From

To

The Consulting Engineer,
for Railways,
Madras.

Sir,

I have the honour to request that you will let me know whether the cost of the junction arrangements at Peralam will be borne by the Mayavaram Mutupet Railway. I have received an estimate for the necessary works amounting to Rs 53,437/ from the Chief Engineer, which, after verification by the Audit office, will be submitted to you for the early sanction of Government, and shall therefore be obliged by the issue of orders as soon as possible.

I would also suggest that a working agreement for Peralam junction be settled between the Local Government and the Tanjore District Board on the one hand and the

the French authorities on the other in time
to admit of its adoption in the Working
Agreement of the Peralam Karikal
Railway.

I have the honour to be,
Sir,

Your most obedient st.

2. It is usual for the Railway owning a station
to provide the accommodation required in con-
sequence of another line running into and
using it and to recover certain charges from
that line for the use of that station.

3. Information is requested as to whether the
Tanjore Local Board wish the cost of the junction
arrangements to be borne by the Mayavaram-
Mutpet Railway on the usual conditions (see
Mayavaram-Mutpet Railway agreement with
the South Indian Railway) or by the Peralam
Karikal Railway.
