To

The Honorable J. F. Price
Chief SECRETARY TO GOVERNMENT,
DEPARTMENT,
MADRAS.

SIR,

I have the honor to ask for the orders of Government on the following Subje

There is no municipal hospital in Vizagapatam, its place being taken by the Civil dispensary - an institution managed by a committee of which I am president. It wa established many years ago and has an endo ment of Rs 20000 given by the late Maharajah of Vizianagrum which produces an annual sum of Rs 800 - It used to receive a contributio

of

of Rs 200) per mensem from the Maharajah of Vizianagram and Rs 100 each from the District Board and the Municipal Council. This, with Rs 300 or so derived from the sale of medicines, raised its annual income to Rs 5900 or thereabouts. The annual Expenditure in the last five years has averaged Rs 5746 but the usefulness of the institution has been somewhat checked by want of funds of late, and as heavy expenditure on repairs is now necessary, the minimum expenditure may be set at Rs 6000

3. In January 1887 the Maharajah of Vizianagaram withdrew his subscription of Rs 200 per mensem. To cover this loss the District Board increased theirs by Rs 100 and for a time the Municipal Council did the same

4. The Council began to demur to this increase ~~a~~ few

allowed to look into the accounts of the institution. On the 14th June one of the Councillors Mr Lazarus made a report to the Chairman to the effect that the income averaged Rs 494-5-4 and the Expenditure Rs 326-6-9 per mensem and suggested that the Council should reduce their contribution to Rs 135 per mensem, of which Rs 35 was to cover two new items of expenditure in the shape of an Extra Hospital Assistant and a Nurse. The proposal practically amounted to reducing the contribution to Rs 100 per mensem so far as the resources of the Committee are concerned

5 Mr Lazarus' figures were however most grossly inaccurate. He did not take the Expenditure for any particular period or he would have got results corresponding with those given in para 2 supra, but picked out an odd month here and there; & then, at

not outside his Estate, However this might be settled the management of the new Hospital would devolve on the Council and I would suggest whether it would be expedient to increase its sphere of action until some indication of capacity to deal with the work of administering what is already in its hands is shown. I feel sure that the District Board would not submit to the payment of as large a sum as it now does to a less competent control than the present Committee

I have the honor to be
Sir
Your most Obedient Servant
