I think it would be well to have one of these experts arrive as soon as our reports are sufficient to be being properly worked. When comes might be asked to take particular the arrangements of the way in which inspections are being conducted at the inspection stations which they pass - also to confer with the Pres. Madras Comm. Comm. & see exactly what arrangements he has made & report how far sufficient - You knew when the doctor or arrive we would instruct the Pres. Comm. to meet & accompany him

I accept the Hon. Mr. Blair's proposal. Perhaps it might be of advantage if we could get the experts to give a professional lecture at the General Hospital at all ages. I think he will be asked to do this.

Stating that the Govt. of India will be glad to know at as early a date as possible whether the Madras Govt. would desire to consult either Dr. Lowson or Dr. Reade for the purpose of giving advice on any points about the Bubonic plague.

Madras, the 2nd April 1897.

I am directed to state that it has been proposed by the Government of India that either Dr. Lowson or Surgeon Major Reade who worked at Hongkong during the outbreak of plague at that place and have come out from England for the purpose of advising the Government of Bombay should pay a visit to Madras for the purpose of giving advice on any points about which the Government of Madras might wish to consult him. The two doctors have inspected several of the infected places in the Bombay Presidency and given most valuable advice to the Government of Bombay. The Government of India will be glad to know at as early a date as possible whether the Governor in Council would desire to consult either Dr. Lowson or Dr. Reade.

I have the honour to be,

Sir,

Your most obedient Servant,

L. M. Thornton
