SUBJECT.

Tripathi Water Supply.

Requesting sanction to employ a supervisor for 3 months against the allotment for the work for experiments in connection with the — provision of the unspec. balance in the Budget for 1897-98.

Misc
Order No 96 Munl dt 26-1-97

As the scheme for the water supply of the town, which has been sanctioned in G.O. No. 48 M, dated 16th January 1897, will be executed by the Public Works Department, the experiments in question should also be carried out by it. The entertainment of the temporary supervisors referred to in para. 4 of the Sanitary Engineer's letter, is therefore unnecessary.

2. The Accountant-General is requested to disburse to the Municipal Council, instead of to the Sanitary Engineer, the unexpended portion of the Provincial Grant of Rs. 10000 sanctioned in

No. 35

GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,

Fort St. George, 8th January 1897.

From

J. A. JONES, Esq. MEM. INST. C.E., F.R.S.E.,

SANITARY ENGINEER TO GOVERNMENT,

To

The Secretary to Government,

Local & Municipal Department.

SIR,

Government in G.O., No. 843 M.Mis., dated
15th. May 1896 sanctioned Rs 10,000/- for certain experiments
in connection with the Tirupati Water Supply. The work was
given to a Contractor in July but difficulties arose in
connection with the land & it was only lately that the
Collector advised that the land might be entered on.

2. The Contractor is delaying execution of the
work & a Supervisor is necessary to get him to proceed or to
do it departmentally.

3. Under provision made & sanction given I
can employ one Supervisor for this work up to end of
February 1897 but after that there is no provision except
for one Supervisor during next year & he is required at
Conjeeveram.

4. I have the honor to request sanction to
employ the Supervisor during March, April & May 1897 & to
debit his pay to the amount allotted by the G.O., already
referred.

5. The balance of the Rs 10000 should also be
made available during the next official year 1897-98.

FOR ORDERS.

As to whether the construction of the filter well which was ordered in G.O. N^o 843 m of 15th May 1896, should not also be done under the supervision of the Public Works Department, which will have to execute the whole scheme. There would then be no necessity for the employment of any separate agency for this purpose. If it is decided to leave it to the Public Works Department, the Accountant-General may be asked to disburse to the M.C. Council the unexpended portion of the grant of Rs. 10000 which he was asked to place at the disposal of the Sanitary Engineer.

yes
As

This may be done I think. The M.C. will have to provide the work with funds. As

There is no objection to the transfer of the work to the D.P.W.
