2. The Dy Collector in charge of the Sub Division considers it inadvisable to alienate the site or any portion of the tank. The site marked red in the plan is proposed to be alienated to the market Inspector of the Municipality. Opposite to it a training college for teachers is building and the tank may be filled up and used as a recreation ground for the students. A road separates the College from the tank.

I agree with the Dy Collector and do not recommend for the alienation of the site.
