H. No.

From

Dr. J. N. Cook, D.P.H.,
Health Officer,

Madras Municipality.

To

The President,

Municipal Commission, Madras.

Sir,

Last night shortly after 10 Baboo Row, Sanitary Ins-
pector 1st Division, came to my house and informed me--
that a Mahomedan boy had been brought from Padupet ---
where he was living with a serf to the Royapettah Hospi-
tal; that the medical subordinates there finding that he
was suffering from fever with a glandular swelling in the
left groin sent him to the Krishnapet segregation camp
located off to the Egmore Plague hospital where we have--
ade arrangements for such cases; that the family was ac-
companied by a ward attendant/ who handed the patient--
over to the watchman of the camp who shut him up in a --
shed and sent for Baboo Row and brought him there but --
found that the patient had gone; that he (Baboo Row) com-
municated with the Police and came on to me. As there --
appeared to be nothing further that we could do last ---
night I sent Baboo Row home and told him to meet me this
morning.

This morning Baboo Row and I went to the Royapettah
Police Station and ascertained that the missing patient
had not been found. As I gathered that the Police had not
got a description of the ^{man} I went to the Royapettah--
hospital and got a description from the men who had seen
him. I sent a copy to the Royapettah station and went my-
self to the Office of the Commissioner of Police. As he
had not returned from meeting His Excellency the Governor

Plague

Municipal Dept. for information
G. M. 408. 3/12/97*

at the Central Station I wrote him an account of the case so far as I know it with a full description of the missing man Shabu mir. He has since written to inform me that he has telephoned to all the Divisions and men will be on the look out. I returned home and wrote you a D.O. informing you of the occurrence.

(Sd) J. Field Cook,
Health Officer.

3rd December 1897.

H.O.

On receipt of your D.O. this morning I went to the Royapettah Police station and saw the Inspector. Nothing further had been heard of the Fakir. The Police suggested that he had thrown himself into one of the tanks in the neighbourhood, these are all being searched. I then went on to the Royapettah Hospital and found the Surgeon 4th District who read me the report he was submitting to the Surgeon-General.

The initial mistake was sending the case to Kristnawet. No steps were taken to detain the cart. The Surgeon-General will have to deal with this.

It appears that there was a woman with the cart. The Hospital Officials said that she stated she had met the cart on the road and accompanied it out of curiosity she ought also to have been detained.

The ward boy who accompanied the cart from the Hospital to the segregation sheds was very clear in his statement that the cart went past the cholera sheds till it arrived at that broken down gateway, thence it could go no further. He then fetched the watchman and between them they assisted the patient into the shed. Then his connection with the case ends. He further stated that the woman left after they passed the cholera sheds. The man gave his name as Chameah.

I then went on to the Commissioner of Police and was informed that the man was well known to the Police in Pudukot as a vagrant. They knew the sepoy's hut where he had been lying and had also got the cart-- which conveyed Chameah to the Hospital. They had informed the Sanitary Inspector so I presume all necessary steps have been taken with regard to the hut and the cart. So far so good. The Police ^{were} will not ^{be} aware of the presence of the woman. They will try to find her and will no doubt ^{be} discover

Chameah's whereabouts, if he is not in a tank.

(Intd) G. H. J. H.
3-12-97.

Later. - I have received a report that the cart has now been disinfected and also the hut where he ^{was} slept last night before he went to the hospital.
