Again G.O., dated 189 , No.

Current No 1703 1/4 of 1897, dated 23rd April from the Surg. Genl.
Current No. of 189 , dated from the

Order.

H.H.

The paper order on this
No. be "recorded" as the
Surg. Genl. ^{or the local authority} be
able to take the responsibility
in a small matter like
this: but that order
might be misunderstood
& the draft in the
margin may come.

J.H. 4/5/97

The proposals of the
medical officer in charge of
the plague camp at Guntakal
are approved & will be commu-
nicated to the collector of
Anantapur for necessary
action.

J.H. 4/5/97

Issued under No. 1094 M. No. 45597

Recorded with the remark

that some details should be disposed
of by the local authorities.

No. 243

LOCAL & MUNICIPAL DEPT.
CURRENT No. 1703. In

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,
Local and Municipal DEPARTMENT.

OFFICE OF THE SURGEON-GENERAL
WITH THE GOVERNMENT OF MADRAS,
Madras, 23rd April 1897.

in G.O. No. 933
21-4-97

Forwarded for submission to Government in continuation of my letter No. 212, dated 9th April 1897.

2. I recommend that all the suggestions made by Surgeon Captain Macrae be carried out.

Chittamper

Surgeon-Major-General,
Surgeon-General with the

Chittamper
Government of Madras.

Copy of a letter from Surgeon-Captain J.L. Macrae, on special plague duty, to the Secretary to the Surgeon-General with the Government of Madras, No. 108, dated 10th April 1897

I have the honour to report that yesterday the 9th instant I went over the sheds with the Tahsildar and the famine Deputy Collector and in the evening held a consultation with them and made the following suggestions which I submit for your approval. I may add that I made these suggestions with the object of saving further loss of time in the construction of the sheds and also in order to keep within the limit of the amount sanctioned by Government as the officer in charge of the work gave me to understand that there was little money left for further construction.

-----oOo-----

Guntakul Junction,
9th April 1897.

SUGGESTIONS MADE BY ME IN CONSULTATION WITH THE FAMINE
DEPUTY COLLECTOR AND TAHSILDAR
OF GOOTY ON THE
9th APRIL
1897.

1. That the quarter intended for the Hospital Assistants be converted into quarters for the menial establishment and the Apothecary's quarters be used as a residence for the medical subordinate on duty, also as storeroom, Dispensary etc. and the tents could be used for the subordinates in the former site.

If the above suggestion is not advisable, quarters are necessary for the menial establishment and a kitchen, also a latrine for the Hospital Assistant's quarters.

As regards the female Apothecary, have addressed the Surgeon-General requesting that the railway authorities be applied to for quarters and await orders.

2. Hutting -

(a) that a layer of thick bamboo mats be added to palmyra leaf roofing in the interior of the hut as a further protection from sun, rain etc.;

(b) that an additional verandah is absolutely necessary on the south side of the male European shed and doors necessary for the bathrooms;

(c) that all the habitable sheds are to have a double layer of mattress for the walls and palmyra leaves are not to be used;

(d) all the kitchens to be as far as possible fire-proof consisting of mud walls and mud roofing;

(e) that the flooring of gravel is to be increased in all the sheds to six inches and to be well watered and tamped.

3. That metal be used for the roads and pathways

leading

leading to the different sheds and for the main road to them
to be carted from the famine relief work.

4. Water supply -

That Mr. Rodrigues' well ^{not} ~~is~~ be repaired, if not a
cart must be employed to cart the water from the Rest Camp or
famine relief work well. A cart, a pair of bullocks and a
cask to be engaged.

(True Copy.)
