Ref B-on
Cur n^o 191 of 96.

From, A. D. B. Higgins. Esquire,
Collector of Trincomelly.

To,
The Secretary to the Commissioner
of Land Revenue, Madras.

To,
In the village of Chimodaipatti, Sathur
Taluk, there is a mataam close to the Trincomelly.
Madrara road. An extent of 122. 51 acres of
dry land has by title deed n^o 593 been assigned
as tax free inam for the upkeep of the mataam.
A reference to the inam register shows that
at the time of the inam settlement the building
was badly in need of repair, that no charity
was kept up, that puja was being performed
to a Vinayagar deity in the mataam and ^{that} for
this last purpose the inamdars had allowed
1 3/4 chains = 6. 37 acres of land. What the
other charity referred to in the inam register
is not definitely known. Enquiries

instituted by the Tahsildar show that water distribution to travelers formed part of the charity.

2. The mataam is still in bad repair and the charity has been neglected. The inam lands have also been alienated.

It was ascertained that one Raman Chetti of Puthuvayal in the Madurai District has purchased the land. He was served with a notice to execute the necessary repairs to the mataam and to keep it in useful condition on pain of the resumption of the inam if he failed to do so.

3. The said Raman Chetti's son Nagappan Chetti put in a petition to the Tahsildar on 5-12-94 stating that the mataam was being and would be properly maintained and requesting that the inam be not resumed. From subsequent enquiries it was found that there were two other persons interested. Summonses were issued

for their appearance but they did not appear.

4. As no attempt has been made to repair the mataam which if maintained in proper order would be very useful to travellers the matter was placed before the Taluk Board, Erivillipathur, which in its resolution n^o $\frac{18}{28.10.96}$ has expressed its willingness to accept the trust and to utilize the proceeds of the inam lands for the maintenance of the mataam and for the conduct of the charity and the performance of the puja as detailed in the resolution (Copy enclosed).

5. The main object of the endowment is the maintenance of the mataam and the performance of the puja (a religious service) forms an insignificant part of it. The amount which the Taluk Board proposes to allot for the puja is Rs 30 out of an annual income of Rs 368.

The Salary allowed to the waterman will also cover the performance of puja but this amount would have to be paid even if the waterman had no puja to perform. In these circumstances I have the honor to recommend that the Board may be pleased to make provision to resume the inam and to re-assign the assessment thereon to the Taluk Board for utilization as proposed.

I have &c.

Collector.
