It will be noticed that the figures given in the notification refer to the maximum number of members upon each board. The Government, having in view the future constitution of taluk boards, which will require to be represented upon the district boards, do not desire at present that the existing number of members upon the local board shall be increased, except in the marginally-noted districts, where the number of members at present appears to be less than the minimum required by the new Act. Presidents will therefore obtain,

where necessary, the resignation of some of the official members of the boards and submit for approval the names of non-official gentlemen in order that the proportion of official members to non-official members may not be greater than one-fourth. The President is no longer a member of the board, a fact which does not appear to have been clearly understood.

3. Further orders will hereafter issue in due course as to the constitution of taluk boards and unions.
