statement of Muppersuri Lakkohundarayan
and Litarameyya, residents of Begavala
dated Begavala 6-3-97 -

In S.D. 123 covering an extent of ac 17.57 of Vishya
dharapuram, there is a well the cost of which
is Rs. 500 and some palmyra and banana trees
which are valued at Rs. 1000. The land is valued
at Rs. 250 per acre. There being a granite well in
this field, the land is fit for granite crops and
for planting a garden. As the Municipality
is storing night soil in three acres of this
area, the rights cannot go to our other land
at the same number and so the right who
has been cultivating it, has relinquished it
a few months ago. No other tenant has
come forward to take it up at any
rate; who whenever we ask, they say the
same thing. It therefore appears that we wish
hence to abate in the whole extent altogether.
Beside this, night soil is being stored
close to our well and consequently the impure
matters will ooze into the well of the well
and thus the well water will become unfit
for drinking purposes. Therefore the well will
be spoiled. We have no objection of the whole

land, well and trees &c are acquired by Government on payment of compensation at the above rates. The Municipality has purchased some lands in Bezvada at a cost of Rs 230 per acre. It appears that 2 acres of land situated to the south of our lands with some mango trees has been sold to Tenneti Veeranna and Kasaji Lakshmi for Rs 600. We request money compensation at the above rate or exchange of land in Kunta Poramboke of Perikalapudi Repalle Taluk.
