Note
Before the Civil dispensary at
Kurnool was transferred to the management
of the Municipality, a plan of maintaining
the institution from subscriptions raised
from the public was set on foot, and the
excess of receipts over expenditure was invested
either in Savings' Bank or in Govt Securities
with a view to obtain enough capital to
allow of the dispensary being maintained
on the interest. The amount which thus
accumulated was handed over to the

To The Chairman, M.C. Kurnool,
this the Collector of Kurnool,
with enclosures returned.

Vice collected from the Report on

Municipal Council along with the dispensary in 1873. (Vide para. 6 of the Civil Surgeon's report in LjO No 1051 dated 23.7.1873). The hospital endowment fund is the amount so transferred to the municipality. The terms upon which this was done are not known, but there is nothing to show that the amount cannot be spent upon improvements to the hospital building. On the other hand, it appears that when the Collector of Kurnool requested Govt in 1889 to sanction a grant of Rs 700 for carrying out certain repairs to the dispensary on the ground that the expenditure incurred from the dispensary funds would damage the prospects of the institution becoming self-supporting, the Govt refused to sanction the grant and directed that the expenditure should be met from the dispensary funds. (Vide para. 50 of LjO No 53 Public, of 19.3.1889). The interest (derived from the hospital fund is only Rs 220, and the Municipal Council has to spend about Rs 3700 annually from its general revenues towards the upkeep of the hospital. The finances of the municipality are in a bad condition and the estimated expenditure in 1897-98 had to be reduced as much as possible to prevent the budget from closing with a deficit. The Municipal Council's proposal may therefore be approved. For a precedent, please see LjO No 902 m, dated 28th May 1896.

SUBJECT.

The Endowment fund appears to be the funded capital handed over to the municipality along with the hospital in April 1873 (Vide para 6 of the Civil Surgeon's letter in LjO No. 1051 of 23.7.73). For a precedent regarding the sanctioning of expenditure out of hospital endowment funds please see LjO No. 902 m. of 28.5.96.

Soliciting sanction of Government to spend out of the Hospital Endowment Fund Rs 412 to carry out certain works required in the Kurnool Municipal Dispensary.

To The Chairman M. C. Kurnool

Proceedings of the Sanitary Board
No 2866 dated 18th September 1896.

Present.

Surgeon Lieut. Col: W. G. King, M.B. E. M. D. P. L.
Sanitary Commissioner for Madras.

J. A. Jones, M. I. C. E. F. R. S. E.,
Sanitary Engineer to Government

With Surgeon Col: D. F. Bateman, C. M. I. M. S.,
Acting Surgeon General with the
Government of Madras.

Read the following.

Read letter No 297 dated 16th August
1896, from the Chairman, Municipal
Council Kurnool forwarding for
approval plans and estimates amounting
to Rs 412 for improving the Municipal
Hospital buildings.

Resolved - that the estimates for repairs
of the Kurnool Hospital be approved

2-
2438

made. The Governor

The Board considers it useless to discuss the question of new buildings unless estimates are supplied and the Council can at the same time assure the Board that they can and will find funds for the work. It will be well to delay discussion of the matter until the Sanitary Board's type drawings for Hospitals are ready.

The Sanitary Board approve of the suggestion to get rid of the rampart and fill in the ditch with debris then obtained (not with rubbish). If the debris is insufficient, more can be obtained from other dismantled houses.

The Municipality is advised to consult the District Board as to possible aid for building.

The plans and estimates and Mr Lockyer (Asst Sany Eng'r's) report are returned.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

Extract from the reports on Civil Dispensaries for 1862 and 1863 Vol 73 and 77.

From Vol. 73

"During the last few months, efforts have been made with some success to raise funds for the Civil Dispensary. Two native gentleman have been induced to subscribe 100 Rupees per annum commencing with 1863".

"As the effort to make the Dispensary self supporting had not been tried before like every thing new, it has met with a certain amount of opposition from some who think that such a Charity should be entirely supported by Government as heretofore.

"It is with much pleasure I record the aid I have received from Deputy Collector R. Ragoonath Rao and other native gentleman in inducing the native community to show their

1/10/63

appreciation of the benevolence of
Government by assisting the Dispensary
with funds.

From Vol. 77

"The Dispensary has been self-
supporting since April last - 1025 Rupees
in the Savings Bank (being surplus
subscriptions), constitute the "Reserve
Fund" six native gentlemen are life
governors the first of them being the
public-spirited acting Deputy
Collector V. Comarasamy Moodaliar
whose good example and influence
helped to swell the number to six.
Deputy Collector R. Ragoonath Rau,
with the full concurrence of Mr.
Minchin, opened out-subscription
lists in the talooks, and from this
source alone it is expected that the
Dispensary will have an annual
income 1000 Rupees.

"The European and Native residents
have subscribed very liberally this
year for the Civil Dispensary, and this
they have done in addition to handsome
donations to the Municipal funds.

"Through the kind encouragement of
Mr. Minchin, the Collector of Kurnool,
and the co-operation of Dy. Collector
R. Ragoonath Rau, a Municipal
Association has this year been started
with a working committee of eight
members. A grant equal to local
subscription having been made by
Government, the Association had a
sum of Rs 4,500 at its disposal.
Nearly 1500 Rs have already been
expended in preparing a small
People's Park. 6 sweepers are daily
employed in cleaning the narrow
lanes of the town. A wide and
deep ditch, about 800 yards long,
situated in the heart of the town

is now being filled up with the debris of what was once the southern rampart of the Kurnool Fort and before long two rows of neat houses will have sprung up on the site of the ditch. Walls are being built around dangerous wells. Ruins that were once so many centres of these improvements, it is hoped will be sensibly felt by the Community in greater freedom from epidemic diseases. The main roads in the town have been improved. A public privy is now building and other small improvements are in progress."
