PROCEEDINGS OF THE MADRAS GOVERNMENT.

From the following paper:-

From the Surgeon-General, Madras, No. 2/57, dated 21st May 1897:-

I have the honour to acknowledge the receipt of G.O. No. 513, Public, dated the 6th May 1897, regarding the withdrawal of the hospital assistants from Plague duty at Coimbatore and their re-appointment to Amritsar for famine duty.

2. You will observe from the correspondence read in the G.O. that all arrangements in connection with this matter have been carried out in direct communication with the Medical Officer on Special Plague duty, Coimbatore, without any previous reference to or consultation with me.

3. I may respectfully state that such direct inter-communication with the executive officers of the Department is not only unusual but is calculated to place this Department in a false position and leads to difficulties in the matter of administration. In the present instance I had already made arrangements at the request of the District Medical and Sanitary Officer, Amritsar, to send three extra hospital assistants to his district, and I am not aware whether the two men now withdrawn from Coimbatore are treated in addition to these three. If not, other orders will have to be issued to the latter, and this, apart from causing delay and consequent expense, will entail unnecessary expenditure in the matter of travelling expenses.

4. Nothing there might have been done in such an uncoordinated direct arrangement in the present case, but not being aware of such, I bring the matter to the notice of Government.
