SEPTEMBER.

Administration Report.

Reviewing the — of the Anakápalle Municipal Council for 1896-97.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. V. RAMAMURTI CHETTI Garu, Chairman, Municipal Council, Anakápalle, to the Secretary to Government, Local and Municipal Department (through the Head Assistant Collector, Narsapatam), dated Anakápalle, 22nd June 1897, No. 167.

I have the honour to submit my report on the administration of this municipality for the official year 1896–97, together with the prescribed statements of receipts and charges.

I.—CONSTITUTION OF THE COUNCIL.

2. The maximum number of councillors to this municipality is thirteen as prescribed in G.O., No. 864, Financial, dated 30th April 1883. The constitution of the council was, on the 31st March 1897, one *ex-officio*, three official and nine non-official, making a total of thirteen councillors.

3. The office of the Chairman was held by Mr. F. W. Gooch, a non-official, throughout the whole year. He was elected Chairman of the council on the 10th August 1895, and his election was approved by Government in Notification No. 588, published in the *Fort St. George Gazette*, dated 10th September 1895.

4. The municipality has not the power of electing its own councillors; the Chairman, however, is elected by vote of the council.

5. The total number of meetings actually held during the year was 29 against 31 in the previous year. Besides these, one meeting had to be adjourned for want of quorum.

6. 7·17 was the average attendance at the meetings actually held, viz., 1·86 of the official and 5·31 of the non-official members. The average attendance of Europeans was 1·14, while that of Natives was 6·03.

II.—RECEIPTS.

7. The year opened with a balance of Rs. 2,777–3–7. The total current receipts, inclusive of opening balance, amounted to Rs. 22,870–6–8 against Rs. 18,356–14–4, actuals of the previous year, and Rs. 23,260 anticipated in the revised estimate. The increase under receipts is chiefly due to a loan of Rs. 3,000 taken from Government and to the magisterial fines of Rs. 1,668. There is also increase under land and profession taxes as well as under school and market fees, &c. But this increase is counterbalanced by the corresponding decrease in the receipts under tolls, the district board having appropriated 60 per cent. of the collections in the year under report unlike the previous year during which only 30 per cent. was claimed. This council discussed with the district board (as ordered by Government in its review on this municipal budget for 1897–98, paragraph 3) about the reduction in the proportion of tolls claimed by them and the discussion ended in disallowing this council's request.

8. (*a*) *Receipts from Taxation*—(8) *House-tax.*—As usual, the tax under this head was levied at $6\frac{1}{4}$ per cent. on the actual rent value of the buildings. The assessment of the tax was based on the actual rental in case of buildings let out. As regards houses which were not leased out, the actual rent was deduced from the rent of a model house in the neighbourhood, regard being had to position, extent, accommodation, comforts and lastly local demands. The house-tax register was last revised in the year 1894–95.

The demand originally fixed under this head was Rs. 2,384–14–0. The council remitted on appeal Rs. 7–15–6, leaving Rs. 2,376–14–6 as final demand. Of this amount Rs. 2,300–4–0 or 96 per cent. were collected during the year and Rs. 3–15–6 were remitted as irrecoverable, leaving a balance of Rs. 72–11–0 to be adjusted in the current year.

The arrears outstanding at the commencement of the year, together with those of the previous years, amounted to Rs. 145–0–4, of which Rs. 95–2–10 were collected in the year under report and Rs. 27–5–0 were written off the accounts as irrecoverable, leaving a balance of Rs. 22–8–6 for adjustment in the current year.

9. *Land-tax.*—The demand under this head was Rs. 2,423–10–6, of which As. 15 were remitted by the council on appeal. Thus the demand, as finally settled, is Rs. 2,422–11–6, of which Rs. 2,368–2–7 or 97 per cent. were collected within the year, leaving a balance of Rs. 54–8–11 for adjustment in the current year.

The arrears outstanding at the beginning of the year, together with those of previous years, amounted to Rs. 484–15–9, of which Rs. 470–4–9 were collected during the year and Rs. 14–11–0 were written off the accounts as irrecoverable, leaving no balance at the close of the year. In addition to the amount above noted as outstanding at the opening of the year, a sum of Rs. 29–10–6 has been recovered from the East Coast Railway on account of lands taken up by them which was not included in the arrears demand.

The land-tax register was thoroughly revised in the year under report. The assessment is based on the extent of land and the nature of the soil, the rates being $2\frac{5\,8}{1\,2\,1}$ pies on every 80 square yards of land in "Cheruvulopala," $1\frac{1\,1\,9}{1\,2\,1}$ pies in "Etiavala," $1\frac{5\,9}{1\,2\,1}$ pies in "Ava." and $\frac{1\,2\,0}{1\,2\,1}$ pies in "Cheruvuvenaka" divisions, sanctioned in G.O., Mis. No. 948 M., dated 24th September 1886.

10. *Tax on Arts, &c.*—The demand originally fixed by the Chairman under this head was Rs. 2,208–8–0. The council remitted on appeal Rs. 535 and As. 8 were written off the accounts as irrecoverable on account of poverty of a tax-payer. Thus the demand as finally settled is Rs. 1,673–8–0, of which Rs. 1,569–6–0 or 93 per cent. were collected within the year, leaving a balance of Rs. 103–10–0 to be adjusted in the current year.

The arrears outstanding at the opening of the year amounted to Rs. 108–8–0, of which Rs. 37 were collected before the close of the year, the sum of Rs. 71 was written off the accounts, and a balance of As. 8 still remains for adjustment in the current year. The total number of persons finally assessed to the tax on arts, &c., is 423, of whom six were assessed under Class II, 14 under III, 23 under IV, 38 under V, 107 under VI, 5 under VII, and 230 under VIII of the Schedule A of the Act.

11. *Tax on Animals and Vehicles and Registration of Carts.*—The receipts under these heads amounted to Rs. 286–12–0 and Rs. 253 against Rs. 295–12–0 and Rupees 254, respectively, of the previous year.

12. *Coercive Processes.*—In 651 cases distraint warrants were issued, of which 596 were those that were executed and cancelled, and 55 that remained unexecuted at the close of the year. In no case was property sold. Ten defaulters were prosecuted for non-payment of their tax, of whom eight persons paid their tax before judgment and two cases remained undisposed of at the close of the year.

13. *Tolls.*—The amount realized by the auction sale of tolls was Rs. 9,165 as compared with Rs. 8,970 of the previous year. The increase was due to the keen competition amongst lessees. Of this sum 60 per cent. or Rs. 5,499 was paid over to the district board as its share as against 30 per cent. or Rs. 2,691 of last year, the balance Rs. 3,666 was collected from the lessees and credited to Municipal funds during the year under report. No expense was incurred in the collection of this amount, the lessees having the exclusive right of collecting tolls from the six gates of the municipality.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. V. RAMAMURTI CHETTI Garu, Chairman, Municipal Council, Anakápalle, to the Secretary to Government, Local and Municipal Department (through the Head Assistant Collector, Narsapatam), dated Anakápalle, 22nd June 1897, No. 167.

I have the honour to submit my report on the administration of this municipality for the official year 1896–97, together with the prescribed statements of receipts and charges.

I.—CONSTITUTION OF THE COUNCIL.

2. The maximum number of councillors to this municipality is thirteen as prescribed in G.O., No. 864, Financial, dated 30th April 1883. The constitution of the council was, on the 31st March 1897, one *ex-officio*, three official and nine non-official, making a total of thirteen councillors.

3. The office of the Chairman was held by Mr. F. W. Gooch, a non-official, throughout the whole year. He was elected Chairman of the council on the 10th August 1895, and his election was approved by Government in Notification No. 588, published in the *Fort St. George Gazette*, dated 10th September 1895.

4. The municipality has not the power of electing its own councillors; the Chairman, however, is elected by vote of the council.

5. The total number of meetings actually held during the year was 29 against 31 in the previous year. Besides these, one meeting had to be adjourned for want of quorum.

6. 7·17 was the average attendance at the meetings actually held, viz., 1·86 of the official and 5·31 of the non-official members. The average attendance of Europeans was 1·14, while that of Natives was 6·03.

II.—RECEIPTS.

7. The year opened with a balance of Rs. 2,777–3–7. The total current receipts, inclusive of opening balance, amounted to Rs. 22,870–6–8 against Rs. 18,356–14–4, actuals of the previous year, and Rs. 23,260 anticipated in the revised estimate. The increase under receipts is chiefly due to a loan of Rs. 3,000 taken from Government and to the magisterial fines of Rs. 1,668. There is also increase under land and profession taxes as well as under school and market fees, &c. But this increase is counterbalanced by the corresponding decrease in the receipts under tolls, the district board having appropriated 60 per cent. of the collections in the year under report unlike the previous year during which only 30 per cent. was claimed. This council discussed with the district board (as ordered by Government in its review on this municipal budget for 1897–98, paragraph 3) about the reduction in the proportion of tolls claimed by them and the discussion ended in disallowing this council's request.

8. (*a*) *Receipts from Taxation*—(8) *House-tax.*—As usual, the tax under this head was levied at $6\frac{1}{4}$ per cent. on the actual rent value of the buildings. The assessment of the tax was based on the actual rental in case of buildings let out. As regards houses which were not leased out, the actual rent was deduced from the rent of a model house in the neighbourhood, regard being had to position, extent, accommodation, comforts and lastly local demands. The house-tax register was last revised in the year 1894–95.

The demand originally fixed under this head was Rs. 2,384–14–0. The council remitted on appeal Rs. 7–15–6, leaving Rs. 2,376–14–6 as final demand. Of this amount Rs. 2,300–4–0 or 96 per cent. were collected during the year and Rs. 3–15–6 were remitted as irrecoverable, leaving a balance of Rs. 72–11–0 to be adjusted in the current year.

The arrears outstanding at the commencement of the year, together with those of the previous years, amounted to Rs. 145–0–4, of which Rs. 95–2–10 were collected in the year under report and Rs. 27–5–0 were written off the accounts as irrecoverable, leaving a balance of Rs. 22–8–6 for adjustment in the current year.

9. *Land-tax.*—The demand under this head was Rs. 2,423–10–6, of which As. 15 were remitted by the council on appeal. Thus the demand, as finally settled, is Rs. 2,422–11–6, of which Rs. 2,368–2–7 or 97 per cent. were collected within the year, leaving a balance of Rs. 54–8–11 for adjustment in the current year.

The arrears outstanding at the beginning of the year, together with those of previous years, amounted to Rs. 484–15–9, of which Rs. 470–4–9 were collected during the year and Rs. 14–11–0 were written off the accounts as irrecoverable, leaving no balance at the close of the year. In addition to the amount above noted as outstanding at the opening of the year, a sum of Rs. 29–10–6 has been recovered from the East Coast Railway on account of lands taken up by them which was not included in the arrears demand.

The land-tax register was thoroughly revised in the year under report. The assessment is based on the extent of land and the nature of the soil, the rates being $2\frac{5\,8}{1\,2\,1}$ pies on every 80 square yards of land in "Cheruvulopala," $1\frac{1\,1\,9}{1\,2\,1}$ pies in "Etiavala," $1\frac{5\,0}{1\,2\,1}$ pies in "Ava." and $\frac{1\,2\,0}{1\,2\,1}$ pies in "Cheruvuvenaka" divisions, sanctioned in G.O., Mis. No. 948 M., dated 24th September 1886.

10. *Tax on Arts, &c.*—The demand originally fixed by the Chairman under this head was Rs. 2,208–8–0. The council remitted on appeal Rs. 535 and As. 8 were written off the accounts as irrecoverable on account of poverty of a tax-payer. Thus the demand as finally settled is Rs. 1,673–8–0, of which Rs. 1,569–6–0 or 93 per cent. were collected within the year, leaving a balance of Rs. 103–10–0 to be adjusted in the current year.

The arrears outstanding at the opening of the year amounted to Rs. 108–8–0, of which Rs. 37 were collected before the close of the year, the sum of Rs. 71 was written off the accounts, and a balance of As.. 8 still remains for adjustment in the current year. The total number of persons finally assessed to the tax on arts, &c., is 423, of whom six were assessed under Class II, 14 under III, 23 under IV, 38 under V, 107 under VI, 5 under VII, and 230 under VIII of the Schedule A of the Act.

11. *Tax on Animals and Vehicles and Registration of Carts.*—The receipts under these heads amounted to Rs. 286–12–0 and Rs. 253 against Rs. 295–12–0 and Rupees 254, respectively, of the previous year.

12. *Coercive Processes.*—In 651 cases distraint warrants were issued, of which 596 were those that were executed and cancelled, and 55 that remained unexecuted at the close of the year. In no case was property sold. Ten defaulters were prosecuted for non-payment of their tax, of whom eight persons paid their tax before judgment and two cases remained undisposed of at the close of the year.

13. *Tolls.*—The amount realized by the auction sale of tolls was Rs. 9,165 as compared with Rs. 8,970 of the previous year. The increase was due to the keen competition amongst lessees. Of this sum 60 per cent. or Rs. 5,499 was paid over to the district board as its share as against 30 per cent. or Rs. 2,691 of last year, the balance Rs. 3,666 was collected from the lessees and credited to Municipal funds during the year under report. No expense was incurred in the collection of this amount, the lessees having the exclusive right of collecting tolls from the six gates of the municipality.

14. *Incidence of Taxation.*—The population of the town is, according to the last census, 17,010, and the total receipts, exclusive of tolls, amounting to Rs. 7,589–4–11, the average incidence was As. 7–2 per head, or if tolls be also included As. 10–7 per head as compared with As. 7–1 and As. 12–11, respectively, in the previous year.

15. (*b*) *Miscellaneous Receipts.*—The total receipts under this head amounted to Rs. 8,838 against Rs. 3,984 of the previous year as may be seen from the following paragraphs. The increase under this head occurs chiefly under school-fees, markets, fines under Municipal Act, private contribution and loans.

16. *Fees under Act II of 1888.*—Rs. 25 was realized under this head on account of license granted to a certain dramatic company under "Places of Public resort" Act.

17. *Sale-proceeds of Old Materials and Empty oil-cans, &c.*—Rs. 36–8–0 were collected during the year on account of sale-proceeds of empty tins and old materials and unserviceable articles against Rs. 40 of the previous year.

18. *Sale-proceeds of Night-soil, Street refuse, &c.*—The sweepings of the municipal cart-stand and those of streets were sold at public auction for Rs. 116 against Rs. 53 of last year. Of this sum Rs. 60 were collected within the close of the year and the balance in the current year. In addition to this a sum of Rs. 4–8–0 was realized on account of sale-proceeds of old street refuse deposited in the depôt.

19. *Fees from Educational Institutions*—amounted to Rs. 1,196–0–7 against Rs. 996–3–2 of the previous year, and Rs. 900 anticipated in the budget. The increase is due to the increased attendance in the middle school.

20. "*Sale-proceeds of Medicines*" *and* "*other Hospital Receipts*"—were Rupees 10–0–6 against Rs. 20 estimated in the budget.

21. *Income from Markets and Slaughter-house.*—The right of collecting fees in the municipal markets, viz., vegetable market and fish market was leased out for Rs. 575 against Rs. 420. The increase was due to the keen competition amongst renters. The whole amount, viz., Rs. 575 was collected during the year. The municipal slaughter-house was leased out for Rs. 111, which amount was fully realized during the year. The ground rent of market godowns was collected departmentally as usual. The total demand was Rs. 119–12–3, of which Rs. 115–8–3 were collected within the year, leaving a balance of Rs. 4–4–0 for adjustment in the current year. The arrears outstanding at the beginning of the year was Rs. 47, which amount was fully realized during the year.

22. *License-fees.*—The amount collected as license-fees was Rs. 71 against Rupees 105–8–11 of the previous year and Rs. 80 of the revised estimate. The item being of a fluctuating nature, calls for no remark for the decrease.

23. *Cart-stand fees.*—The right of collecting cart-stand fees was leased out during the year for Rs. 535 against Rs. 551 of the previous year. The slight decrease under the last year was due to the exclusion of one of the cart-stand places called "Ghattu" near the new railway station. The whole of the leased amount was collected within the year. Rs. 33–7–8 was spent in the year under report for the repairs of the thatched sheds in the municipal cart-stand; hence the net revenue from cart-stand was Rs. 502 in round numbers.

24. *Distraint-fees*—were Rs. 47 against Rs. 50 estimated in the revised estimate and Rs. 100 of the last year.

25. *Fines under Municipal and other Acts*—amounted to Rs. 1,668–13–0 against Rs. 536–12–0 of the previous year and Rs. 1,720 of the revised estimate. The increase over the actuals of the previous year is due to the circumstances reported in this office letter, No. 533, dated 16th December 1896, embodied in G.O., No. 173 M., dated 6th February 1897, reviewing the budget of this municipality for 1897–98.

26. *Grants from Local Funds.*—Rs. 500 were the usual amount of contribution received from the Taluk Board, Narsapatam, for the upkeep of the municipal dispensary.

27. "*Other Grants and Contributions.*"—A sum of Rs. 359–7–6 was contributed by Sree Raja G. N. Gajapati Row Garu, C.I.E., towards the raising of the site of the municipal upper primary school compound.

28. *Recoveries for services rendered to Private Individuals.*—Under this head Rs. 325–12–0 were collected as private scavenging fees against Rs. 271–12–0 of last year, and Rs. 13–10–0 as fees for cleaning cess-pools of certain private individuals against Rs. 14–4–0 of the previous year. The increase is due to the levy of fees at an enhanced rate in the last quarter of the year under report. The private scavenging system is self-supporting during the year under report, the charges for the service being Rs. 313–0–1.

29. *Miscellaneous.*—(1) Rs. 31–4–9 were realized as fees for numbering carts, (2) Rs. 8–5–0 on account of damages to municipal lanterns by private individuals, and law charges recovered from private parties, (3) another sum of Rs. 20–9–6 was recovered from a private person who owned a portion of a well, the platform of which was constructed some years ago at the expense of the municipal council, as a larger portion of the said well is under public use. The sum recovered is a moiety of the expenses incurred in the construction of the platform, (4) an almirah, which a carpenter contracted to make last year for Rs. 40, was left unfinished. A sum of Rs. 8–7–1 was recovered from the man to get it completed by another carpenter. This was in accordance with a contract entered into with the former carpenter.

30. *Loan from Government.*—A loan of Rs. 3,000 was taken from Government for constructing the Municipal office building on the site lately acquired for the same —*vide* G.O., Mis. No. 488 M., dated 12th March 1897.

III.—EXPENDITURE.

31. The total expenditure for the year amounted to Rs. 18,327–3–11 against Rs. 15,579–10–9 of the previous year and Rs. 19,450 estimated in the revised estimate.

32. *Grant 1, Public Works.*—The total amount expended on public works was Rs. 6,551–12–5 against Rs. 7,090 provided in the revised estimate. The details are as follow.

33. *New Works—Communications.*—A sum of Rs. 517–12–6 was spent under this head against Rs. 500 allotted in the revised estimate. The two new roads, viz., Nidhanapudoddi and Santaboyalu roads constructed last year were metalled and gravelled in the year under report at a cost of Rs. 217–6–6 and Rs. 49–2–3, respectively. A new road from Kotina Vidhi to the new railway station was constructed during the year at a cost of Rs. 251–3–9.

34. *Repairs—Communications.*—A sum of Rs. 1,736–13–4 was spent under this head against Rs. 1,800 sanctioned in the revised estimate. The present condition of the town roads is generally fair.

35. The total length of roads in the municipality was 13 miles and 8 yards. The total length of roads maintained by the council is 12 miles, 2 furlongs and 170 yards. The total length of metalled roads is 10 miles, 1 furlong and 78 yards; the total length of gravelled roads is 1 mile, 2 furlongs and 120 yards and the total length of unmetalled roads is 1 mile, 4 furlongs and 30 yards.

36. *New Works—Buildings.*—Under this head Rs. 3,076–15–2 were spent against Rs. 3,350 sanctioned in the revised estimate. The principal new works executed during the year were as follows:—

(*a*) The municipal upper primary school building with masonry foundations and pillars with thatched roof thereon was constructed at a cost of Rs. 329–2–11. In addition to this amount a further sum of Rs. 359–7–6 was expended in raising its site and compound.

(*b*) A standard plan iron double latrine on the pot and dry-earth system was constructed on the new station road at a cost of Rs. 691–1–1. An iron moveable latrine for females was also constructed in "Payakarow bushes" at a cost of Rupees 83–4–0. These latrines are now in use and are freely resorted to by the public.

(*c*) The site for the construction of Municipal office building was acquired under the Land Acquisition Act at a cost of Rs. 400. A masonry compound wall on the northern side of the site and a thatched shed thereon to accommodate municipal conservancy bullocks were constructed at a total cost of Rs. 115–10–9.

(*d*) Certain old latrines with mud-wall enclosures in Gavarapalem were removed and replaced in less objectionable places at a total cost of Rs. 463–14–1.

(*e*) To put earth-bunds around the two most important burning and burial grounds, and to construct compound walls to the sides facing public roads, a sum of Rs. 489–7–0 was spent during the year.

(*f*) The municipal hospital and the middle school compounds were provided with wire fence at a total cost of Rs. 62–2–4.

(*g*) The two public latrines with brick-wall enclosures in Gollavidhi and Sarabanda were provided with iron tubs costing Rs. 30.

(*h*) A sum of Rs. 52–12–9 was spent in purchasing materials for the construction of a "dead-house" whose construction was deferred to the current year, the suitable site therefor not having been acquired during the year.

37. *Repairs—Buildings.*—Rs. 154–4–6 were expended against Rs. 760–4–2 of last year and Rs. 90 estimated in the revised estimate. The principal items in the above amount are Rs. 68–12–3 for the repairs of the pucca latrines in Gollavidhi and Sarabanda and Rs. 33–7–8 for the repairs of the thatched sheds in the municipal cart-stand. Others are items of small importance.

38. *New Works—Water-supply.*—Under this head Rs. 97–7–0 were spent during the year against Rs. 170 sanctioned in the revised estimate. The decrease is due to the non-execution during the year of construction of a platform to the new drinking-water well in Gollavidhi. A platform to the drinking-water well at Latchmidevipeta at a cost of Rs. 68–4–0 and a pot well for the use of the people in scavengers' petta at a cost of Rs. 24–2–0 were constructed during the year under report. A petty sum of Rs. 5–1–0 was spent in purchasing stones for the platform of Gollavidhi well, which work was deferred to current year, the well having been newly sunk in the year 1895–96.

39. *Repairs—Water-supply.*—Rs. 194–3–10 were expended on the repairs of the Sarvanayakudu's well and on those of the wells in Bundiyadu street, Peda Bhaskarayyapeta street, Viziaramarajupeta and school compound.

40. *Repairs—Drainage.*—A channel which carries off sewage from the town drains was repaired at a cost of Rs. 87–15–0.

41. *Tolls and Road Charges.*—The total amount expended on municipal roads during the year was Rs. 2,255 or 61 per cent. out of Rs. 3,666, municipal share of the total income from tolls. The increase over the usual percentage of 50 fixed by Government is due to the circumstances explained in paragraph 3 (1) (*d*) of this office letter, No. 533, dated 16th December 1896, embodied in G.O., No. 173 M., dated 6th February 1897, reviewing the budget of this municipality for 1897–98.

42. *Grant 2, Education.*—There were on the 31st March 1897 one middle school on salary system, one upper primary school and two lower primary schools on salary-results system, and nine schools on results system, in all fourteen schools with 585 pupils on the rolls. The total amount on education was Rs. 2,342 as against Rs. 2,320 in 1895–96 as noted below :—

	1895–96.	1896–97.
	RS.	RS.
(1) Municipal schools—		
(1) Salary system—		
(*a*) Middle school	1,169	1,265
(2) Salary-results system—		
(*a*) Secondary schools	..	..
(*b*) Primary schools	753	644
(3) Grant-in-aid schools—		
(1) Salary grants—		
(2) Results grants—		
(*a*) Secondary	..	..
(*b*) Primary	231	314
Normal stipends	70	..
Miscellaneous	96	119
Total ..	2,319	2,342

The increase in the year under report is due to the fact that new gymnastic apparatus, &c., was supplied to the middle school—

(*a*) *Municipal Middle School.*—The number of boys under instruction on the 31st March 1897 was 62 against 55 on the corresponding date of the previous year. In the Lower Secondary examination 5 (five) out of 7 (seven) sent up have passed four in compulsory and one optional subject, and one in compulsory subject only. The cost of educating each pupil in this school fell to Rs. 7 from Rs. 11 in 1895–96.

(*b*) *Salary-result Schools.*—There were three schools maintained under this system against four in the previous year. The decrease is owing to the abolition of lower primary school for Muhammadan boys for want of sufficient attendance. There were thus one upper primary school, one lower primary school for Pariah boys and one night school for labouring classes. The total number of pupils reading in all the municipal primary schools was 120 against 148 of last year. The decrease in attendance as explained by educational authorities may be attributed to the closure of the Muhammadan school, the opening of the third standard in the result system schools and constant changes in the teaching staff of the municipal upper primary school. The number of pupils presented for examination in these schools was 79, of whom 49 passed. The cost of educating each pupil was Rs. 4–1–0 against Rs. 4–2–5 in 1895–96. The decrease in cost being very slight, calls for no remarks.

(*c*) *Result schools.*—There are nine of these and the total number of pupils at the close of the year was 388 against 322 on the corresponding period of last year. The sum of Rs. 314–6–0 was paid to the teachers as result grants during the year.

(*d*) *Miscellaneous.*—Rs. 119 were spent under this head towards the salary of the common gymnast.

(*e*) The number of boys and girls of school-going age in the town was 2,551 as per last census, of whom 585 or 52·3 were under instruction in the school. The usual statements received from the Assistant Inspector of Schools are enclosed.

43. *Grant 3, Sanitation and Medical Service—Hospitals and Dispensaries.*—There was one dispensary maintained by the council during the year, in which the number of out-patients treated was 9,376 against 8,901, while that of in-patients was 101 against 100 of the preceding year. Rs. 1,820 were spent for maintaining the dispensary against Rs. 1,885 of the previous year and Rs. 1,830 estimated in the budget. For the first six months of the year, no midwife was available. In October a woman was sent to be trained in the Madras Lying-in hospital on a scholarship of Rs. 10 per mensem. In November a temporary midwife was employed on Rs. 20 per mensem. The hospital assistant was sent up to Madras in September 1896 for being trained in the Medical College on half pay with travelling allowance, while the old compounder on Rs. 20 has been replaced by a young man on Rs. 12. The hospital received during the year an adequate supply of bedding and clothing. The midwife attached to the municipal dispensary attended 65 labour cases. The report of the hospital assistant is enclosed.

44. *Vaccination.*—There is one second-class vaccinator on a pay of Rs. 10 per mensem. Vaccination has been compulsory in this municipality for the last six years. The total number of operations performed during the year was 1,240 against 1,413 of the previous year. The decrease in the number of operations is owing to the decrease in the number of unprotected cases year after year. Of the total number of vaccinations 1,185 were successful, 53 unsuccessful and 2 unknown. Of these 477 were on children under one year of age. All these cases excepting seven were successful. Eighty-nine (89) persons were prosecuted for failure to get their children vaccinated against 306 of the previous year. This shows that the people have been appreciating the benefits of vaccination. All the vaccine operations were performed by means of animal lymph supplied from the Local Fund depôt, Vizagapatam. The total cost of vaccination during the year was Rs. 159–3–0 against Rs. 151–4–0 of the previous year. The increase in the total cost is due to the purchase of lancets and record-box newly supplied to the municipal vaccinator. The average cost of each successful case is As. 2–2 against As. 1–10 of the previous year.

45. *Vital Statistics.*—The total number of births registered was 563 against 573 of 1895–96, of which 298 are males, 265 are females, against 298 males and 275 females, respectively, of the preceding year, or 33·11 per thousand of population as per last census. The total number of deaths registered was 359 against 447 of last

year, of which 213 males and 146 females against 252 males and 195 females, respectively, or 21·11 per thousand of population as per last census. Twenty-six prosecutions were instituted for failure to register births and deaths. The following were the causes of death registered during the year—one cholera, 116 fevers, 53 dysentery and diarrhœa, 15 accidents and injuries and 174 other causes.

46. *Conservancy.*—The total expenditure during the year was Rs. 4,420–9–6 against Rs. 3,729–8–11 of the previous year and Rs. 4,700 sanctioned in the revised estimate. The increased expenses as compared with the previous year is due mainly to the purchase of 6 more iron night-soil carts and 75 more iron dust-bins and to the entertainment of a separate sanitary inspector. The roads and streets were daily swept and kept clean. There were 5 fixed masonry and 116 moveable iron dust-bins. The town sweepings were daily carted to outside the town to the depôt of the sweepings contractor to whom the cart-stand sweepings and town refuse had been sold for Rs. 116 per annum. There were 26 public latrines at the close of the year against 23 of last year. There are 16 conservancy carts at work including 12 iron hand-carts for night-soil during the year.

47. *Private Scavenging.*—The number of private latrines under the Municipal Agency at the close of the year was 142. The total amount of scavenging fees collected was Rs. 325–12–0, while the expenditure was Rs. 313–0–1.

48. *Grant 4, Lighting.*—The town was lighted by 109 lamps against 110 in the previous year, 1 having been removed at the close of the year. The total expenditure incurred during the year was Rs. 479–12–5 against Rs. 456–11–5 of the previous year, and Rs. 440 of the revised estimate. The increase in the expenditure was due to the fluctuations in the prices of kerosine-oil, &c., purchased for the purpose. The charges were as follows:—

	Rs.	A.	P.
(*a*) Establishment charges	143	6	0
(*b*) Contingencies	336	6	5
Total ..	479	12	5

49. *Avenues—Contingencies.*—A sum of Rs. 82–0–6 was spent under this head towards the cost of purchasing cocoanut trees and shade trees, and of planting and watering them by the sides of certain roads against Rs. 100 sanctioned in the revised estimate.

50. *Miscellaneous—Other Charges.*—Rs. 527–3–4 were spent under this head against Rs. 640 sanctioned in the revised estimate. They were composed of the following items:—

Rupees 341–6–10 printing charges, Rs. 3–11–0 rewards for the destruction of stray pigs and dogs, Rs. 3–3–0 tom-tom, &c., charges, and Rs. 178–14–6 law charges, making a total of Rs. 527–3–4.

51. *Contribution to Provincial Funds.*—These were Rs. 144 being composed of the following items:—

Rupees 71 contribution to the Medical College, Rs. 57 sanitary inspection, and Rs. 16 medical reserve staff.

52. *Supervision and Management.*—The total charges incurred under this head were Rs. 1,608 against Rs. 1,630 sanctioned in the revised estimate and Rs. 1,469–2–9 of the previous year. The increase over the last year was due to the payment during the year of the arrears of office house-rent and also to the enhanced percentage of contribution for the Central office establishment. The charges were Rs. 685–13–2 office establishment, Rs. 120 inspection, Rs. 285–3–7 collection establishment, Rupees 105–2–0 purchase of account books, &c., Rs. 307–13–3 office contingencies, and Rs. 104 contribution to the Central office establishment.

IV.—CLOSING BALANCE.

53. The year closed with a balance of Rs. 4,543–2–9 as compared with Rupees 2,777–3–7 in the previous year and Rs. 3,810 in the revised estimate.

Concluding Remarks.—Mr. F. W. Gooch, late Chairman of this council, resigned his Chairmanship on the last day of the year. This council bearing in mind the good

services rendered by him resolves to place on record its high appreciation of the same. The following is its resolution passed at its meeting held on the 31st March 1897, the date of his resignation:—

"(XII) The Chairman having informed the council of his intention to resign the Chairmanship after this day, the council unanimously resolves to record its high appreciation of Mr. Gooch's services as Chairman during the last two years and its regret that his change of residence necessitates his resignation of a post which he has filled with conspicuous ability, energy and success. It also resolves to record the above resolution in the next Administration report."

Copy of the council's resolution adopting the report is enclosed.

ANNUAL concise medical report of the municipal hospital at Anakápalle for the official year 1896–97.

1. *Public Health.*—Public health was fairly good; there having been no epidemic disease during the year in the town of Anakápalle. Ague prevailed as usual. But the registration of deaths shows more mortality from it.

2. *Vital Statistics.*—The total number of births registered was 563 against 573 of the previous year. The total number of deaths was 359 against 447 of the previous year.

3. *Sanitation.*—The sanitary condition of the town was more satisfactory than in any of the previous years, being well conducted by the supervising body. The roads and streets were swept daily morning and evening. The practice of burning rubbish in cenerators was abolished from the beginning of the year. The rubbish was stored outside the town in the rubbish depôt by a contractor during the year. The drains were flushed every morning. Seventy-five moveable iron dust-bins purchased for Rs. 337–8–0 were added during the year to the already existing number. The private scavenging system worked satisfactorily and it was self-supporting during the year. There were eleven night-soil iron hand-carts in use during the year, of which eight carts were purchased for Rs. 278 during the year.

One iron latrine containing two compartments of ten seats each at a cost of Rs. 118 was provided for the use of females in Payakarow bushes.

One iron latrine containing two compartments of twenty seats each at a cost of Rs. 691 was provided in Kotinavidhi, both for the use of males and females.

Four mud-wall latrines of two compartments each were built in Gavarapalem at a cost of Rs. 439.

The Sarabanda and Gollavidhi existing latrines were provided with iron tubs at a cost of Rs. 70.

One new burning-ground with a pucka compound wall has been provided in Gavarapalem at a cost of Rs. 482 during the year.

4. *Water-supply.*—One drinking-water well was newly dug up for the use of scavengers at a cost of Rs. 24.

Three platforms with cut-stones were built to three drinking-water wells at a cost of Rs. 246 during the year.

The drinking-water tank was repaired and a new tank was dug up in the vicinity of Gavarapalem by Sri Raja G. N. Gajapathi Row. The water of the latter was very much used by the inhabitants of Gavarapalem in the latter part of the year.

5. *Vaccination.*—One thousand two hundred and forty persons were vaccinated against 1,413 of the previous year. The number of successful cases was 1,185 against 1,337 of the previous year, 477 children under one year of age were vaccinated during the year against 580 cases of the previous year. The number of prosecutions for the failure of parents to get their children vaccinated was 89 against 306 of the previous year. This smaller number of prosecutions shows that the people have now come to understand the benefit of vaccination and liked their children get vaccinated without any opposition. The cause of decrease in the number of vaccinations was due to the fact that only a very few cases remained unprotected in the town.

6. *Hospital and Dispensaries.*—(*a*) The accommodation was sufficient, the male ward having accommodation for eight and the female ward for two in-patients.

(*b*) The hospital buildings were in good repair.

(*c*) The furniture was sufficient and in good order.

(*d*) The number of in-patients treated during the year under report was 101 against 100 of the previous year. The number of out-patients treated was 9,376 against 8,901 of the previous year. The increase was 475. This increase was due to the increased admission on all the general diseases; but not due to the increase of any particular disease.

(*e*) There were four deaths among in-patients, the actual causes being one from tetanus, two from diarrhœa and one from severe burn.

(*f*) Three major operations and 300 minor operations were performed by the medical subordinates in charge. Several of the minor ones were capital operations.

(*g*) There were one hospital assistant, one native midwife, one compounder, one peon, one cook and one sweeper. The midwife was entertained on the 1st December 1896.

year, of which 213 males and 146 females against 252 males and 195 females, respectively, or 21·11 per thousand of population as per last census. Twenty-six prosecutions were instituted for failure to register births and deaths. The following were the causes of death registered during the year—one cholera, 116 fevers, 53 dysentery and diarrhœa, 15 accidents and injuries and 174 other causes.

46. *Conservancy.*—The total expenditure during the year was Rs. 4,420–9–6 against Rs. 3,729–8–11 of the previous year and Rs. 4,700 sanctioned in the revised estimate. The increased expenses as compared with the previous year is due mainly to the purchase of 6 more iron night-soil carts and 75 more iron dust-bins and to the entertainment of a separate sanitary inspector. The roads and streets were daily swept and kept clean. There were 5 fixed masonry and 116 moveable iron dust-bins. The town sweepings were daily carted to outside the town to the depôt of the sweepings contractor to whom the cart-stand sweepings and town refuse had been sold for Rs. 116 per annum. There were 26 public latrines at the close of the year against 23 of last year. There are 16 conservancy carts at work including 12 iron hand-carts for night-soil during the year.

47. *Private Scavenging.*—The number of private latrines under the Municipal Agency at the close of the year was 142. The total amount of scavenging fees collected was Rs. 325–12–0, while the expenditure was Rs. 313–0–1.

48. *Grant 4, Lighting.*—The town was lighted by 109 lamps against 110 in the previous year, 1 having been removed at the close of the year. The total expenditure incurred during the year was Rs. 479–12–5 against Rs. 456–11–5 of the previous year, and Rs. 440 of the revised estimate. The increase in the expenditure was due to the fluctuations in the prices of kerosine-oil, &c., purchased for the purpose. The charges were as follows :—

	Rs.	A.	P.
(*a*) Establishment charges	143	6	0
(*b*) Contingencies	336	6	5
Total ..	479	12	5

49. *Avenues—Contingencies.*—A sum of Rs. 82–0–6 was spent under this head towards the cost of purchasing cocoanut trees and shade trees, and of planting and watering them by the sides of certain roads against Rs. 100 sanctioned in the revised estimate.

50. *Miscellaneous—Other Charges.*—Rs. 527–3–4 were spent under this head against Rs. 640 sanctioned in the revised estimate. They were composed of the following items :—

Rupees 341–6–10 printing charges, Rs. 3–11–0 rewards for the destruction of stray pigs and dogs, Rs. 3–3–0 tom-tom, &c., charges, and Rs. 178–14–6 law charges, making a total of Rs. 527–3–4.

51. *Contribution to Provincial Funds.*—These were Rs. 144 being composed of the following items :—

Rupees 71 contribution to the Medical College, Rs. 57 sanitary inspection, and Rs. 16 medical reserve staff.

52. *Supervision and Management.*—The total charges incurred under this head were Rs. 1,608 against Rs. 1,630 sanctioned in the revised estimate and Rs. 1,469–2–9 of the previous year. The increase over the last year was due to the payment during the year of the arrears of office house-rent and also to the enhanced percentage of contribution for the Central office establishment. The charges were Rs. 685–13–2 office establishment, Rs. 120 inspection, Rs. 285–3–7 collection establishment, Rupees 105–2–0 purchase of account books, &c., Rs. 307–13–3 office contingencies, and Rs. 104 contribution to the Central office establishment.

IV.—CLOSING BALANCE.

53. The year closed with a balance of Rs. 4,543–2–9 as compared with Rupees 2,777–3–7 in the previous year and Rs. 3,810 in the revised estimate.

Concluding Remarks.—Mr. F. W. Gooch, late Chairman of this council, resigned his Chairmanship on the last day of the year. This council bearing in mind the good

services rendered by him resolves to place on record its high appreciation of the same. The following is its resolution passed at its meeting held on the 31st March 1897, the date of his resignation :—

"(XII) The Chairman having informed the council of his intention to resign the Chairmanship after this day, the council unanimously resolves to record its high appreciation of Mr. Gooch's services as Chairman during the last two years and its regret that his change of residence necessitates his resignation of a post which he has filled with conspicuous ability, energy and success. It also resolves to record the above resolution in the next Administration report."

Copy of the council's resolution adopting the report is enclosed.

ANNUAL concise medical report of the municipal hospital at Anakápalle for the official year 1896–97.

1. *Public Health.*—Public health was fairly good; there having been no epidemic disease during the year in the town of Anakápalle. Ague prevailed as usual. But the registration of deaths shows more mortality from it.

2. *Vital Statistics.*—The total number of births registered was 563 against 573 of the previous year. The total number of deaths was 359 against 447 of the previous year.

3. *Sanitation.*—The sanitary condition of the town was more satisfactory than in any of the previous years, being well conducted by the supervising body. The roads and streets were swept daily morning and evening. The practice of burning rubbish in cenerators was abolished from the beginning of the year. The rubbish was stored outside the town in the rubbish depôt by a contractor during the year. The drains were flushed every morning. Seventy-five moveable iron dust-bins purchased for Rs. 337–8–0 were added during the year to the already existing number. The private scavenging system worked satisfactorily and it was self-supporting during the year. There were eleven night-soil iron hand-carts in use during the year, of which eight carts were purchased for Rs. 278 during the year.

One iron latrine containing two compartments of ten seats each at a cost of Rs. 118 was provided for the use of females in Payakarow bushes.

One iron latrine containing two compartments of twenty seats each at a cost of Rs. 691 was provided in Kotinavidhi, both for the use of males and females.

Four mud-wall latrines of two compartments each were built in Gavarapalem at a cost of Rs. 439.

The Sarabanda and Gollavidhi existing latrines were provided with iron tubs at a cost of Rs. 70.

One new burning-ground with a pucka compound wall has been provided in Gavarapalem at a cost of Rs. 482 during the year.

4. *Water-supply.*—One drinking-water well was newly dug up for the use of scavengers at a cost of Rs. 24.

Three platforms with cut-stones were built to three drinking-water wells at a cost of Rs. 246 during the year.

The drinking-water tank was repaired and a new tank was dug up in the vicinity of Gavarapalem by Sri Raja G. N. Gajapathi Row. The water of the latter was very much used by the inhabitants of Gavarapalem in the latter part of the year.

5. *Vaccination.*—One thousand two hundred and forty persons were vaccinated against 1,413 of the previous year. The number of successful cases was 1,185 against 1,337 of the previous year, 477 children under one year of age were vaccinated during the year against 580 cases of the previous year. The number of prosecutions for the failure of parents to get their children vaccinated was 89 against 306 of the previous year. This smaller number of prosecutions shows that the people have now come to understand the benefit of vaccination and liked their children get vaccinated without any opposition. The cause of decrease in the number of vaccinations was due to the fact that only a very few cases remained unprotected in the town.

6. *Hospital and Dispensaries.*—(*a*) The accommodation was sufficient, the male ward having accommodation for eight and the female ward for two in-patients.

(*b*) The hospital buildings were in good repair.

(*c*) The furniture was sufficient and in good order.

(*d*) The number of in-patients treated during the year under report was 101 against 100 of the previous year. The number of out-patients treated was 9,376 against 8,901 of the previous year. The increase was 475. This increase was due to the increased admission on all the general diseases; but not due to the increase of any particular disease.

(*e*) There were four deaths among in-patients, the actual causes being one from tetanus, two from diarrhœa and one from severe burn.

(*f*) Three major operations and 300 minor operations were performed by the medical subordinates in charge. Several of the minor ones were capital operations.

(*g*) There were one hospital assistant, one native midwife, one compounder, one peon, one cook and one sweeper. The midwife was entertained on the 1st December 1896.

(*h*) The native midwife's post which had been vacant from one year and eight months was filled up by appointing one Audilutchimi Ammal on Rs. 20 per month. This is only a temporary measure. The municipal council has sent a pupil to undergo training in Lying-in hospital at Madras. She will be appointed a permanent midwife in this institution on her return from Madras.

7. I was sent in October last to Madras to attend the Medical College and to work in General Hospital for six months that I might keep myself in touch with the modern practice in medicine and surgery. During my absence, third-class hospital assistants P. Venkataratnum Pillay and Venkata Rama Iyer acted for me. The former for a month and a half and the latter for four and a half months. The hospital compounder C. Saulayya was invalided on account of his old age and a new compounder D. Daveeprasad was appointed in place of him on the 16th November 1896.

ANAKAPALLE,
1*st April* 1897.

2. The number of meetings held by the municipal council was 29 against 31 in the previous year. The average attendance of the non-official members continued to be fairly satisfactory, but the officials attended irregularly. The Collector will call their attention to G.O., No. 859 M., dated 10th April 1897.

3. *Receipts.*—(1) The demand under the tax on arts, as originally assessed by the Chairman, amounted to Rs. 2,209, but as much as 24·2 per cent. of this sum was remitted by the municipal council on appeal. The inference is either that the Chairman's assessments were over-estimated or that the municipal council was unduly lenient in granting remissions. The Government trusts that the latter was not the case. The opinion of the Divisional officer and the Collector on this point would have been desirable. There was, however, an increase of Rs. 188 in the net current demand under this head and the average incidence of the tax rose, being Rs. 3–15–4 against Rs. 3–6–9 in 1895–96. The assessments under the tax on lands were revised during the year, but the net current demand showed only a small increase of Rs. 29 and the total extent of land taxed remained unaltered. The demand under the tax on buildings also increased by Rs. 72.

(2) Except as regards the arrears of the taxes on arts and buildings, under which 65·7 and 18·6 per cent., respectively, of the demand were written off as irrecoverable, the collections under the principal taxes improved and were good. The remaining outstandings, some of which relate to 1892–93, should be adjusted without delay.

(3) There was an increase in the receipts from school fees, market rents and fines; but the income from tolls declined for the reasons stated in paragraph 13 of the Chairman's report. From paragraph 18 it appears that the sweepings of the municipal cart-stand and the street-refuse were sold for Rs. 116 against Rs. 53 in the previous year, which is satisfactory; but this source of revenue is capable of further development and the efforts made in this direction should not be relaxed.

(4) The liberality of Raja G. N. Gajapati Rao, C.I.E., in contributing Rs. 359 towards improving the site of the municipal Upper Primary school, is noted with pleasure.

(5) The number of houses served by the private scavenging agency was 142, or one less than in the previous year, but the fees collected covered the cost of the service. Notwithstanding the remarks of Government in paragraph 3 (4) of the previous year's review, no action appears to have been taken by the municipal council to extend the service. This should be explained.

4. *Expenditure*—(1) *Public Works.*—An iron latrine of the standard plan was constructed at a cost of Rs. 691 and a site for the municipal office building was acquired for Rs. 400. In addition to this, a sum of Rs. 1,986 was spent for removing the mud-wall latrines to unobjectionable localities and for other minor works. The total outlay on communications amounted to Rs. 2,255, or 60·3 per cent. of the municipal income from tolls. The Head Assistant Collector in charge of the Division has again failed to report on the condition of the roads in the town—an omission which should not recur—nor has the Collector noticed the subject. The Chairman, however, declares them to have been generally in fair order.

(2) *Education.*—The net expenditure under this head amounted to Rs. 1,146, or 10·3 per cent. of the receipts from taxation. Of this sum, Rs. 350 were spent on secondary, and the remainder on primary, education. As in the previous year, the municipal council maintained a lower secondary school on the salary system, but the number of primary schools on the salary-result system was three, or one less than in 1895–96, the Muhammadan school having been abolished owing to the small attendance. The attendance at the lower secondary school again improved, but at the other municipal schools taken together it declined slightly. The council also aided with result grants ten primary schools against nine in the previous year. The attendance at these schools was good. The results achieved by these and by the municipal schools at the lower secondary, departmental and grant examinations were fair. The allotment for result grants was slightly exceeded, and the total number of boys under instruction in the municipal and aided schools rose from 517, or 40·6 per cent. of the male population of school-going age, to 569 or 44·8 per cent.

(3) *Medical Relief.*—The attendance of in-patients at the municipal hospital was almost stationary; but the number of out-patients rose, being 9,376 against 8,901 in the previous year. In November 1896, a midwife on Rs. 20 was employed by the municipal council as a temporary measure and during the last five months of the year she attended 65 cases of labour.

(4) *Vaccination and Vital Statistics.*—The reported number of vaccine operations performed during the year fell, being 1,240 against 1,413 in 1895–96; but the quality of the work improved and was good. Infantile vaccination also retrograded, the total number of children under one year of age successfully vaccinated being 470, or 27·6 per mille of the population, against 32·9 per mille in the previous year. The recorded birth-rate for the year was 33·1 per mille.

The number of births registered during the year was 563, or ten less than in 1895–96, and there was a marked decline in the registration of deaths, which is evidently imperfect. No explanation has been offered of this—an omission which should be supplied.

(5) *Sanitation.*—The total outlay on conservancy amounted to Rs. 4,421, or 95·3 per cent. of the sanctioned allotment and 22·1 per cent. of the current receipts against 21 per cent. in 1895–96. The Government is glad to observe from paragraph 46 of the Chairman's report and paragraph 3 of the Medical officer's report that several sanitary improvements were carried out during the year. But many of the defects noticed by the Deputy Sanitary Commissioner in his last inspection notes remain to be remedied.

5. *General Remarks.*—The year closed with the large balance of Rs. 4,436, or 22·2 per cent. of the current receipts; but Rs. 2,600 of this is the unspent surplus of the Government loan for the municipal building. There, however, still remained available a considerable sum in excess of the prescribed balance which might have been usefully employed on sanitary and other improvements.

The administration of the municipality during the year under review continued to be, on the whole, fairly efficient; but increased attention should be paid to private

scavenging, sanitation and registration of vital statistics. The Government notes with pleasure the Council's appreciation of the good work done by its late Chairman, Mr. Gooch.

6. The delay of six weeks in the submission of the report is unsatisfactory and should have been explained.

SEPTEMBER.

Administration Report.

Reviewing the — of the Anakápalle Municipal Council for 1896-97.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. V. RAMAMURTI CHETTI Garu, Chairman, Municipal Council, Anakápalle, to the Secretary to Government, Local and Municipal Department (through the Head Assistant Collector, Narsapatam), dated Anakápalle, 22nd June 1897, No. 167.

I have the honour to submit my report on the administration of this municipality for the official year 1896–97, together with the prescribed statements of receipts and charges.

I.—CONSTITUTION OF THE COUNCIL.

2. The maximum number of councillors to this municipality is thirteen as prescribed in G.O., No. 864, Financial, dated 30th April 1883. The constitution of the council was, on the 31st March 1897, one *ex-officio*, three official and nine non-official, making a total of thirteen councillors.

3. The office of the Chairman was held by Mr. F. W. Gooch, a non-official, throughout the whole year. He was elected Chairman of the council on the 10th August 1895, and his election was approved by Government in Notification No. 588, published in the *Fort St. George Gazette*, dated 10th September 1895.

4. The municipality has not the power of electing its own councillors; the Chairman, however, is elected by vote of the council.

5. The total number of meetings actually held during the year was 29 against 31 in the previous year. Besides these, one meeting had to be adjourned for want of quorum.

6. 7·17 was the average attendance at the meetings actually held, viz., 1·86 of the official and 5·31 of the non-official members. The average attendance of Europeans was 1·14, while that of Natives was 6·03.

II.—RECEIPTS.

7. The year opened with a balance of Rs. 2,777–3–7. The total current receipts, inclusive of opening balance, amounted to Rs. 22,870–6–8 against Rs. 18,356–14–4, actuals of the previous year, and Rs. 23,260 anticipated in the revised estimate. The increase under receipts is chiefly due to a loan of Rs. 3,000 taken from Government and to the magisterial fines of Rs. 1,668. There is also increase under land and profession taxes as well as under school and market fees, &c. But this increase is counterbalanced by the corresponding decrease in the receipts under tolls, the district board having appropriated 60 per cent. of the collections in the year under report unlike the previous year during which only 30 per cent. was claimed. This council discussed with the district board (as ordered by Government in its review on this municipal budget for 1897–98, paragraph 3) about the reduction in the proportion of tolls claimed by them and the discussion ended in disallowing this council's request.

8. (*a*) *Receipts from Taxation*—(8) *House-tax.*—As usual, the tax under this head was levied at $6\frac{1}{4}$ per cent. on the actual rent value of the buildings. The assessment of the tax was based on the actual rental in case of buildings let out. As regards

houses which were not leased out, the actual rent was deduced from the rent of a model house in the neighbourhood, regard being had to position, extent, accommodation, comforts and lastly local demands. The house-tax register was last revised in the year 1894–95.

The demand originally fixed under this head was Rs. 2,384–14–0. The council remitted on appeal Rs. 7–15–6, leaving Rs. 2,376–14–6 as final demand. Of this amount Rs. 2,300–4–0 or 96 per cent. were collected during the year and Rs. 3–15–6 were remitted as irrecoverable, leaving a balance of Rs. 72–11–0 to be adjusted in the current year.

The arrears outstanding at the commencement of the year, together with those of the previous years, amounted to Rs. 145–0–4, of which Rs. 95–2–10 were collected in the year under report and Rs. 27–5–0 were written off the accounts as irrecoverable, leaving a balance of Rs. 22–8–6 for adjustment in the current year.

9. *Land-tax.*—The demand under this head was Rs. 2,423–10–6, of which As. 15 were remitted by the council on appeal. Thus the demand, as finally settled, is Rs. 2,422–11–6, of which Rs. 2,368–2–7 or 97 per cent. were collected within the year, leaving a balance of Rs. 54–8–11 for adjustment in the current year.

The arrears outstanding at the beginning of the year, together with those of previous years, amounted to Rs. 484–15–9, of which Rs. 470–4–9 were collected during the year and Rs. 14–11–0 were written off the accounts as irrecoverable, leaving no balance at the close of the year. In addition to the amount above noted as outstanding at the opening of the year, a sum of Rs. 29–10–6 has been recovered from the East Coast Railway on account of lands taken up by them which was not included in the arrears demand.

The land-tax register was thoroughly revised in the year under report. The assessment is based on the extent of land and the nature of the soil, the rates being $2\frac{5\,8}{1\,2\,1}$ pies on every 80 square yards of land in "Cheruvulopala," $1\frac{1\,1\,2}{1\,2\,1}$ pies in "Etiavala," $1\frac{5\,9}{1\,2\,1}$ pies in "Ava," and $\frac{1\,2\,0}{1\,2\,1}$ pies in "Cheruvuvenaka" divisions, sanctioned in G.O., Mis. No. 948 M., dated 24th September 1886.

10. *Tax on Arts, &c.*—The demand originally fixed by the Chairman under this head was Rs. 2,208–8–0. The council remitted on appeal Rs. 535 and As. 8 were written off the accounts as irrecoverable on account of poverty of a tax-payer. Thus the demand as finally settled is Rs. 1,673–8–0, of which Rs. 1,569–6–0 or 93 per cent. were collected within the year, leaving a balance of Rs. 103–10–0 to be adjusted in the current year.

The arrears outstanding at the opening of the year amounted to Rs. 108–8–0, of which Rs. 37 were collected before the close of the year, the sum of Rs. 71 was written off the accounts, and a balance of As. 8 still remains for adjustment in the current year. The total number of persons finally assessed to the tax on arts, &c., is 423, of whom six were assessed under Class II, 14 under III, 23 under IV, 38 under V, 107 under VI, 5 under VII, and 230 under VIII of the Schedule A of the Act.

11. *Tax on Animals and Vehicles and Registration of Carts.*—The receipts under these heads amounted to Rs. 286–12–0 and Rs. 253 against Rs. 295–12–0 and Rupees 254, respectively, of the previous year.

12. *Coercive Processes.*—In 651 cases distraint warrants were issued, of which 596 were those that were executed and cancelled, and 55 that remained unexecuted at the close of the year. In no case was property sold. Ten defaulters were prosecuted for non-payment of their tax, of whom eight persons paid their tax before judgment and two cases remained undisposed of at the close of the year.

13. *Tolls.*—The amount realized by the auction sale of tolls was Rs. 9,165 as compared with Rs. 8,970 of the previous year. The increase was due to the keen competition amongst lessees. Of this sum 60 per cent. or Rs. 5,499 was paid over to the district board as its share as against 30 per cent. or Rs. 2,691 of last year, the balance Rs. 3,666 was collected from the lessees and credited to Municipal funds during the year under report. No expense was incurred in the collection of this amount, the lessees having the exclusive right of collecting tolls from the six gates of the municipality.

14. *Incidence of Taxation.*—The population of the town is, according to the last census, 17,010, and the total receipts, exclusive of tolls, amounting to Rs. 7,589–4–11, the average incidence was As. 7–2 per head, or if tolls be also included As. 10–7 per head as compared with As. 7–1 and As. 12–11, respectively, in the previous year.

15. (*b*) *Miscellaneous Receipts.*—The total receipts under this head amounted to Rs. 8,838 against Rs. 3,984 of the previous year as may be seen from the following paragraphs. The increase under this head occurs chiefly under school-fees, markets, fines under Municipal Act, private contribution and loans.

16. *Fees under Act II of 1888.*—Rs. 25 was realized under this head on account of license granted to a certain dramatic company under "Places of Public resort" Act.

17. *Sale-proceeds of Old Materials and Empty oil-cans, &c.*—Rs. 36–8–0 were collected during the year on account of sale-proceeds of empty tins and old materials and unserviceable articles against Rs. 40 of the previous year.

18. *Sale-proceeds of Night-soil, Street refuse, &c.*—The sweepings of the municipal cart-stand and those of streets were sold at public auction for Rs. 116 against Rs. 53 of last year. Of this sum Rs. 60 were collected within the close of the year and the balance in the current year. In addition to this a sum of Rs. 4–8–0 was realized on account of sale-proceeds of old street refuse deposited in the depôt.

19. *Fees from Educational Institutions*—amounted to Rs. 1,196–0–7 against Rs. 996–3–2 of the previous year, and Rs. 900 anticipated in the budget. The increase is due to the increased attendance in the middle school.

20. "*Sale-proceeds of Medicines*" *and* "*other Hospital Receipts*"—were Rupees 10–0–6 against Rs. 20 estimated in the budget.

21. *Income from Markets and Slaughter-house.*—The right of collecting fees in the municipal markets, viz., vegetable market and fish market was leased out for Rs. 575 against Rs. 420. The increase was due to the keen competition amongst renters. The whole amount, viz., Rs. 575 was collected during the year. The municipal slaughter-house was leased out for Rs. 111, which amount was fully realized during the year. The ground rent of market godowns was collected departmentally as usual. The total demand was Rs. 119–12–3, of which Rs. 115–8–3 were collected within the year, leaving a balance of Rs. 4–4–0 for adjustment in the current year. The arrears outstanding at the beginning of the year was Rs. 47, which amount was fully realized during the year.

22. *License-fees.*—The amount collected as license-fees was Rs. 71 against Rupees 105–8–11 of the previous year and Rs. 80 of the revised estimate. The item being of a fluctuating nature, calls for no remark for the decrease.

23. *Cart-stand fees.*—The right of collecting cart-stand fees was leased out during the year for Rs. 535 against Rs. 551 of the previous year. The slight decrease under the last year was due to the exclusion of one of the cart-stand places called "Ghattu" near the new railway station. The whole of the leased amount was collected within the year. Rs. 33–7–8 was spent in the year under report for the repairs of the thatched sheds in the municipal cart-stand; hence the net revenue from cart-stand was Rs. 502 in round numbers.

24. *Distraint-fees*—were Rs. 47 against Rs. 50 estimated in the revised estimate and Rs. 100 of the last year.

25. *Fines under Municipal and other Acts*—amounted to Rs. 1,668–13–0 against Rs. 536–12–0 of the previous year and Rs. 1,720 of the revised estimate. The increase over the actuals of the previous year is due to the circumstances reported in this office letter, No. 533, dated 16th December 1896, embodied in G.O., No. 173 M., dated 6th February 1897, reviewing the budget of this municipality for 1897–98.

26. *Grants from Local Funds.*—Rs. 500 were the usual amount of contribution received from the Taluk Board, Narsapatam, for the upkeep of the municipal dispensary.

27. "*Other Grants and Contributions.*"—A sum of Rs. 359–7–6 was contributed by Sree Raja G. N. Gajapati Row Garu, C.I.E., towards the raising of the site of the municipal upper primary school compound.

28. *Recoveries for services rendered to Private Individuals.*—Under this head Rs. 325–12–0 were collected as private scavenging fees against Rs. 271–12–0 of last year, and Rs. 13–10–0 as fees for cleaning cess-pools of certain private individuals against Rs. 14–4–0 of the previous year. The increase is due to the levy of fees at an enhanced rate in the last quarter of the year under report. The private scavenging system is self-supporting during the year under report, the charges for the service being Rs. 313–0–1.

29. *Miscellaneous.*—(1) Rs. 31–4–9 were realized as fees for numbering carts, (2) Rs. 8–5–0 on account of damages to municipal lanterns by private individuals, and law charges recovered from private parties, (3) another sum of Rs. 20–9–6 was recovered from a private person who owned a portion of a well, the platform of which was constructed some years ago at the expense of the municipal council, as a larger portion of the said well is under public use. The sum recovered is a moiety of the expenses incurred in the construction of the platform, (4) an almirah, which a carpenter contracted to make last year for Rs. 40, was left unfinished. A sum of Rs. 8–7–1 was recovered from the man to get it completed by another carpenter. This was in accordance with a contract entered into with the former carpenter.

30. *Loan from Government.*—A loan of Rs. 3,000 was taken from Government for constructing the Municipal office building on the site lately acquired for the same —*vide* G.O., Mis. No. 488 M., dated 12th March 1897.

III.—EXPENDITURE.

31. The total expenditure for the year amounted to Rs. 18,327–3–11 against Rs. 15,579–10–9 of the previous year and Rs. 19,450 estimated in the revised estimate.

32. *Grant 1, Public Works.*—The total amount expended on public works was Rs. 6,551–12–5 against Rs. 7,090 provided in the revised estimate. The details are as follow.

33. *New Works—Communications.*—A sum of Rs. 517–12–6 was spent under this head against Rs. 500 allotted in the revised estimate. The two new roads, viz., Nidhanapudoddi and Santaboyalu roads constructed last year were metalled and gravelled in the year under report at a cost of Rs. 217–6–6 and Rs. 49–2–3, respectively. A new road from Kotina Vidhi to the new railway station was constructed during the year at a cost of Rs. 251–3–9.

34. *Repairs—Communications.*—A sum of Rs. 1,736–13–4 was spent under this head against Rs. 1,800 sanctioned in the revised estimate. The present condition of the town roads is generally fair.

35. The total length of roads in the municipality was 13 miles and 8 yards. The total length of roads maintained by the council is 12 miles, 2 furlongs and 170 yards. The total length of metalled roads is 10 miles, 1 furlong and 78 yards; the total length of gravelled roads is 1 mile, 2 furlongs and 120 yards and the total length of unmetalled roads is 1 mile, 4 furlongs and 30 yards.

36. *New Works—Buildings.*—Under this head Rs. 3,076–15–2 were spent against Rs. 3,350 sanctioned in the revised estimate. The principal new works executed during the year were as follows:—

(*a*) The municipal upper primary school building with masonry foundations and pillars with thatched roof thereon was constructed at a cost of Rs. 329–2–11. In addition to this amount a further sum of Rs. 359–7–6 was expended in raising its site and compound.

(*b*) A standard plan iron double latrine on the pot and dry-earth system was constructed on the new station road at a cost of Rs. 691–1–1. An iron moveable latrine for females was also constructed in "Payakarow bushes" at a cost of Rupees 83–4–0. These latrines are now in use and are freely resorted to by the public.

(*c*) The site for the construction of Municipal office building was acquired under the Land Acquisition Act at a cost of Rs. 400. A masonry compound wall on the northern side of the site and a thatched shed thereon to accommodate municipal conservancy bullocks were constructed at a total cost of Rs. 115–10–9.

(*d*) Certain old latrines with mud-wall enclosures in Gavarapalem were removed and replaced in less objectionable places at a total cost of Rs. 463–14–1.

(*e*) To put earth-bunds around the two most important burning and burial grounds, and to construct compound walls to the sides facing public roads, a sum of Rs. 489–7–0 was spent during the year.

(*f*) The municipal hospital and the middle school compounds were provided with wire fence at a total cost of Rs. 62–2–4.

(*g*) The two public latrines with brick-wall enclosures in Gollavidhi and Sarabanda were provided with iron tubs costing Rs. 30.

(*h*) A sum of Rs. 52–12–9 was spent in purchasing materials for the construction of a "dead-house" whose construction was deferred to the current year, the suitable site therefor not having been acquired during the year.

37. *Repairs—Buildings.*—Rs. 154–4–6 were expended against Rs. 760–4–2 of last year and Rs. 90 estimated in the revised estimate. The principal items in the above amount are Rs. 68–12–3 for the repairs of the pucca latrines in Gollavidhi and Sarabanda and Rs. 33–7–8 for the repairs of the thatched sheds in the municipal cart-stand. Others are items of small importance.

38. *New Works—Water-supply.*—Under this head Rs. 97–7–0 were spent during the year against Rs. 170 sanctioned in the revised estimate. The decrease is due to the non-execution during the year of construction of a platform to the new drinking-water well in Gollavidhi. A platform to the drinking-water well at Latchmidevipeta at a cost of Rs. 68–4–0 and a pot well for the use of the people in scavengers' petta at a cost of Rs. 24–2–0 were constructed during the year under report. A petty sum of Rs. 5–1–0 was spent in purchasing stones for the platform of Gollavidhi well, which work was deferred to current year, the well having been newly sunk in the year 1895–96.

39. *Repairs—Water-supply.*—Rs. 194–3–10 were expended on the repairs of the Sarvanayakudu's well and on those of the wells in Bundiyadu street, Peda Bhaskarayyapeta street, Viziaramarajupeta and school compound.

40. *Repairs—Drainage.*—A channel which carries off sewage from the town drains was repaired at a cost of Rs. 87–15–0.

41. *Tolls and Road Charges.*—The total amount expended on municipal roads during the year was Rs. 2,255 or 61 per cent. out of Rs. 3,666, municipal share of the total income from tolls. The increase over the usual percentage of 50 fixed by Government is due to the circumstances explained in paragraph 3 (1) (*d*) of this office letter, No. 533, dated 16th December 1896, embodied in G.O., No. 173 M., dated 6th February 1897, reviewing the budget of this municipality for 1897–98.

42. *Grant 2, Education.*—There were on the 31st March 1897 one middle school on salary system, one upper primary school and two lower primary schools on salary-results system, and nine schools on results system, in all fourteen schools with 585 pupils on the rolls. The total amount on education was Rs. 2,342 as against Rs. 2,320 in 1895–96 as noted below :—

	1895–96.	1896–97.
	RS.	RS.
(1) Municipal schools—		
(1) Salary system—		
(*a*) Middle school	1,169	1,265
(2) Salary-results system—		
(*a*) Secondary schools	..	..
(*b*) Primary schools	753	644
(3) Grant-in-aid schools—		
(1) Salary grants—		
(2) Results grants—		
(*a*) Secondary	..	..
(*b*) Primary	231	314
Normal stipends	70	..
Miscellaneous	96	119
Total ..	2,319	2,342

The increase in the year under report is due to the fact that new gymnastic apparatus, &c., was supplied to the middle school—

(*a*) *Municipal Middle School.*—The number of boys under instruction on the 31st March 1897 was 62 against 55 on the corresponding date of the previous year. In the Lower Secondary examination 5 (five) out of 7 (seven) sent up have passed four in compulsory and one optional subject, and one in compulsory subject only. The cost of educating each pupil in this school fell to Rs. 7 from Rs. 11 in 1895–96.

(*b*) *Salary-result Schools.*—There were three schools maintained under this system against four in the previous year. The decrease is owing to the abolition of lower primary school for Muhammadan boys for want of sufficient attendance. There were thus one upper primary school, one lower primary school for Pariah boys and one night school for labouring classes. The total number of pupils reading in all the municipal primary schools was 120 against 148 of last year. The decrease in attendance as explained by educational authorities may be attributed to the closure of the Muhammadan school, the opening of the third standard in the result system schools and constant changes in the teaching staff of the municipal upper primary school. The number of pupils presented for examination in these schools was 79, of whom 49 passed. The cost of educating each pupil was Rs. 4–1–0 against Rs. 4–2–5 in 1895–96. The decrease in cost being very slight, calls for no remarks.

(*c*) *Result schools.*—There are nine of these and the total number of pupils at the close of the year was 388 against 322 on the corresponding period of last year. The sum of Rs. 314–6–0 was paid to the teachers as result grants during the year.

(*d*) *Miscellaneous.*—Rs. 119 were spent under this head towards the salary of the common gymnast.

(*e*) The number of boys and girls of school-going age in the town was 2,551 as per last census, of whom 585 or 52·3 were under instruction in the school. The usual statements received from the Assistant Inspector of Schools are enclosed.

43. *Grant 3, Sanitation and Medical Service—Hospitals and Dispensaries.*—There was one dispensary maintained by the council during the year, in which the number of out-patients treated was 9,376 against 8,901, while that of in-patients was 101 against 100 of the preceding year. Rs. 1,820 were spent for maintaining the dispensary against Rs. 1,885 of the previous year and Rs. 1,830 estimated in the budget. For the first six months of the year, no midwife was available. In October a woman was sent to be trained in the Madras Lying-in hospital on a scholarship of Rs. 10 per mensem. In November a temporary midwife was employed on Rs. 20 per mensem. The hospital assistant was sent up to Madras in September 1896 for being trained in the Medical College on half pay with travelling allowance, while the old compounder on Rs. 20 has been replaced by a young man on Rs. 12. The hospital received during the year an adequate supply of bedding and clothing. The midwife attached to the municipal dispensary attended 65 labour cases. The report of the hospital assistant is enclosed.

44. *Vaccination.*—There is one second-class vaccinator on a pay of Rs. 10 per mensem. Vaccination has been compulsory in this municipality for the last six years. The total number of operations performed during the year was 1,240 against 1,413 of the previous year. The decrease in the number of operations is owing to the decrease in the number of unprotected cases year after year. Of the total number of vaccinations 1,185 were successful, 53 unsuccessful and 2 unknown. Of these 477 were on children under one year of age. All these cases excepting seven were successful. Eighty-nine (89) persons were prosecuted for failure to get their children vaccinated against 306 of the previous year. This shows that the people have been appreciating the benefits of vaccination. All the vaccine operations were performed by means of animal lymph supplied from the Local Fund depôt, Vizagapatam. The total cost of vaccination during the year was Rs. 159–3–0 against Rs. 151–4–0 of the previous year. The increase in the total cost is due to the purchase of lancets and record-box newly supplied to the municipal vaccinator. The average cost of each successful case is As. 2–2 against As. 1–10 of the previous year.

45. *Vital Statistics.*—The total number of births registered was 563 against 573 of 1895–96, of which 298 are males, 265 are females, against 298 males and 275 females, respectively, of the preceding year, or 33·11 per thousand of population as per last census. The total number of deaths registered was 359 against 447 of last

year, of which 213 males and 146 females against 252 males and 195 females, respectively, or 21·11 per thousand of population as per last census. Twenty-six prosecutions were instituted for failure to register births and deaths. The following were the causes of death registered during the year—one cholera, 116 fevers, 53 dysentery and diarrhœa, 15 accidents and injuries and 174 other causes.

46. *Conservancy.*—The total expenditure during the year was Rs. 4,420–9–6 against Rs 3,729–8–11 of the previous year and Rs. 4,700 sanctioned in the revised estimate. The increased expenses as compared with the previous year is due mainly to the purchase of 6 more iron night-soil carts and 75 more iron dust-bins and to the entertainment of a separate sanitary inspector. The roads and streets were daily swept and kept clean. There were 5 fixed masonry and 116 moveable iron dust-bins. The town sweepings were daily carted to outside the town to the depôt of the sweepings contractor to whom the cart-stand sweepings and town refuse had been sold for Rs. 116 per annum. There were 26 public latrines at the close of the year against 23 of last year. There are 16 conservancy carts at work including 12 iron hand-carts for night-soil during the year.

47. *Private Scavenging.*—The number of private latrines under the Municipal Agency at the close of the year was 142. The total amount of scavenging fees collected was Rs. 325–12–0, while the expenditure was Rs. 313–0–1.

48. *Grant 4, Lighting.*—The town was lighted by 109 lamps against 110 in the previous year, 1 having been removed at the close of the year. The total expenditure incurred during the year was Rs. 479–12–5 against Rs. 456–11–5 of the previous year, and Rs. 440 of the revised estimate. The increase in the expenditure was due to the fluctuations in the prices of kerosine-oil, &c., purchased for the purpose. The charges were as follows:—

	RS.	A.	P.
(*a*) Establishment charges	143	6	0
(*b*) Contingencies	336	6	5
Total ..	479	12	5

49. *Avenues—Contingencies.*—A sum of Rs. 82–0–6 was spent under this head towards the cost of purchasing cocoanut trees and shade trees, and of planting and watering them by the sides of certain roads against Rs. 100 sanctioned in the revised estimate.

50. *Miscellaneous—Other Charges.*—Rs. 527–3–4 were spent under this head against Rs. 640 sanctioned in the revised estimate. They were composed of the following items:—

Rupees 341–6–10 printing charges, Rs. 3–11–0 rewards for the destruction of stray pigs and dogs, Rs. 3–3–0 tom-tom, &c., charges, and Rs. 178–14–6 law charges, making a total of Rs. 527–3–4.

51. *Contribution to Provincial Funds.*—These were Rs. 144 being composed of the following items:—

Rupees 71 contribution to the Medical College, Rs. 57 sanitary inspection, and Rs. 16 medical reserve staff.

52. *Supervision and Management.*—The total charges incurred under this head were Rs. 1,608 against Rs. 1,630 sanctioned in the revised estimate and Rs. 1,469–2–9 of the previous year. The increase over the last year was due to the payment during the year of the arrears of office house-rent and also to the enhanced percentage of contribution for the Central office establishment. The charges were Rs. 685–13–2 office establishment, Rs. 120 inspection, Rs. 285–3–7 collection establishment, Rupees 105–2–0 purchase of account books, &c., Rs. 307–13–3 office contingencies, and Rs. 104 contribution to the Central office establishment.

IV.—CLOSING BALANCE.

53. The year closed with a balance of Rs. 4,543–2–9 as compared with Rupees 2,777–3–7 in the previous year and Rs. 3,810 in the revised estimate.

Concluding Remarks.—Mr. F. W. Gooch, late Chairman of this council, resigned his Chairmanship on the last day of the year. This council bearing in mind the good

services rendered by him resolves to place on record its high appreciation of the same. The following is its resolution passed at its meeting held on the 31st March 1897, the date of his resignation:—

"(XII) The Chairman having informed the council of his intention to resign the Chairmanship after this day, the council unanimously resolves to record its high appreciation of Mr. Gooch's services as Chairman during the last two years and its regret that his change of residence necessitates his resignation of a post which he has filled with conspicuous ability, energy and success. It also resolves to record the above resolution in the next Administration report."

Copy of the council's resolution adopting the report is enclosed.

ANNUAL concise medical report of the municipal hospital at Anakápalle for the official year 1896–97.

1. *Public Health.*—Public health was fairly good; there having been no epidemic disease during the year in the town of Anakápalle. Ague prevailed as usual. But the registration of deaths shows more mortality from it.

2. *Vital Statistics.*—The total number of births registered was 563 against 573 of the previous year. The total number of deaths was 359 against 447 of the previous year.

3. *Sanitation.*—The sanitary condition of the town was more satisfactory than in any of the previous years, being well conducted by the supervising body. The roads and streets were swept daily morning and evening. The practice of burning rubbish in cenerators was abolished from the beginning of the year. The rubbish was stored outside the town in the rubbish depôt by a contractor during the year. The drains were flushed every morning. Seventy-five moveable iron dust-bins purchased for Rs. 337–8–0 were added during the year to the already existing number. The private scavenging system worked satisfactorily and it was self-supporting during the year. There were eleven night-soil iron hand-carts in use during the year, of which eight carts were purchased for Rs. 278 during the year.

One iron latrine containing two compartments of ten seats each at a cost of Rs. 118 was provided for the use of females in Payakarow bushes.

One iron latrine containing two compartments of twenty seats each at a cost of Rs. 691 was provided in Kotinavidhi, both for the use of males and females.

Four mud-wall latrines of two compartments each were built in Gavarapalem at a cost of Rs. 439.

The Sarabanda and Gollavidhi existing latrines were provided with iron tubs at a cost of Rs. 70.

One new burning-ground with a pucka compound wall has been provided in Gavarapalem at a cost of Rs. 482 during the year.

4. *Water-supply.*—One drinking-water well was newly dug up for the use of scavengers at a cost of Rs. 24.

Three platforms with cut-stones were built to three drinking-water wells at a cost of Rs. 246 during the year.

The drinking-water tank was repaired and a new tank was dug up in the vicinity of Gavarapalem by Sri Raja G. N. Gajapathi Row. The water of the latter was very much used by the inhabitants of Gavarapalem in the latter part of the year.

5. *Vaccination.*—One thousand two hundred and forty persons were vaccinated against 1,413 of the previous year. The number of successful cases was 1,185 against 1,337 of the previous year, 477 children under one year of age were vaccinated during the year against 580 cases of the previous year. The number of prosecutions for the failure of parents to get their children vaccinated was 89 against 306 of the previous year. This smaller number of prosecutions shows that the people have now come to understand the benefit of vaccination and liked their children get vaccinated without any opposition. The cause of decrease in the number of vaccinations was due to the fact of only a very few cases remained unprotected in the town.

6. *Hospital and Dispensaries.*—(*a*) The accommodation was sufficient, the male ward having accommodation for eight and the female ward for two in-patients.

(*b*) The hospital buildings were in good repair.

(*c*) The furniture was sufficient and in good order.

(*d*) The number of in-patients treated during the year under report was 101 against 100 of the previous year. The number of out-patients treated was 9,376 against 8,901 of the previous year. The increase was 475. This increase was due to the increased admission on all the general diseases; but not due to the increase of any particular disease.

(*e*) There were four deaths among in-patients, the actual causes being one from tetanus, two from diarrhœa and one from severe burn.

(*f*) Three major operations and 300 minor operations were performed by the medical subordinates in charge. Several of the minor ones were capital operations.

(*g*) There were one hospital assistant, one native midwife, one compounder, one peon, one cook and one sweeper. The midwife was entertained on the 1st December 1896.

(*h*) The native midwife's post which had been vacant from one year and eight months was filled up by appointing one Audilutchimi Ammal on Rs. 20 per month. This is only a temporary measure. The municipal council has sent a pupil to undergo training in Lying-in hospital at Madras. She will be appointed a permanent midwife in this institution on her return from Madras.

7. I was sent in October last to Madras to attend the Medical College and to work in General Hospital for six months that I might keep myself in touch with the modern practice in medicine and surgery. During my absence, third-class hospital assistants P. Venkataratnum Pillay and Venkata Rama Iyer acted for me. The former for a month and a half and the latter for four and a half months. The hospital compounder C. Saulayya was invalided on account of his old age and a new compounder D. Daveeprasad was appointed in place of him on the 16th November 1896.

2. The number of meetings held by the municipal council was 29 against 31 in the previous year. The average attendance of the non-official members continued to be fairly satisfactory, but the officials attended irregularly. The Collector will call their attention to G.O., No. 859 M., dated 10th April 1897.

3. *Receipts.*—(1) The demand under the tax on arts, as originally assessed by the Chairman, amounted to Rs. 2,209, but as much as 24·2 per cent. of this sum was remitted by the municipal council on appeal. The inference is either that the Chairman's assessments were over-estimated or that the municipal council was unduly lenient in granting remissions. The Government trusts that the latter was not the case. The opinion of the Divisional officer and the Collector on this point would have been desirable. There was, however, an increase of Rs. 188 in the net current demand under this head and the average incidence of the tax rose, being Rs. 3–15–4 against Rs. 3–6–9 in 1895–96. The assessments under the tax on lands were revised during the year, but the net current demand showed only a small increase of Rs. 29 and the total extent of land taxed remained unaltered. The demand under the tax on buildings also increased by Rs. 72.

(2) Except as regards the arrears of the taxes on arts and buildings, under which 65·7 and 18·6 per cent., respectively, of the demand were written off as irrecoverable, the collections under the principal taxes improved and were good. The remaining outstandings, some of which relate to 1892–93, should be adjusted without delay.

(3) There was an increase in the receipts from school fees, market rents and fines; but the income from tolls declined for the reasons stated in paragraph 13 of the Chairman's report. From paragraph 18 it appears that the sweepings of the municipal cart-stand and the street-refuse were sold for Rs. 116 against Rs. 53 in the previous year, which is satisfactory; but this source of revenue is capable of further development and the efforts made in this direction should not be relaxed.

(4) The liberality of Raja G. N. Gajapati Rao, C.I.E., in contributing Rs. 359 towards improving the site of the municipal upper primary school, is noted with pleasure.

(5) The number of houses served by the private scavenging agency was 142, or one less than in the previous year, but the fees collected covered the cost of the service. Notwithstanding the remarks of Government in paragraph 3 (4) of the previous year's review, no action appears to have been taken by the municipal council to extend the service. This should be explained.

4. *Expenditure*—(1) *Public Works.*—An iron latrine of the standard plan was constructed at a cost of Rs. 691 and a site for the municipal office building was acquired for Rs. 400. In addition to this, a sum of Rs. 1,986 was spent for removing the mud-wall latrines to unobjectionable localities and for other minor works. The total outlay on communications amounted to Rs. 2,255, or 60·3 per cent. of the municipal income from tolls. The Head Assistant Collector in charge of the division has again failed to report on the condition of the roads in the town—an omission which should not recur—nor has the Collector noticed the subject. The Chairman, however, declares them to have been generally in fair order.

(2) *Education.*—The net expenditure under this head amounted to Rs. 1,146, or 10·3 per cent. of the receipts from taxation. Of this sum, Rs. 350 were spent on secondary, and the remainder on primary, education. As in the previous year, the municipal council maintained a lower secondary school on the salary system, but the number of primary schools on the salary-result system was three, or one less than in 1895–96, the Muhammadan school having been abolished owing to the small attendance. The attendance at the lower secondary school again improved, but at the other municipal schools taken together it declined slightly. The council also aided with result grants ten primary schools against nine in the previous year. The attendance at these schools was good. The results achieved by these and by the municipal schools at the lower secondary, departmental and grant examinations were fair. The allotment for result grants was slightly exceeded, and the total number of boys under instruction in the municipal and aided schools rose from 517, or 40·6 per cent. of the male population of school-going age, to 569 or 44·8 per cent.

(3) *Medical Relief.*—The attendance of in-patients at the municipal hospital was almost stationary; but the number of out-patients rose, being 9,376 against 8,901 in the previous year. In November 1896, a midwife on Rs. 20 was employed by the municipal council as a temporary measure and during the last five months of the year she attended 65 cases of labour.

(4) *Vaccination and Vital Statistics.*—The reported number of vaccine operations performed during the year fell, being 1,240 against 1,413 in 1895–96; but the quality of the work improved and was good. Infantile vaccination also retrograded, the total number of children under one year of age successfully vaccinated being 470, or 27·6 per mille of the population, against 32·9 per mille in the previous year. The recorded birth-rate for the year was 33·1 per mille.

The number of births registered during the year was 563, or ten less than in 1895–96, and there was a marked decline in the registration of deaths, which is evidently imperfect. No explanation has been offered of this—an omission which should be supplied.

(5) *Sanitation.*—The total outlay on conservancy amounted to Rs. 4,421, or 95·3 per cent. of the sanctioned allotment and 22·1 per cent. of the current receipts against 21 per cent. in 1895–96. The Government is glad to observe from paragraph 46 of the Chairman's report and paragraph 3 of the Medical officer's report that several sanitary improvements were carried out during the year. But many of the defects noticed by the Deputy Sanitary Commissioner in his last inspection notes remain to be remedied.

5. *General Remarks.*—The year closed with the large balance of Rs. 4,436, or 22·2 per cent. of the current receipts; but Rs. 2,600 of this is the unspent surplus of the Government loan for the municipal building. There, however, still remained available a considerable sum in excess of the prescribed balance which might have been usefully employed on sanitary and other improvements.

The administration of the municipality during the year under review continued to be, on the whole, fairly efficient; but increased attention should be paid to private

scavenging, sanitation and registration of vital statistics. The Government notes with pleasure the council's appreciation of the good work done by its late Chairman, Mr. Gooch.

6. The delay of six ~~months~~ in the submission of the report is unsatisfactory and should have been explained.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From M.R.Ry. V. RAMAMURTI CHETTI Garu, Chairman, Municipal Council, Anakápalle, to the Secretary to Government, Local and Municipal Department (through the Head Assistant Collector, Narsapatam), dated Anakápalle, 22nd June 1897, No. 167.

I have the honour to submit my report on the administration of this municipality for the official year 1896–97, together with the prescribed statements of receipts and charges.

I.—CONSTITUTION OF THE COUNCIL.

2. The maximum number of councillors to this municipality is thirteen as prescribed in G.O., No. 864, Financial, dated 30th April 1885. The constitution of the council was, on the 31st March 1897, one *ex-officio*, three official and nine non-official, making a total of thirteen councillors.

3. The office of the Chairman was held by Mr. F. W. Gooch, a non-official, throughout the whole year. He was elected Chairman of the council on the 10th August 1895, and his election was approved by Government in notification No. 588, published in the *Fort St. George Gazette*, dated 10th September 1895.

4. The municipality has not the power of electing its own councillors; the Chairman, however, is elected by vote of the council.

5. The total number of meetings actually held during the year was 29 against 31 in the previous year. Besides these, one meeting had to be adjourned for want of quorum.

6. 7·17 was the average attendance at the meetings actually held, viz., 1·86 of the official and 5·31 of the non-official members. The average attendance of Europeans was 1·14, while that of Natives was 6·03.

II.—RECEIPTS.

7. The year opened with a balance of Rs. 2,777–3–7. The total current receipts, inclusive of opening balance, amounted to Rs. 22,870–6–8 against Rs. 18,356–14–4, actuals of the previous year, and Rs. 23,260 anticipated in the revised estimate. The increase under receipts is chiefly due to a loan of Rs. 3,000 taken from Government and to the magisterial fines of Rs. 1,668. There is also increase under land and profession taxes as well as under school and market fees, &c. But this increase is counterbalanced by the corresponding decrease in the receipts under tolls, the district board having appropriated 60 per cent. of the collections in the year under report unlike the previous year during which only 30 per cent. was claimed. This council discussed with the district board (as ordered by Government in its review on this municipal budget for 1897–98, paragraph 3) about the reduction in the proportion of tolls claimed by them and the discussion ended in disallowing this council's request.

8. (*a*) *Receipts from Taxation*—(8) *House-tax.*—As usual, the tax under this head was levied at $6\frac{1}{4}$ per cent. on the actual rent value of the buildings. The assessment of the tax was based on the actual rental in case of buildings let out. As regards

houses which were not leased out, the actual rent was deduced from the rent of a model house in the neighbourhood, regard being had to position, extent, accommodation, comforts and lastly local demands. The house-tax register was last revised in the year 1894–95.

The demand originally fixed under this head was Rs. 2,384–14–0. The council remitted on appeal Rs. 7–15–6, leaving Rs. 2,376–14–6 as final demand. Of this amount Rs. 2,300–4–0 or 96 per cent. were collected during the year and Rs. 3–15–6 were remitted as irrecoverable, leaving a balance of Rs. 72–11–0 to be adjusted in the current year.

The arrears outstanding at the commencement of the year, together with those of the previous years, amounted to Rs. 145–0–4, of which Rs. 95–2–10 were collected in the year under report and Rs. 27–5–0 were written off the accounts as irrecoverable, leaving a balance of Rs. 22–8–6 for adjustment in the current year.

9. *Land-tax.*—The demand under this head was Rs. 2,423–10–6, of which As. 15 were remitted by the council on appeal. Thus the demand, as finally settled, is Rs. 2,422–11–6, of which Rs. 2,368–2–7 or 97 per cent. were collected within the year, leaving a balance of Rs. 54–8–11 for adjustment in the current year.

The arrears outstanding at the beginning of the year, together with those of previous years, amounted to Rs. 484–15–9, of which Rs. 470–4–9 were collected during the year and Rs. 14–11–0 were written off the accounts as irrecoverable, leaving no balance at the close of the year. In addition to the amount above noted as outstanding at the opening of the year, a sum of Rs. 29–10–6 has been recovered from the East Coast Railway on account of lands taken up by them which was not included in the arrears demand.

The land-tax register was thoroughly revised in the year under report. The assessment is based on the extent of land and the nature of the soil, the rates being $2\frac{5\,8}{1\,2\,1}$ pies on every 80 square yards of land in "Cheruvulopala," $1\frac{1\,1\,0}{1\,2\,1}$ pies in "Etiavala," $1\frac{5\,0}{1\,2\,1}$ pies in "Ava," and $\frac{1\,2\,0}{1\,2\,1}$ pies in "Cheruvuvenaka" divisions, sanctioned in G.O., Mis. No. 948 M., dated 24th September 1886.

10. *Tax on Arts, &c.*—The demand originally fixed by the Chairman under this head was Rs. 2,208–8–0. The council remitted on appeal Rs. 535 and As. 8 were written off the accounts as irrecoverable on account of poverty of a tax-payer. Thus the demand as finally settled is Rs. 1,673–8–0, of which Rs. 1,569–6–0 or 93 per cent. were collected within the year, leaving a balance of Rs. 103–10–0 to be adjusted in the current year.

The arrears outstanding at the opening of the year amounted to Rs. 108–8–0, of which Rs. 37 were collected before the close of the year, the sum of Rs. 71 was written off the accounts, and a balance of As. 8 still remains for adjustment in the current year. The total number of persons finally assessed to the tax on arts, &c., is 423, of whom six were assessed under Class II, 14 under III, 23 under IV, 38 under V, 107 under VI, 5 under VII, and 230 under VIII of the Schedule A of the Act.

11. *Tax on Animals and Vehicles and Registration of Carts.*—The receipts under these heads amounted to Rs. 286–12–0 and Rs. 253 against Rs. 295–12–0 and Rupees 254, respectively, of the previous year.

12. *Coercive Processes.*—In 651 cases distraint warrants were issued, of which 596 were those that were executed and cancelled, and 55 that remained unexecuted at the close of the year. In no case was property sold. Ten defaulters were prosecuted for non-payment of their tax, of whom eight persons paid their tax before judgment and two cases remained undisposed of at the close of the year.

13. *Tolls.*—The amount realized by the auction sale of tolls was Rs. 9,165 as compared with Rs. 8,970 of the previous year. The increase was due to the keen competition amongst lessees. Of this sum 60 per cent. or Rs. 5,499 was paid over to the district board as its share as against 30 per cent. or Rs. 2,691 of last year, the balance Rs. 3,666 was collected from the lessees and credited to Municipal funds during the year under report. No expense was incurred in the collection of this amount, the lessees having the exclusive right of collecting tolls from the six gates of the municipality.

14. *Incidence of Taxation.*—The population of the town is, according to the last census, 17,010, and the total receipts, exclusive of tolls, amounting to Rs. 7,589–4–11, the average incidence was As. 7–2 per head, or if tolls be also included As. 10–7 per head as compared with As. 7–1 and As. 12–11, respectively, in the previous year.

15. (*b*) *Miscellaneous Receipts.*—The total receipts under this head amounted to Rs. 8,838 against Rs. 3,984 of the previous year as may be seen from the following paragraphs. The increase under this head occurs chiefly under school-fees, markets, fines under Municipal Act, private contribution and loans.

16. *Fees under Act II of 1888.*—Rs. 25 was realized under this head on account of license granted to certain dramatic company under "Places of Public resort" Act.

17. *Sale-proceeds of Old Materials and Empty oil-cans, &c.*—Rs. 36–8–0 were collected during the year on account of sale-proceeds of empty tins and old materials and unserviceable articles against Rs. 40 of the previous year.

18. *Sale-proceeds of Night-soil, Street refuse, &c.*—The sweepings of the municipal cart-stand and those of streets were sold at public auction for Rs. 116 against Rs. 53 of last year. Of this sum Rs. 60 were collected within the close of the year and the balance in the current year. In addition to this a sum of Rs. 4–8–0 was realized on account of sale-proceeds of old street refuse deposited in the depôt.

19. *Fees from Educational Institutions*—amounted to Rs. 1,196–0–7 against Rs. 996–3–2 of the previous year, and Rs. 900 anticipated in the budget. The increase is due to the increased attendance in the middle school.

20. "*Sale-proceeds of Medicines*" *and* "*other Hospital Receipts*"—were Rupees 10–0–6 against Rs. 20 estimated in the budget.

21. *Income from Markets and Slaughter-house.*—The right of collecting fees in the municipal markets, viz., vegetable market and fish market was leased out for Rs. 575 against Rs. 420. The increase was due to the keen competition amongst renters. The whole amount, viz., Rs. 575 was collected during the year. The municipal slaughter-house was leased out for Rs. 111, which amount was fully realized during the year. The ground rent of market godowns was collected departmentally as usual. The total demand was Rs. 119–12–3, of which Rs. 115–8–3 were collected within the year, leaving a balance of Rs. 4–4–0 for adjustment in the current year. The arrears outstanding at the beginning of the year was Rs. 47, which amount was fully realized during the year.

22. *License-fees.*—The amount collected as license-fees was Rs. 71 against Rupees 105–8–11 of the previous year and Rs. 80 of the revised estimate. The item being of a fluctuating nature, calls for no remark for the decrease.

23. *Cart-stand fees.*—The right of collecting cart-stand fees was leased out during the year for Rs. 535 against Rs. 551 of the previous year. The slight decrease under the last year was due to the exclusion of one of the cart-stand places called "Ghattu" near the new railway station. The whole of the leased amount was collected within the year. Rs. 33–7–8 was spent in the year under report for the repairs of the thatched sheds in the municipal cart-stand; hence the net revenue from cart-stand was Rs. 502 in round numbers.

24. *Distraint-fees*—were Rs. 47 against Rs. 50 estimated in the revised estimate and Rs. 100 of the last year.

25. *Fines under Municipal and other Acts*—amounted to Rs. 1,668–13–0 against Rs. 536–12–0 of the previous year and Rs. 1,720 of the revised estimate. The increase over the actuals of the previous year is due to the circumstances reported in this office letter, No. 533, dated 16th December 1896, embodied in G.O., No. 173 M., dated 6th February 1897, reviewing the budget of this municipality for 1897–98.

26. *Grants from Local Funds.*—Rs. 500 were the usual amount of contribution received from the Taluk Board, Narsapatam, for the upkeep of the municipal dispensary.

27. "*Other Grants and Contributions.*"—A sum of Rs. 359–7–6 was contributed by Sree Raja G. N. Gajapati Row Garu, C.I.E., towards the raising of the site of the municipal upper primary school compound.

28. *Recoveries for services rendered to Private Individuals.*—Under this head Rs. 325–12–0 were collected as private scavenging fees against Rs. 271–12–0 of last year, and Rs. 13–10–0 as fees for cleaning cess-pools of certain private individuals against Rs 14–4–0 of the previous year. The increase is due to the levy of fees at an enhanced rate in the last quarter of the year under report. The private scavenging system is self-supporting during the year under report, the charges for the service being Rs. 313–0–1.

29. *Miscellaneous.*—(1) Rs. 31–4–9 were realized as fees for numbering carts, (2) Rs. 8–5–0 on account of damages to municipal lanterns by private individuals, and law charges recovered from private parties, (3) another sum of Rs. 20–9–6 was recovered from a private person who owned a portion of a well, the platform of which was constructed some years ago at the expense of the municipal council, as a larger portion of the said well is under public use. The sum recovered is a moiety of the expenses incurred in the construction of the platform, (4) an almirah, which a carpenter contracted to make last year for Rs. 40, was left unfinished. A sum of Rs. 8–7–1 was recovered from the man to get it completed by another carpenter. This was in accordance with a contract entered into with the former carpenter.

30. *Loan from Government.*—A loan of Rs. 3,000 was taken from Government for constructing the Municipal office building on the site lately acquired for the same —*vide* G.O., Mis. No. 488 M., dated 12th March 1897.

III.—Expenditure.

31. The total expenditure for the year amounted to Rs. 18,327–3–11 against Rs. 15,579–10–9 of the previous year and Rs. 19,450 estimated in the revised estimate.

32. *Grant 1, Public Works.*—The total amount expended on public works was Rs. 6,551–12–5 against Rs. 7,090 provided in the revised estimate. The details are as follow.

33. *New Works—Communications.*—A sum of Rs. 517–12–6 was spent under this head against Rs. 500 allotted in the revised estimate. The two new roads, viz., Nidhanapudoddi and Santaboyalu roads constructed last year were metalled and gravelled in the year under report at a cost of Rs. 217–6–6 and Rs. 49–3–3, respectively. A new road from Kotina Vidhi to the new railway station was constructed during the year at a cost of Rs. 251–3–9.

34. *Repairs—Communications.*—A sum of Rs. 1,736–13–4 was spent under this head against Rs. 1,800 sanctioned in the revised estimate. The present condition of the town roads is generally fair.

35. The total length of roads in the municipality was 13 miles and 8 yards. The total length of roads maintained by the council is 12 miles, 2 furlongs and 170 yards. The total length of metalled roads is 10 miles, 1 furlong and 78 yards; the total length of gravelled roads is 1 mile, 2 furlongs and 120 yards and the total length of unmetalled roads is 1 mile, 4 furlongs and 30 yards.

36. *New Works—Buildings.*—Under this head Rs. 3,076–15–2 were spent against Rs. 3,350 sanctioned in the revised estimate. The principal new works executed during the year were as follows:—

(*a*) The municipal upper primary school building with masonry foundations and pillars with thatched roof thereon was constructed at a cost of Rs. 329–2–11. In addition to this amount a further sum of Rs. 359–7–6 was expended in raising its site and compound.

(*b*) A standard plan iron double latrine on the pot and dry-earth system was constructed on the new station road at a cost of Rs. 691–1–1. An iron moveable latrine for females was also constructed in "Payakarow bushes" at a cost of Rupees 83–7–0. These latrines are now in use and are freely resorted to by the public.

(*c*) The site for the construction of Municipal office building was acquired under the Land Acquisition Act at a cost of Rs. 400. A masonry compound wall on the northern side of the site and a thatched shed thereon to accommodate municipal conservancy bullocks were constructed at a total cost of Rs. 115–10–9.

(*d*) Certain old latrines with mud-wall enclosures in Gavarapalem were removed and replaced to less objectionable places at a total cost of Rs. 463–14–1.

(*e*) To put earth-bunds around the two most important burning and burial grounds, and to construct compound walls to the sides facing public roads, a sum of Rs. 489–7–0 were spent during the year.

(*f*) The municipal hospital and the middle school compounds were provided with wire fence at a total cost of Rs. 62–2–4.

(*g*) The two public latrines with brick-wall enclosures in Gollavidhi and Sarabanda were provided with iron tubs costing Rs. 30.

(*h*) A sum of Rs. 52–12–9 was spent in purchasing materials for the construction of "dead-house" whose construction was deferred to the current year, the suitable site therefor not having been acquired during the year.

37. *Repairs—Buildings.*—Rs. 154–4–6 were expended against Rs. 760–4–2 of last year and Rs. 90 estimated in the revised estimate. The principal items in the above amount are Rs. 68–12–3 for the repairs of the pucca latrines in Gollavidhi and Sarabanda and Rs 33–7–8 for the repairs of the thatched sheds in the municipal cart-stand. Others are items of small importance.

38. *New Works—Water-supply.*—Under this head Rs. 97–7–0 were spent during the year against Rs. 170 sanctioned in the revised estimate. The decrease is due to the non-execution during the year of construction of a platform to the new drinking-water well in Gollavidhi. A platform to the drinking-water well at Latchmidevipeta at a cost of Rs. 68–4–0 and a pot well for the use of the people in seavengers' petta at a cost of Rs. 24–2–0 were constructed during the year under report. A petty sum of Rs. 5–1–0 was spent in purchasing stones for the platform of Gollavidhi well, which work was deferred to current year, the well having been newly sunk in the year 1895–96.

39. *Repairs—Water-supply.*—Rs. 194–3–10 were expended on the repairs of the Sarvanayakudu's well and on those of the wells in Bundiyadu street, Peda Bhaskarayyapeta street, Viziaramarajupeta and school compound.

40. *Repairs—Drainage.*—A channel which carries off sewage from the town drains was repaired at a cost of Rs. 87–15–0.

41. *Tolls and Road Charges.*—The total amount expended on municipal roads during the year was Rs. 2,255 or 61 per cent. out of Rs. 3,666, municipal share of the total income from tolls. The increase over the usual percentage of 50 fixed by Government is due to the circumstances explained in paragraph 3 (1) (*d*) of this office letter, No. 533, dated 16th December 1896, embodied in G.O., No. 173 M., dated 6th February 1897, reviewing the budget of this municipality for 1897–98.

42. *Grant 2, Education.*—There were on the 31st March 1897 one middle school on salary system, one upper primary school and two lower primary schools on salary-results system, and nine schools on results system, in all fourteen schools with 585 pupils on the rolls. The total amount on education was Rs. 2,342 as against Rs. 2,320 in 1895–96 as noted below :—

	1895–96.	1896–97.

.. .. ..	70	..
.. .. ..	96	119
.. .. ..		
Total ..	2,319	2,342

The increase in the year under r[illegible] is due to the fact that new gymnastic apparatus, &c., was supplied to the middle [illegible]l—

(*a*) *Municipal Middle School.*—The number of boys under instruction on the 31st March 1897 was 62 against 55 on the corresponding date of the previous year. In the Lower Secondary examination 5 (five) out of 7 (seven) sent up have passed four in compulsory and one optional subject, and one in compulsory subject only. The cost of educating each pupil in this school fell to Rs. 7 from Rs. 11 in 1895–96.

(*b*) *Salary-results Schools.*—There were three schools maintained under this system against four in the previous year. The decrease is owing to the abolition of lower primary school for Muhammadan boys for want of sufficient attendance. There were thus one upper primary school, one lower primary school for Pariah boys and one night school for labouring classes. The total number of pupils reading in all the municipal primary schools was 120 against 148 of last year. The decrease in attendance is explained by educational authorities may be attributed to the closure of the Muhammadan school, the opening of the third standard in the results system schools and constant changes in the teaching staff of the municipal upper primary school. The number of pupils presented for examination in these schools were 79, of whom 49 passed. The cost of educating each pupil was Rs. 4–1–0 against Rs. 4–2–5 in 1895–96. The decrease in cost being very slight, calls for no remarks.

(*c*) *Results schools.*—There are nine of these and the total number of pupils at the close of the year was 388 against 322 on the corresponding period of last year. The sum of Rs. 314–6–0 was paid to the teachers as results grants during the year.

(*d*) *Miscellaneous.*—Rs. 119 were spent under this head towards the salary of the common gymnast.

(*e*) The number of boys and girls of the school-going age in the town was 2,551 as per last census, of whom 585 or 52·3 were under instruction in the school. The usual statements received from the Assistant Inspector of Schools are enclosed.

43. *Grant 3, Sanitation and Medical Service—Hospitals and Dispensaries.*—There was one dispensary maintained by the council during the year, in which the number of out-patients treated was 9,376 against 8,901, while that of in-patients was 101 against 100 of the preceding year. Rs. 1,820 were spent for maintaining the dispensary against Rs. 1,885 of the previous year and Rs. 1,830 estimated in the budget. For the first six months of the year, no midwife was available. In October a woman was sent to be trained in the Madras Lying-in hospital on a scholarship of Rs. 10 per mensem. In November a temporary midwife was employed on Rs. 20 per mensem. The hospital assistant was sent up to Madras in September 1896 for being trained in the Medical College on half pay with travelling allowance, while the old compounder on Rs. 20 has been replaced by a young man on Rs. 12. The hospital received during the year an adequate supply of bedding and clothing. The midwife attached to the municipal dispensary attended 65 labour cases. The report of the hospital assistant is enclosed.

44. *Vaccination.*—There is one second-class vaccinator on a pay of Rs. 10 per mensem. Vaccination has been compulsory in this municipality for the last six years. The total number of operations performed during the year was 1,240 against 1,413 of the previous year. The decrease in the number of operations is owing to the decrease in the number of unprotected cases year after year. Of the total number of vaccinations 1,185 were successful, 53 unsuccessful and 2 unknown. Of these 477 were on children under one year of age. All these cases excepting seven were successful. Eighty-nine (89) persons were prosecuted for failure to get their children vaccinated against 306 of the previous year. This shows that the people have been appreciating the benefits of vaccination. All the vaccine operations were performed by means of animal lymph supplied from the Local Fund depôt, Vizagapatam. The total cost of vaccination during the year was Rs. 159–3–0 against Rs. 151–4–0 of the previous year. The increase in the total cost is due to the purchase of lancets and record-box newly supplied to the municipal vaccinator. The average cost of each successful case is As. 2–2 against As. 1–10 of the previous year.

45. *Vital Statistics.*—The total number of births registered was 563 against 573 of 1895–96, of which 298 are males, 265 are females, against 298 males and 275 females, respectively, of the preceding year, or 33·11 per thousand of population as per last census. The total number of deaths registered was 359 against 447 of last year, of which 213 males and 146 females against 252 males and 195 females,

respectively, or 21·11 per thousand of population as per last census. Twenty-six prosecutions were instituted for failure to register births and deaths. The following were the causes of death registered during the year—one cholera, 116 fevers, 53 dysentery and diarrhœa, 15 accidents and injuries and 174 other causes.

46. *Conservancy.*—The total expenditure during the year was Rs. 4,420–9–6 against Rs 3,729–8–11 of the previous year and Rs. 4,700 sanctioned in the revised estimate. The increased expenses as compared with the previous year is due mainly to the purchase of 6 more iron night-soil carts and 75 more iron dust-bins and to the entertainment of a separate sanitary inspector. The roads and streets were daily swept and kept clean. There were 5 fixed masonry and 116 moveable iron dust-bins. The town sweepings were daily carted to outside the town to the depôt of the sweepings contractor to whom the cart-stand sweepings and town refuse had been sold for Rs. 116 per annum. There were 26 public latrines at the close of the year against 23 of last year. There are 16 conservancy carts at work including 12 iron hand-carts for night-soil during the year.

47. *Private Scavenging.*—The number of private latrines under the Municipal Agency at the close of the year was 142. The total amount of scavenging fees collected was Rs. 325–12–0, while the expenditure was Rs. 313–0–1.

48. *Grant 4, Lighting.*—The town was lighted by 109 lamps against 110 in the previous year, 1 having been removed at the close of the year. The total expenditure incurred during the year was Rs. 479–12–5 against Rs. 456–11–5 of the previous year, and Rs. 440 of the revised estimate. The increase in the expenditure was due to the fluctuations in the prices of kerosine-oil, &c., purchased for the purpose. The charges were as follows:—

	Rs.	A.	P.
(*a*) Establishment charges	143	6	0
(*b*) Contingencies	336	6	5
Total ..	479	12	5

49. *Avenues—Contingencies.*—A sum of Rs. 82–0–6 was spent under this head towards the cost of purchasing cocoanut trees and shade trees, and of planting and watering them by the sides of certain roads against Rs. 100 sanctioned in the revised estimate.

50. *Miscellaneous—Other Charges.*—Rs. 527–3–4 were spent under this head against Rs. 640 sanctioned in the revised estimate. They were composed of the following items:—

Rupees 347–6–10 printing charges, Rs. 3–11–0 rewards for the destruction of stray pigs and dogs, Rs. 3–3–0 tom-tom, &c., charges, and Rs. 178–14–6 law charges, making a total of Rs. 527–3–4.

51. *Contribution to Provincial Funds.*—These were Rs. 144 being composed of the following items:—

Rupees 71 contribution to the Medical College, Rs. 57 sanitary inspection, and Rs. 16 medical reserve staff.

52. *Supervision and Management.*—The total charges incurred under this head were Rs. 1,608 against Rs. 1,630 sanctioned in the revised estimate and Rs. 1,469–2–9 of the previous year. The increase over the last year was due to the payment during the year of the arrears of office house-rent and also to the enhanced percentage of contribution for the Central office establishment. The charges were Rs. 685–13–2 office establishment, Rs. 120 inspection, Rs. 285–3–7 collection establishment, Rupees 105–2–0 purchase of account books, &c., Rs. 307–13–3 office contingencies, and Rs. 104 contribution to the Central office establishment.

IV.—Closing Balance.

53. The year closed with a balance of Rs. 4,543–2–9 as compared with Rupees 2,777–3–7 in the previous year and Rs. 3,810 in the revised estimate.

Concluding Remarks.—Mr. F. W. Gooch, late Chairman of this council, resigned his Chairmanship on the last day of the year. This council bearing in mind the good

services rendered by him resolves to place on record its high appreciation of the same. The following is its resolution passed at its meeting held on the 31st March 1897, the date of his resignation:—

"(XII) The Chairman having informed the council of his intention to resign the Chairmanship after this day, the council unanimously resolves to record its high appreciation of Mr. Gooch's services as Chairman during the last two years and its regret that his change of residence necessitates his resignation of a post which he has filled with conspicuous ability, energy and success. It also resolves to record the above resolution in the next Administration report."

Copy of the council's resolution adopting the report is enclosed.

Annual concise medical report of the municipal hospital at Anakápalle for the official year 1896–97.

1 *Public Health.*—Public health was fairly good; there having been no epidemic disease during the year in the town of Anakápalle. Ague prevailed as usual. But the registration of deaths shows more mortality from it.

2 *Vital Statistics.*—The total number of births registered was 563 against 573 of the previous year. The total number of deaths was 359 against 447 of the previous year.

3 *Sanitation.*—The sanitary condition of the town was more satisfactory than in any of the previous years, being well conducted by the supervising body. The roads and streets were swept daily morning and evening. The practice of burning rubbish in cenerators was abolished from the beginning of the year. The rubbish was stored outside the town in the rubbish depôt by a contractor during the year. The drains were flushed every morning. Seventy-five moveable iron dust-bins purchased for Rs. 337–8–0 were added during the year to the already existing number. The private scavenging system worked satisfactorily and it was self-supporting during the year. There were eleven night-soil iron hand-carts in use during the year, of which eight carts were purchased for Rs. 278 during the year.

One iron latrine containing two compartments of ten seats each at a cost of Rs. 118 was provided for the use of females in Payakarow bushes.

One iron latrine containing two compartments of twenty seats each at a cost of Rs. 691 was provided in Kotinavidhi, both for the use of males and females.

Four mud-wall latrines of two compartments each were built in Govarapalem at a cost of Rs. 439.

The Sarabanda and Gollavidhi existing latrines were provided with iron tubs at a cost of Rs. 70.

One new burning-ground with a pucka compound wall has been provided in Govarapalem at a cost of Rs. 482 during the year.

4 *Water-supply.*—One drinking-water well was newly dug up for the use of scavengers at a cost of Rs. 24.

Three platforms with cut-stones were built to three drinking-water wells at a cost of Rs. 246 during the year.

The drinking-water tank was repaired and a new tank was dug up in the vicinity of Govarapalem by Sri Raja G. N. Gajapathi Row. The water of the latter was very much used by the inhabitants of Govarapalem in the latter part of the year.

5 *Vaccination.*—One thousand two hundred and forty persons were vaccinated against 1,413 of the previous year. The number of successful cases was 1,185 against 1,337 of the previous year, 477 children under one year of age were vaccinated during the year against 580 cases of the previous year. The number of prosecutions for the failure of parents to get their children vaccinated was 89 against 306 of the previous year. This smaller number of prosecutions shows that the people have now come to understand the benefit of vaccination and liked their children get vaccinated without any opposition. The cause of decrease in the number of vaccination was due to the fact that only a very few cases ~~having been~~ remained unprotected in the town.

6 *Hospital and Dispensaries.*—(*a*) The accommodation was sufficient, the male ward having accommodation for eight and the female ward for two in-patients.

(*b*) The hospital buildings were in good repair.

(*c*) The furniture was sufficient and in good order.

(*d*) The number of in-patients treated during the year under report was 101 against 100 of the previous year. The number of out-patients treated was 9,376 against 8,901 of the previous year. The increase was 475. This increase was due to the increased admission on all the general diseases; but not due to the increase of any particular disease.

(*e*) There were four deaths among in-patients, the actual causes being one from tetanus, two from diarrhœa and one from severe burn.

(*f*) Three major operations and 300 minor operations were performed by the medical subordinates in charge. Several of the minor ones were capital operation.

(*g*) There were one hospital assistant, one native midwife, one compounder, one peon, one cook and one sweeper. The midwife was entertained on the 1st December 1896.

(*h*) The native midwife's post which had been vacant from one year and eight months was filled up by appointing one Audilutchimi Ammal on Rs. 20 per month. This is only a temporary measure. The municipal council has sent a pupil to undergo training in Lying-in hospital at Madras. She will be appointed a permanent midwife in this institution on her return from Madras.

7. I was sent in October last to Madras to attend the Medical College and to work in General Hospital for six months that I might keep myself in touch with the modern practice in medicine and surgery. During my absence, third-class hospital assistants P. Venkataratnum Pillay and Venkata Rama Iyer acted for me. The former for a month and a half and the latter for four and a half months. The hospital compounder C. Saulayya was invalided on account of his old age and a new compounder D. Daveeprasad was appointed in place of him on the 16th November 1896.

ANAKAPALLE,
1*st April* 1897.

(Signed) KAREEM SAHIB,
Hospital Assistant in medical charge.

1896–97.

MUNICIPAL Hospital, Anakápalle—Annual abstract return of sick.

—	Annual average strength.	Remained on the 31st March 1896.	Admitted. 1896.

2. The number of meetings held by the Municipal Council was 29 against 31 in the previous year. The average attendance of the non-official members continued to be fairly satisfactory, but ~~that of~~ the officials ~~declined and was not what it should be~~ attended irregularly. The Collector will call the at-tention ~~of these~~ to G.O. No. 859m dated 10th April 1897.

3. Receipts (1) The demand under the tax on arts, as originally assessed by the Chairman, amounted to Rs 2209, but as much as 24.2 per cent of this sum was remitted by the Municipal Council on appeal. ~~This shows~~ The inference is that either the Chairman's assessments were over estimated or that the Municipal Council was unduly lenient in granting remissions. ~~Probably~~ The former trusts that the latter was the case. There was however an increase of Rs 188 in the net current demand under this head and the average incidence of the tax rose, being Rs 3-15-4 against Rs 3-6-9 in 1895-96. The assessments under the tax on lands were revised during the year, but the net current demand ~~under this head~~ showed only a small increase of Rs 29, and the total extent of land taxed remained unaltered. The demand ~~of~~ under the tax on buildings also increased by Rs 72.

(2) Except as regards the arrears ~~under~~ of the taxes on arts and buildings, ~~under of~~ which 65.7 and 18.6 per cent respectively of the demand were written off as irrecoverable, the collections under the principal

The opinion of the Dist. Officer & the Director at this point would have been desirable

Chairman

principal taxes improved and were good. The remaining outstandings, some of which relate to 1892-93 should be adjusted without delay.

(3) There was an increase in the receipts from school fees, market rents and fines, but the income from tolls declined for the reasons stated in para. 13 of the Chairman's report. From para. 18 it appears that the sweepings of the municipal cart-stand and the street refuse were sold for Rs 116 against Rs 53 in the previous year, which is satisfactory but this source of revenue is capable of further development and the efforts made in this direction should not be relaxed.

(4) The liberality of contribution of Rs 350 received from Rajah G.N. Gajapati Rao C.I.E. in calculating Rs 359 towards raising the site of the municipal Upper Primary school is noted with pleasure.

(5) The number of houses served by the private scavenging agency was 142 or one less than in the previous year, but the fees collected covered the cost of the service. Notwithstanding the remarks of Government in para. 5 (4) of the previous year's review, no action appears to have been taken by the municipal council to extend the service. This is unsatisfactory and requires explanation, which should be explained at an early date.

4. Expenditure (1) Public Works

An iron latrine of the standard plan was constructed at a cost of Rs 691 and a site for the municipal office building was acquired for Rs 400. In addition to this, a sum of Rs 1986 was spent for removing the mud wall latrines to unobjectionable localities and for other minor works. The total outlay on communications amounted to Rs 2255 or 60.8 per cent

Vide, clause (c) of para. 36 of the chairman's report.

Vide para 18 of the chairman's report.

× Vide para. 34 of the Chairman's report. How has the Collector noticed the subject.

× Vide clause (b) of para. 42 of the chairman's report.

48

of the municipal income from tolls. The Head assistant collector in charge of the Division Revenue Divisional officer has again failed to report on the condition of the roads in the town -- an omission which should not recur. The Chairman, however declares them to have been generally in fair order.

(2) Education. The net expenditure under this head amounted to Rs 1146 or 10.3 per cent of the receipts from taxation. Of this sum Rs 350 were spent on secondary, and the remainder on primary education. As in the previous year, the Municipal Council maintained a lower secondary school on the salary system, but the number of primary schools on the salary result system was three or one less than in 1895-96, the second Muhammadan school having been abolished owing to the small attendance for grant of a sufficient number of boys. There was again an improvement in the attendance at the lower secondary school, but that at the other municipal schools taken together declined slightly. The Council also aided with result grants ten primary schools against nine in the previous year. The attendandance at these schools was good. The results achieved by these and by the municipal schools at the lower secondary, departmental and grant examinations were fair. The allotment for result grants was slightly exceeded and the total number of boys under instruction in the municipal and aided schools rose from 517 or 40.6 to 569 or 44.8 per cent of the male population of school going age as stated.

(3) Medical relief. The attendance of in-patients at the municipal hospital

Chairman

was almost stationary; but the number of out-patients ~~treated~~ rose, being 9576 against 8901 in the previous year. In November 1896 a midwife on Rs 20 was employed by the Municipal Council as a temporary measure and during the last five months of the year she attended 65 cases of labour.

Vide para. 43 of the chairman's report.

(4) Vaccination and Vital statistics.

The reported number of vaccine operations performed during the year fell, being 1240 against 1413 in 1895-96, but the quality of the the work improved and was good. Infantile vaccination also ~~showed a~~ retrogr~~ession~~aded the total number of children under one year of age successfully vaccinated being 470 or 37.6 per mille of the population against 32.9 per mille in the previous year. ~~In view of the fact that the~~ recorded birth rate for the year was 33.1 per mille, ~~it is evident that there is much scope for improvement in this direction, which should be effected in the current year.~~

The number of births registered during the year was 563 or ten less than in 1895-96, and ~~notwithstanding the remarks of Government in para. 4 (4) of the previous year's review~~ there was a marked decline in ~~that~~ the registration of deaths, which is evidently imperfect. No explanation has been offered of this -- an omission which should be supplied. ~~The returns in both cases being far from complete, no pains should be spared to secure accuracy in the registration of vital statistics.~~

Deaths will increase upto the orders of first!!

(5) Sanitation. The total outlay on conservancy amounted to Rs 4421 or 95.3 per cent of the sanctioned allotment and 22 per cent of the current receipts against 21 per cent in

Several sanitary improvements have been carried out during the year

G.O. No 1410 M. 30-8-95

58

in 1895-96. The Government is glad to ob-serve from para. 46 of the Chairman's report and para. 3 of the Medical officer's report that ~~further improvement has~~ been ~~effected in the sanitary condition of the town. It is hoped that the efforts made in this direction will be sustained until~~ all the defects noticed by the Deputy Sanitary Commissioner in his last inspec-tion notes ~~have been~~ remain to be remedied, ~~as funds are available~~.

5. General remarks. The year closed with a balance of Rs ~~4615~~ 4436 or 22.2 per cent of the current receipts, ~~the greater part of which should have been spent before the end of the year~~. The administration of the Municipality during the year under review continued to be on the whole fairly efficient, but increased attention should be paid to private scavenging, ~~vaccination~~ sanitation and registration of vital statistics. The Government notes with pleasure the Council's appreciation of the good work done by its late Chairman Mr. Gooch.

6. The delay of ~~Six weeks~~ — in the submission of the report is unsatisfactory and should have been explained.

Out of Rs 2600 of this is the unspent balance of the 2½% loan for the Municipal building. There remains available a considerable sum which might have been usefully employed on sanitary & other improvements

4400 − 2600 = 1800

STATEMENT I-A.—Endowments entrusted to the Municipal Council under Sections 25 and 26 of Act V of 1884 for the official year 1896-97.
