OFFICE OF SANITARY COMMISSIONER,

Fort St. George 26 Nov 1897

SANITARY COMMISSIONER FOR MADRAS,

Enclosure.

SIR,

I have the honor to invite the attention of Government to the fact that G.O. No 214 in. dated 15 February 1897, was not communicated to the President of the Municipality of Madras. Whilst, therefore, it will be possible for me to receive early intimation of the occurrence of plague in the Mofussil from District Medical and Sanitary officers, I shall have to depend upon the courtesy of the President-Municipal Commissioner, or upon that of the health officer, for information, should plague appear in this city. As it seems undesirable that this office should be thus left in ignorance (should the worry of work incident to the occurrence

occurrence of plague cause one  
 or other of these <sup>to</sup> omit atten-  
 tion to this point) of a matter  
 of sanitary importance both  
 to the town of Madras and  
 the Presidency generally, I advise  
 that Government be pleased to  
 direct that I be informed of the  
 occurrence of plague within the  
 limits of the Municipality of  
 Madras by the President with  
 the least practicable delay.

Have the honor to be  
 Sir

Your most obedient  
 W. S. King
