From

W. O. HORNE Esq^{rs}.

Ag. Collector.

To

G. S. Forbes Esq^{rs},
 Secretary to Government
 Local and Municipal Departments,
 Madras.

I have the honor to forward herewith for approval and publication in the Fort Saint George Gazette a draft notification under Act I of 1894 for the acquisition of 12 cents of land in the village of Anakapalli required by the Anakapalli Municipality for the extension of a drain to carry off the sewage of the town. The owners of the land object to its acquisition on the ground that the proposed drain passes through the middle of their lands and materially diminishes their value. Their statements are enclosed. The Head Assistant Collector says that it is necessary to acquire the lands in question for the comfort of the town.

2. A copy of the resolution of the Municipal Council sanctioning the acquisition of the lands is submitted herewith.

I have the honor to be

Sir,

Your most obedient servant

H. Braidon
 for Dy. Collector

SUBJECT.

Khafiab executed by Vedula Ambachanulu son of
Kasipati chenu :-

I bought the inam/est land of one and half visams
in extent and bearing a quitrent of Rs 2-10- in Anakapalli
for Rs 2200 from Subramanya Sarwatamukhasomayajulu son
of Vedula Venkatarachanulu one of the settlement holders of
the inam. I get Rs 112-8- per annum from the land
exclusive of Government dues. You got the portion of the land
required for constructing a sewage drain in the middle of
the inam measured. As the drain goes across the land dividing it
into equal portions and renders the lands useless, I shall
incur a great loss. If the drain were constructed in one
extremity of the land, the remaining portion of the inam
would be a complete block and would be readily taken up
for rent. I do not therefore like the idea of having a drain
right through the middle of my land. I agree to the
acquisition of the portion of land required, in case the
drain is dug on one side of the land. If not I request
that twenty times the amount of pish lost by me by the
situation of the drain in the middle of my land and twenty
times the amount of pish of the land may be given to me
in compensation for the acquisition. The land is now
under the cultivation of Horakonda Butchamma. I
submit

submit herewith the kadapa of the lands. The statement that the price of the lands is Rs 112-0-0 exclusive of Government dues is a mistake. The amount includes Government dues.

Hearob the above reads

Khafiat executed by Deva Lakshminarasimha Rao
vakil of Kotina Hanammal mother and guardian of Kotina
Adinarayudu son of Papayya being minor.

The inam land owned by Kotina Adinarayudu in
the Inakapalli village through which the chairman of the
Inakapalli Municipality decided to dig a drain was recently
measured by you. The construction of a drain in the centre
of the land instead of on one side divides the land into
two useless halves and makes it unattractive to intending
lessees. Besides this land, Adinarayudu has got no
other property. This has not been enfranchised, but it is a
house plot. The land has not been leased. It is under
the cultivation of Adinarayudu. It is cultivated with wet
crops. The sugarcane, paddy, ragi, gingelly etc crops are
grown on the land. The land is not assessed to quitrent,
kattibadi or such other taxes. It is one and half acres in
extent. If it is rented out, it will bring Rs 70 annually.
If a drain is dug in the middle of the land, the land will
be rendered useless. Neither the minor nor his mother
is willing to part with the land marked out for the
drain. If the drain is dug in one side of the land
the

the extent required will be freely surrendered for compensation.
The construction of a drain in the middle of the land entails
a great loss to the minor. He is therefore unwilling to
give up the land.

I heard the above reads and it is correct.

Extracts from the Proceedings of the Municipal Councillors
of the Town of Annapalli at the meeting held on the 19th
February 1897.

Read council's resolution no 18 dated 28 July 1896, sanctioning
the acquisition of certain piece of land for the extension of
Kotina vidhi drain to drive off the sewage of the town.

(b) Read also the plan of the plot measuring 13/ cents more
or less.

Resolved that land shown in plan be acquired under the
act and the sum of Rs 100/ be transferred from "Repairs water
supply" to meet all expenses incurred in opening drain.
