Sir,

In connection with a scheme for improving the existing system of Road Reform and Repair in the City of Madras, it is in contemplation to form depôts for storing granite and laterite near certain stations on the Madras and South Indian Railway systems.

2. For this purpose the area measuring acres 3.36 and marked blue and red in the accompanying plan being in close proximity to the Park Station on the South Indian Railway will serve as a granite depôt if it can be placed at the disposal of the Municipality.

3. As I understand that the South Indian Railway authorities are about to surrender this land to Government, they are unable to authorize our occupation thereof, hence I have the honor to request that you will be good enough to obtain the sanction of Government to the area in question being utilized as a depôt for Road materials for the contract period which may extend for 3 months from 1st Jan.

4. I trust that this plan will be approved.
