Please send 20 Pravaz serum syringes, 10 cubic
centimetres capacity leather pistons and rubber stems
obtainable Claviers Collin Paris.

31 West 31st Street

London 24th April 1897

To The Director General of Stores,
India Office, White Hall, S.W.

Sir,

With reference to your enquiry respecting Pravaz's Serum Syringes, 10 CC, with leather pistons and graduated stems. We wrote to Mons Collin of Paris, and he states that he only keeps Roux's Serum Syringes in stock, these are fitted with india-rubber pistons, and not leather, as asked for. We are now manufacturing a Syringe which is considered the most serviceable for the purpose required. We have recently supplied one thousand eight hundred and fifty to the Agent General for the Cape of Good Hope and a large quantity to the Agent General for Natal and other Colonies. These syringes possess many advantages over the French-made syringes, as they can be easily and effectually sterilized. The pistons are made of asbestos and can be either boiled or burnt without injury. We could easily put leather pistons instead of asbestos, if required, and could supply the former from stock at once.

We remain &c.,

(Sd) Arnold & Sons.

20th May 1897.

Sir,

With reference to the enclosed copies of
telegrams I have the honour to inform you that 20 serum
syringes were shipped to Madras by the S.S. "India" on 14th
May 1897.

I enclose for your information, a copy of a letter
from Messrs Arnold & Sons, dated 20th April 1897,
regarding the description of Syringe supplied to meet
this demand. I may observe that this pattern has been
specially approved by Mr. H.C. Macnamara F.R.C.S., Examiner
of Surgical Instruments, who considers it an improvement
on the syringe of French make, asked for in the telegram
of 12 April 1897. The syringes supplied by Messrs. Arnold
& Sons are furnished with asbestos pistons, which are
considered preferable to leather pistons.

I have the honour to be, Sir,

Your obedient Servant,

Edmund Arnold

Director General of Stores.

The Secretary to Government,

Military Department,

Madras.
