Misc
ORDER. No 2141-97 mis dt 1-10-97

In forwarding the Principal Assistant Collector's letter, Dis. No 1164. Revenue, dated 26th May 1897, the Collector of Ganjam observes that it would be impossible to include the Vizagapatam side of the river within the limits of the Chicacole municipality; but in his endorsement on the Chairman's letter read above, (illegible) that the Principal Assistant Collector writes to say that it is no use conserving the Chicacole side of the river if the other side above the town is left unconserved. The Collector will now be requested to report in consultation with the Collector of Vizagapatam if necessary, what steps he

(illegible) this the municipality

would propose the steps to be taken in the matter so as to conserve the water supply of the Chicacole town

Current No. 2921-M of 1897, dated 21st July 1897 from the Chairman m-c Chicacole

Current No. of 189 , dated from the

SUBJECT.

FOR ORDERS.

F

In paragraph 5(a) of his Inspection notes on the Chicacole municipality, recorded in G.O. No 996 M, dated 27th April 1897, the Deputy Sanitary Commissioner pointed out that the river (Langulia) was not conserved in any practical way, that washing was going on close to the bridge, below which point most of the people drew their supplies and that the banks were very largely used for purposes of nature; and he therefore suggested that a police patrol should be put on to prevent the fouling of the banks and that washing and bathing should be prohibited in the upper portion of the stream, near the bridge.

To this the muni[illegible]

Collector to

wo

the The river is situated between Chicacole
and Guzeratipetta, a village in the
27/4/97 Vizagapatam district. The western
side of the river is used by the in-
habitants of the village. Neither the
local police, nor the council have got
control over that portion of the river,
inasmuch as it is in the jurisdiction
of the Vizagapatam district. Unless
the whole of the river in so far as it
flows along the side of the municipal
limits of Chicacole is placed under
the control of the Council, the river
cannot be said to be practically
conserved whatever steps may be
taken on the Chicacole side of the
river to prevent washing, &c. The
Council, however, do their best to see
the river as conserved as possible so
far as the portion of the river on
the Chicacole side is concerned.
The council prays the Government
to place the whole portion of the
river under its control as above
mentioned." The question of the con-
servancy of the river was thereupon
referred to the Collector of Ganjam
for report vide clause (3) of G.O.
No 990 M. dt 27-4-97.

2. In reply to this,

wifp 1478 M / 25-6-97 G

letter from the Principal Assistant
Collector, stating that from personal ob-
servation, he (the Principal Assistant
Collector) knew that the river was foule
in various ways, viz by using it
as a latrine, by washing clothes and
animals, and by cremating and
burying dead bodies in the river
sand, that the municipal authorities
should easily be able to stop the
practices on the Ganjam bank and
that the villagers on the Vizagapatam
bank above the bridge should be
ordered not to bury or burn dead
bodies in the river on pain of pro-
secution. In submitting this letter
the Collector observed as follows:—
"As regards conservancy of the river
"on the Chicacole side, the matter
"rests with the municipal council, who
"should have no difficulty in pre-
"serving the banks from pollution.
"Pollution from the Vizagapatam

Municipal Office,
CHICACOLE.

No. 623

Dated, 21st July 1897.

From

Mukky Rao Bahadur T. V. Siva Rao Pantulu Garu

CHAIRMAN,
MUNICIPAL COUNCIL, CHICACOLE.

To

THE Secretary to the Government
Local and Municipal
(Through the Collector of Ganjam.) Department
Madras.

Sir,

In forwarding herewith an extract from the Proceedings passed by the Municipal Council Chicacole at its meeting held on the 19th July 1897 regarding the conservancy of the River Langulya, I have the honour to submit that people from Chicacole could easily go to the other side of the river even when the river is full over the bridge which forms a part and parcel of the town as it

In summer it naturally contains a very small quantity of water and flows ~~far~~ nearer to Chicacole than to the villages on the other side and the nuisance caused by dhobies washing dirty clothes in it on the other side is of a very te[illegible]

nature not to speak of the nuisance, of still more serious nature, viz burning and burial of dead bodies by the side of the flow of the river on that side quite close to Chicacole.

Under these circumstances I beg to submit that it is of very little use to conserve the river on the Chicacole side when the other side is left unconserved and request that the whole river may be placed under the control of the Municipal Council Chicacole.

I have the honour to be,

Sir,

Your most obedient servant,

L Sinclair

Chairman.

An Extract from the Proceedings of the Meeting of the Municipal Council Chicacole dated 19th July 1897.

Proceedings of the meeting of the Municipal Council Chicacole held on the morning of Monday the 19th July 1897 in the Municipal office Chicacole at 6.30. a.m.

Present.

1. Read G.O. no. 1478 M. mis. dated 25th June 1897 communicating the remarks of the Collector regarding the conservancy of the Langulia River.

The Council think it is utterly useless to conserve the river on the Chicacole side when the other side of it is not conserved. on the other side there are good many Villages and the people of Chicacole are very likely to go to the other side also. under these circumstances the Governm will again be [illegible] request that

that the whole river may be placed
under the control of the council.
