Subject

Communication of trust
from Mr. Poyson's letter regarding
the erection of cages in the
People's Park and requests to
utilize his services in connection
with the same.

On 610
9-10-86
With reference to his letter of 29th
September 1886 No 486, the President
Municipal Commⁿ: Madras is requested
to report whether and if so
what payment should be made
to Mr. Poyson for superintending
the construction of the cages.

There is one reason why the
work cannot be carried out by
the ordinary municipal establishment
wanting engineering staff. Mr.
Poyson, it is observed, is at
present in the service of
Govt.

It appears that Mr. Poyson is the best Archi-
tect as stated by Mr. Macartie. If any payment
has to be made there is apparently no reason why
the arrangement should be made. The Municipal
Committee have a right to pay for their
own.
