Municipal Budget.

Passing orders on the supplemental budget of the Conjeeveram Municipal Council for 1897-98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. N. VENKATAPATI NAYUDU Garu, Chairman, Municipal Council, Conjeeveram, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector and Collector of Chingleput), dated 17th March 1897, Cur. No. 294 M.

I have the honour to submit a supplemental budget estimate of receipts and charges of the Conjeeveram Municipality for 1897-98, together with the revised estimate for 1896-97.

2. The circumstances which led to the submission of the supplemental budget have already been explained in this office letter No. 183 M., dated 25th February 1897.

The pipe laying has been finished to a portion of Big Conjeeveram and it is making rapid progress in other parts. The engines are being worked for few hours every day to see how they work and whether the pipe laying was properly set in; it is therefore necessary that supply of fuel and other stores should be made.

REVISED ESTIMATE FOR 1896-97.

Receipts.

3. There are no receipts under this item to admit of any explanation.

Charges.

4. *Grant 1, Public Works—(2) Repairs—(d) Water-supply—(iii) Contingencies.*—The Sanitary Engineer proposes to have stock of fuel, oil and stores required to be maintained always on hand for six months and estimates their cost to be at Rs. 1,560 which sum is entered here.

The water pipes have already been laid up as far as the Railway station and a portion of Raja street and almost the whole of Sree Ekambaranadar Sannady street from the head water works.

This amount of Rs. 1,560 together with the estimate of Rs. 2,07,780 amounted to Rs. 2,09,340. Deducting this from the grand total of receipts, *i.e.*, Rs. 3,16,220 in the revised estimate, a sum of Rs. 1,06,880 is left to be carried over to the supplemental estimated receipts for 1897-98.

BUDGET FOR 1897-98.

Receipts.

5. (2) *Municipal Rates and Taxes—(d) Water-tax on Buildings and Lands.*—Owing to the opening of the water-supply for the use of the public, the council has proposed to levy water-tax at Rs. $3\frac{3}{4}$ per cent. on the annual rental value of buildings and lands to meet the expenditure proposed to be incurred in connection with water-supply. The council has also submitted its proposal to Government for sanction (*vide* this office letter No. 183 M., dated 25th February 1897). The new imposition of this tax, calculated at the above rate, amounted to Rs. 9,360, which, with the income of the original budget, amounts to Rs. 1,64,650.

Charges.

6. *Grant 1 (2) Repairs—(d) Water-supply—(ii) Establishment.*—There are two departments, one pumping station or in-door establishment, the other out-door establishment. The former consists of one driver at Rs. 50, an assistant driver at Rs. 25, one fireman at Rs. 15, three coolies at Rs. 7 each, one night watchman at Rs. 7 and one sweeper at Rs. 4 per mensem, amounting in all to Rs. 122 per mensem or Rs. 1,464 per annum, and the latter out-door establishment is composed of one overseer at Rs. 60, three turn cocks at Rs. 7 each, one fountain fitter at Rs. 12, four fountain cleaners at Rs. 6 each and one lascar at Rs. 6 per mensem, aggregating in all to Rs. 123 per mensem, or Rs. 1,476 per annum. The cost of both the departments is estimated to be Rs. 2,940, which is accordingly provided under this head.

7. (iii) *Contingencies.*—The supply of fuel to the engine with oil and other stores amounted to Rs. 3,137. This with the cost of repairs for 62 fountains, which were estimated at Rs. 992, amounts to Rs. 4,130.

8. Total Grant 1 raises to Rs. 1,14,490 and the grand total of expenditure is consequently increased to Rs. 1,56,660.

9. After deducting this expenditure from the estimated income of Rs. 1,64,650, a sum of Rs. 7,990 would be left as closing balance of the budget, *i.e.*, Rs. 5,700 under municipal funds and Rs. 2,290 under water-tax.
