Enclosure.

SIR,

Having regard to continued spread of plague in the Bombay Presidency, I have the honor to suggest that it is highly desirable that Government should enquire of the President Municipal Commission, Madras, as to the nature of accommodation available should it be necessary to segregate European and native patients suffering from plague, and also as to the nature of ambulance arrangements & removal. Whilst it is my function to point to the necessity of having all in readiness for the segregation of patients, the nature of accommodation, equipment and personnel are matters within the functions of the Surgeon-General, and I would consequently suggest that the President Municipal Commission, Madras, be desired to obtain the approval

approval of the Surgeon-General as to
arrangements made.

2. I pointed to the necessity of cor-
rect isolation accommodation
in my letter ^Sno 2110 dated 30th Sep 1893 to
the President, and, again, in my
letter ^Sno 2358 dated 19th December 96. I believe
as a fact that certain arrangements
have been made; but from what I
understand of their nature, it is
desirable in the present state of af-
fairs that their soundness and
completeness be placed beyond doubt.

I have the honor to be,
Sir

Your most obedient Servant

W. S. Thomas

Surpr. St. Col.

Sanitary Commissioner
for Madras.
