolved by the council.

ENCLOSURES.

EXTRACT from the Proceedings of the Municipal Council, Rajahmundry, dated 25th January 1896.

Read proposals to extend the municipal limits.

Resolution No. 1983.—The municipal limits will be extended so as to include Listerpetta (Aryapuram) and the few houses and fields to the east of the Kateru road, the proposed western boundary extending one mile into the river, the northern boundary being the Pinugula Punta and a line eastwards therefrom to the Korukonda road and the Rajanagaram toll-gate (the Pinugula Punta and the Kambala tank being included), the eastern and southern boundaries being a line joining the Rajanagaram toll-gate and the Dowlaishweram road where the railway bund crosses it, and thence a westwardly line to one mile into the river, the rail road being included.

The third ward will be extended so as to include all the part of the town on the western side of the middle line of the main road and its continuation and that to the south of the nulla that is in Listerpetta; Listerpetta and the other portion now included towards the north of the town will form the fourth ward, together with what will be still left under the old fourth ward after the extension of the third; the other portions now included within the municipal limits will be included under the wards which they adjoin. The council does not think it necessary to extend the municipal limits to the north further than is now resolved and so as to include the narrow strip on the river side between Pandiri Mahadevudu's Choultry and the Pinugula Punta. In view of this bit not being included, the council does not think it necessary to entertain three additional river watchers budgeted for, but only two of them.

EXTRACT from the Proceedings of the Aryapuram Petta Committee, dated the 10th and 18th November 1895.

Resolved that * * * * *

9. Under the present circumstances the committee is of opinion that, in pursuance of the request of the Municipal Council of Rajahmundry, the petta might be handed over to the said municipality, but with the following reservations, viz.—

(*a*) No dead bodies appertaining to the town should be allowed to pass through any of the petta roads and that the funeral processions of the town should proceed by the old routes.

(*b*) The management of the petta now in the hands of the committee should be taken by the municipal council.

(*c*) The municipal council should pay annually the proportionate revenue tax on the land occupied by roads and the drainage.

(*d*) The municipality should undertake all the liabilities of the committee transferred to itself including those of the protective bund and of Government revenue.

(*e*) The municipality should issue sale-deeds to the fully paid up site-owners and other site-owners who are not in arrear on account of the revenue tax.

(*f*) The municipality should not interfere with respect to the sites granted by the committee for a temple and a school-hall, reading-room or library.

(*g*) The Secretary is authorized to draft a reply with the above reservations and forward the same to the Rajahmundry Municipality, and if the said municipality accepts the petta with the said reservations the Secretary is instructed to hand over all papers, records, monies, in his possession to the said Chairman and take receipt therefor.

The Secretary is also instructed to report to the Chairman that some papers, records and monies now in the possession of late Secretary's widow, Mrs. Lakshmikantam, belonging to the petta, be taken from her by the said Chairman.

Dis. No. 1419.

Forwarded, with the request that the limits of the municipality may be extended as proposed.

2. The suburb of Rajahmundry known as Aryapuram should most certainly be included in the municipality.

3. This suburb has been built on jeroyati and inam lands, and if included in municipal limits the extents occupied by roads, &c., will have to be sub-divided and transferred to village site.

2. From a petition received on 1st May 1896 from the Manager, Sri Bharati Press, Rajahmundry, it appears that the oil factories existing in Aryapuram are a constant source of nuisance to the public, and there seems to be no other means of

controlling them except by including the hamlet within the municipal limits. This is an important suburb, or rather extension of the town, and requires all the municipal services which it does not now enjoy.

Read—the following letter from G. W. ELPHINSTONE, Esq., Acting Collector, Gódávari District, to the Chief Secretary to Government, dated 18th October 1896, No. 1236—Eng. :—

With reference to G.O., Mis. No. 1012 M., dated 15th June 1896, I have the honour to submit a revised draft notification defining the proposed boundaries of the Rajahmundry Municipality by means of survey numbers.

2. The boundaries have been duly indicated in the sketch which is herewith resubmitted.

Order—Mis. No. 1991 M., dated 19th November 1896.

The description of the eastern boundary now given is imperfect. The point near the Tummisetti tank, which the line drawn southward from the Rajanagaram toll-gate meets, has not been specified, nor have the survey numbers of the Hukumpeta lands been given. The line above referred to is described as meeting the Dowlaishweram road where the railway bund crosses it, but from the sketch this does not appear to be the case. The draft notification should therefore be amended with reference to the above remark.

With reference to G.O., Mis. No. 1991 M., dated 19th November 1896, in connection with the extension of the municipal limits, I have the honour to forward herewith the plan marking the eastern and southern boundaries correctly, and noting thereon the numbers of the Hukumpeta lands. The point near Tummisetti tank which the line drawn southwards from the Rajanagaram toll-gate meets cannot be specified and the line is therefore made to meet the railway bund where it crosses the Dowlaishweram road, as it ought to, and the southern boundary line will now pass from that point to one mile into the river alongside of the Punta which lies to the south of it, as resolved by the council at its meeting held on the 26th December 1896 (copy enclosed).

In the draft notification now submitted by the Chairman, the eastern boundary is described as meeting "the Dowlaishweram road where the railway bund crosses it," and the southern boundary as running to the north of Survey No. 461. From the sketch, however, it appears that the eastern boundary meets the railway bund at a distance of about 100 yards from the point where it is intersected by the Dowlaishweram road, and that the southern boundary runs to the south of Survey No. 461. The Chairman is requested to make the necessary corrections and to resubmit the plan and notification as soon as possible.

With reference to Government memorandum, No. 199, dated 20th February 1897, I have the honour to resubmit the plan and draft notification for the extension of the municipal limits, with the necessary corrections made in the draft notification and the plan. The field No. 461 is situated on both sides of the line joining the southern boundary, but it was not so pointed out, by oversight, originally in the plan.

ORDER—No. 904 M., dated 13th April 1897.

The revised boundaries of the Rajahmundry Municipality submitted by the Chairman with the last of his letters read above are approved and the following notification will be published in the Fort St. George and Gódávari District Gazettes :—

NOTIFICATION.

In exercise of the power conferred by sub-section (1) of section 4 of the Madras District Municipalities Act IV of 1884, and in modification of the notifications published under G.Os., No. 1560, Public, dated 15th November 1869, at page 693 of the *Fort St. George Gazette*, dated 23rd November 1869, and under G.O., No. 656 M., dated 25th May 1894, at page 96 of Part I-A of the *Fort St. George Gazette*, dated 19th June 1894, His Excellency the Governor in Council is pleased to declare that the boundaries of the Rajahmundry Municipality shall from the date of this notification be as follows:—

North.—A line drawn from the northern point of Pinugula Punta eastwards to the Korukonda road and the Rajanagaram toll-gate, the Pinugula Punta and the Kambala Tank being included, the same line extending westwards one mile into the river:—being bounded on the north by Survey Nos. 10, 35, 48, 100, 102, 103, 104, 105, 106, 94, 120 and 119.

East.—A line drawn from the Rajanagaram toll-gate to a point in the railway bund 100 yards from where it is intersected by the Dowlaishweram road, being bounded on the east by Survey Nos. 394, 396, 408, 407, 404, 401, 380, 397, 396, 369, 359, 354, 352, 351, 25, 21, 20, 19, 18, 16, 15, 9 and 8.

South.—A line drawn from the end of the eastern boundary one mile into the river, alongside the Punta road, but excluding it, the line passing through the Survey No. 461.

West.—A line drawn parallel to the river embankment one mile into the river and terminating at the western extremities of the northern and southern boundaries.

2. The proposed re-arrangement of wards submitted by the Chairman with his letter, No. 391, dated 9th April 1896, disposed of in the first of the Government Orders read above, is also approved, and the following notification will be published in the Fort St. George and Gódávari District Gazettes:—

NOTIFICATION.

In modification of the division into wards of the Rajahmundry Municipality shown in the schedule annexed to the election rules published in the *Gódávari District Gazettes* of 2nd March 1891 in English and of the 1st June 1891 in Telugu, the following re-arrangement, made under section 250 (1) (*a*) (ii) of the District Municipalities Act IV of 1884, is published under section 256 (1). Any objection or suggestion which may be made in respect of this division by any person, or persons interested therein, will be considered on or after the 15th June next:—

In exercise of the power conferred by sub-section (1) of section 4 of the Madras District Municipalities Act IV of 1884, and in modification of the notifications published under G.Os., No. 1560, Public, dated 15th November 1869, at page 693 of the *Fort St. George Gazette*, dated 23rd November 1869, and under G.O., No. 656 M., dated 25th May 1894, at page 96 of Part I-A of the *Fort St. George Gazette*, dated 19th June 1894, His Excellency the Governor in Council is pleased to declare that the boundaries of the Rajahmundry Municipality shall from the date of this notification be as follows:—

North.—A line drawn from the northern point of Pinugula Punta eastwards to the Korukonda road and the Rajanagaram toll-gate, the Pinugula Punta and the Kambala Tank being included, the same line extending westwards one mile into the river:—being bounded on the north by Survey Nos. 10, 35, 48, 100, 102, 103, 104, 105, 106, 94, 120 and 119.

East.—A line drawn from the Rajanagaram toll-gate to a point in the railway bund 100 yards from where it is intersected by the Dowlaishweram road, being bounded on the east by Survey Nos. 394, 396, 408, 407, 404, 401, 380, 397, 396, 369, 359, 354, 352, 351, 25, 21, 20, 19, 18, 16, 15, 9 and 8.

South.—A line drawn from the end of the eastern boundary one mile into the river, alongside the Punta road, but excluding it, the line passing through the Survey No. 461.

West.—A line drawn parallel to the river embankment one mile into the river and terminating at the western extremities of the northern and southern boundaries.

2. The proposed re-arrangement of wards submitted by the Chairman with his letter, No. 391, dated 9th April 1896, disposed of in the first of the Government Orders read above, is also approved, and the following notification will be published in the Fort St. George and Gódávari District Gazettes:—

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—again the following papers :—

G.O., Mis. No. 1012 M., dated 15th June 1896.

Read—the following letter from M.R.Ry. N. JALADURGAPRASADARAYUDU Garu, B.A., Chairman, Municipal Council, Rajahmundry, to the Chief Secretary to Government (through the Sub-Collector, Gódávari), dated 9th April 1896, No. 391 :—

In submitting herewith a copy of the council's resolution, dated 25th January 1896, by which it has been resolved to extend the municipal limits, I have the honour to state that the council first resolved, on a report of a sub-committee on 27th July 1895, to extend the northern limits of the town so as to include the narrow strip of land up the river west of the river bund to Pandiri Mahadevudu's choultry, and also resolved to entertain three additional peons to watch the river side to prevent the water of the river from being polluted. On 25th October 1895, I sent a letter to Government through the Divisional officer, with the necessary plan and draft notification. The Sub-Collector forwarded it to the District Collector, recommending the sanction of the council's proposals on the 2nd November 1895. But the District Collector returned it with the suggestion that when the council was extending the boundary to the north, it would be best to extend the limits so as to include Aryapuram (Listerpetta) in accordance with a petition received and referred by him to the council. The Sanitary Commissioner having also advised the municipality to include it within the municipal limits, the council thereupon resolved on 27th November 1895 to include it within the municipal limits, and the Aryapuram committee consented to hand it over to the municipality on certain conditions which were accepted by the council (*vide* copies enclosed). The council thought it desirable at the same time to revise all the boundaries, in order that the vacant space adjoining the town where nuisance is likely to be committed might be included within the municipality, and accordingly it resolved on 25th January 1896 to extend the northern limits so as to include Aryapuram and the vacant land to the east of it, and at the same time revised all the other boundaries which do not materially alter the old limits (*vide* copy of resolution enclosed). A plan prepared in accordance with the council's resolution and approved of by the council at its meeting on 29th February 1896 is submitted for the information of Government. Owing to the extension of the northern limit, it has become necessary to add a portion of the old IV ward to the III ward, and to include under the IV ward the portion now brought under the municipality, as per plan enclosed. The necessary notification of the boundaries of the municipality and of the wards as proposed is enclosed for publication in the *Fort St. George Gazette.*

I therefore request that you will be pleased to move the Government to sanction the extension and revision of the municipal limits, and of its division into wards as resolved by the council.

Enclosures.

Extract from the Proceedings of the Municipal Council, Rajahmundry, dated 25th January 1896.

Read proposals to extend the municipal limits.

Resolution No. 1983.—The municipal limits will be extended so as to include Listerpetta (Aryapuram) and the few houses and fields to the east of the Kateru road, the proposed western boundary extending one mile into the river, the northern boundary being the Pinugula Punta

and a line eastwards therefrom to the Korukonda road and the Rajanagaram toll-gate (the Pinugula Punta and the Kambala tank being included), the eastern and southern boundaries being a line joining the Rajanagaram toll-gate and the Dowlaishweram road where the railway bund crosses it, and thence a westwardly line to one mile into the river, the rail road being included.

The third ward will be extended so as to include all the part of the town on the western side of the middle line of the main road and its continuation and that to the south of the nulla that is in Listerpetta, Listerpetta and the other portion now included towards the north of the town will form the fourth ward, together with what will be still left under the old fourth ward, after the extension of the third, the other portions now included within the municipal limits will be included under the wards which they adjoin. The council does not think it necessary to extend the municipal limits to the north further than is now resolved and so as to include the narrow strip on the river side between Pandiri Mahadevudu's Choultry and the Pinugula Punta. In view of this bit not being included, the council does not think it necessary to entertain three additional river watchers budgeted for, but only two of them.

Extract from the Proceedings of the Aryapuram Petta Committee, dated the 10th and 18th November 1895.

Resolved that • • • •

9. Under the present circumstances the committee is of opinion that, in pursuance of the request of the Municipal Council of Rajahmundry, the petta might be handed over to the said municipality, but with the following reservations, viz.—

(*a*) No dead bodies appertaining to the town should be allowed to pass through any of the petta roads and that the funeral processions of the town should proceed by the old routes.

(*b*) The management of the petta now in the hands of the committee should be taken by the municipal council.

(*c*) The municipal council should pay annually the proportionate revenue tax on the land occupied by roads and the drainage.

(*d*) The municipality should undertake all the liabilities of the committee transferred to itself including those of the protective bund and of Government revenue.

(*e*) The municipality should issue sale-deeds to the fully paid up site-owners and other site owners who are not in arrear on account of the revenue tax.

(*f*) The municipality should not interfere with respect to the sites granted by the committee for a temple and a school-hall, reading-room or library.

(*g*) The Secretary is authorized to draft a reply with the above reservations and forward the same to the Rajahmundry Municipality, and if the said municipality accepts the petta with the said reservations the Secretary is instructed to hand over all papers, records, monies, in his possession to the said Chairman and take receipt therefor.

The Secretary is also instructed to report to the Chairman that some papers, records and monies now in the possession of late Secretary's widow, Mrs. Lakshmikantam, belonging to the petta, be taken from her by the said Chairman.

2. From a petition received on 1st May 1896 from the Manager, Sri Bharati Press, Rajahmundry, it appears that the oil factories existing in Aryapuram are a constant source of nuisance to the public, and there seems to be no other means of controlling them except by including the hamlet within the municipal limits. This is an important suburb, or rather extension of the town, and requires all the municipal services which it does not now enjoy.

Order—Mis. No. 1991 M., dated 19th November 1896.

The description of the eastern boundary now given is imperfect. The point near the Tummisett tank, which the line drawn southward from the Rajanagaram toll-gate meets, has not been specified, nor have the survey numbers of the Hukumpeta lands been given. The line above referred to is described as meeting the Dowlaishweram road where the railway bund crosses it, but from the sketch this does not appear to be the case. The draft notification should therefore be amended with reference to the above remark.

In the draft notification now submitted by the Chairman, the eastern boundary is described as meeting " the Dowlaishweram road where the railway bund crosses it," and the southern boundary as running to the north of Survey No. 461. From the sketch, however, it appears that the eastern boundary meets the railway bund at a distance of about 100 yards from the point where it is intersected by the Dowlaishweram road, and that the southern boundary runs to the south of Survey No. 461. The Chairman is requested to make the necessary corrections and to resubmit the plan and notification as soon as possible.
