Proof for approval.

READ—the following paper :—

From the Collector of Coimbatore, to the Secretary to Government, Local and Municipal Department, dated 20th May 1897, R.O.C. No. 1897-A., Rev.

With reference to G.O., No. 816-A M., dated 6th April 1897, I have the honour to suggest a revision of Rule 17. It appears to me just as necessary that the police should take the names and addresses of passengers alighting from infected localities at inspecting stations as at other stations—a fact which appears to have been overlooked. It would seem useless to take names and addresses and inspect passengers arriving at other stations if those arriving at inspecting stations are not followed after they once pass the possibly superficial examination of the medical officer there.

ORDER—No. 1395 M., dated 12th June 1897.

The following notification will be published in the *Fort St. George Gazette* :—

NOTIFICATION.

The following clause will be added to, and read as part of, Regulation No. 17 of the Regulations under the Epidemic Diseases Act, 1897, for District Municipalities and Towns and Villages, published under G.O., No. 816-A M., dated 6th April 1897 :—

“At a station appointed as an inspection station under Regulation No. 14, the information aforesaid shall be obtained and communicated, in the manner directed in the preceding clauses of this regulation, by or under the orders of the medical officer in charge.”

2. The Translators to Government will furnish the necessary translation of the above notification direct to the Superintendent, Government Press, who will print the required number of copies in English and in the vernaculars and forward them to the Collectors concerned for publication in the District Gazettes.

R. O. C. 1897-A of 197.
Rev.

From
Herbert Bradley, Esq.,
Collector of Coimbatore,

To The Secretary to Government,
Local and Municipal Department,
Fort Saint George.

Sir,
With reference to G.O. No. 816A, M, dated 6th April 1897, I have the honour to suggest a revision of rule 17. It appears to me just as necessary that the Police should take the names and addresses of passengers alighting from infected localities at inspecting stations as at other stations, a fact which appears to have been overlooked. It would seem useless to take names and addresses and inspect passengers arriving at other stations if those arriving at inspecting stations are not followed after they once pass the possibly superficial examination of the medical officer there.

I have the honour to be,
Sir,
your most obedient servant,

for Collector.
