MADRAS RECORD OFFICE.

Government of Madras.

MUNICIPAL DEPARTMENT.

G.O. No.

1093 (1093)

Press
Mis.

Dated

29. 10.

1886

Not to be folded or roughly handled

No 3295

From,

The Inspector of Schools
5th Division

To,

The Chairman
Municipal Council
Tinnevely

Sir,

With reference to extract from
the Proceedings of the Municipal Council
Tinnevely dated the 13th April 1886, 1889,
I have the honour to make the following
suggestions.

As regards the staff
A European or Eurasian superintendent at
salary Rs 50.

and teachers to impart instruction in
carpentry Rs 15 — — —

Do. Do. in blacksmiths work Rs 15

Do. Do. in — pattern work Rs 10

Do. Do. in general education
subjects up to the 3rd standard Rs 10

Dean Rs 4

House rent

Contingencies

(1) The school should start with a
first industrial standard class of
about 30 boys paying no fees.

(2) Every boy should receive 8 annas

per month in the second year, one
rupee during the 3rd and so on until
he leaves the school with a certificate
of proficiency. This would encourage
boys to join the school. A similar
system prevails in the Industrial
School recently started in Tanjore
(double the amount here proposed
being paid)

(3) The school would for the present
teach carpentry, blacksmith's work,
and pottaring. Other trades will be
added when necessary.

(4) The boys should learn at least
two trades in addition to the education
course prescribed in the Granth and
Code.

(5) The boys should devote 2 hours a
day for educational instruction
and 4 hours for learning trades.

(6) The course of instruction should
be such as to enable a pupil who
has attended the school for 4 years
to earn his livelihood by means of
the instruction gained in the school.

(7) The boys for admission must
have passed the 2nd Results standard
and should be required to pass

entrance examination equal to
that standard.

(8) A complete set of carpenter's black-
smith's and pottaw maker's tools
should be purchased for, say, Rs 350,
and materials of all kinds for Rs 150.

I have the honor to be

Sir

REC

Extract from the Proceedings of the
Council of the Simmerly Municipality
under date the 24th August 1886 No. 16

Para 4. Read letter from the Inspector
of Schools 5th Division giving a scheme
for opening an Industrial school in
this Municipality.

The scheme seems to cost nearly
Rs 1850 for the 1st year. It is within the
budget allotment and appears to be
fair. Resolved that the same may be
forwarded to Government.

D. Duncan Esq. M.A. D.L.

H. B. GRIGG, Esq., M.A.

Acting DIRECTOR OF PUBLIC INSTRUCTION,
Madras.

To

The Chief Secretary
to Government

Fort St. George.

SIR,

In returning Enclosure
ment No. 560, dated 13th September
1886, calling for remarks
on the proposals of the
Municipal Council, Tinnevely,
for the opening of an
Industrial School in that
Municipality, I have the
honour to inform you
that the scheme drawn up
by the Inspector of Schools
and approved by the Municipal
Council, seems to me to

meet the present requirements.

2. There is one point however, in which I do not agree with Mr. Mouro, namely, that the boys should learn at least two trades. I think it would be far better to teach the boys one trade thoroughly, well than to attempt to teach more than one.

A boy who has got by a moderate amount of knowledge and skill in two trades may have considerable difficulty in making a living out of either or both; but a superior workman in one trade is almost certain to be employed.

3. I would beg to call attention to para 12. of my letter recorded in Government

13
Order, dated 18th September 1886, No 604, Educational, and to express a hope that the Municipality will organize and maintain the School in such a way that it shall be an agent in improving & developing whatever industries it may undertake to teach.

I remain the honor to be,
Sir,
Yours obedient servant

J. Duncan
Acting Director of
Public Instruction.
